

# **WEST VIRGINIA CODE: §30-1E-4**

## **§30-1E-4. Rule-making authority.**

The licensing boards and commissions in this chapter shall, after consultation with the State Superintendent of Schools, propose rules for legislative approval, in accordance with the provisions of §29A-3-1 et seq. of this code for the implementation and enforcement of the provisions of this article. The rules shall provide at least the following:

- (1) Standards and procedures for recognizing training hours acquired through career technical education provided by West Virginia public schools and applying those hours to requirements for testing and/or certification and/or licensure.
- (2) Standards and procedures for recognizing training hours acquired through apprenticeship programs and employer-sponsored training programs and applying those hours to requirements for testing and/or certification and/or licensure.
