(6) Does not owe delinquent taxes, fines, or fees to any local or state taxing authority or governmental agency, department, or other political subdivision of this state.

(1) The nature and seriousness of the crime for which the individual was convicted;

(2) The passage of time since the commission of the crime;

(3) The relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of the profession or occupation; and

This petition shall include sufficient details about the individual's criminal record to enable the commissioner to identify the jurisdiction where the conviction occurred, the date of the conviction, and the specific nature of the conviction. The commissioner shall provide the determination within 60 days of receiving the petition from the applicant. The commissioner may charge a fee to recoup its costs for each petition.

(i) Before approving an application for a license of an applicant who has less than one year's experience in the proposed business governed by this article as a regulated entity in another state, or whose license has been suspended or revoked by another state, the commissioner may, in his or her discretion, conduct an on-site investigation of an applicant at the sole expense of the applicant and may require the applicant to pay a nonrefundable payment of the anticipated expenses for conducting the investigation. Failure to make the payment or cooperate with the investigation is grounds for denying the application.

(b) The commissioner may request the assistance of the State Police in enforcing this article.

(c) In the event state money transmission jurisdiction is conditioned on a federal law, any inconsistencies between any provision of this article and the federal law governing money transmission shall be governed by the applicable federal law to the extent of the inconsistency.

(d) In the event of any inconsistencies between this article and a federal law that governs pursuant to subsection (c) of this section, the commissioner may provide interpretive guidance that:

- (1) Identifies the inconsistency; and
- (2) Identifies the appropriate means of compliance with federal law.

§32A-2-18. Criminal penalty.

(a) A person commits a criminal offense if the person knowingly:

(1) Violates a requirement of this article;

(2) Makes a false, fictitious, or fraudulent statement, representation, or entry in a record or report required under 31 U.S.C. §5313 or 31 C.F.R. Chapter X, or by this article, or a rule adopted under this article; or

(3) Fraudulently structures or attempts to fraudulently structure a transaction in violation of section eleven of this article.

(b) An offense under this section is a felony.

(c) Any officer, director, employee or agent of any licensee or any other person guilty of any felony offense as provided in this section shall, upon conviction thereof, be imprisoned in the penitentiary not less than one nor more than five years and also, in the discretion of the court, may be fined up to \$10,000 for each violation. Each transaction in violation of this article and each day that a violation continues is a separate offense.

§32A-2-19. Civil penalty.

(a) The commissioner may bring civil actions to enforce this article in the circuit court of Kanawha County or the county in which the violation occurred and seek civil penalties. If, after notice and a hearing, the court finds that a person has violated this article, a rule adopted under this article, or an order of the commissioner issued under this article, the court may order the person to pay to the state a civil penalty. The amount of a civil penalty under this section may not exceed \$5,000 for each violation or, in the case of a continuing violation, up to \$5,000 for each day that the violation continues. A civil penalty assessed may be collected from the bond required under section ten of this article.

(b) In addition to the authority granted in subsection (a) of this section, the commissioner may by administrative assessment impose a civil penalty of up to \$5,000 upon any person he or she believes has violated this article, a rule promulgated under this article, any other law or rule the commissioner is authorized to enforce with respect to persons licensed under this article, or a prior order of the commissioner. For purposes of this subsection, each separate violation is subject to the penalty herein prescribed and, in the case of a continuing violation, a penalty of up to \$5,000 may be assessed for each day the violation continues. Any penalty imposed under this subsection may be contested by the licensee pursuant to article five, chapter twenty-nine-a of this code. A civil penalty assessed under this subsection may be collected from the bond required under section ten of this article.

§32A-2-20. Injunction.

If it appears to the commissioner that a person has committed or is about to commit a violation of this article, a rule promulgated thereunder, or an order of the commissioner, the commissioner may apply to the circuit court of Kanawha County or the county in which the violation occurred for an order enjoining the person from violating or continuing to violate the article, rule, or order and for injunctive or other relief that the nature of the case may require and may, in addition, request the court to assess civil penalties as provided under this article.

§32A-2-21. Consent orders.

(a) The commissioner may enter into consent orders at any time with a person to resolve a matter arising under this article. A consent order shall be signed by the person to whom it is issued and shall indicate agreement to the terms contained in it. A consent order need not constitute an admission by a person that this article or a rule or order issued or promulgated under this article has been violated, nor need it constitute a finding by the commissioner that the person has committed a violation.

(b) Notwithstanding the issuance of a consent order, the commissioner may seek civil or criminal penalties or compromise civil penalties concerning matters encompassed by the consent order unless by its terms the consent order expressly precludes the commissioner from doing so.

§32A-2-22. Cease and desist orders.

(a) If the commissioner, upon information, has cause to believe that a licensee or other person is engaged in practices contrary to this article or the rules adopted under this article, the commissioner may issue an order directing the licensee or person to cease and desist the violation. A cease and desist order is appropriate in any case where the commissioner, upon information, reasonably believes that a principal or the licensee acting through any authorized person has:

(1) Violated or refused to comply with a provision of this article, a rule adopted under this article, or any other law or regulation applicable to a currency exchange, transportation or transmission business, or to the business of check cashing;

(2) Committed a fraudulent practice in the conduct of the licensee's business;

(3) Refused to submit to an examination;

(4) Conducted business in an unsafe or unauthorized manner;

(5) Violated any federal law or regulation pertaining to the business of currency exchange, money transportation or transmission, or the business of check cashing; or

(6) Violated any condition of its license or of any agreement entered into with the commissioner.

(b) The commissioner shall serve notice and a copy of the cease and desist order on the affected party either personally or by certified mail, return receipt requested. Service by mail shall be deemed completed if the notice is deposited in the post office, postage prepaid, addressed to the last known address for a licensee or the person designated by the licensee to accept service in this state.

(c) The order shall include a statement of the alleged conduct of the licensee or principal which gave rise to the order, and set forth the facts and law on which it is based.

(d) A person is entitled to a hearing on the cease and desist order before the commissioner, or a hearing examiner appointed by him or her, if the person files with the commissioner a written demand for hearing within ten days after receiving written notice of the order, or within thirty days after the date of service, whichever occurs first. A person's right to a hearing as provided by this subsection shall be disclosed in the notice of service.

(e) Hearings and judicial review of any order shall be under procedures provided in sections one and two, article eight, chapter thirty-one-a of this code and procedural rules thereunder.

(f) The issuance of a cease and desist order under this section shall not be a prerequisite to the taking of any action by the commissioner or others under any other section of this article.

§32A-2-23. Liability of licensees.

Except in cases of gross negligence or intentional acts that result in harm to a person, a licensee's responsibility to a person for a money transmission conducted on that person's behalf by the licensee or the licensee's authorized delegate is limited to the amount of money transmitted or the face amount of the payment instrument purchased.

WV Legislature

§32A-2-24. Confidential information.

(a) Reports of investigation and examination, together with related documents and financial information not normally available to the public that is submitted in confidence by a person regulated under this article, including, but not limited to, that person's evaluation of the expected outcome of pending litigation, are confidential and may not be disclosed to the public by the commissioner or employees of the Division of Financial Institutions, and are not subject to the state's freedom of information act. The commissioner may release information if:

(1) The commissioner finds that immediate and irreparable harm is threatened to the licensee's customers or potential customers or the general public;

(2) The licensee consents before the release;

(3) The commissioner finds that release of the information is required in connection with a hearing under this article, in which event information may be related to the parties of that hearing; or

(4) The commissioner finds that the release is reasonably necessary for the protection of the public and in the interest of justice, in which event information may be distributed to representatives of an agency, department, or instrumentality of this state, any other state, or the federal government.

(b) Nothing in this section prevents release to the public of any list of licensees or aggregated financial data for the licensees, prevents disclosure of information the presiding officer considers relevant to the proper adjudication or administration of justice at public administrative or judicial hearings, or prevents disclosure of information relevant to supporting the issuance of any administrative or judicial order.

§32A-2-25. Hearing on suspension or revocation of license.

(a) A license may not be revoked or suspended except after notice and opportunity for hearing on that action. The commissioner may issue to a person licensed under this article an order to revoke a license or to suspend a license for a period not in excess of six months. The order shall provide notice of opportunity for a hearing, inform that any request for hearing must be filed within 30 days of service of a copy of the order revoking or suspending the license, and set forth how the recipient may request such a hearing. The hearing shall be conducted in accordance with the provisions of §29A-5-1 *et seq.* of this code. The commissioner may appoint a hearing examiner to preside at the hearing and make a recommended decision. The commissioner may revoke or suspend the license if he or she finds that:

- (1) The licensee has knowingly or repeatedly violated this chapter or any rule or order lawfully made or issued pursuant to this article;
- (2) The licensee has failed to remit its required renewal fees;
- (3) Facts or conditions exist which would clearly have justified the commissioner in refusing to grant a license had these facts or conditions been known to exist at the time the application for the license was made;
- (4) The licensee does not have available the net worth required by §32A-2-8 of this code, and after 10 days' written notice from the commissioner, fails to take steps that the commissioner determines are necessary to remedy the deficiency; or
- (5) The licensee has failed or refused to keep the bond or other security required by §32A-2-10 of this code in full force and effect.

(b) No revocation or suspension of a license under this article is lawful unless prior notice is given to the licensee of the facts or conduct which warrant the intended action and the licensee is given an opportunity to show compliance with all lawful requirements for retention of the license.

(c) If the commissioner finds that probable cause for revocation of a license exists and that enforcement of this article to prevent imminent harm to public welfare requires immediate suspension of the license pending investigation, the commissioner may, after a hearing upon five days' written notice, enter an order suspending the license for not more than 30 days.

(d) Nothing in this section limits the authority of the commissioner to take action against a licensee or person under other sections of this article.

(e) Whenever the commissioner revokes or suspends a license, an order to that effect shall be entered and the commissioner shall forthwith notify the licensee of the revocation or suspension. Within five days after the entry of the order the commissioner shall mail by registered or certified mail, or shall provide for personal delivery to the licensee, a copy of

the order and the findings supporting the order.

(f) Any person holding a license under this article may relinquish the license by notifying the commissioner in writing of its relinquishment, but any relinquishment does not affect a person's liability for acts previously committed.

(g) No revocation, suspension, or relinquishment of a license impairs or affects the obligation of any preexisting lawful contract between the licensee and any person.

(h) The commissioner may reinstate a license, terminate a suspension, or grant a new license to a person whose license has been revoked or suspended if no fact or condition then exists which clearly would have justified the commissioner in refusing to grant a license.

§32A-2-26. Deceptive name or advertising.

(a) A licensee who advertises the prices to be charged by the currency exchange or currency transmission business for services that are governed by this article shall specifically state in the advertisement all fees or commissions to be charged to the consumer.

(b) The commissioner may propose for legislative approval rules establishing requirements for the size and type of lettering a licensee is permitted to use in an advertisement for prices or rates.

(c) A person who violates this section or a rule adopted under this section commits an unfair and deceptive act or practice within the meaning of section one hundred four, article six, chapter forty-six-a of this code.

(d) A corporate licensee may not use the same name as, or a name deceptively similar to, the name of any domestic corporation existing under the laws of this state, or the name of any foreign corporation authorized to transact business in this state, except as otherwise provided by the commissioner or Secretary of State pursuant to law.

§32A-2-27. Authorized delegates.

(a) A licensee may conduct the business of money transmission and currency exchange regulated by this article at one or more locations through authorized delegates designated by the licensee to conduct business on its behalf, including the physical locations of money transmission kiosks and virtual currency kiosks.

(b) A licensee may not knowingly authorize a person to act as its delegate who has, within the previous 10 years, a disqualifying criminal conviction of the type set forth in §32A-2-8(c)(2) of this code.

(c) A licensee shall enter into a contract with its authorized delegate detailing the nature and scope of the relationship between the licensee and the authorized delegate. The contract shall require that the authorized delegate operate in full compliance with the laws of this state and of the United States. The licensee shall, upon request, provide the commissioner with the sample written contract.

(d) The financial responsibility of a licensee for the actions of its authorized delegate shall not exceed the amount of funds received by the authorized delegate on behalf of its licensee for the business regulated under this article.

(e) An authorized delegate has an affirmative duty not to: (i) Commit fraud or misrepresentation; or (ii) submit fraudulent statements to the licensee. A licensee shall promptly report to the commissioner and to any other appropriate state or federal official when it has probable cause to believe that an authorized delegate has violated the affirmative duty set forth in this subsection.

(f) The licensee shall require the authorized delegate to hold in trust for the licensee from the moment of receipt of the proceeds of any business transacted under this article in an amount equal to the amount of proceeds due the licensee less the amount due the authorized delegate. The funds shall remain the property of the licensee whether or not commingled by the authorized delegate with its own funds. In the event that the license is revoked by the commissioner, all proceeds held in trust by the authorized delegate of that licensee are considered to be assigned to the commissioner. If an authorized delegate fails to remit funds to the licensee in accordance with the time specified in the contract with the licensee, the licensee may bring a civil action against the authorized delegate for three times the actual damages. The commissioner may by rule set a maximum remittance time for authorized delegates.

(g) An authorized delegate shall report to the licensee the theft or loss of payment instruments within 24 hours from the time the authorized delegate knew or should have known of the theft or loss.

(h) Upon any suspension or revocation of a license, the failure of a licensee to renew a license, or the denial of the renewal of a license, the licensee shall notify its authorized

delegates of the event and demand that they immediately cease operations as authorized delegates.

(i) A licensee shall report the removal of an authorized delegate location, or the termination of operations of an authorized delegate location, including money transmission kiosks and virtual currency kiosks, to the commissioner on a quarterly basis, and shall in the report list any new authorized delegate locations, including money transmission kiosks and virtual currency kiosks, in this state.

(j) No authorized delegate shall act outside its scope of authority as defined under this article and by its contract with the licensee to act on behalf of the licensee with regard to any transaction regulated by this article.

§32A-2-28. Revocation or suspension of authorized delegates.

(a) The commissioner may issue an order suspending an authorized delegate, or barring a person from becoming an authorized delegate of any licensee, during the period for which the order is in effect. Upon issuance of the order, the licensee shall terminate its relationship with the authorized delegate according to the terms of the order. Orders may be issued if, after notice and a hearing, the commissioner finds that any authorized delegate of a licensee or any administrator, officer, employee or principal of the authorized delegate:

- (1) Has violated a provision of this article or of any rule or order issued under this article;
- (2) Has engaged in or participated in an unsafe or unsound act with respect to the business of selling or issuing payment instruments of the licensee or the business of money transmission; or
- (3) Has made or caused to be made in any application or report filed with the commissioner or in any proceeding before the commissioner a statement that was, at the time and in the circumstances under which it was made, false or misleading with respect to any material fact, or has omitted to state in the application or report a material fact required to be stated.

(b) An authorized delegate to whom an order is issued under this section may apply to the commissioner to modify or rescind the order. The commissioner may not grant the application unless the commissioner finds that it is in the public interest to do so and that it is reasonable to believe that the person will comply with all applicable provisions of this chapter and of any rule and order issued under this chapter if the order is modified or rescinded.

(c) The right of a person to whom an order is issued under this section to petition for judicial review of an order is not affected by the failure of the person to apply to the commissioner to modify or rescind the order.

§32A-3-1. Check cashing permitted.

(a) A merchant primarily in the business of making retail consumer sales may offer check cashing services at its stores to accommodate its customers in the course of said business, and may collect a fee for the service, if the check cashing service and any fees charged are incidental to the main business of the merchant. Except as set forth in subsection (b) of this section, the term "check cashing services" does not include a transaction where a customer presents a check for the exact amount of a purchase. Fees charged in connection with check cashing services may not exceed the greater of \$1, or one percent of the face value of the check cashed.

(b) Merchants may not, in connection with providing check cashing services, agree to hold checks submitted to them for deposit at a later date for the purpose of providing a loan of money and deriving profit therefrom.

(c) No license is required as a condition for a merchant providing check cashing services in conformity with subsections (a) and (b) of this section.

(d) Where a merchant derives more than five percent of his or her gross revenues from cashing checks, the check cashing services are not considered incidental to the main business of the merchant, and the merchant is required to be licensed under article two of this chapter.

(e) Persons holding a license pursuant to article two of this chapter may in conjunction with their licensed business, or other lawful business, engage in the business of check cashing in West Virginia. Fees charged for check cashing services by a licensee under article two of this chapter shall be posted and conform to those permitted merchants under this section. No licensee may in connection with providing check cashing services agree to hold checks submitted to it for deposit at a later date for the purpose of providing a loan of money and deriving profit therefrom.

(f) Federally-insured depository institutions, foreign bank agencies, and governmental entities exempt from licensure as money transmitters under this chapter are exempt from the provisions of this article. Other financial institutions licensed by and under the jurisdiction of the commissioner of banking may upon written approval engage in the check cashing business permitted merchants under this article.

(g) Except as provided or allowed by this article, no person may engage in the check cashing business. As used in this article the term "check cashing business" means any person who engages in the business of cashing checks, including drafts, money orders, or other instruments for the transmission or payment of money for a fee. However, the term "check" as used in this article does not include a travelers check or a foreign denomination check.

§32A-3-2. Obstruction of investigations.

No merchant or person subject to this article may obstruct or refuse to permit any lawful investigation into their check cashing activities by the commissioner of banking, a person acting on behalf of an agency of the state or political subdivision thereof, or a law-enforcement officer.

WV Legislature

§32A-3-3. Violations and penalties.

(a) The charging of fees for check cashing services in excess of those permitted under this article gives rise to a cause of action by the injured party to recover twice the actual damages suffered by reason of the violation.

(b) The charging of fees for check cashing services in violation of the provisions of subsections (b) or (e), section one of this article, prohibiting lending through a check cashing transaction, constitutes prohibited finance charges, and gives rise to a cause of action by the party upon whom the charge was imposed to recover all fees paid and all actual damages suffered by reason of the violation. Where the transaction is of an amount and for purposes that would constitute a consumer loan, the conduct of impermissible check cashing services is considered an unfair and deceptive act and may be subject to provisions and penalties set forth in chapter forty-six-a of this code.

(c) Engaging in the check cashing business without the license required by this article gives rise to a cause of action by the injured party to recover all fees paid and all actual damages suffered by reason of the violation.

(d) Actions brought under this article by customers for recovery of actual damages shall be brought within one year of the occurrence of the transaction.

§32A-3-4. Injunctions.

If any merchant or person is in violation of this article, the commissioner of banking or other appropriate law-enforcement officer may apply to the circuit court of Kanawha County or the county in which the violation occurred for an order enjoining the merchant or person from violating or continuing to violate the article, rule, or order and for injunctive or other relief that the nature of the case may require. The authority to seek injunctions under this section is cumulative with any other enforcement right accruing under other provisions of law and this code.
