There is hereby created a standardization committee which shall be composed of not more than seven members including the director, as chairman, and one representative of each of the following: The state road commission, the departments of the state government other than institutions, the state educational institutions, and the state charitable and correctional institutions. The members of the committee, other than the chairman, shall be designated by the governor from among the officers and employees of the state, who are best informed with regard to the requirements of their departments and of the state government.

The members of the committee shall serve without additional compensation.
Sec. 14. The duties of the committee shall be:

1. Advise the director and the governor in the adoption and amendment of the rules and regulations which shall prescribe the purchasing policy of the state.

Each specification for commodities or contractual services shall, so far as possible, satisfy the requirements of the majority of the departments. After adoption, standard specifications shall, until revised or rescinded, apply alike in terms and effect to every future purchase or contract for the commodities or contractual services described in the specifications; but the director, with the approval of the governor,
may, for good cause, exempt a department from the standard
specifications.

Sec. 15. The director shall annually report to the governor
concerning the conduct of his department, the purchases made
by him for state departments, and such other information as
the governor may request. He shall make such other reports
as the governor may require.

Sec. 16. The director shall, in the purchases of commodities
and printing, give preference, so far as may be practicable,
and not conflicting with the provisions of this chapter, to com-
modities and printing produced in this state.

Sec. 17. The director shall advise with the heads of the
various state institutions producing commodities, with the view
to making these articles suitable for the needs of state depart-
ments.

Sec. 18. The director shall make available the facilities and
services of his department to county, school, municipal and
other local government bodies within this state. The actual
expenses incurred thereby shall be paid by the local govern-
ment body.
ARTICLE II

Section 1. A purchase of, and contract for commodities and contractual services, and a sale of personal property that has become obsolete and unusable, shall be based, wherever possible, on competitive bids.

Sec. 2. The director shall solicit sealed bids for an expenditure or sale that is estimated to exceed two thousand dollars. Bids shall be obtained by public notice inserted at least twice in a newspaper of statewide circulation, at least two weeks before the final date of submitting bids. The director may also solicit sealed bids by sending requests by mail to prospective suppliers and by posting notice on a bulletin board in his office.

Sec. 3. The director may make a purchase or sale of less than two thousand dollars in amount in the open market, but such purchase or sale shall, wherever possible, be based on at least three competitive bids.

Sec. 4. Bids shall be based on the standard specifications adopted by the committee in accordance with the provisions of section fourteen of article one of this chapter. All open market orders or contracts made by the director or by a state department shall be awarded to the lowest responsible bidder,
taking into consideration the qualities of the articles to be supplied, their conformity with specifications, their suitability to the requirements of the state government, and the delivery terms. Any or all bids may be rejected. If all bids received on a pending contract are for the same unit price or total amount, the director shall have authority to reject all bids, and to purchase the required commodities or contractual services in the open market, if the price paid in the open market does not exceed the bid prices.

Each bid, with the name of the bidder, shall be entered on a record, and each record, with the successful bid indicated thereon, shall, after the award of the order or contract, be open to public inspection.

Sec. 5. Contracts shall be signed by the director in the name of the state. They shall be approved as to form by the attorney general. A contract that requires more than six months for its fulfillment shall be filed with the state auditor.

Sec. 6. Except in emergency, an order for delivery on a contract or open market order for commodities or contractual services for a state department shall not be awarded until it has been certified to the director that the unencumbered balance
5 in the appropriation concerned, in excess of all unpaid obliga-
6 tions, is sufficient to defray the cost of such order.

Sec. 7. The director may authorize, in writing, a state de-
2 partment to purchase in the open market, without filing
3 requisition or estimate, specific commodities for immediate
4 delivery to meet bona fide emergencies arising from unforseen
5 causes, including delays by contractors, delays in transporta-
6 tion, and unanticipated volume of work. A report of any such
7 purchase, together with a record of the competitive bids upon
8 which it was based, shall be submitted at once to the director
9 by the head of the state department concerned, together with
10 a full account of the circumstances of the emergency. Such
11 report shall be entered on a record and shall be open to public
12 inspection.

Sec. 8. For the purpose of permitting volume purchases of
2 standard commodities there is hereby created a revolving fund
3 for the use of the department of purchases. The amount of
4 the fund shall be fixed by the governor upon the recommenda-
5 tion of the director, but shall not exceed thirty-five thousand
6 dollars. The fund shall be accumulated and administered as
7 follows:
At the beginning of each fiscal year the director shall allocate the amount of the revolving fund to the several departments purchasing through the department of purchases in substantial proportion to the relative volume of purchases of standard commodities by each department during the previous fiscal year.

The allocation shall be submitted to the governor for his approval and if approved by him, the auditor shall charge against the current expense appropriation for each department, the amount of the allocation for that department, and shall transfer the amounts to the revolving fund.

The revolving fund shall be used by the director of purchases to maintain a stock of commodities in current use in state departments.

When a department requisitions commodities that have been purchased from the revolving fund, the department shall pay for such purchases by reimbursing the revolving fund in the amount of the requisition.

When the director determines that the purchases of a department for the remainder of the fiscal year, of commodities kept in stock will not exceed the amount that the department
29 has advanced to the revolving fund, he shall notify the auditor, 
30 and requisitions from the department after that date shall be 
31 credited against the department’s pro rata share of the re-
32 volving fund, so that, at the close of the fiscal year, the fund 
33 shall be exhausted and each department shall have had the 
34 full use of the moneys advanced by it to the revolving fund. 
35 But if, at the end of a fiscal year, a balance remains to the 
36 credit of a department, the balance shall revert to the appro-
37 priation for that department.

Sec. 9. If a department purchases or contracts for com-
2 modities or contractual services contrary to the provisions of 
3 this chapter or the rules and regulations made thereunder, 
4 such purchase or contract shall be void and of no effect. The 
5 head of such department shall be personally liable for the 
6 costs of such purchase or contract, and, if already paid for 
7 out of state funds, the amount thereof may be recovered in 
8 the name of the state in an appropriate action instituted there-
9 for.

Sec. 10. If a department requests the purchase of a com-
2 modity bearing a particular trade name or brand, and if the 
3 commodity is covered by standard specifications adopted as
provided by section fourteen of article one, the director may substitute a commodity bearing a different trade name or brand, if the substituted commodity conforms to the same specifications and can be obtained at a lower price.

ARTICLE III

Section 1. The director shall contract for public printing and for printing paper for the use of departments in the manner provided for contracts under article two of this chapter, and in accordance with the specifications adopted as provided by section fourteen of article one.

Sec. 2. The director shall supply the departments with printing in the same manner as provided for commodities and contractual services under article two. But the provisions of this section shall not be construed to prohibit the state from maintaining at educational, benevolent, penal or correctional institutions printing plants for the purpose of instruction or for printing for a state department.

Sec. 3. The provisions of section twelve of article one, relating to the rules and regulations of the director, shall apply so far as applicable, to this article.

Sec. 4. The director shall furnish such printing as may be
ordered by either house of the legislature.

The clerks of the house of delegates and of the senate shall appoint a supervisor of printing who shall have general over-
sight and direction of the printing of the two houses, under
the direction and supervision of the clerks. One-half of his
compensation shall be paid by the senate and one-half by the
house of delegates at a rate of not more than fifteen dollars
per day.

Sec. 5. The director shall have charge and supervision of
the printing and binding of the reports of the decisions of the
supreme court of appeals of the state, and shall contract for
their publication in the manner provided for contracts under
article two. The contract shall provide for the publication of
fifteen hundred copies of each volume of the reports ordered
by the court to be printed on paper selected by the reporter of
the court and bound in the best quality of calf or standard
buckram. The size of type and page shall be prescribed by
the reporter. A volume shall be published according to the
terms of the contract whenever ordered by the court. The
reporter shall secure the copyright of each volume for the
benefit of the state. The reports shall be styled "West Virginia Reports".

The printing and binding of the reports shall be done under the direction of and in the manner prescribed by the reporter, subject to the control of the court. The reporter shall prefix to the printed report of each case the dates when the same was submitted and decided. Each volume shall, if practicable, contain the reports of at least eighty cases decided by the court, and shall contain not more than nine hundred pages, exclusive of the index and table of cases reported and cited. Proof sheets shall be furnished by the printer to the reporter and to each judge of the court, and such corrections and modifications shall be made by the printer as the reporter or any of the judges shall direct. If the work is not done in the manner required by law, the reporter shall not approve the volume and the director shall not accept it.

Sec. 6. Subject to the approval of the governor, the director shall have the authority to limit the number of copies of annual or biennial reports, bulletins and other publications ordered to be printed by each department.

Sec. 7. Beginning with the fiscal year one thousand nine
2 hundred thirty-six, printing, binding and stationery for all 3 departments shall be paid for from the current expense appro- 4 priations for such departments.

Sec. 8. All printing paper and stationery shall be delivered 2 to the director, who shall have charge of the same and issue 3 it as needed.

Sec. 9. The director shall be custodian of the West Virginia 2 reports after they are printed and bound and approved by the 3 reporter, and of the acts of the legislature after they are 4 printed and bound and approved by the clerk of the house 5 of delegates. As soon as practicable after any new volume of 6 such reports or acts has been delivered to the director, not 7 including reprints of former volumes, he shall deliver to the 8 state law librarian sufficient copies to enable him to make 9 distribution thereof in the manner prescribed by sections five 10 and six, article eight, chapter fifty-one of the code of one 11 thousand nine hundred thirty-one.
12 The director shall sell such copies of the reports and acts as 13 remain after the distribution provided by law has been made 14 at a price to be fixed by him with the approval of the governor; 15 but in no case shall such price be less than the actual cost to
the state of the publication thereof. The proceeds of such sales shall immediately be paid into the treasury.

Sec. 10. Paper stock, if furnished by the state to the contractor, shall be billed at the current market price for the grade furnished in the quantity furnished. It shall be unlawful and discriminatory for the director to furnish the contractor with paper for any state work, unless all bidders are notified in advance of placing their bids at the prices at which the state will supply such stock. It shall also be unlawful for the director to furnish the contractor any paper for other than the state work under contract.
