

WEST VIRGINIA CODE: §5A-8-15

§5A-8-15. Records management and preservation of county records; alternate storage of county records; Records Management and Preservation Board; qualifications and appointment of members; reimbursement of expenses; staffing; rule-making authority; study of records management needs of state agencies; grants to counties.

The Legislature finds that the use of electronic technology and other procedures to manage and preserve public records by counties should be uniform throughout the state where possible.

(a) The governing body and the chief elected official of a county, hereinafter referred to as a county government entity, whether organized and existing under a charter or under general law, shall promote the principles of efficient records management and preservation of local records. A county governing entity may, as far as practical, follow the program established for the uniform management and preservation of county records as set out in rules proposed for legislative approval in accordance with the provisions of §29A-3-1 *et seq.* of this code as proposed by the Records Management and Preservation Board.

(b) In the event a county government entity decides to destroy or otherwise dispose of a county record, the county government entity may, prior to destruction or disposal thereof, offer the record to the director of Archives and History within the Department of Arts, Culture, and History for preservation of the record as a document of historical value. Unless authorized by the Supreme Court of Appeals, the records of courts of record and magistrate courts are not affected by the provisions of this section.

(c)(1) A preservation duplicate of a county government entity record may be stored in any format approved by the board in which the image of the original record is preserved in a form, including electronic file, in which the image is incapable of erasure or alteration and from which a reproduction of the stored record may be retrieved that truly and accurately depicts the image of the original county government record.

(2) Except for those formats, processes, and systems used for the storage of records on the effective date of this section, no alternate format for the storage of county government entity records described in this section is authorized for the storage of county government entity records unless the particular format has been approved pursuant to a legislative rule promulgated by the board in accordance with the provisions of Chapter 29A of this code. The board may prohibit the use of any format, process, or system used for the storage of records upon its determination that the same is not reasonably adequate to preserve the records from destruction, alteration, or decay.

(3) Upon creation of a preservation duplicate that stores an original county government entity record in an approved format that is incapable of erasure or alteration and that may

be retrieved in a format that truly and accurately depicts the image of the original record, the county government entity may destroy or otherwise dispose of the original in accordance with the provisions of §57-1-7c of this code.

(d) A Records Management and Preservation Board for county government entities is continued, to be composed of 11 members.

(f) The staff of the board shall consist of the Director of Archives and History within the

Department of Arts, Culture, and History and any additional staff as needed.

(g) The board shall propose rules for legislative approval in accordance with the provisions of §29A-3-1 *et seq.* of this code to establish a system of records management and preservation for county governments: *Provided, That*, for the retention and disposition of records of courts of record and magistrate courts, the implementation of the rule is subject to action by the Supreme Court of Appeals of West Virginia. The proposed rules shall include provisions for establishing a program of grants to county governments for making records management and preservation uniform throughout the state.

At the end of each month, the clerk of the county commission shall deposit into the Public Records and Preservation Revenue Account as established in the State Treasury all fees collected: *Provided, That* the clerk may retain not more than 10 percent of the fees for costs associated with the collection of the fees. (i) There is hereby created in the State Treasury a special account entitled the Public Records and Preservation Revenue Account. The account shall consist of all fees collected under the provisions of this section, legislative appropriations, interest earned from fees, investments, gifts, grants, or contributions received by the board.
