

WEST VIRGINIA CODE: §8-20-10

§8-20-10. Power and authority of municipality to enact ordinances and make rules and fix rates, fees, or charges; deposit required for new customers; change in rates, fees, or charges; failure to cure delinquency; delinquent rates, discontinuance of service; reconnecting deposit; return of deposit; fees or charges as liens; civil action for recovery thereof; deferral of filing fees and costs in magistrate court action; limitations with respect to foreclosure.

(a)(1) The governing body of a municipality availing itself of the provisions of this article shall have plenary power and authority to make, enact, and enforce all necessary rules for the repair, maintenance, operation, and management of the combined system of the municipality and for the use thereof. The governing body of a municipality also has the plenary power and authority to make, enact, and enforce all necessary rules and ordinances for the care and protection of any such system for the health, comfort, and convenience of the public, to provide a clean water supply, to provide properly treated sewage insofar as it is reasonably possible to do and, if applicable, properly collecting and controlling the stormwater as is reasonably possible to do: *Provided*, That no municipality may make, enact, or enforce any rule, regulation, or ordinance regulating any highways, road or drainage easements, or storm water facilities constructed, owned or operated by the West Virginia Division of Highways.

(2) A municipality has the plenary power and authority to charge the users for the use and service of a combined system and to establish required deposits, rates, fees, or charges for such purpose. Separate deposits, rates, fees, or charges may be fixed for the water and sewer services respectively and, if applicable, the stormwater services, or combined rates, fees or for the combined water and sewer services, and, if applicable, the storm water services. Such deposits, rates, fees or charges, whether separate or combined, shall be sufficient at all times to pay the cost of repair, maintenance, and operation of the combined system, provide an adequate reserve fund, an adequate depreciation fund and pay the principal and interest upon all revenue bonds issued under this article. Deposits, rates, fees, or charges shall be established, revised, and maintained by ordinance and become payable as the governing body may determine by ordinance. The rates, fees, or charges shall be changed, from time to time, as necessary, consistent with the provisions of this article: *Provided*, That the notice given by the municipality for a change in rates or charges to be charged for the services from the waterworks or electric power system, shall be provided by Class I legal advertisement in a newspaper of general circulation in its service territory not less than one week prior to the public hearing of the governing body of the municipality required for the approval of the change in rates or charges.

(3) All new applicants for service shall indicate to the municipality or governing body whether they are an owner or tenant with respect to the service location. An entity providing stormwater service shall provide a tenant a report of the stormwater fee charged for the

entire property and, if appropriate, that portion of the fee to be assessed to the tenant.

(4) The municipality or governing body, but only one of them, may collect from all new applicants for service a deposit of \$100 or two twelfths of the average annual usage of the applicant's specific customer class, whichever is greater, to secure the payment of water and sewage service rates, fees, and charges in the event they become delinquent as provided in this section. In any case where a deposit is forfeited to pay service rates, fees, and charges which were delinquent and the user's service is disconnected or terminated, service may not be reconnected or reinstated by the municipality or governing body until another deposit equal to \$100 or a sum equal to two twelfths of the average usage for the applicant's specific customer class, whichever is greater, is remitted to the municipality or governing body. After 12 months of prompt payment history, the municipality or governing body shall return the deposit to the customer or credit the customer's account with interest at a rate to be set by the Public Service Commission: *Provided*, That where the customer is a tenant, the municipality or governing body is not required to return the deposit until the time the tenant discontinues service with the municipality governing body. Whenever any rates, fees, rentals, or charges for services or facilities furnished remain unpaid for a period of 20 days after they become due, the user of the services and facilities provided is delinquent and the user is liable at law until all rates, fees, and charges are fully paid. The municipality or governing body may terminate water services to a delinquent user of either water or sewage facilities, or both, 10 days after the water or sewage services become delinquent regardless of whether the governing body utilizes the security deposit to satisfy any delinquent payments: *Provided, however*, That any termination of water service must comply with all rules and orders of the Public Service Commission: *Provided further*, That nothing contained within the rules of the Public Service Commission requires agents or employees of the municipality or governing body to accept payment at the customer's premises in lieu of discontinuing service for a delinquent bill.

(b) Whenever any rates, fees, or charges for services or facilities furnished remain unpaid for a period of 20 days after they become due, the user of the services and facilities provided shall be delinquent and the municipality or governing body may apply any deposit against any delinquent fee. The user is liable until such time as all rates, fees, and charges are fully paid.

(c) All rates, fees, or charges for water service, sewer service and, if applicable, stormwater service, whenever delinquent, as provided by ordinance of the municipality, shall be liens of equal dignity, rank, and priority with the lien on such premises of state, county, school, and municipal taxes for the amount thereof upon the real property served. The municipality has the plenary power and authority to enforce such lien in a civil action to recover the money due for services rendered plus court fees and costs and reasonable attorney's fees: *Provided*, That an owner of real property may not be held liable for the delinquent rates, fees, or charges for services or facilities of a tenant, nor shall any lien attach to real property for the reason of delinquent rates, fees, or charges for services or facilities of a tenant of the real property, unless the owner has contracted directly with the municipality to purchase such services or facilities.

(d) Municipalities are hereby granted a deferral of filing fees or other fees and costs incidental to filing an action in magistrate court for collection of the delinquent rates and charges. If the municipality collects the delinquent account, plus fees and costs, from its customer or other responsible party, the municipality shall pay to the magistrate court the filing fees or other fees and costs which were previously deferred.

(e) No municipality may foreclose upon the premises served by it for delinquent rates, fees, or charges for which a lien is authorized by this section except through a civil action in the circuit court of the county wherein the municipality lies. In every such action, the court shall be required to make a finding based upon the evidence and facts presented that the municipality has exhausted all other remedies for collection of debts with respect to such delinquencies prior to bringing the action. In no event shall foreclosure procedures be instituted by any municipality or on its behalf unless the delinquency has been in existence or continued for a period of two years from the date of the first delinquency for which foreclosure is being sought.

(f) Notwithstanding any other provision contained in this article, a municipality which has been designated by the Environmental Protection Agency as an entity to serve a West Virginia Separate Storm Sewer System community, as defined in 40 C.F.R. §122.26, has the authority to enact ordinances or regulations which allow for the issuance of orders, the right to enter properties and the right to impose reasonable fines and penalties regarding correction of violations of municipal stormwater ordinances or regulations within the municipal watershed served by the municipal stormwater system, as long as such rules, regulations, fines, or acts are not contrary to any rules or orders of the Public Service Commission.

(g) Notice of a violation of a municipal stormwater ordinance or regulation shall be served in person to the alleged violator or by certified mail, return receipt requested. The notice shall state the nature of the violation, the potential penalty, the action required to correct the violation and the time limit for making the correction. Should a person, after receipt of proper notice, fail to correct violation of the municipal stormwater ordinance or regulation, the municipality may correct or have the corrections of the violation made and bring the party into compliance with the applicable stormwater ordinance or regulation. The municipality may collect the costs of correcting the violation from the person by instituting a civil action, as long as such actions are not contrary to any rules or orders of the Public Service Commission.

(h) A municipality which has been designated by the Environmental Protection Agency as an entity to serve a West Virginia Separate Storm Sewer System community shall prepare an annual report detailing the collection and expenditure of rates, fees, or charges and make it available for public review at the place of business of the governing body and the stormwater utility main office.
