WEST VIRGINIA CODE: §30-23-9

§30-23-9. Requirements for Radiologic Technology license.

(a) To be eligible for a license to practice Radiologic Technology, the applicant must:

(1) Be of good moral character;

(2) Have a high school diploma or its equivalent;

(3) Have successfully completed an accredited program in Radiologic technology, as determined by an accreditation body recognized by the board, from a school of Radiologic Technology that has been approved by the board;

(4) Have passed the examination prescribed by the board, which examination shall cover the basic subject matter of Radiologic Technology, skills and techniques; and

(5) Not have been convicted of a felony under the laws of any state or the United States within five years preceding the date of application for licensure, which conviction remains unreversed; and

(6) Not have been convicted of a misdemeanor or a felony under the laws of any state or the United States at any time if the offense for which the applicant was convicted related to the practice of Medical Imaging, which conviction remains unreversed.

(b) A person seeking a Radiologic Technology license shall submit an application on a form prescribed by the board and pay the license fee, which fee shall be returned to the applicant if the license application is denied.

(c) A Radiologic Technology license issued by the board prior to July 1, 2009, shall for all purposes be considered a license issued under this article.
