

WEST VIRGINIA CODE: §30-1E-4

§30-1E-4. Rule-making authority.

The licensing boards and commissions in this chapter shall, after consultation with the State Superintendent of Schools, propose rules for legislative approval, in accordance with the provisions of §29A-3-1 et seq. of this code for the implementation and enforcement of the provisions of this article. The rules shall provide at least the following:

- (1) Standards and procedures for recognizing training hours acquired through career technical education provided by West Virginia public schools and applying those hours to requirements for testing and/or certification and/or licensure.
- (2) Standards and procedures for recognizing training hours acquired through apprenticeship programs and employer-sponsored training programs and applying those hours to requirements for testing and/or certification and/or licensure.
