(c) All of such reserves may be computed, at the option of the insurer, on a yearly or more frequent pro rata basis.

(d) After adopting a method for computing such reserve, an insurer shall not change methods without approval of the commissioner.

(e) With reference to marine insurance, premiums on trip risks not terminated shall be deemed unearned, and the commissioner may require the insurer to carry a reserve thereon equal to one hundred percent on trip risks written during the month ended as of the date of statement.
