WEST VIRGINIA CODE: §5A-6B-6

§5A-6B-6. Annual reports.

The Chief Information Security Officer shall annually, on December 1 of each year report to the Joint Committee on Government and Finance and to the Governor on the status of the cybersecurity program, including any recommended statutory changes. The report shall include a comprehensive summary of the annual cybersecurity program reviews completed pursuant to §5A-6B-4 of this code regarding the information custodian's cybersecurity readiness and a list of information technology modernization efforts taken by the West Virginia Office of Technology.
