WEST VIRGINIA LEGISLATURE
REGULAR SESSION, 1996

ENROLLED

Com. Sub. for
HOUSE BILL No. 4511

(By Delegate MR. SPEAKER, MR. CHAMBERS)
AND DELEGATE ASHLEY
(By Request of the Executive)

Passed __________ MARCH 9, __________ 1996

In Effect __________ Ninety Days from __________ Passage
ENROLLED
COMMITTEE SUBSTITUTE
FOR
H. B. 4511
(By Mr. Speaker, Mr. Chambers, and Delegate Ashley)
[By Request of the Executive]

[Passed March 9, 1996; in effect ninety days from passage.]

AN ACT to amend and reenact sections two, three, three-a, four, seven, seven-a, eight, nine, ten, eleven, fourteen, fifteen, seventeen, eighteen, twenty-two and twenty-four, article twenty-five-a, chapter thirty-three of the code of West Virginia, one thousand nine hundred thirty-one, as amended; and to further amend said article by adding thereto three new sections, designated sections seventeen-a, thirty-four, and thirty five, all relating to health maintenance organizations; definitions; application for certificate of authority; conditions precedent to issuance or maintenance of a certificate of authority; renewal of certificate of authority; issuance of certificate of authority; fidelity bond; provider contracts; evidence of coverage; annual report; information to enrollees; open enrollment period; prohibited practices; regulation of marketing; examinations; quality assurance; suspension or revocation of certificate of authority; fees; statutory construction; relationship to other laws; directing the commissioner and the tax department to study the imposition of municipal business and occupation taxes; authorizing the commissioner to promulgate legislative rules regarding reimbursement for nonemergency transportation by nonparticipating providers and dispatching systems; and authorizing the study of rural health maintenance organizations.
Be it enacted by the Legislature of West Virginia:

That sections two, three, three-a, four, seven, seven-a, eight, nine, ten, eleven, fourteen, fifteen, seventeen, eighteen, twenty-two and twenty-four, article twenty-five-a, chapter thirty-three of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted; and that said article be further amended by adding thereto three new sections, designated sections seventeen-a, thirty-four and thirty-five, all to read as follows:

ARTICLE 25A. HEALTH MAINTENANCE ORGANIZATION ACT.

(1) "Basic health care services" means physician, hospital, out-of-area, podiatric, chiropractic, laboratory, X-ray, emergency, short-term mental health services not exceeding twenty outpatient visits in any twelve-month period, and cost-effective preventive services including immunizations, well-child care, periodic health evaluations for adults, voluntary family planning services, infertility services and children's eye and ear examinations conducted to determine the need for vision and hearing corrections, which services need not necessarily include all procedures or services offered by a service provider.

(2) "Capitation" means the fixed amount paid by a health maintenance organization to a health care provider under contract with the health maintenance organization in exchange for the rendering of health care services.

(3) "Commissioner" means the commissioner of insurance.

(4) "Consumer" means any person who is not a provider of care or an employee, officer, director or stockholder of any provider of care.

(5) "Copayment" means a specific dollar amount, except as otherwise provided for by statute, that the subscriber must pay upon receipt of covered health care services and which is set at an amount consistent with allowing subscriber access to health care services.

(6) "Employee" means a person in some official em-
ployment or position working for a salary or wage continuously for no less than one calendar quarter and who is in such a relation to another person that the latter may control the work of the former and direct the manner in which the work shall be done.

(7) "Employer" means any individual, corporation, partnership, other private association, or state or local government that employs the equivalent of at least two full-time employees during any four consecutive calendar quarters.

(8) "Enrollee", "subscriber" or "member" means an individual who has been voluntarily enrolled in a health maintenance organization, including individuals on whose behalf a contractual arrangement has been entered into with a health maintenance organization to receive health care services.

(9) "Evidence of coverage" means any certificate, agreement or contract issued to an enrollee setting out the coverage and other rights to which the enrollee is entitled.

(10) "Health care services" means any services or goods included in the furnishing to any individual of medical, mental or dental care, or hospitalization or incident to the furnishing of the care or hospitalization, osteopathic services, chiropractic services, podiatric services, home health, health education, or rehabilitation, as well as the furnishing to any person of any and all other services or goods for the purpose of preventing, alleviating, curing or healing human illness or injury.

(11) "Health maintenance organization" or "HMO" means a public or private organization which provides, or otherwise makes available to enrollees, health care services, including at a minimum basic health care services which:

(a) Receives premiums for the provision of basic health care services to enrollees on a prepaid per capita or prepaid aggregate fixed sum basis, excluding copayments;

(b) Provides physicians' services primarily: (i) Directly through physicians who are either employees or partners of the organization; or (ii) through arrangements with
individual physicians or one or more groups of physicians organized on a group practice or individual practice arrangement; or (iii) through some combination of paragraphs (i) and (ii) of this subdivision;

(c) Assures the availability, accessibility and quality, including effective utilization, of the health care services which it provides or makes available through clearly identifiable focal points of legal and administrative responsibility; and

(d) Offers services through an organized delivery system, in which a primary care physician is designated for each subscriber upon enrollment. The primary care physician is responsible for coordinating the health care of the subscriber and is responsible for referring the subscriber to other providers when necessary: Provided, That when dental care is provided by the health maintenance organization the dentist selected by the subscriber from the list provided by the health maintenance organization shall coordinate the covered dental care of the subscriber, as approved by the primary care physician or the health maintenance organization.

(12) "Impaired" means a financial situation in which, based upon the financial information which would be required by this chapter for the preparation of the health maintenance organization's annual statement, the assets of the health maintenance organization are less than the sum of all of its liabilities and required reserves including any minimum capital and surplus required of the health maintenance organization by this chapter so as to maintain its authority to transact the kinds of business or insurance it is authorized to transact.

(13) "Individual practice arrangement" means any agreement or arrangement to provide medical services on behalf of a health maintenance organization among or between physicians or between a health maintenance organization and individual physicians or groups of physicians, where the physicians are not employees or partners of the health maintenance organization and are not members of or affiliated with a medical group.
(14) "Insolvent" or "insolvency" means a financial situation in which, based upon the financial information that would be required by this chapter for the preparation of the health maintenance organization's annual statement, the assets of the health maintenance organization are less than the sum of all of its liabilities and required reserves.

(15) "Medical group" or "group practice" means a professional corporation, partnership, association or other organization composed solely of health professionals licensed to practice medicine or osteopathy and of other licensed health professionals, including podiatrists, dentists and optometrists, as are necessary for the provision of health services for which the group is responsible: (a) A majority of the members of which are licensed to practice medicine or osteopathy; (b) who as their principal professional activity engage in the coordinated practice of their profession; (c) who pool their income for practice as members of the group and distribute it among themselves according to a prearranged salary, drawing account or other plan; and (d) who share medical and other records and substantial portions of major equipment and professional, technical and administrative staff.

(16) "Premium" means a prepaid per capita or prepaid aggregate fixed sum unrelated to the actual or potential utilization of services of any particular person which is charged by the health maintenance organization for health services provided to an enrollee.

(17) "Primary care physician" means the general practitioner, family practitioner, obstetrician/gynecologist, pediatrician or specialist in general internal medicine who is chosen or designated for each subscriber who will be responsible for coordinating the health care of the subscriber, including necessary referrals to other providers: Provided, That a certified nurse-midwife may be chosen or designated in lieu of as a subscriber's primary care physician during the subscriber's pregnancy and for a period extending through the end of the month in which the sixty-day period following termination of pregnancy ends: Provided, however, That nothing in this subsection shall expand the scope of practice for certified nurse-
midwives as defined in article fifteen, chapter thirty of this code.

(18) "Provider" means any physician, hospital or other person or organization which is licensed or otherwise authorized in this state to furnish health care services.

(19) "Uncovered expenses" means the cost of health care services that are covered by a health maintenance organization, for which a subscriber would also be liable in the event of the insolvency of the organization.

(20) "Service area" means the county or counties approved by the commissioner within which the health maintenance organization may provide or arrange for health care services to be available to its subscribers.

(21) "Statutory surplus" means the minimum amount of unencumbered surplus which a corporation must maintain pursuant to the requirements of this article.

(22) "Surplus" means the amount by which a corporation's assets exceeds its liabilities and required reserves based upon the financial information which would be required by this chapter for the preparation of the corporation's annual statement except that assets pledged to secure debts not reflected on the books of the health maintenance organization shall not be included in surplus.

(23) "Surplus notes" means debt which has been subordinated to all claims of subscribers and general creditors of the organization.

(24) "Qualified independent actuary" means an actuary who is a member of the American academy of actuaries or the society of actuaries and has experience in establishing rates for health maintenance organizations and who has no financial or employment interest in the health maintenance organization.

(25) "Quality assurance" means an ongoing program designed to objectively and systematically monitor and evaluate the quality and appropriateness of the enrollee's care, pursue opportunities to improve the enrollee's care and to resolve identified problems at the prevailing professional standard of care.
(26) "Utilization management" means a system for the evaluation of the necessity, appropriateness and efficiency of the use of health care services, procedures and facilities.

(1) Notwithstanding any law of this state to the contrary, any person may apply to the commissioner for and obtain a certificate of authority to establish or operate a health maintenance organization in compliance with this article. No person shall sell health maintenance organization enrollee contracts, nor shall any health maintenance organization commence services, prior to receipt of a certificate of authority as a health maintenance organization. Any person may, however, establish the feasibility of a health maintenance organization prior to receipt of a certificate of authority through funding drives and by receiving loans and grants.

(2) Every health maintenance organization in operation as of the effective date of this article shall submit an application for a certificate of authority under this section within thirty days of the effective date of this article. Each applicant may continue to operate until the commissioner acts upon the application. In the event that an application is denied pursuant to section four of this article, the applicant shall be treated as a health maintenance organization whose certificate of authority has been revoked: Provided, That all health maintenance organizations in operation for at least five years are exempt from filing applications for a new certificate of authority.

(3) The commissioner may require any organization providing or arranging for health care services on a pre-paid per capita or prepaid aggregate fixed sum basis to apply for a certificate of authority as a health maintenance organization. The commissioner shall promulgate rules to facilitate the enforcement of this subsection: Provided, That any provider who is assuming risk by virtue of a contract or other arrangement with a health maintenance organization or entity which has a certificate, may not be required to file for a certificate: Provided, however, That the commissioner may require the exempted entities to file complete financial data for a determination as to their
solvency. Any organization directed to apply for a certificate of authority is subject to the provisions of subsection (2) of this section.

(4) Each application for a certificate of authority shall be verified by an officer or authorized representative of the applicant, shall be in a form prescribed by the commissioner and shall set forth or be accompanied by any and all information required by the commissioner, including:

(a) The basic organizational document;

(b) The bylaws or rules;

(c) A list of names, addresses and official positions of each member of the governing body, which shall contain a full disclosure in the application of any financial interest by the officer or member of the governing body or any provider or any organization or corporation owned or controlled by that person and the health maintenance organization and the extent and nature of any contract or financial arrangements between that person and the health maintenance organization;

(d) A description of the health maintenance organization;

(e) A copy of each evidence of coverage form and of each enrollee contract form;

(f) Financial statements which include the assets, liabilities and sources of financial support of the applicant and any corporation or organization owned or controlled by the applicant;

(g) (i) A description of the proposed method of marketing the plan; (ii) a schedule of proposed charges; and (iii) a financial plan which includes a three-year projection of the expenses and income and other sources of future capital;

(h) A power of attorney duly executed by the applicant, if not domiciled in this state, appointing the commissioner and his or her successors in office, and duly authorized deputies, as the true and lawful attorney of the appli-
cant in and for this state upon whom all lawful process in any legal action or proceeding against the health maintenance organization on a cause of action arising in this state may be served;

(i) A statement reasonably describing the service area or areas to be served and the type or types of enrollees to be served;

(j) A description of the complaint procedures to be utilized as required under section twelve of this article;

(k) A description of the mechanism by which enrollees will be afforded an opportunity to participate in matters of policy and operation under section six of this article;

(l) A complete biographical statement on forms prescribed by the commissioner and an independent investigation report on all of the individuals referred to in subdivision (c) of this subsection and all officers, directors and persons holding five percent or more of the common stock of the organization;

(m) A comprehensive feasibility study, performed by a qualified independent actuary in conjunction with a certified public accountant which shall contain a certification by the qualified actuary and an opinion by the certified public accountant as to the feasibility of the proposed organization. The study shall be for the greater of three years or until the health maintenance organization has been projected to be profitable for twelve consecutive months. The study must show that the health maintenance organization would not, at the end of any month of the projection period, have less than the minimum capital and surplus as required by subparagraph (ii), subdivision (c), subsection (2), section four of this article. The qualified independent actuary shall certify that: The rates are neither inadequate nor excessive nor unfairly discriminatory; the rates are appropriate for the classes of risks for which they have been computed; the rating methodology is appropriate: Provided, That the certification shall include an adequate description of the rating methodology showing that the methodology follows consistent and equitable
actuarial principles; the health maintenance organization is actuarially sound; Provided, however, That the certifica-
tion shall consider the rates, benefits, and expenses of, and any other funds available for the payment of obligations of, the organization; the rates being charged or to be charged are actuarially adequate to the end of the period for which rates have been guaranteed; and incurred but not reported claims and claims reported but not fully paid have been adequately provided for;

(n) A description of the health maintenance organiz-
tion's quality assurance program; and

(o) Such other information as the commissioner may require to be provided.

(5) A health maintenance organization shall, unless otherwise provided for by rules promulgated by the com-
missioner, file notice prior to any modification of the operations or documents filed pursuant to this section or as the commissioner may require by rule. If the com-
missioner does not disapprove of the filing within ninety days of filing, it shall be considered approved and may be im-
plemented by the health maintenance organization.

§33-25A-3a. Conditions precedent to issuance or maintenance of a certificate of authority; renewal of certificate of authority; effect of bankruptcy pro-
ceedings.

(1) As a condition precedent to the issuance or main-
tenance of a certificate of authority, a health maintenance organization must file or have on file with the commis-

(a) An acknowledgment that a delinquency proceed-
ing pursuant to article ten of this chapter or supervision by the commissioner pursuant to article thirty-four of this chapter constitutes the sole and exclusive method for the liquidation, rehabilitation, reorganization or conservation of a health maintenance organization;

(b) A waiver of any right to file or be subject to a bankruptcy proceeding;

(c) Within thirty days of any change in the member-
ship of the governing body of the organization or in the
officers or persons holding five percent or more of the
common stock of the organization, or as otherwise re-
quired by the commissioner:

(i) An amended list of the names, addresses and offi-
cial positions of each member of the governing body, and
a full disclosure of any financial interest by a member of
the governing body or any provider or any organization
or corporation owned or controlled by that person and the
health maintenance organization and the extent and nature
of any contract or financial arrangements between that
person and the health maintenance organization; and

(ii) A complete biographical statement on forms pre-
scribed by the commissioner and an independent investi-
gation report on each person for whom a biographical
statement and independent investigation report have not
previously been submitted; and

(d) Effective the first day of May, one thousand nine
hundred ninety-eight, for health maintenance organiza-
tions that have been in existence at least three years, a
copy of the current quality assurance report submitted to
the health maintenance organization by a nationally rec-
oognized accreditation and review organization approved
by the commissioner, or in the case of the issuance of an
initial certificate of authority to a health maintenance
organization, a determination by the commissioner as to
the feasibility of the health maintenance organization's
proposed quality assurance program: Provided, That if a
health maintenance organization files proof found in the
commissioners discretion to be sufficient to demonstrate
that the health maintenance organization has timely ap-
plied for and reasonably pursued a review of its quality
assurance program, but a quality report has not been is-
sued by the accreditation and review organization, the
health maintenance organization shall be deemed to have
complied with this subdivision.

(2) After the effective date of this section, as a condi-
tion precedent to the issuance of a certificate of authority,
any organization that has not yet obtained a certificate of
authority to operate a health maintenance organization in
this state shall be incorporated under the provisions of article one, chapter thirty-one of this code.

(3) After the effective date of this subsection, all certificates of authority issued to health maintenance organizations shall expire at midnight on the thirty-first day of May of each year. The commissioner shall renew annually the certificates of authority of all health maintenance organizations that continue to meet all requirements of this section and subsection (2), section four of this article, make application therefor upon a form prescribed by the commissioner and pay the renewal fee prescribed: Provided, That a health maintenance organization shall not qualify for renewal of its certificate of authority if the organization has no subscribers in this state within twelve months after issuance of the certificate of authority: Provided, however, That an organization not qualifying for renewal may apply for a new certificate of authority under section three of this article.

(4) The commencement of a bankruptcy proceeding either by or against a health maintenance organization shall, by operation of law:

(a) Terminate the health maintenance organization's certificate of authority; and

(b) Vest in the commissioner for the use and benefit of the subscribers of the health maintenance organization the title to any deposits of the health maintenance organization held by the commissioner.

(5) If the bankruptcy proceeding is initiated by a party other than the health maintenance organization, the operation of subsection (4) of this section shall be stayed for a period of sixty days following the date of commencement of the proceeding.

(1) Upon receipt of an application for a certificate of authority, the commissioner shall determine whether the application for a certificate of authority, with respect to health care services to be furnished has demonstrated:

(a) The willingness and potential ability of the organi-
zation to assure that basic health services will be provided in a manner to enhance and assure both the availability and accessibility of adequate personnel and facilities;

(b) Arrangements for an ongoing evaluation of the quality of health care provided by the organization and utilization review which meet those standards as the commissioner shall by rule require; and

(c) That the organization has a procedure to develop, compile, evaluate and report statistics relating to the cost of its operations, the pattern of utilization of its services, the quality, availability and accessibility of its services, and such other matters as may be reasonably required by rule.

(2) The commissioner shall issue or deny a certificate of authority to any person filing an application within one hundred twenty days after receipt of the application. Issuance of a certificate of authority shall be granted upon payment of the application fee prescribed, if the commissioner is satisfied that the following conditions are met:

(a) The health maintenance organization's proposed plan of operation meets the requirements of subsection (1) of this section;

(b) The health maintenance organization will effectively provide or arrange for the provision of at least basic health care services on a prepaid basis except for copayments: Provided, That nothing in this section shall be construed to relieve a health maintenance organization from the obligations to provide health care services because of the nonpayment of copayments unless the enrollee fails to make payment in at least three instances over any twelve-month period: Provided, however, That nothing in this section shall permit a health maintenance organization to charge copayments to medicare beneficiaries or medicaid recipients in excess of the copayments permitted under those programs, nor shall a health maintenance organization be required to provide services to the medicare beneficiaries or medicaid recipients in excess of the benefits compensated under those programs;

(c) The health maintenance organization is financially responsible and may reasonably be expected to meet its
obligations to enrollees and prospective enrollees. In making this determination, the commissioner may consider:

(i) The financial soundness of the health maintenance organization's arrangements for health care services and the proposed schedule of charges used in connection with the health care services;

(ii) That the health maintenance organization has and maintains the following:

(A) If a for-profit stock corporation, at least one million dollars of fully paid-in capital stock; or

(B) If a nonprofit corporation, at least one million dollars of statutory surplus funds; and

(C) Both for-profit and nonprofit health maintenance organization, additional surplus funds of at least one million dollars;

(iii) Any arrangements that will guarantee for the continuation of benefits and payments to providers for services rendered both prior to and after insolvency for the duration of the contract period for which payment has been made, except that benefits to members who are confined on the date of insolvency in an inpatient facility shall be continued until their discharge; and

(iv) Any agreement with providers for the provision of health care services;

(d) Reasonable provisions have been made for emergency and out-of-area health care services;

(e) The enrollees will be afforded an opportunity to participate in matters of policy and operation pursuant to section six of this article;

(f) The health maintenance organization has demonstrated that it will assume full financial risk on a prospective basis for the provision of health care services, including hospital care: Provided, That the requirement of this subdivision, shall not prohibit a health maintenance organization from obtaining reinsurance acceptable to the commissioner from an accredited reinsurer or making other arrangements acceptable to the commissioner:
(i) For the cost of providing to any enrollee health care services, the aggregate value of which exceeds four thousand dollars in any year;

(ii) For the cost of providing health care services to its members on a nonelective emergency basis, or while they are outside the area served by the organization; or

(iii) For not more than ninety-five percent of the amount by which the health maintenance organization's costs for any of its fiscal years exceed one hundred five percent of its income for those fiscal years;

(g) The ownership, control and management of the organization is competent and trustworthy and possesses managerial experience that would make the proposed health maintenance organization operation beneficial to the subscribers. The commissioner may, at his or her discretion, refuse to grant or continue authority to transact the business of a health maintenance organization in this state at any time during which the commissioner has probable cause to believe that the ownership, control or management of the organization includes any person whose business operations are or have been marked by business practices or conduct that is to the detriment of the public, stockholders, investors or creditors;

(h) The health maintenance organization has deposited and maintained in trust with the state treasurer, for the protection of its subscribers or its subscribers and creditors, cash or government securities eligible for the investment of capital funds of domestic insurers as described in section seven, article eight of this chapter in the amount of one hundred thousand dollars; and

(i) Effective the first day of May, one thousand nine hundred ninety-eight, the health maintenance organization has a quality assurance program which has been reviewed by the commissioner or by a nationally recognized accreditation and review organization approved by the commissioner; meets at least those standards set forth in section seventeen-a of this article; and is deemed satisfactory by the commissioner. If the commissioner determines that the quality assurance program of a health maintenance
organization is deficient in any significant area, the commissioner, in addition to other remedies provided in this chapter, may establish a corrective action plan that the health maintenance organization must follow as a condition to the issuance of a certificate of authority: Provided, That in those instances where a health maintenance organization has timely applied for and reasonably pursued a review of its quality assurance program, but the review has not been completed, the health maintenance organization shall submit proof to the commissioner of its application for that review.

(3) A certificate of authority shall be denied only after compliance with the requirements of section twenty-one of this article.

(4) No person who has not been issued a certificate of authority shall use the words "health maintenance organization" or the initials "HMO" in its name, contracts, logo or literature: Provided, That persons who are operating under a contract with, operating in association with, enrolling enrollees for, or otherwise authorized by a health maintenance organization licensed under this article to act on its behalf may use the terms "health maintenance organization", or "HMO" for the limited purpose of denoting or explaining their association or relationship with the authorized health maintenance organization. No health maintenance organization which has a minority of board members who are consumers shall use the words "consumer controlled" in its name or in any way represent to the public that it is controlled by consumers.

§33-25A-7. Fiduciary responsibilities of officers; fidelity bond; approval of contracts by commissioner.

(a) Any director, officer or partner of a health maintenance organization who receives, collects, disburses or invests funds in connection with the activities of the organization is responsible for the funds in a fiduciary relationship to the enrollees.

(b) A health maintenance organization shall maintain a blanket fidelity bond covering all directors, officers, managers and employees of the organization who receive,
collect, disburse or invest funds in connection with the activities of the organization, issued by an insurer licensed in this state or, if the fidelity bond required by this subsection is not available from an insurer licensed in this state, a fidelity bond procured by an excess line broker licensed in this state, in an amount at least equal to the minimum amount of fidelity insurance as provided in the national association of insurance commissioners handbook, as amended, or as determined under a rule promulgated by the commissioner.

(c) Any contracts made with providers of health care services enabling a health maintenance organization to provide health care services authorized under this article shall be filed with the commissioner. The commissioner has the power to require immediate cancellation of the contracts or the immediate renegotiation of the contract by the parties whenever he or she determines that they provide for excessive payments, or that they fail to include reasonable incentives for cost control, or that they otherwise substantially and unreasonably contribute to escalation of the costs of providing health care services to enrollees.

§33-25A-7a. Provider contracts.

(1) Whenever a contract exists between a health maintenance organization and a provider and the organization fails to meet its obligations to pay fees for services already rendered to a subscriber, the health maintenance organization is liable for the fee or fees rather than the subscriber; and the contract shall state that liability.

(2) No subscriber of a health maintenance organization is liable to any provider of health care services for any services covered by the health maintenance organization if at any time during the provision of the services, the provider, or its agents, are aware the subscriber is a health maintenance organization enrollee.

(3) If at any time during the provision of the services, a provider, or its agents, are aware that the subscriber is a health maintenance organization enrollee, that provider of services or any representative of the provider may not...
collect or attempt to collect from a health maintenance organization subscriber any money for services covered by a health maintenance organization and no provider or representative of the provider may maintain any action at law against a subscriber of a health maintenance organization to collect money owed to the provider by a health maintenance organization.

(4) Every contract between a health maintenance organization and a provider of health care services shall be in writing and shall contain a provision that the subscriber is not liable to the provider for any services covered by the subscriber's contract with the health maintenance organization.

(5) The provisions of this section shall not be construed to apply to the amount of any deductible or copayment which is not covered by the contract of the health maintenance organization.

(6) When a subscriber receives covered emergency health care services from a noncontracting provider, the health maintenance organization shall be responsible for payment of the providers normal charges for those health care services, exclusive of any applicable deductibles or copayments.

(7) For all provider contracts executed on or after the fifteenth day of April, one thousand nine hundred ninety-five, and within one hundred eighty days of that date for contracts in existence on that date:

(a) The contracts must provide that the provider shall provide sixty days advance written notice to the health maintenance organization and the commissioner before canceling the contract with the health maintenance organization for any reason; and

(b) The contract must also provide that nonpayment for goods or services rendered by the provider to the health maintenance organization is not a valid reason for avoiding the sixty day advance notice of cancellation.

(8) Upon receipt by the health maintenance organization of a sixty day cancellation notice, the health mainte-
nance organization may, if requested by the provider, terminate the contract in less than sixty days if the health maintenance organization is not financially impaired or insolvent.

§33-25A-8. Evidence of coverage; charges for health care services; review of enrollee records; cancellation of contract by enrollee.

(1) (a) Every enrollee is entitled to evidence of coverage in accordance with this section. The health maintenance organization or its designated representative shall issue the evidence of coverage.

(b) No evidence of coverage, or amendment thereto, shall be issued or delivered to any person in this state until a copy of the form of the evidence of coverage, or amendment thereto, has been filed with and approved by the commissioner.

(c) An evidence of coverage shall contain a clear, concise and complete statement of:

(i) The health care services and the insurance or other benefits, if any, to which the enrollee is entitled;

(ii) Any exclusions or limitations on the services, kind of services, benefits, or kind of benefits, to be provided, including any copayments;

(iii) Where and in what manner information is available as to how services, including emergency and out-of-area services, may be obtained;

(iv) The total amount of payment and copayment, if any, for health care services and the indemnity or service benefits, if any, which the enrollee is obligated to pay with respect to individual contracts, or an indication whether the plan is contributory or noncontributory with respect to group certificates;

(v) A description of the health maintenance organization's method for resolving enrollee grievances; and

(vi) The following exact statement in bold print: "Each subscriber or enrollee, by acceptance of the benefits described in this evidence of coverage, shall be deemed to
have consented to the examination of his or her medical
records for purposes of utilization review, quality assur-
ance and peer review by the health maintenance organiza-
tion or its designee."

(d) Any subsequent approved change in an evidence
of coverage shall be issued to each enrollee.

(e) A copy of the form of the evidence of coverage to
be used in this state, and any amendment thereto, is subject
to the filing and approval requirements of subdivision (b),
subsection (1) of this section, unless the commissioner
promulgates a rule dispensing with this requirement or
unless it is subject to the jurisdiction of the commissioner
under the laws governing health insurance or, hospital or
medical service corporations, in which event the filing and
approval provisions of those laws apply. To the extent,
however, that those provisions do not apply the require-
ments in subdivision (c), subsection (1) of this section, are
applicable.

(2) Premiums may be established in accordance with
actuarial principles: Provided, That premiums shall not be
excessive, inadequate or unfairly discriminatory. A certifi-
cation by a qualified independent actuary shall accompa-
ny a rate filing and shall certify that: The rates are neither
inadequate nor excessive nor unfairly discriminatory; that
the rates are appropriate for the classes of risks for which
they have been computed; provide an adequate descrip-
tion of the rating methodology showing that the method-
ology follows consistent and equitable actuarial principles;
and the rates being charged are actuarially adequate to the
end of the period for which rates have been guaranteed. In
determining whether the charges are reasonable, the com-
missioner shall consider whether the health maintenance
organization has: (a) Made a vigorous, good faith effort to
control rates paid to health care providers; (b) established
a premium schedule, including copayments, if any, which
encourages enrollees to seek out preventive health care
services; and (c) made a good faith effort to secure ar-
rangements whereby basic services can be obtained by
subscribers from local providers to the extent that the
providers offer the services; and (d) made a good faith
effect to support community health assessments and ef-
fors directed at community health needs.

(3) Rates are inadequate if the premiums derived from
the rating structure, plus investment income, copayments,
and revenues from coordination of benefits and subroga-
tion, fees-for-service and reinsurance recoveries are not set
at a level at least equal to the anticipated cost of medical
and hospital benefits during the period for which the rates
are to be effective, and the other expenses which would be
incurred if other expenses were at the level for the current
or nearest future period during which the health mainte-
nance organization is projected to make a profit. For this
analysis, investment income shall not exceed three percent
of total projected revenues.

(4) The commissioner shall within a reasonable period
approve any form if the requirements of subsection (1) of
this section are met and any schedule of charges if the
requirements of subsection (2) of this section are met. It is
unlawful to issue the form or to use the schedule of charg-
es until approved. If the commissioner disapproves of the
filing, he or she shall notify the filer promptly. In the
notice, the commissioner shall specify the reasons for his
or her disapproval and the findings of fact and conclu-
sions which support his or her reasons. A hearing will be
granted by the commissioner within fifteen days after a
request in writing, by the person filing, has been received
by the commission. If the commissioner does not disap-
prove any form or schedule of charges within sixty days
of the filing of the forms or charges, they shall be consid-
ered approved.

(5) The commissioner may require the submission of
whatever relevant information in addition to the schedule
of charges which he or she considers necessary in deter-
mining whether to approve or disapprove a filing made
pursuant to this section.

(6) An individual enrollee may cancel a contract with
a health maintenance organization at any time for any
reason: Provided, That a health maintenance organization
may require that the enrollee give thirty days advance
notice: Provided, however, That an individual enrollee

Every health maintenance organization shall comply with and is subject to the provisions of section fourteen, article four of this chapter relating to filing of financial statements with the commissioner and the national association of insurance commissioners. The annual financial statement required by that section shall include, but not be limited to, the following:

(a) A statutory financial statement of the organization, including its balance sheet and receipts and disbursements for the preceding year certified by an independent certified public accountant, reflecting at least: (i) All prepayment and other payments received for health care services rendered; (ii) expenditures to all providers, by classes or groups of providers, and insurance companies or non-profit health service plan corporations engaged to fulfill obligations arising out of the health maintenance contract; (iii) expenditures for capital improvements, or additions thereto, including, but not limited to, construction, renovation or purchase of facilities and capital equipment; and (iv) the organization's fidelity bond;

(b) The number of new enrollees enrolled during the year, the number of enrollees as of the end of the year and the number of enrollees terminated during the year on a form prescribed by the commissioner;

(c) A summary of information compiled pursuant to subdivision (c), subsection (1), section four of this article in such form as may be required by the department of health and human resources or a nationally recognized accreditation and review organization or as the commissioner may by rule require;

(d) A report of the names and residence addresses of all persons set forth in subdivision (c), subsection (4), section three of this article who were associated with the health maintenance organization during the preceding year, and the amount of wages, expense reimbursements
23 [Enr. Com. Sub. for H. B. 4511

or other payments to those individuals for services to the health maintenance organization, including a full disclosure of all financial arrangements during the preceding year required to be disclosed pursuant to subdivision (c), subsection (4), section three of this article; and

(e) Any other information relating to the performance of the health maintenance organization as is reasonably necessary to enable the commissioner to carry out his or her duties under this article.

§33-25A-10. Information to enrollees.

Every health maintenance organization or its representative shall annually, before the first day of April, provide to its enrollees a summary of: Its most recent annual financial statement, including a balance sheet and statement of receipts and disbursements; a description of the health maintenance organization, its basic health care services, its facilities and personnel, any material changes therein since the last report, the current evidence of coverage, and a clear and understandable description of the health maintenance organization's method for resolving enrollee complaints: Provided, That with respect to enrollees who have been enrolled through contracts between a health maintenance organization and an employer, the health maintenance organization shall be deemed to have satisfied the requirement of this section by providing the requisite summary to each enrolled employee: Provided, however, That with respect to medicaid recipients enrolled under a group contract between a health maintenance organization and the governmental agency responsible for administering the medicaid program, the health maintenance organization shall be deemed to have satisfied the requirement of this section by providing the requisite summary to each local office of the governmental agency responsible for administering the medicaid program for inspection by enrollees of the health maintenance organization.

(1) Once a health maintenance organization has been in operation at least five years, or has enrollment of not less than fifty thousand persons, the health maintenance
organization shall, in any year following a year in which
the health maintenance organization has achieved an oper-
atng surplus, maintain an open enrollment period of at
least thirty days during which time the health maintenance
organization shall, within the limits of its capacity, accept
individuals in the order in which they apply without re-
gard to preexisting illness, medical conditions or degree of
disability except for individuals who are confined to an
institution because of chronic illness or permanent injury:
Provided, That no health maintenance organization shall
be required to continue an open enrollment period after
such time as enrollment pursuant to the open enrollment
period is equal to three percent of the health maintenance
organization's net increase in enrollment during the previ-
ous year.

(2) Where a health maintenance organization demon-
strates to the satisfaction of the commissioner that it has a
disproportionate share of high-risk enrollees and that, by
maintaining open enrollment, it would be required to
enroll so disproportionate a share of high-risk enrollees as
to jeopardize its economic viability, the commissioner
may:

(a) Waive the requirement for open enrollment for a
period of not more than three years; or

(b) Authorize the organization to impose any under-
writing restrictions upon open enrollment as are necessary:
(i) To preserve its financial stability; (ii) to prevent exces-
sive adverse selection by prospective enrollees; or (iii) to
avoid unreasonably high or unmarketable charges for
enrollee coverage of health services. A health maintenance
organization may receive more than one waiver or autho-
rization.

(1) No health maintenance organization, or represen-
tative thereof, may cause or knowingly permit the use of
advertising which is untrue or misleading, solicitation
which is untrue or misleading, or any form of evidence of
coverage which is deceptive. No advertising may be used
until it has been approved by the commissioner. Advertis-
ing which has not been disapproved by the commissioner
within sixty days of filing shall be considered approved.
For purposes of this article:

(a) A statement or item of information shall be consid-
ered to be untrue if it does not conform to fact in any
respect which is or may be significant to an enrollee of, or
person considering enrollment in, a health maintenance
organization;

(b) A statement or item of information shall be con-
sidered to be misleading, whether or not it may be literally
untrue if, in the total context in which the statement is
made or the item of information is communicated, the
statement or item of information may be reasonably un-
derstood by a reasonable person, not possessing special
knowledge regarding health care coverage, as indicating
any benefit or advantage or the absence of any exclusion,
limitation, or disadvantage of possible significance to an
enrollee of, or person considering enrollment in, a health
maintenance organization, if the benefit or advantage or
absence of limitation, exclusion or disadvantage does not
in fact exist;

(c) An evidence of coverage shall be considered to be
deceptive if the evidence of coverage taken as a whole, and
with consideration given to typography and format, as well
as language, shall be such as to cause a reasonable person,
not possessing special knowledge regarding health mainte-
nance organizations, and evidences of coverage therefor,
to expect benefits, services or other advantages which the
evidence of coverage does not provide or which the health
maintenance organization issuing the evidence of cover-
age does not regularly make available for enrollees cov-
ered under such evidence of coverage; and

(d) The commissioner may further define practices
which are untrue, misleading or deceptive.

(2) No health maintenance organization may cancel or
fail to renew the coverage of an enrollee except for: (a)
Failure to pay the charge for health care coverage; (b)
termination of the health maintenance organization; (c)
termination of the group plan; (d) enrollee moving out of
the area served; (e) enrollee moving out of an eligible group; or (f) other reasons established in rules promulgated by the commissioner. No health maintenance organization shall use any technique of rating or grouping to cancel or fail to renew the coverage of an enrollee. An enrollee shall be given thirty days' notice of any cancellation or nonrenewal and the notice shall include the reasons for the cancellation or nonrenewal: Provided, That each enrollee moving out of an eligible group shall be granted the opportunity to enroll in the health maintenance organization on an individual basis. A health maintenance organization may not disenroll an enrollee for nonpayment of copayments unless the enrollee has failed to make payment in at least three instances over any twelve-month period: Provided, however, That the enrollee may not be disenrolled if the disenrollment would constitute abandonment of a patient. Any enrollee wrongfully disenrolled shall be reenrolled.

(3) (a) No health maintenance organization may use in its name, contracts, logo or literature any of the words "insurance", "casualty", "surety", "mutual" or any other words which are descriptive of the insurance, casualty or surety business or deceptively similar to the name or description of any insurance or surety corporation doing business in this state: Provided, That when a health maintenance organization has contracted with an insurance company for any coverage permitted by this article, it may so state; and

(b) Only those persons that have been issued a certificate of authority under this article may use the words "health maintenance organization" or the initials "HMO" in its name, contracts, logo or literature to imply, directly or indirectly, that it is a health maintenance organization or hold itself out to be a health maintenance organization.

(4) The providers of a health maintenance organization who provide health care services and the health maintenance organization shall not have recourse against enrollees for amounts above those specified in the evidence of coverage as the periodic prepayment or copayment for health care services.
(5) No health maintenance organization shall enroll more than three hundred thousand persons in this state: Provided, That a health maintenance organization may petition the commissioner to exceed an enrollment of three hundred thousand persons and, upon notice and hearing, good cause being shown and a determination made that such an increase would be beneficial to the subscribers, creditors and stockholders of the organization or would otherwise increase the availability of coverage to consumers within the state, the commissioner may, by written order only, allow the petitioning organization to exceed an enrollment of three hundred thousand persons.

(6) No health maintenance organization shall discriminate in enrollment policies or quality of services against any person on the basis of race, sex, age, religion, place of residence, health status or source of payment: Provided, That differences in rates based on valid actuarial distinctions, including distinctions relating to age and sex, shall not be considered discrimination in enrollment policies.

(7) No agent of a health maintenance organization or person selling enrollments in a health maintenance organization shall sell an enrollment in a health maintenance organization unless the agent or person shall first disclose in writing to the prospective purchaser the following information using the following exact terms in bold print: (a) "Services offered", including any exclusions or limitations; (b) "full cost", including copayments; (c) "facilities available"; (d) "transportation services"; (e) "disenrollment rate"; and (f) "staff", including the names of all full-time staff physicians, consulting specialists, hospitals and pharmacies associated with the health maintenance organization. In any home solicitation, any three-day cooling-off period applicable to consumer transactions generally applies in the same manner as consumer transactions.

The form disclosure statement shall not be used in sales until it has been approved by the commissioner or submitted to the commissioner for sixty days without disapproval. Any person who fails to disclose the requisite information prior to the sale of an enrollment may be held liable in an amount equivalent to one year's subscription.
rate to the health maintenance organization, plus costs and
a reasonable attorney's fee.

(8) No contract with an enrollee shall prohibit an
enrollee from canceling his or her enrollment at any time
for any reason except that the contract may require thirty
days' notice to the health maintenance organization.

(9) Any person who in connection with an enrollment
violates any subsection of this section may be held liable
for an amount equivalent to one year's subscription rate,
plus costs and a reasonable attorney's fee.

§33-25A-15. Agent licensing and appointment required; regu-
lation of marketing.

(1) Health maintenance organizations are subject to
the provisions of article twelve of this chapter.

(2) With respect to individual and group contracts
covering fewer than twenty-five subscribers, after a sub-
scriber signs a health maintenance organization enroll-
ment application and before the health maintenance orga-
nization may process the application changing or initiat-
ing the subscriber coverage, each health maintenance
organization must verify in writing, in a form prescribed
by the commissioner, the intent and desire of the individu-
al subscriber to join the health maintenance organization.
The verification shall be conducted by someone outside
the health maintenance organization marketing depart-
ment and shall show that:

(a) The subscriber intends and desires to join the
health maintenance organization;

(b) If the subscriber is a medicare or medicaid recipi-
ent, the subscriber understands that by joining the health
maintenance organization he or she will be limited to the
benefits provided by the health maintenance organization,
and medicare or medicaid will pay the health maintenance
organization for the subscriber coverage;

(c) The subscriber understands the applicable restric-
tions of health maintenance organizations especially that
he or she must use the health maintenance organization
providers and secure approval from the health mainte-
nance organization to use health care providers outside the
plan; and

d) If the subscriber is a member of a health mainte-
nance organization, the subscriber understands that he or
she is transferring to another health maintenance organi-
ization.

(3) The health maintenance organization shall not pay
a commission, fee, money or any other form of scheduled
compensation to any health insurance agent until the sub-
scriber's application has been processed and the health
maintenance organization has confirmed the subscriber's
enrollment by written notice in the form prescribed by the
commissioner. The confirmation notice shall be accompa-
nied by the evidence of coverage required by section eight
of this article and shall confirm:

(a) The subscriber's transfer from his or her existing
coverage (i.e. from medicare, medicaid, another health
maintenance organization, etc.) to the new health mainte-
nance organization; and

(b) The date enrollment begins and when benefits will
be available.

(4) The enrollment process shall be considered com-
plete seven days after the health maintenance organization
mails the confirmation notice and evidence of coverage to
the subscriber. Each health maintenance organization is
directly responsible for enrollment abuses.

(5) The commissioner may, in his or her discretion,
after notice and hearing, promulgate rules as are necessary
to regulate marketing of health maintenance organizations
by persons compensated directly or indirectly by the
health maintenance organizations. When necessary the
rules may prohibit door-to-door solicitations, may prohib-
it commission sales, and may provide for such other pro-
scriptions and other rules as are required to effectuate the
purposes of this article.

§33-25A-17. Examinations.

(1) The commissioner may make an examination of
the affairs of any health maintenance organization and
providers with whom the organization has contracts, agreements or other arrangements as often as he or she considers it necessary for the protection of the interests of the people of this state but not less frequently than once every three years.

(2) The commissioner may contract with the department of health and human resources, any entity which has been accredited by a nationally recognized accrediting organization and has been approved by the commissioner to make examinations concerning the quality of health care services of any health maintenance organization and providers with whom the organization has contracts, agreements or other arrangements, or any entity contracted with by the department of health and human resources, as often as it considers necessary for the protection of the interests of the people of this state, but not less frequently than once every three years: Provided, That in making the examination, the department of health and human resources or the accredited entity shall utilize the services of persons or organizations with demonstrable expertise in assessing quality of health care.

(3) Every health maintenance organization and affiliated provider shall submit its books and records to the examinations and in every way facilitate them. For the purpose of examinations, the commissioner and the department of health and human resources have all powers necessary to conduct the examinations, including, but not limited to, the power to issue subpoenas, the power to administer oaths to and examine the officers and agents of the health maintenance organization and the principals of the providers concerning their business.

(4) The health maintenance organization is subject to the provisions of section nine, article two of this chapter in regard to the expense and conduct of examinations.

(5) In lieu of the examination, the commissioner may accept the report of an examination made by other states.

(6) The expenses of an examination assessing quality of health care under subsection (2) of this section and section seventeen-a of this article shall be reimbursed
§33-25A-17a. Quality assurance.

(a) Each health maintenance organization shall have in writing a quality assurance program that describes the program's objectives, organization and problem solving activities.

(b) The scope of the quality assurance program shall include, at a minimum:

(1) Organizational arrangements and responsibilities for quality management and improvement processes;

(2) A documented utilization management program;

(3) Written policies and procedures for credentialing and recredentialing physicians and other licensed providers who fall under the scope of authority of the health maintenance organization;

(4) A written policy that addresses enrollee's rights and responsibilities;

(5) The adoption of practice guidelines for the use of preventive health services; and

(6) Any other criteria deemed necessary by the commissioner.

(c) As a condition of doing business in this state, each health maintenance organization which has been in existence for at least three years shall apply for and submit to an accreditation examination to be performed by a nationally recognized accreditation and review organization approved by the commissioner. The accreditation and review organization must be experienced in health maintenance organization activities and in the appraisal of medical practice and quality assurance in a health maintenance organization setting: Provided, That in those instances where a health maintenance organization has timely applied for and reasonably pursued an accreditation examination, but the examination has not been completed, the health maintenance organization may, upon compliance with all other provisions of this article, engage in business

in this state upon submission of proof to the commissioner of its application for review.

(d) Within thirty days of receipt of the written report of the accreditation and review organization by the health maintenance organization, the health maintenance organization shall submit a copy of this report to the commissioner.

(e) This section shall become effective on the first day of May, one thousand nine hundred ninety-eight.

(1) The commissioner may suspend or revoke any certificate of authority issued to a health maintenance organization under this article if he or she finds that any of the following conditions exist:

(a) The health maintenance organization is operating significantly in contravention of its basic organization document, in any material breach of contract with an enrollee, or in a manner contrary to that described in and reasonably inferred from any other information submitted under section three of this article unless amendments to the submissions have been filed with an approval of the commissioner;

(b) The health maintenance organization issues evidence of coverage or uses a schedule of premiums for health care services which do not comply with the requirements of section eight of this article;

(c) The health maintenance organization does not provide or arrange for basic health care services;

(d) The department of health and human resources or other accredited entity certifies to the commissioner that:

(i) The health maintenance organization is unable to fulfill its obligations to furnish health care services as required under its contract with enrollees; or (ii) the health maintenance organization does not meet the requirements of subsection (1), section four of this article;

(e) The health maintenance organization is no longer
financially responsible and may reasonably be expected to be unable to meet its obligations to enrollees or prospective enrollees or is otherwise determined by the commissioner to be in a hazardous financial condition;

(f) The health maintenance organization has failed to implement a mechanism affording the enrollees an opportunity to participate in matters of policy and operation under section six of this article;

(g) The health maintenance organization has failed to implement the grievance procedure required by section twelve of this article in a manner to reasonably resolve valid grievances;

(h) The health maintenance organization, or any person on its behalf, has advertised or merchandised its services in an untrue, misrepresentative, misleading, deceptive or unfair manner;

(i) The continued operation of the health maintenance organization would be hazardous to its enrollees;

(j) The health maintenance organization has otherwise failed to substantially comply with this article;

(k) The health maintenance organization has violated a lawful order of the commissioner; or

(l) The health maintenance organization has not complied with the requirements of section seventeen-a of this article.

(2) A certificate of authority shall be suspended or revoked only after compliance with the requirements of section twenty-one of this article.

(3) When the certificate of authority of a health maintenance organization is suspended, the health maintenance organization shall not, during the period of the suspension, enroll any additional enrollees except newborn children or other newly acquired dependents of existing enrollees, and shall not engage in any advertising or solicitation whatsoever.

(4) When the certificate of authority of a health maintenance organization is revoked, the organization shall

Every health maintenance organization subject to this article shall pay to the commissioner the following fees: For filing an application for a certificate of authority or amendment thereto, two hundred dollars; for each renewal of a certificate of authority, the annual fee as provided in section thirteen, article three of this chapter; for each form filing and for each rate filing, the fee as provided in section thirty-four, article six of this chapter; and for filing each annual report, twenty-five dollars. Fees charged under this section shall be for the purposes set forth in section thirteen, article three of this chapter.

(a) Except as otherwise provided in this article, provisions of the insurance laws and provisions of hospital or medical service corporation laws are not applicable to any health maintenance organization granted a certificate of authority under this article. The provisions of this article shall not apply to an insurer or hospital or medical service corporation licensed and regulated pursuant to the insurance laws or the hospital or medical service corporation laws of this state except with respect to its health maintenance corporation activities authorized and regulated pursuant to this article. The provisions of this article shall not apply to an entity properly licensed by a reciprocal state to provide health care services to employer groups, where residents of West Virginia are members of an employer group, and the employer group contract is entered into in the reciprocal state. For purposes of this subsection,
a "reciprocal state" means a state which physically borders West Virginia and which has subscriber or enrollee hold harmless requirements substantially similar to those set out in section seven-a of this article.

(b) Factually accurate advertising or solicitation regarding the range of services provided, the premiums and copayments charged, the sites of services and hours of operation, and any other quantifiable, nonprofessional aspects of its operation by a health maintenance organization granted a certificate of authority, or its representative shall not be construed to violate any provision of law relating to solicitation or advertising by health professions. Provided, That nothing contained in this subsection shall be construed as authorizing any solicitation or advertising which identifies or refers to any individual provider or makes any qualitative judgment concerning any provider.

(c) Any health maintenance organization authorized under this article shall not be considered to be practicing medicine and is exempt from the provision of chapter thirty of this code, relating to the practice of medicine.

(d) The provisions of section fifteen, article four (general provisions); section seventeen, article six (noncomplying forms); article six-c (guaranteed loss ratio); article seven (assets and liabilities); article eight (investments); article nine (administration of deposits); article twelve (agents, brokers, solicitors and excess line); section fourteen, article fifteen (individual accident and sickness insurance); section sixteen, article fifteen (coverage of children); section eighteen, article fifteen (equal treatment of state agency); section nineteen, article fifteen (coordination of benefits with medicaid); article fifteen-b (uniform health care administration act); section three, article sixteen (required policy provisions); section three-f, article sixteen (treatment of temporomandibular disorder and craniomandibular disorder); section eleven, article sixteen (coverage of children); section thirteen, article sixteen (equal treatment of state agency); section fourteen, article sixteen (coordination of benefits with medicaid); article sixteen-a (group health insurance conversion); article sixteen-c (small employer group policies); article
sixteen-d (marketing and rate practices for small employers); article twenty-seven (insurance holding company systems); article thirty-four-a (standards and commissioner's authority for companies deemed to be in hazardous financial condition); article thirty-five (criminal sanctions for failure to report impairment); article thirty-seven (managing general agents); and article thirty-nine (disclosure of material transactions) shall be applicable to any health maintenance organization granted a certificate of authority under this article. In circumstances where the code provisions made applicable to health maintenance organizations by this section refer to the "insurer", the "corporation" or words of similar import, the language shall be construed to include health maintenance organizations.

(e) Any long-term care insurance policy delivered or issued for delivery in this state by a health maintenance organization shall comply with the provisions of article fifteen-a of this chapter.

(f) A health maintenance organization granted a certificate of authority under this article shall be exempt from paying municipal business and occupation taxes on gross income it receives from its enrollees, or from their employers or others on their behalf, for health care items or services provided directly or indirectly by the health maintenance organization. This exemption applies to all taxable years through December thirty-first, nineteen hundred and ninety-six. The commissioner and the tax department shall conduct a study of the appropriateness of imposition of the municipal business and occupation tax or other tax on health maintenance organizations, and shall report to the regular session of the Legislature, nineteen hundred and ninety-seven, on their findings, conclusions and recommendations, together with drafts of any legislation necessary to effectuate their recommendations.

§33-25A-34. Ambulance services.

The Legislature finds that ambulance services in this state are performed by various volunteer emergency service squads, county operations and small businesses, which may lack the sophistication and expertise required to ne-
gotiate a contract with a health maintenance organization for the provision of ambulance services, and that the best interests of the citizens of the state require the continued development and preservation of an emergency medical system to serve all the citizens of the state, including those citizens who do not receive health care services through a health maintenance organization. Therefore, the commissioner shall promulgate legislative rules, pursuant to the provisions of article twenty-nine-a of this code, to regulate contracting for emergency medical services. The rules shall be promulgated as expeditiously as possible in order to be considered by the Legislature in the regular session in the year one thousand nine hundred ninety-seven. The rules shall consider the following: Reimbursement for nonemergency transportation by nonparticipating providers and the appropriate use of 911 or community dispatching, as well as other items the commissioner may deem necessary.

The Legislature finds that the provisions of this article, and in particular, the financial requirements that are conditions precedent to the establishment of a health maintenance organization, may be unnecessarily restrictive as applied to small managed care organizations to operate in rural areas of the state, and that the public interest may be served by the development of less restrictive standards permitting the creation of rural health maintenance organizations. Therefore, the commissioner shall develop and present to the joint committee on government and finance, not later than the fifteenth day of January, one thousand nine hundred ninety-seven, a proposal for legislation to be considered during the regular session of the Legislature in the year one thousand nine hundred ninety-seven, providing standards for the development and operation of rural health maintenance organizations.
