Senate Bill No. 190
(By Mr. McKown and Mr. Hatcher)

[Passed March 11, 1967; in effect from passage.]

AN ACT to amend and reenact section thirty-nine, article five, chapter eighteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to the establishment of summer school programs and the crediting and expending of tuitions accruing therefrom within the general current expense fund of county boards of education.

Be it enacted by the Legislature of West Virginia:

That section thirty-nine, article five, chapter eighteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:
ARTICLE 5. COUNTY BOARD OF EDUCATION.

§18-5-39. Establishment of summer school programs; tuition.

Inasmuch as the present county school facilities for the most part lie dormant and unused during the summer months, and inasmuch as there are many students who are in need of remedial instruction and others who desire accelerated instruction, it is the purpose of this section to provide for the establishment of a summer school program, which program is to be separate and apart from the full school term as established by each county.

The board of education of any county shall have authority to establish a summer school program utilizing the public school facilities and to charge tuition for students who attend such summer school, such tuitions not to exceed in any case the actual cost of operation of such summer school program: Provided, That any deserving pupil whose parents, in the judgment of the board, are unable to pay such tuition, may attend without charge. The county board of education shall have the authority to determine the term and curriculum of such summer schools based upon the particular needs of the individual
county. The curriculum may include, but is not limited to, remedial instruction, accelerated instruction, and the teaching of manual arts. The term of such summer school program may not be established in such a manner as to interfere with the regular school term.

The county boards of education may employ as teachers for this summer school program any certified teacher. Certified teachers employed by the county board of education to teach in the summer school program shall be paid an amount to be determined by the board and shall enter into a contract of employment in such form as is prescribed by the county board of education.

Any funds accruing from such tuitions shall be credited to and expended within the existing framework of the general current expense fund of the county board of education.
The Joint Committee on Enrolled Bills hereby certifies that the foregoing bill is correctly enrolled.
