§8-13A-2. Legislative findings and declaration of purpose.

The Legislature finds that many business districts within the municipalities of this state are economically depressed. This adversely affects the economic and general well-being of the citizens of those municipalities. Establishment of business improvement districts within municipalities of the state, in accordance with the purpose and powers set forth in this article, will serve a public purpose, promote the health, safety, prosperity, security and general welfare of all citizens in the state. It will also promote the vitality of commercial business areas within municipalities, while serving as an effective means for restoring and promoting commercial and other business activity within the business improvement districts created herein. This will be of special benefit to the property within the boundaries of any business improvement district created under this article and will stimulate economic growth and job creation.
