
WEST VIRGINIA CODE CHAPTER 30
ARTICLE 1B

WV Legislature

§30-1B-1. Legislative findings and declarations.

The Legislature finds that:

(1) In recognition of the enormous sacrifices made by members of the Armed Forces of the United States of America and their families in voluntary service to this state and our nation, the citizens of West Virginia must endeavor to find new and innovative ways to improve the lives of military families and support their personal and professional growth;

(2) Many current and former members of the United States Armed Forces have acquired extensive academic, professional and occupational training and experience in various professions and occupations while serving in the Armed Forces, comparable to or exceeding that required in this state to register for examination or qualify for licensure, certification, or registration for similar or related occupations and professions;

(3) Veterans of the armed forces and the spouses of current members who return or relocate to this state are frequently delayed in beginning employment as professionals because of issues with obtaining licenses, certifications or registrations upon arrival or return to West Virginia;

(4) Because of the training and experiences these individuals have and the challenges they may face when seeking licensure, certification, or registration, it is in the best interests of this state to ease these burdens and ensure the boards in this chapter use the relevant experiences of these men and women to ensure they are able to find employment as quickly as possible.

§30-1B-2. Licensure for individuals with military training and experience.

(a) Except as provided in subsection (c) of this section, and notwithstanding any other provision of this Code to the contrary, all boards referred to in this chapter shall issue a license, certification, or registration to a military-trained applicant to allow the applicant to lawfully practice the applicant's occupation in this state if, upon application to a board, the military-trained applicant satisfies the following conditions:

(B) Completed testing or equivalent training and experience; and

(C) Performed in the occupational specialty;

(3) Has not committed any act in any jurisdiction that would have constituted grounds for refusal, suspension, or revocation of a license to practice that occupation in this state at the time the act was committed and has no pending complaints.

(b) No later than 15 days following receipt of an application from a military-trained applicant, the board shall either issue a license, certification, registration, or notify an applicant when the applicant's military training or experience does not satisfy the requirements for licensure, certification, or registration and specify the criteria or requirements that the board determined that the applicant failed to meet and the basis for that determination. If a military-trained applicant has a pending complaint under §30-1B-3(a)(3), the board shall notify the applicant no later than 15 days following the board receiving written notice of the disposition of the pending complaint.

(c) A board shall issue a license, certification, or registration to a military-trained applicant to allow the applicant to lawfully practice the applicant's occupation in this state if the military-trained applicant, upon application to the board, satisfies the following conditions:

(1) Presents official, notarized documentation, such as a U.S. Department of Defense Form 214 (DD-214), or similar substantiation, attesting to the applicant's military occupational specialty certification and experience in an occupational field within the board's purview; and

(2) Passes a proficiency examination offered by the board to military-trained applicants in

lieu of satisfying the conditions set forth in subsection (a) of this section; However, if an applicant fails the proficiency examination, then the applicant may be required by the board to satisfy those conditions.

If a proficiency examination is offered routinely by a board, that examination shall satisfy the requirements of this section.

(e) All relevant experience of a military service member in the discharge of official duties shall be credited in the calculation of years of practice in an occupation as required under subsection (a) of this section.
