House Bill No. 668

(By Mr. Myles and Mr. Seibert)

[Passed February 18, 1967; in effect from passage.]

AN ACT to amend chapter twenty-nine of the code of West Virginia, one thousand nine hundred thirty-one, as amended, by adding thereto a new article, to be designated article one-f, relating to the Wheeling creek watershed protection and flood prevention district compact, adopting and ratifying such compact, providing for the appointment of the members of the Wheeling creek watershed protection and flood prevention commission, allowing contributions by certain political subdivisions to the district, and authorizing and empowering the board of commissioners of the county of Ohio to transfer certain special levy funds to said commission.
Be it enacted by the Legislature of West Virginia:

That chapter twenty-nine of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new article, designated article one-f, to read as follows:

ARTICLE 1F. WHEELING CREEK WATERSHED PROTECTION AND FLOOD PREVENTION DISTRICT COMPACT.

§29-1F-1. Wheeling creek watershed protection and flood prevention district compact approved.

1 The following Wheeling Creek watershed protection and flood prevention district compact, which has been negotiated by representatives of the commonwealth of Pennsylvania and the state of West Virginia, is hereby approved, ratified, adopted, enacted into law, and entered into by the state of West Virginia as a party thereto and signatory state, namely:

8 “WHEELING CREEK WATERSHED PROTECTION AND FLOOD PREVENTION DISTRICT COMPACT”

“ARTICLE I. RECITATION OF REASONS FOR COMPACT.

1 “Whereas, Wheeling Creek, a tributary of the Ohio River, arises in Pennsylvania, flows through Washington
and Greene Counties of that commonwealth, enters the State of West Virginia, flows through Marshall and Ohio Counties, West Virginia, and empties into the Ohio River at Wheeling, West Virginia; and

"Whereas, The inhabitants of Marshall and Ohio Counties, West Virginia, and, also, but to a much lesser degree, the inhabitants of Washington and Greene Counties, Pennsylvania, living along Wheeling Creek have over the years experienced loss of life and property from flooding of that stream; and

"Whereas, Surveys made by the Soil Conservation Service of the United States Department of Agriculture indicate that the inhabitants of the four counties named can best be protected from the flooding of Wheeling Creek by flood prevention dams constructed thereon with some of the dams being located on the upper reaches of the stream and its tributaries in the Commonwealth of Pennsylvania; and

"Whereas, The federal Watershed Protection and Flood Prevention Act of 1954, as amended, authorizes, under certain circumstances, federal assistance to local organi-
zations in preparing and carrying out undertakings for
flood prevention and the conservation, development,
utilization and disposal of water in watershed or sub-
watershed areas; and

"Whereas, No local organization within the meaning
of the federal act aforesaid established by or organized
under the laws of West Virginia is competent under state
laws to acquire land for, construct, and operate with or
without federal assistance flood prevention facilities in
the Commonwealth of Pennsylvania, and it appears that
no such local organization established by or organized
under the laws of the Commonwealth of Pennsylvania
can justify the expenditure of locally raised funds to
construct and operate flood prevention facilities which
will benefit primarily the inhabitants of the neighboring
State of West Virginia; and

"Whereas, Facilities erected on the upper reaches of
Wheeling Creek and its tributaries for flood control and
prevention can nevertheless have a recreational value
for the citizens of both West Virginia and Pennsylvania
and particularly the citizens of Ohio and Marshall Coun-
ties, West Virginia, and Washington and Green Counties, Pennsylvania; accordingly, for purposes of promoting that potential, as well as providing a vehicle or means whereby federal assistance may be enlisted for the protection of citizens of her neighboring State of West Virginia from the flooding of Wheeling Creek, the Commonwealth of Pennsylvania joins with the State of West Virginia in negotiating and ratifying this compact; now therefore,

"ARTICLE II. WHEELING CREEK WATERSHED PROTECTION AND FLOOD PREVENTION DISTRICT CREATED.

"The Commonwealth of Pennsylvania and the State of West Virginia hereby create as an agency and instrumentality of the governments thereof a district to be known as the 'Wheeling Creek Watershed Protection and Flood Prevention District,' hereinafter called the district, which shall embrace all territory in the Commonwealth of Pennsylvania and the State of West Virginia, the water in which flows ultimately into Wheeling Creek or its tributaries."
“ARTICLE III. WHEELING CREEK WATERSHED PROTECTION AND FLOOD PREVENTION COMMISSION CREATED.

1 "The Commonwealth of Pennsylvania and the State of West Virginia hereby create as the governing body of the district the 'Wheeling Creek Watershed Protection and Flood Prevention Commission,' hereinafter called the commission, which shall be a body corporate, with the powers and duties set forth herein, and such additional powers as may be conferred upon it by subsequent concurrent action of the General Assembly of Pennsylvania and the Legislature of West Virginia or by act or acts of the Congress of the United States.

“ARTICLE IV. COMPOSITION OF COMMISSION.

1 "The commission shall consist of five commissioners from Pennsylvania and five commissioners from West Virginia, each of whom shall be a citizen of the commonwealth or state from which he is appointed. The commissioners from the commonwealth and from the state shall be chosen in the manner and for the terms provided by the laws of the commonwealth or state from which they shall be appointed, and any commissioner
may be removed or suspended from office as provided
by the law of the commonwealth or state from which he
shall be appointed. Vacancies on the commission shall
be filled in the manner provided by the laws of the
commonwealth or state among whose representation on
the commission the vacancy occurs.

"The commissioners shall serve without compensation
from the commission, but they shall be paid by the com-
mission their actual expenses incurred and incident to
the performance of their duties.

"ARTICLE V. ORGANIZATION OF COMMISSION.

"The commission shall meet and organize within sixty
days after the effective date of this compact, shall elect
from its number a chairman and vice chairman, and shall
appoint, and at its pleasure remove or discharge, such
officers and legal, clerical, expert and other assistants as
may be required to carry the provisions of this com-
pact into effect, and shall determine their qualifications
and fix their duties and compensation. It shall adopt
a seal and suitable bylaws, and shall adopt and promul-
gate rules and regulations for its management and con-
trol. It may establish and maintain one or more offices within the district for the transaction of its business, and may meet at any time or place. The presence of three commissioners from the Commonwealth of Pennsylvania and three commissioners from the State of West Virginia shall constitute a quorum, and a majority vote of the quorum shall be necessary to pass upon matters before the commission.

"ARTICLE VI. POWERS AND DUTIES.

“(8) To apply for and receive federal loans or advancements to finance the local share of costs of carrying out works of improvement and public fish and wildlife or recreational development and facilities in connection with works of improvement, and to submit a plan of repayment satisfactory to the secretary of agriculture or other agent or agency of the United States for any loan or advancement: Provided, That such plan
of repayment shall be based solely upon contributions, allotments or commitments of funds to the district or commission.

“(9) To cooperate, and enter into agreements with, the secretary of agriculture of the United States or other agent or agency of the United States, and to do all other things required, not inconsistent with the provisions of this compact and the laws of the Commonwealth of Pennsylvania and the State of West Virginia, to obtain maximum federal financial assistance for works of improvement and public fish and wildlife or recreational development and facilities in connection with such works of improvement.

act and agreements and works plan made or formulated

board of commissioners or county court is subsequently

lease by the lessee, or in the event such option is exer-
cised and the board of commissioners or county court
subsequently chooses not to renew its lease, the com-
missioners may lease all or any part of the works of
improvement and all such development and facilities in
connection therewith located within such county to any
other lessee which the commission may choose, and upon
such terms as may be agreed upon, provided (a) that
any such lease be approved by the board of commis-

part or all of the works of improvement and all such
development and facilities in connection therewith are
located; (b) that any such lease not be inconsistent with
the provisions, or impair the purposes of this compact;
(c) that any such lease be approved by the secre-
tary of agriculture of the United States or other federal
agent or agencies having authority to extend approval under the provisions of said act and agreements and work plans made or formulated thereunder; and the option of leasing in the board of commissioners of the County of Ohio, West Virginia, the county court of Marshall County, West Virginia, the board of commissioners of Greene County, Pennsylvania, and the board of commissioners of Washington County, Pennsylvania, shall include the right to sublease on the same terms and conditions set out in this paragraph designated (d) to any individual, corporation, municipal subdivision or municipal authority without the approval of the Wheeling Creek Watershed Protection and Flood Prevention Commission.
