Be it enacted by the Legislature of West Virginia:

That sections four and seven, article eighteen, chapter five of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted; and that said chapter be further amended by adding
there to a new article, designated article eighteen-a, all to read as follows:

ARTICLE 18. WEST VIRGINIA CABLE TELEVISION SYSTEMS ACT.

§5-18-4. Cable franchise required; franchising authority.

(a) No person may construct, operate or acquire a cable system, or extend an existing cable system outside its designated service area, without first obtaining a cable franchise from a franchising authority as provided in this article.

(b) Any person operating a cable system on the effective date of this article without a franchise shall, within sixty days of the effective date of this article, notify the board in writing setting forth: (1) The name, business address and telephone number of the cable operator; (2) the principals and ultimate beneficial owners of the cable system or systems; (3) the geographic location and service area of any cable system operated by such person; and (4) the number of subscribers within the cable system or systems. If the board shall not have been appointed and organized within sixty days of the effective date of this article, then such filing shall be made with the public service commission where such documents shall be retained for delivery to the board following the appointment and organization of its members.

(c) The board shall, upon receipt of such information, determine the appropriate franchising authority or authorities for the purposes of the consideration of the issuance of a franchise to such cable operator or operators and shall notify the appropriate franchising authority or authorities and any such cable system operator of the franchise application procedures to be followed by the respective parties. Any such cable operator shall, within sixty days of receipt of such notice from the board, make formal application to the appropriate franchising authority or authorities for a franchise in accordance with the provisions of this article.

(d) The franchising authority shall be the municipal-
ity in which a cable system is to be constructed, operated, acquired or extended, or if there be no such municipality or if the municipality so elects not to act as a franchising authority, then the franchising authority shall be the county commission of the county in which such cable system is to be constructed, operated, acquired or extended: Provided, That nothing herein shall prohibit any county commission of a county in which a municipality acting as a franchising authority is located from also acting as a franchising authority for any cable system to be constructed, operated, acquired or extended within the jurisdiction of such county commission, nor prohibit any county commission of a county acquiring the franchise authority from a municipality from electing to transfer such authority to the board.

(e) If a county commission elects not to act as the franchise authority, the board shall become the franchise authority. A county commission acting as a franchise authority for unincorporated areas of the county may elect separately to transfer to the board any franchise authority acquired from a municipality. If any municipality or county commission so elects not to be the franchise authority, the mayor or president of the county commission shall certify such delegation in writing to the presiding officer of the board. Such election shall be promptly made upon written request of the board or the cable operator.

§5-18-7. Compensation and expenses of board members.

Each member of the board not otherwise employed by the state shall receive a per diem in the amount of fifty dollars while actually engaged in the performance of the duties of the board, which shall be paid out of the cable advisory board fund created under the provisions of this article. Each member shall be reimbursed for all reasonable and necessary expenses actually incurred during the performance of his or her duties. Each member shall receive meals, lodging and mileage expense reimbursements at the rates established by rule of the secretary of the department of administration for in-state travel of public employees.
Enr. Com. Sub. for S. B. No. 487] 4

13 The reimbursement shall be paid out of the state
14 treasury upon a requisition upon the state auditor,
15 properly certified by the chairman of the board.

ARTICLE 18A. TENANTS' RIGHTS TO CABLE SERVICES.

1 This article shall be known and may be cited as the
2 "Tenants' Rights to Cable Services Act".

(3) Discriminate in rental charges, or otherwise, between tenants who receive cable television service and those who do not.

(b) Provisions relating to cable television service or satellite master antenna systems contained in rental agreements and leases executed prior to the effective date of this article may be enforced notwithstanding this section.

(c) A cable operator may not enter into any agreement with the owners, lessees or persons controlling
or managing the multiple dwelling premises served by a cable television, or do or permit any act, that would have the effect, directly or indirectly of diminishing or interfering with existing rights of any tenant or other occupant of such building to use or avail himself of master or individual antenna equipment.

(d) The cable operator shall retain ownership of all wiring and equipment used in any installation or upgrade of a cable system within any multiple dwelling premises.

Except as provided in this article, no landlord may demand or accept any payment from any cable operator in exchange for permitting cable television service or facilities on or within the landlord's property or multiple dwelling premises.

Every landlord is entitled to a single payment of just compensation for property taken by a cable operator for the installation of cable television service or facilities. The amount of just compensation, if not agreed between the landlord and cable operator, shall be determined by the board in accordance with this article upon application by the landlord pursuant to section nine of this article. A landlord is not entitled to just compensation in the event of a rebuild, upgrade or rewiring of cable television service or facilities by a cable operator.

A cable operator, upon receiving a request for service by a tenant or landlord, has the right to enter property of the landlord for the purpose of making surveys or other investigations preparatory to the installation. Before such entry, the cable operator shall serve notice upon the landlord and tenants, which notice shall contain the date of the entry and all other information described in subsection (b), section eight of this article. The cable operator is liable to the landlord for any damages caused by such entry but
such damages shall not duplicate damages paid by the cable operator pursuant to section nine of this article.

(a) Every cable operator proposing to install cable television service or facilities upon the property of a landlord shall serve upon said landlord and tenants, or an authorized agent, written notice of intent thereof at least fifteen days prior to the commencement of such installation. Verbal notice to the tenant shall be legally sufficient if the date and time of entry is communicated to the tenant by either the landlord or cable operator at least twenty-four hours prior to entry.

(b) The board shall prescribe the procedure for service of such notice, and the form and content of such notice, which shall include, but need not be limited to:

(1) The name and address of the cable operator;

(2) The name and address of the landlord;

(3) The approximate date of the installation; and

(4) A citation to this act.

(c) Where the installation of cable television service or facilities is not effected pursuant to a notice served in accordance with this section, for whatever reason including denial of entry by the landlord, the cable operator may file with the board a petition, verified by an authorized person from the cable operator, setting forth:

(1) Proof of service of a notice of intent to install cable television service upon the landlord;

(2) The specific location of the real property;

(3) The resident address of the landlord, if known;

(4) A description of the facilities and equipment to be installed upon the property, including the type and method of installation and the anticipated costs thereof;

(5) The name of the individual or officer responsible for the actual installation;
(6) A statement that the cable operator shall indemnify the landlord for any damage caused in connection with the installation, including proof of insurance or other evidence of ability to indemnify the landlord;

(7) A statement that the installation shall be conducted without prejudice to the rights of the landlord to just compensation in accordance with section nine of this article;

(8) A summary of efforts by the cable operator to effect entry of the property for the installation; and

(9) A statement that the landlord is afforded the opportunity to answer the petition within twenty days from the receipt thereof, which answer must be responsive to the petition and may set forth any additional matter not contained in the petition.

If no appearance by the landlord is made in the proceeding or no answer filed within the time permitted, the board shall grant to the petitioning cable operator an order of entry, which order constitutes a ruling that the petitioning cable operator has complied with the requirements of this article. If the landlord files a written answer to the petition, the cable operator shall have ten days within which to reply to the answer. The board may grant or deny the petition, schedule an administrative hearing on any factual issues presented thereby or direct such other procedures as may be consistent with the installation of cable television service or facilities in accordance with this article. The only basis upon which the board may deny a petition by the cable operator is that the cable operator has not complied with the requirements of this article.

Within thirty days of the date of grant or denial of the petition, or issuance of any other order by the board following a hearing or other procedure, the cable operator or landlord may appeal such grant or denial or order of the board to the circuit court of Kanawha county. Any order issued by the board pursuant to this section may be enforced by an action seeking injunctive or mandamus relief in circuit court.
where the property is located.

(a) If the landlord and cable operator have not reached agreement on the amount of just compensation, a landlord may file with the board an application for just compensation within four months following the service by the cable operator of the notice described in section eight of this article, or within four months following the completion of the installation of the cable television facilities, whichever is later.

(b) An application for just compensation shall set forth specific facts relevant to the determination of just compensation. Such facts should include, but need not be limited to, a showing of:

1. The location and amount of space occupied by the installation;
2. The previous use of such space;
3. The value of the applicant’s property before the installation of cable television facilities and the value of the applicant’s property subsequent to the installation of cable television facilities; and
4. The method or methods used to determine such values. The board may, upon good cause shown, permit the filing of supplemental information at any time prior to final determination by the board.

(c) A copy of the application filed by the landlord for just compensation shall be served upon the cable operator making the installation and upon either the mayor or county commission of the municipality or county, respectively, in which the real property is located when the municipality or county is the franchise authority.

(d) Responses to the application, if any, shall be served on all parties and on the board within twenty days from the service of the application.

(e) (1) The board shall within sixty days of the receipt of the application, make a preliminary finding
of the amount of just compensation for the installation
of cable television facilities.

(2) Either party may, within twenty days from the
release date of the preliminary finding by the board
setting the amount of just compensation file a written
request for a hearing. Upon timely receipt of such
request, the board shall conduct a hearing on the issue
of compensation.

(3) In determining just compensation, the board may
consider evidence introduced including, but not limited
to, the following:

(A) Evidence that a landlord has a specific alterna-
tive use for the space occupied or to be occupied by
cable television facilities, the loss of which will result
in a monetary loss to the owner;

(B) Evidence that installation of cable facilities upon
such multiple dwelling premises will otherwise sub-
stantially interfere with the use and occupancy of such
premises to the extent which causes a decrease in the
resale or rental value; or

(C) Evidence of increase in the value of the property
occurring by reason of the installation of the cable
television facilities.

(4) For purposes of this article, the board shall
presume that a landlord has received just compensa-
tion from a cable operator for the installation within
a multiple dwelling premises if the landlord receives
compensation in the amount of one dollar for each
dwelling unit within the multiple dwelling premises or
one hundred dollars for the entire multiple dwelling
premises, whichever amount is more.

(5) If, after the filing of an application, the cable
operator and the applicant agree upon the amount of
just compensation, a hearing shall not be held on the
issue.

(6) Within thirty days of the date of the notice of the
decision of the board, either party may appeal the
decision of the board in the circuit court of Kanawha
county regarding the amount awarded as compensation.

§5-18A-10. Existing cable services protected.

1 Cable services being provided to tenants on the effective date of this article may not be prohibited or otherwise prevented so long as the tenant continues to request such services.

1 Notwithstanding any provision in this article to the contrary, a landlord and cable operator may by mutual agreement establish the terms and conditions upon which cable television facilities are to be installed within a multiple dwelling premises without having to comply with the provisions of this article.
