
WEST VIRGINIA CODE CHAPTER 31a
ARTICLE 2B

WV Legislature

§31A-2B-1. Short title.

This article shall be known and may be cited as the "Second Amendment Financial Privacy Act."

WV Legislature

§31A-2B-2. Findings and intent.

(a) The Legislature finds that:

(1) The Second Amendment to the United States Constitution guarantees the people the right to keep and bear arms;

(2) Section 22, Article III of the West Virginia Constitution provides that "[a] person has the right to keep and bear arms for the defense of self, family, home and state, and for lawful hunting and recreational use";

(3) In September of 2022, the International Organization for Standardization, based in Switzerland, approved a unique Merchant Category Code for firearm and ammunition retailers;

(4) Later in September of 2022, the world's three largest payment card networks publicly announced they would assign the new Merchant Category Code to firearms retailers accepting payment cards for purchases, after 28 members of Congress sent a public letter to networks, pressuring them to adopt the new code;

(5) In the letter to payment card networks, federal lawmakers stated that the new Merchant Category Code for firearms retailers would be "[. . .] the first step towards facilitating the collection of valuable financial data that could help law enforcement in countering the financing of terrorism efforts", expressing a clear government expectation that networks will utilize the new Merchant Category Code to conduct mass surveillance of constitutionally protected firearms, firearm accessories or components, and ammunition purchases in cooperation with law enforcement;

(6) The new Merchant Category Code will allow the banks, payment card networks, acquirers, and other entities involved in payment card processing to identify and separately track lawful payment card purchases at firearms retailers in West Virginia, paving the way for both unprecedented surveillance of Second Amendment activity and unprecedented information sharing between financial institutions and the government;

(7) This potential for cooperative surveillance and tracking of lawful firearms, firearm accessories or components, and ammunition purchases will have a significant chilling effect on citizens wishing to exercise their federal and state constitutional rights to keep and bear arms in West Virginia;

(8) While federal law requires some financial institutions to report transactions that are highly indicative of money laundering or other unlawful activities, there is no federal or state law authorizing financial institutions to surveil and track lawful activities by customers in cooperation with law enforcement; in fact, both the federal Right to Financial Privacy Act and West Virginia's Maxwell Governmental Access to Financial Records Act prohibit financial institutions from disclosing a customer's financial records except in limited

circumstances; and

(9) This article should be construed as a generally applicable consumer financial protection law that does not prevent or significantly interfere with the duly authorized powers of any bank, nor does this article directly or indirectly discriminate against any bank based on its charter or structure.

(b) Based on the above-stated findings, it is the intent of the Legislature to prohibit the misuse of payment card processing systems to surveil, report, or otherwise discourage constitutionally protected firearm, firearm accessories or components, and ammunition purchases and sales within West Virginia's jurisdiction.

§31A-2B-3. Definitions.

(a) The terms used in this article shall have the same meaning provided in §31A-2A-1 of this code, unless otherwise specified in this section.

(2) "Assign" or "assignment" refers to a financial institution policy, process, or practice that labels, links, or otherwise associates a firearms code with a merchant or payment card transaction in a manner that allows the financial institution or any other entity facilitating or processing the payment card transaction to identify whether a merchant is a firearms retailer or whether a transaction involves the sale of firearms, firearm accessories or components, or ammunition.

(3) "Customer", in addition to the definition provided in §31A-2A-1(a) of this code, includes any person who presents a payment card to a merchant for the purchase of goods or services.

The term includes, but is not limited to, a Merchant Category Code assigned to a retailer by a payment card network or other financial institution.

(10) "Firearms retailer" means any person engaged in the lawful business of selling or trading firearms or antique firearms, as those terms are defined in §61-7-2 of this code, firearm accessories or components, or ammunition to be used in firearms or antique firearms.

- (3) Charging a higher transaction or interchange fee to any merchant or for a lawful transaction, as compared to the fee charged to a similarly situated merchant or for a similar transaction, based on the assignment of a firearms code; or
- (4) Otherwise taking any action against a customer or merchant that is intended to suppress lawful commerce involving firearms, firearm accessories or components, or ammunition.

§31A-2B-8. Civil remedies.

(a) Subject to subsection (c) of this section, a customer may bring a civil action for damages, injunctive relief, or both damages and injunctive relief against any financial institution or government entity that causes the customer's protected financial information to be disclosed in violation of this article. For each violation, the individual may recover:
