as admitted assets on the statutory financial statement of the insurer most recently required to be filed with the commissioner, but excluding assets of separate accounts, the investments of which are not subject to the provisions of this article.

(6) "Affiliate" means, as to any person, another person that, directly or indirectly through

one or more intermediaries, controls, is controlled by or is under common control with the person.

(A) The trust or other business entity is established solely for the purpose of acquiring specific types of assets or rights to cash flows, issuing securities and other instruments representing an interest in or right to receive cash flows from those assets or rights and engaging in activities required to service the assets or rights and any credit enhancement or support features held by the trust or other business entity; and

(B) The assets of the trust or other business entity consist solely of interest bearing obligations or other contractual obligations representing the right to receive payment from the cash flows from the assets or rights. However, the existence of credit enhancements, such as letters of credit or guarantees, or support features such as swap agreements, does not cause a security or other instrument to be ineligible as an asset-backed security.

(8) "Business entity" includes a sole proprietorship, corporation, limited liability company, association, partnership, joint stock company, joint venture, mutual fund, trust, joint tenancy or other similar form of business organization, whether organized for-profit or not-for-profit.

Control will be presumed to exist if a person, directly or indirectly, owns, controls, holds with the power to vote or holds proxies representing ten percent or more of the voting securities of another person. This presumption may be rebutted by a showing that control does not exist in fact. The commissioner may determine, after furnishing all interested persons notice and an opportunity to be heard and making specific findings of fact to support the determination, that control exists in fact, notwithstanding the absence of a presumption to that effect.

(18) "Counterparty exposure amount" means:

(ii) Zero if the liquidation of the derivative instrument would not result in a final cash payment to the insurer.

(B) If over-the-counter derivative instruments are entered into under a written master agreement which provides for netting of payments owed by the respective parties and the domiciliary jurisdiction of the counterparty is either within the United States or if not within the United States, within a foreign jurisdiction listed in the purposes and procedures of the securities valuation office as eligible for netting, the net amount of credit risk will be the greater of zero or the net sum of:
