(B) Any adjustment due to change in coverage or change in the case characteristics of the small employer as determined from the carrier's rate manual for the class of business.

(b) Nothing in this section is intended to affect the use by a small employer carrier of legitimate rating factors other than claim experience, health status or duration of coverage in the determination of premium rates. Small employer carriers shall apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business.

(c) A small employer carrier shall not involuntarily transfer a small employer into or out of a class of business. A small employer carrier shall not offer to transfer a small employer into or out of a class of business unless such offer is made to transfer all small employers in the class of business without regard to case characteristics, claim experience, health status or duration since issue.
(d) To be eligible to make a rate increase request after the first day of July, one thousand nine hundred ninety-one, an insurer must have a minimum anticipated loss ratio of sixty-five percent.

(e) All insurers subject to this article, effective the first day of July, one thousand nine hundred ninety-three, shall be prohibited from distinguishing more than four classes of businesses within its small group insurance coverage.

(f) Prior to any increase of the anticipated loss ratio, the insurance commissioner must conduct a public hearing as required by section thirteen, article two of this chapter.

(g) If any health benefit plan is provided by an insurer through an association of small employers not in the business of selling insurance and with not less than two hundred cumulative employees, and if such association is rated on the basis of the number of employees and not on the basis of the individual small employers, such association or group is exempt from the provisions of this article.

§33-16D-6. Insurance commissioner to promulgate rules.

(a) Pursuant to chapter twenty-nine-a of this code, the insurance commissioner shall promulgate rules and regulations necessary to implement the provisions of this article.

(b) The rules and regulations promulgated by the commissioner shall include, but not be limited to, the following:

(1) Rules and regulations regarding the regulation of administrative costs incurred by the insurers;

(2) Rules and regulations regarding the commissioner's authority to increase the anticipated loss ratio and for the collection of data on which to base said increase, including, but not limited to, information obtained from the health care cost review authority and the national insurance commissioners association;

the small employer; Provided, That an insurer may
refuse to renew a health benefit plan for any of the
following reasons:

(1) Nonpayment of required premiums;

(2) Fraud or misrepresentation by the small
employer or by the insured individual;

(3) Noncompliance with plan provisions;

(4) The number of individuals covered under the
plan is less than the number or percentage of eligible
individuals necessary pursuant to the percentage
requirements under the plan; or

(5) The small employer is no longer actively engaged
in the business in which it was engaged on the
effective date of the plan.

(b) A small employer insurer may cease to renew all
plans under a class of business. Upon the small
employer’s election of nonrenewal, the insurer shall
provide notice of such election not to renew to all
affected health benefit plans and to the commissioner
in each state in which an affected insured individual
is known to reside at least ninety days prior to
termination of coverage.

(c) An insurer which exercises its right to cease to
renew all plans in a class of business shall not:

(1) Establish a new class of business for a period of
five years after the nonrenewal of the plans without
prior approval of the commissioner; or

(2) Transfer or otherwise provide coverage to any of
the employers from the nonrenewed class of business
unless the insurer offers to transfer or provide coverage to all affected employers and eligible employees without regard to case characteristics, claim experience, health status or duration of coverage.

(a) Each small employer insurer shall make reasonable disclosure in solicitation and sales materials provided to small employers of the following:

(1) The extent to which premium rates for a specific small employer are established or adjusted due to the claim experience, health status or duration of coverage of the employees of the small employer;

(2) The provisions concerning the insurer's right to change premium rates and the factors, including case characteristics, which affect changes in premium rates;

(a) Each small employer insurer shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation which demonstrate that its rating methods and practices are based upon commonly accepted actuarial principles.

(b) Each small employer insurer shall file each first
certification that the insurer is in compliance with the provisions of this article and that the rating methods of the insurer are actuarially sound. A copy of such certification shall be retained by the insurer at its principal place of business.

(c) A small employer insurer shall make the information and documentation described in subsection (a) of this section available to the commissioner upon request.

§33-16D-10. Suspension of requirements.

The insurance commissioner may suspend all or part of the requirements of this article applicable to one or more health benefit plans for one or more rating periods upon a filing by the small employer insurer and a finding by the commissioner that either the suspension is reasonable in light of the financial condition of the insurer or that the suspension would enhance the efficiency and fairness of the marketplace for small employer health insurance.

§33-16D-11. Effective date.

The provisions of this article shall apply to each health benefit plan for a small employer situate in the state of West Virginia, that is delivered, issued for delivery, renewed or continued after the effective date of this article. For purposes of this section, the date a plan is continued is the first rating period which commences after the effective date of this article.

§33-16D-12. Equality of terms; pre-existing conditions; continuous coverage restrictions.

Health benefit plans and, to the extent permitted by ERISA, other benefit arrangements covering small employers shall be subject to the following provisions:

(a) Pre-existing conditions provisions shall not exclude coverage for a period beyond twelve months following an individual's effective date of coverage and may only relate to conditions which had, during the twelve months immediately preceding the effective
date of coverage, manifested themselves in such a manner as would cause an ordinarily prudent person to seek medical advice, diagnosis, care or treatment or for which medical advice, diagnosis, care or treatment was recommended or received, or as to a pregnancy existing on the effective date of coverage.

(b) In determining whether a pre-existing condition limitation provision applies to an eligible employee or dependent, all health benefit plans shall credit the time such person was covered under a previous employer-based health benefit plan, a comparable individual health benefit plan, or a self-insured plan if the previous coverage was continuous to a date not more than thirty days prior to the effective date of the new coverage, exclusive of any applicable waiting period under such plan.

(c) Subject to subsections (a) and (b) of this section, when a small group employer converts its health insurance plan from one health insurance plan to another health insurance plan or from one insurer to another insurer, all eligible employees who at the time of conversion are covered by the health benefit plan must be offered health benefits coverage under the subsequent plan, and no employee who at the time of conversion is covered by a health benefit plan offered by said employer may be treated any differently relative to other covered employees under the new health benefit plan than he is treated under the current health benefit plan.

§33-16D-13. Obligations of employer; discrimination as to benefits paid.

Any employer subscribing to a health care benefit plan for or on behalf of its employees pursuant to this chapter shall not discriminate against any eligible employee on the basis of such employee's status with the employer by paying for all or part of the health care benefit plan premiums in a manner different from that provided any other eligible employee: Provided, That any participating small employer must pay at least twenty-five percent of each eligible
employee's health care benefit plan premiums.
