(h) Municipalities may enter into a "lease with an option to purchase" contract for the purchase and installation of energy-conservation measures if the term of the lease does not exceed fifteen years and the lease contract includes the provisions contained in subsection (f) of this section and meets federal tax requirements for tax-exempt municipal leasing or long-term financing.

**PART IV. CERTAIN SPECIFIC POWERS OF MUNICIPALITIES
AND GOVERNING BODIES.**

§8-12-6. Membership in association or league.

Every municipality is hereby empowered and authorized to become a member of an association or league having for its general purpose the exchange and dissemination of information and ideas designed for the more efficient administration and conduct of municipal government and affairs. In order to finance the maintenance of such an organization, each municipality is hereby empowered and authorized to pay into such an organization annual dues or membership fees in an amount to be fixed by the members thereof at the annual meeting of such organization. Such dues or membership fees may be appropriated by the governing body as a current expense item and included in the annual budget.

§8-12-7. Power and authority to purchase insurance and to indemnify officers, agents and employees.

(a) Every municipality shall have plenary power and authority to contract and expend public funds for the purchase of one or more policies of public liability insurance, with or without a sharing in the cost thereof by the officers, agents and employees of such municipality, providing the municipality and its officers, agents and employees insurance coverage for legal liability of said municipality and its officers, agents and employees for bodily injury, personal injury or damage (including, but not limited to, false arrest and false imprisonment) and property damage, and affording said municipality and its officers, agents and employees insurance coverage against any and all legal liability arising from, growing out of, by reason of or in any way connected with, any acts or omissions of said municipality, or its officers, agents or employees in the performance of their official duties. So long as the coverage aforesaid is obtained and remains in full force and effect as to the police officers of a municipality, the bond specified in section five, article seven, chapter sixty-one of this code shall not be required as to such police officers.

(b) Every municipality shall also have plenary power and authority to provide for the indemnification of its officers, agents and employees against any and all liability, losses, damages, expenses and costs, including court costs and reasonable and necessary attorney fees, arising from, growing out of, by reason of or in any way connected with any acts or omissions of said officers, agents or employees in the performance of their official duties. Such indemnification may be provided by a self-funding program, by expenditures from the General Fund, or by the purchase of insurance as provided in subsection (a) of this section, with or without financial contribution or participation by such officers, agents and employees. Prior to the expenditure of any public funds pursuant to the power and authority conferred by the provisions of this subsection (b), the governing body shall determine by ordinance applicable to an entire class or classes of officers, agents or employees the manner in which such power and authority shall be exercised.

§8-12-8. Group insurance programs authorized.

Every municipality shall have plenary power and authority to negotiate for, secure and adopt for the regular employees thereof (other than provisional, temporary, emergency and intermittent employees) who are in employee status with such municipality on and after the effective date of this section and for their spouses and dependents, a policy or policies of group insurance written by a carrier or carriers chartered under the laws of any state and duly licensed to do business in this state and covering life; health; hospital care; surgical or medical diagnosis, care, and treatment; drugs and medicines; remedial care; other medical supplies and services; or any other combination of these; and any other policy or policies of group insurance which in the discretion of the governing body bear a reasonable relationship to the foregoing coverages. The provisions and terms of any such group plan or plans of insurance shall be approved in writing by the Insurance Commissioner of this state as to form, rate and benefits.

The municipality is hereby authorized and empowered to pay the entire premium cost, or any portion thereof, of said group policy or policies. Whenever the above-described regular employees shall indicate in writing that they have subscribed to any of the aforesaid insurance plans on a group basis and the entire cost thereof is not paid by the municipality, the municipality is hereby authorized and empowered to make periodic premium deductions of the amount of the contribution each such subscribing employee is required to make for such participation from the salary or wage payments due each such subscribing employee as specified in a written assignment furnished to the municipality by each such subscribing employee.

When a participating employee shall retire from his employment, he may, if he so elects, remain a member of the group plan and retain coverage for his spouse and dependents, by paying the entire premium for the coverage involved. Spouses and dependents of any deceased member may remain a member of the group plan by paying the entire premium for the coverage: Provided, That nothing herein shall be construed as prohibiting the municipality from paying a portion or all of the cost of any coverage. In the event that a municipality changes insurance carriers, as a condition precedent to any such change, the municipality shall assure that all retirees, their spouses and dependents, and the spouses and dependents of any deceased member are guaranteed acceptance, at the same cost for the same coverage as regular employees of similar age groupings, their spouses and dependents.

§8-12-9. Power and authority to enact ordinance prohibiting discrimination with respect to housing accommodations.

Notwithstanding any statutory or charter provision to the contrary, the governing body of every municipality shall have plenary power and authority, by ordinance, to prohibit discrimination on the basis of race, creed, color or national origin in the sale, purchase, lease or rental of housing accommodations within the corporate limits of such municipality, and to impose fines for the violation of the provisions of any such ordinance.

WV Legislature

§8-12-10. Purchasing; competitive bidding.

(a) Every municipality may provide for the centralized purchasing of materials, supplies and equipment; and the term "equipment," for the purposes of this section, shall include, but not be limited to, motor vehicles. Every municipality may, by agreement with the state director of the division of purchases of the department of finance and administration, purchase the same through such department, or may enter into agreements with one or more other municipalities, counties or county boards of education, or any combination thereof, for centralized purchasing for all governmental units which are parties to such agreement.

(b) Every municipality is hereby empowered and authorized to provide by ordinance whether competitive bidding is to be required in the purchase of materials, supplies and equipment and if so the type or types of purchases with respect to which the same shall be required and the method and manner in which bids shall be obtained. Any ordinance adopted by any municipality in accordance with the provisions of this subsection (b) shall supersede any provision pertaining to competitive bidding contained in the special legislative charter of such municipality.

§8-12-11. Lease agreements for equipment or materials with option to cancel or renew for one year authorized.

Notwithstanding any other provision of this code or any charter provision to the contrary, the governing body of every municipality shall have plenary power and authority to enter into and execute a lease agreement for the obtaining of equipment or material. Any such lease agreement shall not be void or voidable because it also provides (a) that title to the equipment or material shall vest in the municipality at or before the expiration of the leasehold term upon fulfillment of the terms and conditions stipulated in such lease agreement; (b) for application of the annual rental payments made thereunder toward the purchase price of such equipment or material, although such total rental payments under any such agreement are in excess of the cash price of the equipment or material described therein, whether such excess be by way of interest or a time-price differential; and (c) that the risk of loss of the equipment or material shall be borne by the municipality. Any such lease agreement shall be void, however, unless such agreement provides that the municipality shall have the following options thereunder during each fiscal year of the agreement: (1) The option to terminate the agreement and return the equipment or material without any further obligation on the part of the municipality; (2) the option to continue the agreement for an additional rental period not to exceed one year in length; and, when the agreement contains the provisions described in (a), (b) and (c) above; (3) the option to pay in advance at any time during any fiscal year the balance due under such agreement, with an appropriate rebate of the unearned interest or time-price differential.

The funds for the initial rental payment under any such agreement must be legally at the disposal of the municipality for expenditure in the fiscal year in which such agreement is executed, and in the event the municipality elects during any subsequent fiscal year to continue the agreement for any additional rental period or to pay in advance the balance due, the funds for the additional rental period or the funds to be used to pay the balance in advance must be legally at the disposal of the municipality for expenditure in the fiscal year in which the municipality elects to continue the agreement or to pay in advance the balance due, as the case may be.

§8-12-12. Power and authority to lease, establish, maintain and operate off-street parking facility.

Every municipality shall have plenary power and authority to enter into a lease with the owner or owners of any real property situate within the corporate limits of such municipality by which such real property is demised, leased and let to such municipality for an off-street parking facility (including parking lots, buildings, ramps, parking meters and other appurtenances deemed necessary, appropriate or incidental to the regulation, control and parking of motor vehicles), which off-street parking facility is hereby declared to be a municipal public work, and every such municipality shall have plenary power and authority to establish, maintain and operate such parking facility. Every such lease shall be authorized by an ordinance adopted by the municipality. Every municipality shall have this power and authority whether such real property is at the time of the execution of such lease already equipped, maintained and operated, in whole or in part, as a parking facility or whether such real property is at such time unimproved and is to be, under the terms of the lease, improved by the installation of parking meters, lighting equipment, pavement or other equipment necessary, appropriate, useful, convenient or incidental to the use of such property for such purpose.

Any such ordinance may provide that the police force or department of such municipality shall police the parking facility; and that overtime parking at the facility or other violations of the ordinance shall be a misdemeanor punishable as provided in said ordinance. Any such ordinance shall also provide for the collection of reasonable charges for the use of such parking facility by the public generally, and any such ordinance may be amended from time to time. Any lease entered into by and between any such municipality and the owner or owners of any such real property may contain such terms and conditions as may be agreed upon between the parties, not inconsistent with any of the provisions of this section or other provisions of law. The ordinance authorizing any such lease may also specify terms and conditions which must be contained in such lease.

Under no circumstances whatever shall any obligation incurred under the provisions of this section or any such lease be deemed to be or create an indebtedness of the municipality, the governing body or any member thereof, any officer thereof, or other municipal official, and all of the expenses of whatever kind, nature or character incident to the establishment, maintenance and operation of such parking facility, including, but not limited to, such rental payments as are provided for in the lease and the cost of policing the facility, shall be paid solely from revenues derived from such parking facility, and from revenues derived from other parking facilities or meters not pledged to pay for such other parking facilities or meters. No member of the governing body of any such municipality, or any officer thereof, or other municipal official, shall under any circumstances be personally liable under any such lease or upon any obligation of any kind, nature or character arising under the provisions of this section.

The power and authority herein granted shall be in addition to and not in derogation of any power and authority vested in any municipality under any Constitutional, statutory or

charter provision now or hereafter in effect. This section shall, without reference to any other provisions of this code or any other statute or any charter, be deemed full authority for the acquisition of any such real property by lease for a parking facility, for the establishment, maintenance and operation of any such parking facility and for the enactment of an ordinance as hereinbefore specified. This section shall be construed as an additional alternative method for providing off-street parking facilities, and shall not in any way limit the provisions of article sixteen of this chapter authorizing the establishment, maintenance, operation and financing of such facilities by the issuance of revenue bonds.

This section, being necessary for the public safety and welfare, shall be liberally construed to effectuate its purposes.

§8-12-13. Building regulation; general and special codes; state building code.

(a) The governing body of every municipality shall have plenary power and authority by ordinance or a code of ordinances to:

(1) Regulate the erection, construction, repair or alteration of structures of every kind within the corporate limits of the municipality, prohibit, within specified territorial limits, the erection, construction, repair or alteration of structures of wood or other combustible material, and regulate excavations upon private property;

(2) Regulate electric wiring by prescribing minimum specifications to be followed in the installation, alteration or repair; and

(3) Regulate plumbing by prescribing the minimum specifications to be followed in the installation, alteration or repair of plumbing, including equipment, water and sewer pipe, traps, drains, cesspools and septic tanks.

(b) Notwithstanding the provisions of subsection (a) of this section, all existing municipal building codes are void one year after the promulgation of a state building code by the State Fire Commission as provided under section five-b, article three, chapter twenty-nine of this code.

Upon the voidance of the municipality's existing building code, if the municipality votes to adopt a building code, it must be the state building code promulgated under section five-b, article three, chapter twenty-nine of this code.

(c) The governing body of every municipality shall have plenary power and authority by ordinance or a code of ordinances to adopt such state building code promulgated by the State Fire Commission.

(d) Unless otherwise authorized by state law, any misdemeanor prosecution of a violation of an ordinance adopted under this section before a municipal judge or other municipal official lawfully authorized to hear and determine violations of municipal code shall be initiated by a complaint presented to and sworn or affirmed before a municipal judge or other municipal official with lawful authority to hear and determine violations of municipal code in the municipality where the offense is alleged to have occurred. Unless otherwise provided by statute, the presentation and oath or affirmation shall be made by a code enforcement department official or municipal attorney showing reason to have reliable information and belief. If the municipal judge or other municipal official with lawful authority to hear and determine violations of municipal code finds probable cause, the complaint becomes the charging instrument initiating a criminal proceeding.

A complaint lawfully authorized by this subsection together with a summons setting forth the date, time and place of appearance before a municipal judge or other municipal official with lawful authority to hear and determine violations of municipal code, shall be served in

accordance with the law of the State of West Virginia concerning the service of process in civil actions, except that personal service of a summons and complaint may be made by a code enforcement department official. If service is made by certified mail under Rule 4(d)(1)(D) of the West Virginia Rules of Civil Procedure and delivery of the summons and complaint is refused, the code enforcement department official, promptly upon the receipt of the notice of the refusal, shall mail to the person or entity being noticed, by first class mail, postage prepaid, a copy of the summons and complaint. If the first class mailing is not returned as undeliverable by the U. S. Postal Service, service of the summons and complaint is presumed to have been effectuated. Upon service of the summons and complaint consistent with this subsection, the violation may be prosecuted consistent with state and local law.

§8-12-14. Permits for construction and alteration.

The governing body of every municipality has plenary power and authority to require a permit as a condition precedent to the erection, construction, repair or alteration of any structure or of any equipment or part of a structure which is regulated by state law or municipal ordinance: Provided, That no such permits may be required of the state, a county or other governmental entity, its contractors, agents or employees for the erection, construction, repair or alteration of any structure or of any equipment or part of a structure designated for use by the state, a county or other governmental entity.

(A) The code enforcement agency shall produce a written notice containing the date of the last inspection, the name of the inspector, a reasonable description of the unsafe, unsanitary, dangerous, or detrimental conditions, the corrective measures required, the allotted time to correct the substandard conditions and the allotted time the owner has to apply to the circuit court for a temporary injunction or other similar relief restraining action by the enforcement agency.

(B) The notice shall be served upon the owner or landowner by conspicuously posting and attaching a copy of the notice to the subject property, and by serving the notice on the owner or landowner in the same manner as service of a complaint as set forth in subsection (j) of this section.

(C) If the code enforcement agency cannot effect personal service on the owner, a code enforcement agency official shall subscribe a written affidavit, to be maintained for a minimum of two years, that demonstrates the structure, dwelling, or building falls within one of the categories set forth in paragraph (A) or (B), subdivision (1), subsection (f) of this section and sets forth the basis in reasonable detail, including documentation of same, and memorializes the code enforcement agency official's efforts to contact or get permission for entry and any corrective action from the owner; and the code enforcement agency shall publish notice of its intent to enter the property for the purpose of demolition or correction, along with the address of the property, the name of the owners and the date of the proposed action, as a Class II legal advertisement consistent with the requirements of §59-3-2 of this code, the first of which shall run at least 30 days before the date of the proposed action by the enforcement agency, and the last being no later than 20 days before the date of the

proposed action by the enforcement agency.

(D) If there is no response to the notice by the owner or landowner in the time specified in the notice, then the municipality may proceed in correction or demolition of the subject dwelling, building, or structure.

(3) It is an absolute defense to any civil action by an owner, landowner, or tenant for damages resulting from the closure, demolition, or other corrective action taken by a municipality under this section: *Provided*, That the municipality acted in good faith, can demonstrate that the structure, dwelling, or building falls within one of the categories set forth in paragraph (A) or (B), subdivision (1), subsection (f) of this section, that the municipality followed the procedures set forth in this subsection, and that the municipality had adopted the state building code at the time of the closure, demolition, or other corrective action occurred.

(4) Any ordinance adopted under this subsection must also provide for notice to the owner of the owner's right to apply to the circuit court for a temporary injunction or other similar relief restraining correction or demolition by the enforcement agency. If the application is made by the owner, a hearing shall be had within 20 days of the application, or as soon as reasonably possible.

(A) Continuances of the hearing provided for in this subdivision may be made for cause only. If a continuance is granted upon request by the owner, the owner is required to pay into court, in the form of a bond, any reasonable and necessary costs related to the property likely to be incurred by the municipality during the continuance.

(B) At the conclusion of a hearing held under this subdivision, if the court finds that the property is unsafe, unsanitary, dangerous, or detrimental to the public safety or welfare, the court shall make and enter an order granting the relief as requested by the municipality. The court may disburse any moneys paid into court by the owner in accordance with this section.

(g)(1) The governing body of every municipality has plenary power and authority to adopt an ordinance requiring the owner of any dwelling or building under determination of the State Fire Marshal, as provided in §29-3-12 of this code, or under order of the code enforcement agency of the municipality, to pay for the costs of repairing, altering, or improving, or of vacating and closing, removing or demolishing any dwelling or building, and may file a lien against the real property in question for an amount that reflects all costs incurred by the municipality for repairing, altering, or improving, or of vacating and closing, removing, or demolishing any dwelling or building, or structure. Any municipality that adopts an ordinance under this section may authorize the municipal court to place a structure, dwelling, or building into receivership when the following circumstances are present:

(A) The owner cannot be located after reasonable inquiry by the code enforcement agency as required by this section or if the owner refuses entry;

(B) The code enforcement agency has obtained an administrative search warrant from either the municipal court or the magistrate court located in the jurisdiction of the municipality or county where the structure, dwelling, or building is located;

(C) Upon entry, the code enforcement agency has determined that the structure, dwelling, or building is salvageable and does not require immediate demolition; and

(D) The code enforcement agency has proffered to the court that the structure, dwelling or building will require demolition or presents a substantial threat to nearby structures, property, or residents due to risk of fire, structural instability, or attractive nuisance if it is not repaired, altered, or improved in the near future.

(2) If all of these circumstances are present, the municipal court may place the structure, dwelling, or building into receivership with the municipality or another entity that is capable of making the necessary repairs, alterations, and improvements to the structure, dwelling or building. Any owner of the structure, dwelling, or building may petition the municipal court to terminate the receivership at any time and, upon showing that the owner will either demolish the structure, dwelling, or building or make the necessary repairs, alterations, and improvements to the satisfaction of the code enforcement agency, the municipal court may terminate the receivership.

(h) Every municipality may also institute a civil action in circuit court against the landowner or other responsible party to obtain an order allowing the municipality to take corrective action up to and including demolition of any structure, dwelling or building that is unsafe, unsanitary, dangerous, or detrimental to the public safety or welfare; and to recover all reasonable costs and expenses incurred by the municipality with respect to the property and for reasonable attorney fees and court costs incurred in the prosecution of the action:

(1) No fewer than 10 days before instituting a civil action as provided in this subsection, the municipality shall send notice to the landowner by certified mail, return receipt requested, advising the landowner of the governing body's intention to institute such action.

(2) The notice shall be sent to the most recent address of the landowner of record in the office of the assessor of the county where the subject property is located and to any other address for the landowner as may exist on record with the municipality. If, for any reason, the certified mail is returned without evidence of proper receipt, the municipality shall resend the notices by first class mail, postage prepaid, and shall also post notice on the front door or other conspicuous location on the subject property.

(i) To the extent not otherwise authorized by state law, all notices of violation or correction for violations that do not fall within one of the categories set forth in paragraph (A) or (B), subdivision (1), subsection (f) of this section issued by the enforcement agency of a municipality that has adopted the state building code shall be served in accordance with the process set forth in the state building code. All notices of violation or correction orders for violations that do not fall within one of the categories set forth in paragraph (A) or (B),

subdivision (1), subsection (f) of this section issued by a code enforcement agency of a municipality that has not adopted the state building code shall be served in accordance with the law of this state concerning the service of process in civil actions, except that personal service may be made by a code enforcement agency official and the method of service effectuated by mail by the clerk of a court as permitted by Rule 4(d)(1)(D) of the West Virginia Rules of Civil Procedure is effectuated by mailing by a code enforcement agency official and shall be posted in a conspicuous place on the property that is the subject of the notice of violation or correction.

(j) Any violation of an ordinance adopted under this section, may be prosecuted by the municipality consistent with state and local laws. Unless otherwise authorized by state law, prosecution of a violation shall be initiated by a complaint presented to and sworn or affirmed before a municipal judge or other municipal official with lawful authority to hear and determine violations of municipal code in the municipality where the offense is alleged to have occurred. Unless otherwise provided by statute, the presentation and oath or affirmation shall be made by a code enforcement agency official or municipal attorney showing reason to have reliable information and belief. If from the facts stated in the complaint the municipal judge or other municipal official with lawful authority to hear and determine violations of municipal code finds probable cause, the complaint becomes the charging instrument initiating a criminal proceeding. A complaint lawfully authorized by this subsection along with a summons setting forth the date, time, and place of appearance before a municipal judge or other municipal official with lawful authority to hear and determine violations of municipal code shall be served in accordance with the law of the State of West Virginia concerning the service of process in civil actions, except that personal service of a summons and complaint may be made by a code enforcement agency official. If service is made by certified mail under Rule 4(d)(1)(D) of the West Virginia Rules of Civil Procedure and delivery of the summons and complaint is refused, the code enforcement agency official, promptly upon the receipt of the notice of the refusal, shall mail to the person or entity being noticed, by first class mail, postage prepaid, a copy of the summons and complaint. If the first class mailing is not returned as undeliverable by the U. S. Postal Service, service of the summons and complaint is presumed to have been effectuated. Upon service of the summons and complaint consistent with this subsection, the violation may be prosecuted consistent with state and local law.

(k) In addition to the authority granted by this section, a municipality may seek the aid of a county commission by entering into a memorandum of understanding with the county commission to destroy or demolish certain dilapidated structures within the municipality. In those agreements, the parties may use the procedures outlined this code section or §7-1-3ff.

§8-12-16a. Registration of uninhabitable property.

(a) The governing body of a municipality may, by ordinance, establish a property registration for any real property improved by a structure that is uninhabitable and violates the applicable building code adopted by the municipality. An owner of real property subject to the registration shall be assessed a fee as provided by the ordinance.

(b) The mayor of the municipality shall appoint a code enforcement officer to investigate and determine whether real property violates provisions of the applicable building code of the municipality.

(c) After inspecting the property, if the officer determines the property is uninhabitable and violates the applicable building code, then:

(1) The officer shall post a written notice on the property which shall include:

(A) An explanation of the violation(s);

(B) A description of the registration;

(C) The date the fee will be assessed;

(D) An explanation of how to be removed from the registration; (E) An explanation of the appeals process; and

(F) A statement that if the fee is not paid, then the property is subject to forfeiture; and

(2) Within five business days of the inspection and the posting of the property, the officer shall, by certified mail, send a copy of the notice that was posted to the owner(s) of the property at the last known address according to the county property tax records.

(d) Within forty-five days of receipt of the notification by the owner(s), the property owner may:

(1) Make and complete any repairs to the property that violate the applicable building code; or

(2) Provide written information to the officer showing that repairs are forthcoming in a reasonable period of time.

(e) For purposes of this section, "owner" or "property owner" means a person who individually or jointly with others:

(1) Has legal title to the property, with or without actual possession of the property;

(2) Has charge, care or control of the property as owner or agent of the owner;

- (3) Is an executor, administrator, trustee or guardian of the estate of the owner;
- (4) Is the agent of the owner for the purpose of managing, controlling or collecting rents; or
- (5) Is entitled to control or direct the management or disposition of the property.
- (f) After the repairs are made, the owner may request a reinspection of the property to ensure compliance with the applicable building code. If the officer finds the violations are fixed, the owner is not subject to the registration and no fee will be incurred.
- (g) The officer may reinspect the property at any time to determine where in the process the repairs fall.
- (h) Within ninety days of receipt of the notification by the owner(s), the property owner has the right to appeal the decision of the officer to the enforcement agency, created in section sixteen, article twelve of this chapter.
- (i) If an appeal is not filed within ninety days, the property is registered and the fee is assessed to the owner(s) on the date specified in the notice. The notice of the fee shall be recorded in the office of the clerk of the county commission of the county where the property is located and if different, in the office of the clerk of the county commission of the county where the property is assessed for real property taxes.
- (j) If the enforcement agency affirms the registration and assessment of the registration fee, the property owner has the right to appeal the decision of the enforcement agency to the circuit court within thirty days of the decision. If the decision is not appealed in a timely manner to the circuit court, then the property is registered and the fee is assessed on the date specified in the notice. The notice of the fee shall be recorded in the office of the clerk of the county commission of the county where the property is located and if different, in the office of the clerk of the county commission of the county where the property is assessed for real property taxes.
- (k) A fee assessed under this section shall be recorded in the same manner as a lien is recorded in the office of the clerk of the county commission of the county.
- (l) If the fee is paid, then the municipality shall record a release of the fee in the office of the clerk of the county commission of the county where the property is located and if different, in the office of the clerk of the county commission of the county where the property is assessed for real property taxes.
- (m) If an owner fails to pay the fee, then the officer shall annually post the written notice on the property and send the written notice to the owner(s) by certified mail.
- (n) If a registration fee remains delinquent for two years from the date it was placed on record in the clerk of the county commission in which the property is located and assessed, the municipality may take action to receive the subject property by means of forfeiture.

Should the municipality take the steps necessary to receive the subject property, the municipality then becomes the owner of record and takes the property subject to all liens and real and personal property taxes.

WV Legislature

§8-12-16b. Special litter prevention officers.

(a) A municipality that has adopted an anti-littering ordinance pursuant to section five of this article may provide, by ordinance, for the appointment of special litter prevention officers to aid in the enforcement of the municipal anti-littering ordinance.

(b) The ordinance enacted, pursuant to this section, must specify the duties to be performed by the special litter prevention officers and the required training such officers must undertake prior to commencement of their duties.

(c) Notwithstanding any other provision of this code, a special litter prevention officer may be presently employed by the municipality in another capacity. In the performance of the duties of special litter prevention officer, such officers shall be vested with the power to issue a citation, issue a summons, and sign a complaint. Such officers shall display at all times a badge or other sign of authority issued by the municipality.

(d) The governing body of the municipality may require such special litter prevention officers to give bond, payable to the municipality, in its corporate name, with such sureties and such penalties as the governing body may see fit, conditioned for the faithful performance of their duties.

§8-12-16c. Registration of vacant buildings; registration fees; procedures for administration and enforcement.

(a) The governing body of a municipality shall have plenary power and authority to establish by ordinance a vacant building and property registration and maintenance program.

(b) For purposes of this section:

(1) "Owner" or "property owner" means a person who individually or jointly with others:

(A) Has legal title to the property, with or without actual possession of the property;

(B) Has charge, care or control of the property as owner or agent of the owner;

(C) Is an executor, administrator, trustee or guardian of the estate of the owner;

(D) Is the agent of the owner for the purpose of managing, controlling or collecting rents; or

(E) Is entitled to control or direct the management or disposition of the property.

(2) "Vacant building" means a building or other structure that is unoccupied, or unsecured and occupied by one or more unauthorized persons for an amount of time as determined by the ordinance. A new building under construction or a building that by definition is exempted by ordinance of the municipality, is not deemed a vacant building. The governing body of a municipality, on a case-by-case basis, upon request by the property owner, shall exempt a vacant building from registration upon a finding for good cause shown that the person will be unable to occupy the building for a determinate period of time.

(3) "Vacant property" means a property on which no building is erected and no routine activity occurs.

(c) An owner of real property subject to registration and maintenance requirements may be charged a fee or fees as provided by ordinance. The ordinance shall provide administrative procedures for the administration and enforcement of registration and payment and collection of registration fees.

(d) The ordinance may require that when the owner of the vacant building or property resides outside of the state that the owner provide the name and address of a person who resides within the state who is authorized to accept service of process and notices of fees due under this section on behalf of the owner and who is designated as a responsible, local party or agent for the purposes of notification in the event of an emergency affecting the public health, safety or welfare.

(e) The ordinance may authorize the municipality to institute a civil action against the property owner and/or file a lien on real property for unpaid and delinquent vacant building registration fees. Before any lien is filed, the municipality shall give notice to the property

owner or owner's agent, by certified mail, return receipt requested, that the municipality will file the lien unless the delinquent fees are paid by a date stated in the notice, which must be no less than thirty days from the date the notice is received by the owner or the owner's agent, which shall be the date of delivery shown on the signed certified mail return receipt card. The ordinance may provide for alternative means of service when service cannot be obtained by certified mail.

(f) The ordinance may require that the owner maintain the vacant building or property to a standard deemed reasonable by the governing body. The ordinance may include authority for the municipality, following notice to the owner, to act to bring the vacant building or property into compliance with the standard, or otherwise eliminate the public nuisance caused by any noncomplaint conditions: Provided, That nothing in this section is to be interpreted to impose a duty, obligation or requirement that a municipality must undertake such repairs, demolition or maintenance measures which remain as obligations and responsibilities of the owner. Cost of the repairs, demolition and maintenance and related legal and administrative costs incurred by the municipality are to be paid by the owner. Collection of these costs may be enforced in civil proceedings against the owner.

(g) The ordinance shall permit a property owner to challenge any determination made pursuant to the ordinance. The administrative procedures adopted pursuant to the ordinance shall include the right to appeal to the circuit court of the county in which the property is located.

(h) The governing body of a municipality shall deposit the fee into a separate account, which shall be used to:

- (1) Improve public safety efforts, especially for police and fire personnel, who most often contend with the dangerous situations manifested in vacant properties;
- (2) Monitor and administer this section; and
- (3) Repair, close or demolish a vacant structure as authorized by section sixteen of this article.

§8-12-16d. Additional powers and duties of municipalities; areas of special or unique interest.

A municipality may designate areas of special or unique interest, with sites, buildings and structures within those areas, which are of local, regional, statewide or national significance.

An area that has been so designated does not limit the use of nor require any alteration of any privately owned property in the area for any purpose. The municipality may also publish a register setting forth information concerning those areas; place markers on private property only with the consent of the property owners; place markers on public property and along highways or streets designating those areas; seek and accept gifts, bequests, endowments and funds to accomplish the purpose of this section; sell, lease or alter property it owns in or near the designated areas; seek the advice and assistance of individuals, groups and departments and governmental agencies; and seek codesignation of areas with a county commission where an area is to be designated in each jurisdiction.

§8-12-17. Sale or lease of municipal public utility.

NOTE: West Virginia Code §8-12-17 was amended by two bills passed during the 2020 Regular Session of the Legislature. When two acts of the Legislature amend the same section of the Code without express recognition in the bill of the action of the other bill, the Legislative Manager makes no determination as to the appropriate, legal effect of the two acts. Therefore, BOTH versions of this section are set out below.

Senate Bill 551 (passed last on March 7, 2020) amended West Virginia Code §8-12-17 to read as follows:

In any case where a municipality owns a gas system, an electric system, a waterworks system, a sewer system, or other public utility and a majority of not less than 60 percent of the members of the governing body thereof shall deem it for the best interest of such municipality that such utility be sold or leased, the governing body may so sell or lease such gas system, electric system, waterworks system, sewer system, or other public utility upon such terms and conditions as said governing body in its discretion considers in the best interest of the municipality: *Provided*, That such sale or lease may be made only upon: (1) The publication of notice of a hearing before the governing body of the municipality, as a Class I legal advertisement in compliance with the provisions of §59-3-1 *et seq.* of this code, in a newspaper published and of general circulation in the municipality, such publication to be made not earlier than 20 days and not later than seven days prior to the hearing; and (2) the approval by the Public Service Commission of West Virginia. The governing body, upon the approval of the sale or lease by a majority of its members of not less than 60 percent of the members of the governing body, shall have full power and authority to proceed to execute or effect such sale or lease in accordance with the terms and conditions prescribed in the ordinance approved as aforesaid, and shall have power to do any and all things necessary or incident thereto: *Provided, however*, That if at any time after such approval and before the execution of the authority under the ordinance, any person should present to the governing body an offer to buy such public utility at a price which exceeds by at least five percent the sale price which shall have been so approved and authorized or to lease the same upon terms which the governing body, in its discretion, shall consider more advantageous to the municipality than the terms of the lease which shall have been previously approved as aforesaid, the governing body shall have the power to accept such subsequent offer, and to make such sale or such lease to the person making the offer, upon approval of the offer by a majority of not less than 60 percent of the members of the governing body; but, if a sale shall have been approved by the governing body as aforesaid, and the subsequent proposition be for a lease, or, if a lease shall have been approved by the governing body, and the subsequent proposition shall be for a sale, the governing body shall have the authority to accept the same upon approval of the offer by a majority of not less than 60 percent of the members of the governing body. The person making such proposition shall furnish bond, with security to be approved by the governing body, in a penalty of not less than 25 percent of such proposed bid, conditioned to carry such proposition into execution, if the same shall be approved by the governing body. In any case where any such public utility shall be sold or leased by the governing body as hereinabove provided, no part of the moneys derived from such sale or lease shall be applied to the payment of current expenses of the municipality, but the proceeds of such sale or lease shall be applied in

payment and discharge of any indebtedness created in respect to such public utility, and in case there be no indebtedness, the governing body, in its discretion, shall have the power and authority to expend all such moneys when received for the purchase or construction of firefighting equipment and buildings for housing such equipment, a municipal building or city hall, and the necessary land upon which to locate the same, for capital investments in public works projects, vehicles and equipment, including without limitation law-enforcement vehicles and equipment, for the demolition of dilapidated and abandoned buildings, for the construction of paved streets, avenues, roads, alleys, ways, sidewalks, sewers, stormwater systems, floodwalls, and other like permanent improvements, for fulfilling municipal pension and other post-employment benefit obligations, for reducing taxes, and for no other purposes. In case there be a surplus after the payment of such indebtedness, the surplus shall be used as aforesaid.

The requirements of this section shall not apply to the sale or lease of any part of the properties of any such public utility determined by the governing body to be unnecessary for the efficient rendering of the service of such utility

Senate Bill 739 (passed first on March 7, 2020) amended West Virginia Code §8-12-17 to read as follows:

In any case where a municipality owns a gas system, an electric system, a waterworks system, a sewer system, or other public utility and a majority of not less than 60 percent of the members of the governing body thereof determines it for the best interest of the municipality that the utility be sold or leased, the governing body may so sell or lease the gas system, electric system, waterworks system, sewer system, or other public utility upon such terms and conditions as the governing body in its discretion considers in the best interest of the municipality: *Provided*, That the sale or lease may be made only upon: (1) The publication of notice of a hearing before the governing body of the municipality, as a Class I legal advertisement in compliance with §59-3-1 *et seq.* of this code, in a newspaper published and of general circulation in the municipality, the publication to be made not earlier than 20 days and not later than seven days prior to the hearing; and (2) the approval by the Public Service Commission of West Virginia. The governing body, upon the approval of the sale or lease by a majority of its members of not less than 60 percent of the members of the governing body, shall have full power and authority to proceed to execute or effect the sale or lease in accordance with the terms and conditions prescribed in the ordinance approved as aforesaid, and shall have power to do any and all things necessary or incident thereto: *Provided, however*, That if at any time after the approval and before the execution of the authority under the ordinance, any person should present to the governing body an offer to buy the public utility at a price which exceeds by at least five percent the sale price which shall have been so approved and authorized or to lease the same upon terms which the governing body, in its discretion, shall consider more advantageous to the municipality than the terms of the lease which shall have been previously approved as aforesaid, the governing body shall have the power to accept the subsequent offer, and to make the sale or the lease to the person making the offer, upon approval of the offer by a majority of not less than 60 percent of the members of the governing body; but, if a sale shall have been approved by the governing body as aforesaid, and the subsequent proposition be for a lease,

or, if a lease shall have been approved by the governing body, and the subsequent proposition shall be for a sale, the governing body shall have the authority to accept the same upon approval of the offer by a majority of not less than 60 percent of the members of the governing body. The person making the proposition shall furnish bond, with security to be approved by the governing body, in a penalty of not less than 25 percent of the proposed bid, conditioned to carry the proposition into execution, if the same shall be approved by the governing body. In any case where any such public utility shall be sold or leased by the governing body as hereinabove provided, no part of the moneys derived from the sale or lease shall be applied to the payment of current expenses of the municipality, but the proceeds of the sale or lease may be applied in payment and discharge of any indebtedness created in respect to the public utility, and in case there be no indebtedness, the governing body, in its discretion, shall have the power and authority to expend all such moneys when received for the purchase or construction of firefighting equipment and buildings for housing the equipment, a municipal building, or city hall, and the necessary land upon which to locate the same, for capital investments in public works projects, vehicles and equipment and law-enforcement vehicles and equipment, for the demolition of dilapidated and abandoned buildings, or for the construction of paved streets, avenues, roads, alleys, ways, sidewalks, sewers, storm water systems, floodwalls, and other like permanent improvements, for fulfilling municipal pension and other post-employment benefit obligations, or for reducing taxes, and for no other purposes. In case there be a surplus after the payment of the indebtedness, the surplus shall be used as aforesaid.

The requirements of this section shall not apply to the sale or lease of any part of the properties of any such public utility determined by the governing body to be unnecessary for the efficient rendering of the service of the utility.

§8-12-18. Sale, lease, or disposition of other municipal property.

(a) Every municipality, municipal building commission created pursuant to §8-33-1 et seq. of this code, and municipal development authority created pursuant to §7-12-1 et seq. of this code is authorized to sell, lease as lessor, or dispose of any of its real or personal property or any interest therein or any part thereof (other than a public utility which shall be sold or leased in accordance with the provisions of §8-12-17 of this code), as authorized in §1-5-1 et seq. of this code, or to the United States of America or any agency or instrumentality thereof, or to the state or any agency or instrumentality thereof, for a public purpose for an adequate consideration, without considering alone the present commercial or market value of such property.

(b) In all other cases involving a sale, any municipality is hereby empowered and authorized to sell any of its real or personal property or any interest therein or any part thereof for a fair and adequate consideration, the property to be sold at public auction at a place designated by the governing body, or by using an Internet-based public auction service, but before making any sale, notice of the time, terms, and place of sale, together with a brief description of the property to be sold, shall be published as a Class II legal advertisement in compliance with the provisions of §59-3-1 et seq. of this code and the publication area for the publication shall be the municipality. The requirements of notice and public auction shall not apply to the sale of any one item or piece of property of less value than \$1,000 and under no circumstances shall the provisions of this section be construed as being applicable to any transaction involving the trading in of municipally owned property on the purchase of new or other property for the municipality and every municipality shall have plenary power and authority to enter into and consummate any trade-in transaction.

(c) In all other cases involving a lease, any municipality is hereby empowered and authorized to lease as lessor any of its real or personal property or any interest therein or any part thereof for a fair and adequate consideration and for a term not exceeding 50 years. Every lease shall be authorized by resolution of the governing body of the municipality, which resolution may specify terms and conditions which must be contained in such lease: Provided, That before any proposed lease is authorized by resolution of the governing body, a public hearing on the proposed lease shall be held by the governing body after notice of the date, time, place and purpose of the public hearing has been published as a Class I legal advertisement in compliance with the provisions of §59-3-1 et seq. of this code and the publication area for the publication shall be the municipality. The power and authority granted in this subsection shall be in addition to, and not in derogation of, any power and authority vested in any municipality under any constitutional or other statutory provision now or hereafter in effect.

**PART VII. EXTRATERRITORIAL EXERCISE OF POWERS
AND AUTHORITY.**

§8-12-19. Extraterritorial exercise of powers and authority.

Wherever the powers and authority granted in this chapter cannot be reasonably and efficiently exercised by confining the exercise thereof within the corporate limits of the municipality, the powers and authority of the municipality shall extend beyond the corporate limits to the extent necessary to the reasonably efficient exercise of such powers and authority within the corporate limits. Such powers and authority, unless otherwise provided in this code or elsewhere in law, shall not, however, extend more than one mile beyond the corporate limits, and such powers and authority shall not extend into the corporate limits of another municipality without the consent of the governing body thereof.

§8-12-20. Authorizing municipalities to enact Adopt-A-Street programs.

(a) In addition to all other powers and duties conferred by law upon municipalities, municipalities are empowered to enact municipality Adopt-A-Street programs.

(b) The state Adopt-A-Highway Program was established in the late 1980s to improve the quality of the state's environment by encouraging public involvement in the elimination of highway litter. That program is cosponsored by the Division of Highways and the Department of Environmental Protection, REAP Program. Its objective is to save taxpayer money by increasing public awareness and to serve as an educational tool by focusing on the consequences of littering. The program offers volunteers the opportunity to take charge of their own environment by making a positive effort to create a cleaner, more aesthetic place in which to live.

In West Virginia, there are currently 25,000 volunteers who regularly pick up litter on 4,000 miles of highway. They have been responsible for removing more than 40 million pounds of litter since the program began.

(c) As with the state program, individuals, families, churches, businesses, schools, civic organizations, government agencies, scouting groups, fraternities, and communities may participate in a municipality's Adopt-A-Street program. Anyone who is at least 12 years old may participate. Any street that is maintained by that municipality is eligible for adoption, with the exception of interstates and streets deemed unsafe. Volunteers may select a street to adopt and then have it approved by the municipality, or they may ask the municipality to suggest an adoptable street. Alleys, dirt roads, and streets off the beaten path, as well as major streets, may be adopted. Adopted streets must be at least six blocks long.

(d) Adoptions are for a period of two years, during which time three cleanups are required per year. As volunteers pick up litter, bags that have been filled are placed on street sides for removal and disposal by the municipality. Garbage bags, safety vests, safety training, traffic warning signs, and gloves shall be furnished by the municipality.

(e) Adopted streets may be identified by a sign at each end of the section bearing the Adopt-A-Street logo and the name of the adopting entity. Volunteers who complete six required litter pickups within the two-year contract period are awarded a certificate of accomplishment signed by the mayor of the municipality.

§8-12-21. Restriction on the regulation of trades, occupations, and professions.

Except as expressly provided by this code, neither a municipality nor the governing body of any municipality may, by ordinance or otherwise, enact or enforce any law, ordinance, regulation, or rule, requiring the licensing, certification, or registration of any person or business in order to practice or conduct a trade, occupation, or profession within the jurisdiction of the municipality.
