(2) Unless the property owner has caused a traditional access route to the cemetery or grave site to be unusable or unavailable, the property owner is not required to make any improvements to their property to satisfy the requirement of providing reasonable ingress and egress to a cemetery or burial site pursuant to this section.

(e) A property owner who is required to permit authorized persons reasonable ingress and egress for the purpose of visiting a cemetery or grave site and who acts in good faith and in a reasonable manner pursuant to this section is not liable for any personal injury or property

damage that occurs in connection with the access to the cemetery or grave site.

(f) Nothing in this section shall be construed to limit or modify the power or authority of a court in any action of law or equity to order the disinterment and removal of the remains from a cemetery and interment in a suitable location.

(g) A private property owner shall not be held liable for any damage to a cemetery on their property when that damage is caused by individuals conducting familial or social visitations to the cemetery: *Provided*, That this limitation on liability shall not apply if the person conducting the visitation is an agent of the private property owner.
