WEST VIRGINIA CODE: §31G-1-13

§31G-1-13. Protection of proprietary business information.

(a) Broadband deployment information provided to the council or its consultants and other agents, including, but not limited to, physical plant locations, subscriber levels, and market penetration data, constitutes proprietary business information and, along with any other information that constitutes trade secrets, shall be exempt from disclosure under the provisions of chapter twenty-nine-b of this code: Provided, That the information is identified as confidential information when submitted to the council.

(b) Trade secrets or proprietary business information obtained by the council from broadband providers and other persons or entities shall be secured and safeguarded by the state. Such information or data shall not be disclosed to the public or to any firm, individual or agency other than officials or authorized employees of the state. Any person who makes any unauthorized disclosure of such confidential information or data is guilty of a misdemeanor and, upon conviction thereof, may be fined not more than $5,000 or confined in a correctional facility for not more than one year, or both.

(c) The official charged with securing and safeguarding trade secrets and proprietary data for the council is the Secretary of Administration, who is authorized to establish and administer appropriate security measures. The council chair shall designate two additional persons to share the responsibility of securing trade secrets or proprietary information. No person will be allowed access to trade secrets or proprietary information without written approval of a minimum of two of the three authorized persons specified above.
