(a) The Secretary of State shall propose emergency and legislative rules for promulgation in accordance with the provisions of article three, chapter twenty-nine-a of this code to establish standards and processes to facilitate the use of electronic signatures in all governmental transactions by state agencies subject to chapter twenty-nine-a of this code. The rules shall include minimum standards for secure transactions to promote confidence and efficiency in legally binding electronic document transactions. The rules may be amended from time to time to keep the rules current with new developments in technology and improvements in secured transaction processes.

Nor may anything contained in this article be construed to limit the Secretary of State in adopting by legislative rule, alternative technologies to authorize electronic signatures and electronic postmarks.

(d) Nothing contained in this article may be construed to authorize the use of electronic signatures, electronic postmarks, or both, to effect service of a summons and complaint.
