WEST VIRGINIA CODE: §30-42-19

§30-42-19. Board authorized to provide training.

(a) The board may enter into work-sharing agreements with state vocational and technical training schools to provide classroom training to students who desire to obtain a West Virginia contractor license. The purpose of the training is limited to instruction applicable to the contractor license examinations required by the board. The terms of the work-sharing agreements shall be determined by the West Virginia Contractor Licensing Board and county boards of education.

(b) For the purposes of this section, the board may expend funds from its special revenue account, known as the West Virginia Contractor Licensing Board Fund, to support this activity.
