WEST VIRGINIA CODE: §33-18-1

§33-18-1. Association of volunteer fire departments to obtain casualty insurance.

Any state volunteer fire department may join with other volunteer fire departments in this state in order to obtain casualty insurance coverage as defined in subdivision (e), section ten, article one of this chapter and the state Insurance Commissioner and his staff may assist any such volunteer fire departments in negotiating for, securing and adopting a policy or policies of insurance written by a carrier or carriers chartered under the laws of any state and duly licensed to do business in this state.
