Be it enacted by the Legislature of West Virginia:

That section eleven, article nine-a, chapter eighteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 11. *Total County Foundation Program; Amount of State Aid.*—The total foundation school program for each county for the next fiscal year shall be the sum of the amounts allowed the county under the preceding provisions of the formula.

6 Prior to the first day of July in each year the state
7 board shall determine the total foundation school pro-

18 computations under section seven of this article there
19 shall be excluded from such computations any basic sal-

25 Legislature, shall be allocated to each county in an
26 amount sufficient to pay such increases for the number of

27 full-time teachers actually employed within the county
28 during the preceding school year.

29 After such computation is completed, the state board
30 shall immediately certify to each county board the
31 amount of state aid allocated to the county for the next
32 fiscal year.

The Joint Committee on Enrolled Bills hereby certifies that the foregoing bill is correctly enrolled.
