Members of the board shall serve for a term of five years. In addition to the five practicing dentists appointed to the board, there shall be appointed one dental hygienist with a degree in dental hygiene from an accredited college, who shall be appointed for a term beginning on the first day of July, one thousand nine hundred seventy-seven. association or the president of the West Virginia dental
hygienists' association. In the event of the failure of an
association to submit to the governor nominations for an
appointment in accordance with the requirements of this
section, the governor may make the appointment without such
nominations.

Each member of the board shall receive one hundred dollars
for each day actually spent in attending meetings of the board,
or of its committees, and shall also be reimbursed for all
reasonable and necessary expenses actually incurred in the
discharge of his duties under the provisions of this article.

all qualified applicants for license to practice dentistry or
dental hygiene, and it shall license all such applicants who are
qualified under applicable statutes and who pass the exami-
nations that may be required by statute or by any legally
adopted rule or regulation. The board shall examine all
applications filed in accordance with the provisions of section
four-b of this article and shall issue certificates of authoriza-
tion to all applicants legally entitled to receive the same, such
certificates to be signed by the chairman and secretary of the
board.

The said board shall have the power to make such
examination of all applicants appearing before it for any type
of license as may be necessary to determine that the applicant
is qualified. The board shall also have authority to license
dental corporations authorized under the provisions of and
subject to the limitations of this article, to practice dentistry
through duly licensed dentists. The said board shall also have
the power to revoke or suspend any license issued by it, for
cause, after having given the person whose license is sought
to be revoked or suspended, an opportunity to be heard in
the manner provided by section eight, article one, chapter
thirty of this code. It shall have the power to reinstate any
license revoked or suspended by it.

The said board is authorized and empowered to hold and
conduct hearings and investigations on the issuance, suspen-
sion, revocation or reinstatement of licenses and on charges
of unauthorized practice of dentistry or dental hygiene.
The board shall have the authority to promulgate such rules and regulations as are necessary to carry out the provisions of this article, in accordance with chapter twenty-nine-a of this code.

The board, acting by and through its members, employees and agents, is further authorized and empowered, at any time during customary office hours, to enter into the office or place of business of any dental laboratory, licensed dentist, dental corporation or other dental practitioner of this state, and to obtain access to, make inspection of and request information regarding any work authorization which such dental laboratory, licensed dentist, dental corporation or other dental practitioner is required under the provisions of section two-a of this article, to retain therein, and is further authorized and empowered to inspect any items of dental technological work then in the course of performance by such dental laboratory or person employed by it, and to inspect any dental prosthesis then in the place of business of, or upon the premises occupied by, such dental laboratory for making, production, reproduction, construction, repair, alteration or restoration, and to request any information which it, its members, employees or agents deem to be pertinent relating to any such dental technological work and any such dental prosthesis. For the purpose of this paragraph the definition of terms contained in subsection-a, section two-a of this article is made expressly applicable.

The said board shall have the power to hire, fix the compensation of and discharge such employees as are necessary for the performance of the powers and duties vested in the said board by law and to expend such sums as said board may deem necessary to maintain an office and to carry out and enforce the provisions of this article.

All fees and other moneys collected by the board pursuant to the provisions of this article shall be kept in a separate fund and expended solely for the purpose of carrying out the provisions of this article. The compensation provided for in this article and all expenses incurred under this article shall be paid from this special fund. No compensation or expense incurred under this article shall be a charge against or payable out of the general revenue fund of this state.
§30-4-4b. Registration of dental corporations.

When any one or more dentists duly licensed to practice dentistry in the state of West Virginia wish to form a dental corporation, such dentist or dentists shall file a written application with the board of dental examiners, on a form prescribed by the board, and shall furnish proof satisfactory to the board that the signer is such a duly licensed dentist, or if there be more than one that all of the signers of such application are such duly licensed dentists. A fee of two hundred dollars shall accompany each such application, no part of which shall be returnable.

If the board finds that the signer is a duly licensed dentist, or if there be more than one that all of the signers of such application are such duly licensed dentists, the board shall notify the secretary of state that a certificate of authorization has been issued to the individual or individuals signing such application to form a dental corporation.

When the secretary of state receives notification from the board of dental examiners that a person or persons have been issued a certificate of authorization, he shall attach such authorization to the agreement of incorporation and upon compliance by the corporation with the applicable provisions of chapter thirty-one of this code, shall notify the incorporators that such corporation, through a duly licensed dentist or dentists, may engage in the practice of dentistry.

§30-4-4c. Practice of dentistry by dental corporations; limitations; dentist-patient relationship not affected; biennial registration; penalty; severability.

(1) A dental corporation may practice dentistry only through an individual dentist or dentists duly licensed to practice dentistry in the state of West Virginia, but such dentist or dentists may be employees rather than shareholders of such corporation, and nothing herein contained shall be construed to require a license or other legal authorization of any individual employed by such corporation to perform services for which no license or other legal authorization is otherwise required. Nothing contained in this article is meant or intended to change in any way the rights, duties, privileges, responsibilities and liabilities incident to the dentist-patient relationship nor is it meant or intended to change in any way the personal
character of the dentist-patient relationship. A corporation holding such certificate of authorization shall register annually, on or before the thirtieth day of June, on a form prescribed by the board of dental examiners and shall pay an annual registration fee of one hundred fifty dollars.

(2) A dental corporation holding a certificate of authorization shall cease to engage in the practice of dentistry upon being notified by the board of dental examiners that any of its shareholders is no longer a duly licensed dentist, or when any shares of such corporation have been sold or disposed of to a person who is not a duly licensed dentist: Provided, That the personal representative of a deceased shareholder shall have a period, not to exceed twelve months from the date of such shareholder's death, to dispose of such shares; but nothing contained herein shall be construed as affecting the existence of such corporation or its right to continue to operate for all lawful purposes other than the practice of dentistry.

(3) No corporation shall practice dentistry, or any of its branches, or hold itself out as being capable of doing so, without a certificate from the board of dental examiners, nor shall any corporation practice dentistry, or any of its branches, or hold itself out as being capable of doing so, after its certificate has been revoked, or if suspended, during the term of such suspension. A certificate signed by the secretary of the board of dental examiners to which is affixed the official seal of the board to the effect that it appears from the records of the board that no such certificate to practice dentistry or any of its branches in the state has been issued to any such corporation specified therein or that such certificate has been revoked or suspended shall be admissible in evidence in all courts of this state and shall be prima facie evidence of the facts stated therein.

(4) Any officer, shareholder or employee of such corporation who participates in a violation of any provision of this section shall be guilty of a misdemeanor, and, upon conviction, shall be fined not exceeding one thousand dollars.

(5) If any provision of section four-b or four-c of this article be held to be invalid, such invalidity shall not affect the other provisions of said sections, and to this end the provisions of
said sections are severable.

§30-4-5. License required as prerequisite to practice dentistry; exceptions; temporary and special permits.

Except as otherwise provided in this section, no person shall practice or offer to practice dentistry or dental hygiene in this state until a license for such purpose shall be issued to him by the board of dental examiners, nor shall any person so practice after the first anniversary of the issuance of such license until he shall have in his possession a current renewal certificate issued by the board.

The board of dental examiners under such regulations as it may prescribe may issue a temporary permit to practice dentistry or dental hygiene to graduates of schools of dentistry or dental hygiene approved by the board who are certified to the board of directors of dental clinics established by law, by the chief executive of any hospital or sanitarium licensed or operated by the state or by the chief dental officer of the health department of the state. Such permits shall expire thirty days after the date of the next examination given by the board for licenses in dentistry or dental hygiene and shall not be subject to renewal. Such permits shall terminate when the holder thereof ceases to be employed by the person certifying him. A fee of one hundred dollars shall be paid to the board upon issuance of such permit by the person certifying the applicant.

The board of dental examiners under such regulations as it may prescribe may issue a dental intern or dental residency permit to graduates of dental schools approved by the board who are not licensed to practice dentistry in this state and who have not failed an examination for a license to practice dentistry in this state. Applicants for such permits shall be certified to the board by the director of a hospital operated or licensed by the state which maintains a dental intern or residency program. Such permits shall authorize the holder thereof to serve as a dental intern or a dental resident for a period of not more than one year in any hospital licensed or operated by the state which maintains an established dental department under the supervision of a licensed dentist. The holder of such a permit shall function under the supervision of the dental staff of the hospital and shall limit his practice to patients selected by the hospital. The holder of such a
permit shall not be entitled to receive any fee or other compensation other than such salary as may be paid by such hospital. Permits may be revoked by the board for cause and shall expire at the end of one year or on the date the dental internship or residency is discontinued, whichever first occurs. A fee of fifty dollars shall be paid to the board upon the issuance of such a permit by the hospital nominating him.

The board of dental examiners under such regulations as it may prescribe may issue teaching permits to persons who are graduates of a school of dentistry or dental hygiene approved by the board where such persons are not licensed to practice dentistry or dental hygiene in this state. Such permits shall be issued only upon the certification of the dean of a dental school located in this state that the applicant is a bona fide member of the staff of that school. Such permits shall be valid for one year and may be reissued by the board in its discretion. The holder of such a permit shall be entitled to perform all operations which a person licensed to practice dentistry or dental hygiene in this state would be entitled to perform, but only within the facilities of the dental school and as an adjunct to his teaching functions in such school. A fee of one hundred dollars shall be paid to the board on the issuance of a teaching permit or upon each renewal thereof by the school nominating the applicant.

Nothing in this article shall be deemed to prohibit the practice of dentistry or dental hygiene by persons licensed in another state who, at the request of an approved dental school or any regularly organized dental society, may give a clinic at such school or at a scientific meeting of such dental society for the purpose of advancing the professional knowledge of members of the dental profession or members of the student body of a dental school.

An applicant for a permit under this section shall transmit with his application a fee of fifty dollars which sum the board is authorized to expend in an investigation of the applicant’s qualifications. No portion of this fee is refundable.

§30-4-6. Qualifications of applicant for license; examinations; examination fee; licensing.

An applicant for a dental license shall be of good moral character, a citizen of the United States or an individual who
has declared his intention to become and who shows progress
toward becoming a citizen of the United States, at least
eighteen years of age at the time of making application, and
be a graduate of, and possess an acceptable dental diploma
from the faculty of a dental school approved by the board.
The board may require the application to be accompanied by
sufficient evidence of these qualifications.

The applicant shall transmit with his application an
examination fee of fifty dollars, which sum the board is
authorized to expend in an investigation of the applicant's
qualifications. No portion of this fee is refundable.

An applicant whose application has been accepted by the
board shall be given an examination on subjects selected by
the board from among those currently being taught in
approved dental schools which shall test the qualifications of
the applicant to practice dentistry. The testing body for such
examinations shall be decided by the board under rules and
regulations promulgated by it.

The board may recognize a certificate granted by the
national board of dental examiners in lieu of the written
portion of the required examination.

An applicant obtaining a satisfactory grade on such
examination and otherwise fulfilling the requirements of the
board shall be granted a license by the board to practice
dentistry, which license shall bear a serial number, the full
name of the licensee, the date of issuance of the license, the
seal of the board and the signatures of a majority of the
members of the board.

The board shall not issue a license to any person found
guilty of cheating, deception or fraud in the examination or
on any part of the application. All manuscripts used in any
examination and all applications for licensure shall be filed for
a period of two years by the secretary of the board for the
purpose of reference and inspection.

§30-4-10. Fees for licenses and certificates issued under §§30-4-8
and 30-4-9.

The fee for issuing the license to a legal practitioner from
another state, as provided in section eight of this article, shall
be one hundred dollars, and the fee for issuing a certificate
§30-4-14. Prerequisites to practice dental hygiene; examination fee; licensing.

No person who has not been licensed as a dental hygienist in this state on or before the first day of September, one thousand nine hundred thirty-seven, shall practice as a dental hygienist until he has first passed an examination or examinations selected by the West Virginia board of dental examiners and otherwise qualifies under such rules and regulations as the board may establish. Such examination or examinations shall be both practical and theoretical. The fee for the examination shall be thirty-five dollars and shall accompany the application. An applicant failing to pass the first examination shall be entitled to one reexamination at the next regular meeting of the board without additional cost. The fee for every reexamination after that shall be ten dollars. No portion of these fees are refundable.

The board of dental examiners shall issue a license to practice dental hygiene in this state to any person who has passed such an examination and who has otherwise qualified to practice dental hygiene under the rules and regulations established by the board: Provided, That no person shall be entitled to such dental hygiene license unless he be: (a) At least eighteen years of age, (b) of good moral character, (c) a graduate of a first class high school of this state or its equivalent and (d) be a graduate of, and possess an acceptable diploma in dental hygiene from a school having a course in dental hygiene approved by the board of dental examiners.

§30-4-16. Dental hygienists from other states who desire to practice in this state; qualifications.

The board of dental examiners may, at its discretion, without the examination herein provided, issue a license to practice dental hygiene to any applicant therefor, who shall furnish proof satisfactory to the board that he has been duly licensed to practice as a dental hygienist in another state after full compliance with the requirements of its dental laws: Provided, That his professional and preliminary education
shall not be less than that required in this state, and that he shall have been in active practice at least two years previous to his application for a license. The fee for issuing a license to a legal practitioner of dental hygiene from another state shall be fifty dollars, which shall be paid before the license is issued. No portion of this fee is refundable.

§30-4-17a. Specialties; qualifications; application for certificate; fee; limitation of practice.

No licensee shall announce or otherwise hold himself out to the public as a specialist or as being specially qualified in any particular branch of dentistry, or as giving special attention to any branch of dentistry, or as limiting his practice to any branch of dentistry, unless he has first complied with the requirements established by the board of dental examiners for such specialty and has been issued a certificate of qualification authorizing him so to do.

The board of dental examiners may establish higher standards and additional requirements for any licensee who desires to announce or otherwise hold himself out to the public as being specially qualified in a branch or specialty of dentistry recognized by the board. The board may give such examinations and secure such assistance as it may deem necessary in determining the qualifications of applicants.

The state board of dental examiners may appoint not more than three specialists to examine the credentials of applicants, and each specialist so appointed shall receive ten dollars for each day actually spent in examining the credentials of applicants and shall be entitled to be reimbursed for all reasonable and necessary expenses actually incurred in discharging such duties. The state board of dental examiners may appoint not more than three specialists to administer and grade the specialty examination given to applicants, and each specialist so appointed shall receive forty dollars for each day actually spent in administering and grading such examination.

Application to the board for a certificate of qualification in a specialty of dentistry shall be upon such form and contain such information as the board may require and shall be accompanied by a fee of three hundred dollars. No portion of this fee is refundable. A licensee found by the board to be qualified under the standards and other requirements...
promulgated by the board in the specialty indicated in his application shall be issued a certificate of qualification authorizing the licensee to announce or otherwise hold himself out to the public as specially qualified in the indicated specialty under such terms and in a manner approved by the board.

§30-4-17b. Annual information and renewal fee; notice; reinstatement; penalty fee; waiver of payment of fee on retirement or disability; change of address.

On or before the first day of February of each year, every dentist licensed to practice dentistry in this state, and every dental hygienist licensed to practice dental hygiene in this state, shall transmit to the secretary of the board upon a form prescribed by the board, his signature, post-office address, office address, the serial number of his license certificate, whether he has been engaged during the preceding year in the active and continuous practice of dentistry or dental hygiene, as the case may be, whether within or without this state, and such other information as may be required by the board, together with an information and renewal fee herein provided for.

The annual information and renewal fee for a dentist shall be fifty dollars and for a dental hygienist shall be twenty-five dollars.

Upon receipt of the required information and the payment of the proper renewal fee, the licensee shall be issued a renewal certificate authorizing him to continue the practice of dentistry or the practice of dental hygiene in this state for a period of one year from the first day of February.

A license to practice dentistry or dental hygiene granted under the authority of this article shall be canceled on the first day of May if the holder thereof fails to secure a current renewal certificate by that date. Any licensee whose license is thus canceled by reason of the failure, neglect or refusal to secure the proper renewal certificate may be reinstated by the board at any time within six months from the date of the cancellation of said license upon the payment of the proper renewal fee and an additional fee of twenty-five dollars. If the licensee shall not apply for renewal of his license as herein required within the said six months, that person shall, at the discretion of said board, be required to file an application for
and take the examination provided in this article should he desire to practice dentistry or dental hygiene in this state.
