

# **WEST VIRGINIA CODE: §30-42-12**

## **§30-42-12. Notice included with invitations to bid and specifications.**

Any architect or engineer preparing any plan and specification for contracting work to be performed in this state shall include in the plan, specification, and invitation to bid a reference to this article informing any prospective bidder that the person's contractor's license number must be included on any bid submission. A subcontractor shall furnish that person's contractor's license number to the contractor prior to the award of the contract.
