**§61-7A-4. Confidentiality; limits on use of registry information.**

(a) Notwithstanding any provision of this code to the contrary, the Superintendent of the State Police, the Secretary of the Department of Human Services, the circuit clerks, and the Administrator of the Supreme Court of Appeals may provide notice to the central state mental health registry and the National Instant Criminal Background Check System established pursuant to Section 103(d) of the Brady Handgun Violence Protection Act, 18 U. S. C. §922, that a person: (i) Has been involuntarily committed to a mental institution ; (ii) has been adjudicated as a mental defective ; or (iii) has regained the ability to possess a firearm by order of a circuit court in a proceeding under section five of this article.

(b) The information contained in the central state mental health registry is to be used solely for the purpose of records checks related to firearms purchases and for eligibility for a state license or permit to possess or carry a concealed firearm.

(c) Whenever a person's name and other identifying information has been added to the central state mental health registry, a review of the state concealed handgun registry shall be undertaken and if such review reveals that the person possesses a current concealed handgun license, the sheriff of the county issuing the concealed handgun license shall be informed of the person's change in status.

**§61-7A-5. Petition to regain right to possess firearms.**

(a) Any person who is prohibited from possessing a firearm pursuant to the provisions of §61-7-7 or by provisions of federal law by virtue solely of having previously been adjudicated to be mentally defective or to having a prior involuntary commitment to a mental institution pursuant to §27-5-4(l) of this code may petition the circuit court of the county of his or her residence to regain the ability to lawfully possess a firearm.

(b) Petitioners prohibited from possession of firearms due to a mental health disability, must include in the petition for relief from disability:

(1) A listing of facilities and location addresses of all prior mental health treatment received by petitioner;

(2) An authorization, signed by the petitioner, for release of mental health records to the prosecuting attorney of the county; and

(3) A verified certificate of mental health examination by a licensed psychologist or psychiatrist occurring within thirty days prior to filing of the petition which supports that the petitioner is competent and not likely to act in a manner dangerous to public safety.

(c) The court may only consider petitions for relief due to mental health adjudications or commitments that occurred in this state, and only give the relief specifically requested in the petition.

(d) In determining whether to grant the petition, the court shall receive and consider at a minimum evidence:

(1) Concerning the circumstances regarding the firearms disabilities imposed by 18 U.S.C. §922(g)(4);

(2) The petitioner's record which must include the petitioner's mental health and criminal history records; and

(3) The petitioner's reputation developed through character witness statements, testimony, or other character evidence.

(e) If the court finds by clear and convincing evidence that the person is competent and capable of exercising the responsibilities concomitant with the possession of a firearm, will not be likely to act in a manner dangerous to public safety, and that granting the relief will not be contrary to public interest, the court may enter an order allowing the petitioner to possess a firearm. If the order denies petitioner's ability to possess a firearm, the petitioner may appeal the denial, which appeal is to include the record of the circuit court rendering the decision.

(f) All proceedings for relief to regain firearm or ammunition rights shall be reported or

recorded and maintained for review.

(g) The prosecuting attorney or one of his or her assistants shall represent the state in all proceedings for relief to regain firearm rights and provide the court the petitioner's criminal history records.

(h) The written petition, certificate, mental health or substance abuse treatment records and any papers or documents containing substance abuse or mental health information of the petitioner, filed with the circuit court, are confidential. These documents may not be open to inspection by any person other than the prosecuting attorney or one of his or her assistants only for purposes of representing the state in and during these proceedings and by the petitioner and his or her counsel. No other person may inspect these documents, except upon authorization of the petitioner or his or her legal representative or by order of the court, and these records may not be published except upon the authorization of the petitioner or his or her legal representative.

(i) The circuit clerk of each county shall provide the Superintendent of the West Virginia State Police, or his or her designee, and the Administrator of the West Virginia Supreme Court of Appeals, or his or her designee, with a certified copy of any order entered pursuant to the provisions of this section which removes a petitioner's prohibition to possess firearms. If the order restores the petitioner's ability to possess a firearm, petitioner's name shall be promptly removed from the central state mental health registry and the superintendent or administrator shall forthwith inform the Federal Bureau of Investigation, the United States Attorney General, or other federal entity operating the National Instant Criminal Background Check System of the court action.
