## WEST VIRGINIA CODE: §30-42-19

## §30-42-19. Board authorized to provide training.

- (a) The board may enter into work-sharing agreements with state vocational and technical training schools to provide classroom training to students who desire to obtain a West Virginia contractor license. The purpose of the training is limited to instruction applicable to the contractor license examinations required by the board. The terms of the work-sharing agreements shall be determined by the West Virginia Contractor Licensing Board and county boards of education.
- (b) For the purposes of this section, the board may expend funds from its special revenue account, known as the West Virginia Contractor Licensing Board Fund, to support this activity.
