9 (b) After having conducted a performance audit
10 through its joint committee on government operations,
11 pursuant to section nine, article ten, chapter four of this
12 code, the Legislature hereby finds and declares that the
13 state water resources board should be continued and
14 reestablished. Accordingly, notwithstanding the provi-
15 sions of section four, article ten, chapter four of this code,
16 the state water resources board shall continue to exist
17 until the first day of July, one thousand nine hundred
18 ninety-two.

19 (c) The board shall be composed of five members who
20 shall be appointed by the governor with the advice and
21 consent of the Senate. Not more than three members of
22 the board shall be of the same political party. Individuals
23 appointed to the board shall be persons who by reasons
24 of previous training and experience are knowledgeable
25 in the husbandry of the state's water resources and with

34 nificant portion of the member of the board's income"
35 shall mean ten percent of gross personal income for a
36 calendar year, except that it shall mean fifty percent of
37 gross personal income for a calendar year if the recipient
38 is over sixty years of age and is receiving such portion
39 pursuant to retirement, a pension or similar arrange-
40 ment; (2) the term "income" includes retirement benefits,
41 consultant fees and stock dividends; (3) income is not
42 received "directly or indirectly" from "permit holders" or
“applicants for a permit” where it is derived from mutual-

with respect to which the recipient does not know the
identity of the primary sources of income; and (4) the
terms “permit holders” and “applicants for a permit”
shall not include any university or college operated by
this state or political subdivision of this state.

(d) The members of the board shall be appointed for
overlapping terms of five years, except that the original
appointments shall be for terms of one, two, three, four

expires may be reappointed by the governor. At its organ-

filled by appointment within sixty days after such vacancy
occurs. Each member of the board shall be paid as com-
pensation for his work as such member from funds
appropriated for such purposes, seventy-five dollars per

reasonable and necessary expenses actually incurred in
the performance of the board member’s duties. The
director of the division of sanitary engineering of the
state department of health shall perform such services as
the board and the chief of the division of water resources
may request in connection with the discharge of their
duties, and the director shall be reimbursed, out of
moneys appropriated for such purposes, all sums which
the director necessarily shall expend in the performance
of such service. Nothing contained in this article or in
article five-a of this chapter, however, shall be construed
to limit or interfere with the power of the state depart-
ment of health to select, employ and direct the director of
the division of sanitary engineering of said department,
or any employee thereof who in any way may perform
any services for the board or the division of water
resources. The college of engineering at West Virginia
University and the schools and departments of engineer-
ing at other institutions of higher education operated by
this state, under the direction of the dean or other head
thereof, shall, insofar as they can, without interfering
with their usual and regular activities, aid and assist the
board and the division of water resources in the study

and the control and reduction thereof in accordance with
the provisions of article five-a of this chapter. Such dean
or other head shall be reimbursed, out of moneys appro-

record of all of its proceedings and maintain such board
records and make certificates thereof or therefrom as may
be required by law. The board may employ a secretary
and necessary scientific and clerical assistance.
