In Effect ____________________________ Passage
AN ACT directing the commissioner of highways to issue a permit to certain users of two highways in the city of Weirton and allowing the increasing of gross weight limitations on certain roads in the city of Weirton, West Virginia.

Be it enacted by the Legislature of West Virginia:

SIZE, WEIGHT AND LOAD LIMITATIONS ON CERTAIN ROADS IN WEIRTON, WEST VIRGINIA.

§1. Authority of the commissioner of the division of highways to increase weight limitations upon highways within the city of Weirton, West Virginia.

1 If the commissioner of the division of highways determines that the design, construction and safety of the highways within the city of Weirton, West Virginia, may be increased without undue damage, the commissioner may increase them. The commissioner shall then set new gross weight limitations applicable to said highways or portions thereof.

8 The commissioner may not establish any weight limitation in excess of or in conflict with any weight limitation prescribed by or pursuant to acts of Congress.
If the commissioner determines that the portion of State Route 2 located in the city of Weirton in the counties of Hancock and Brooke, named "Main Street" and that portion of U.S. Route 22 within the city of Weirton in the county of Brooke named "Freedom Way" are designed and constructed to allow the gross weight limitation to be increased to one hundred thousand pounds without undue damage, the commissioner may increase the weight limitations from eighty thousand pounds to one hundred thousand pounds on those sections of State Route 2 and U.S. Route 22 described above: Provided, That any person, organization or corporation exceeding eighty thousand pounds gross weight limitation while using these routes shall first obtain a permit from the commissioner before proceeding and shall provide the commissioner with a bond sufficient to cover any potential undue damage which may result from the use: Provided, however, That prior to issuance of that permit, if it is the determination of those persons, organizations or corporations shall be assessed the cost of repaving: Provided further, That the commissioner also determines that the increased limitation is not barred by an act of the United States Congress and the commissioner has received approval from the United States department of transportation to increase the weight limitation.
The Joint Committee on Enrolled Bills hereby certifies that the foregoing bill is correctly enrolled.
