WEST VIRGINIA CODE: §30-3D-3

§30-3D-3. Discretionary authority of boards to designate programs.

The West Virginia Board of Medicine and the West Virginia Board of Osteopathy have the sole discretion to designate physician health programs for licensees of the respective boards and no provision of this article may be construed to entitle any physician, podiatrist or physician assistant to the creation or designation of a physician health program for any individual qualifying illness or group of qualifying illnesses.
