WEST VIRGINIA LEGISLATURE
REGULAR SESSION, 1996

ENROLLED

SENATE BILL NO. 78

(By Senator Craigo)

PASSED February 13, 1996
In Effect from Passage
ENROLLED

Senate Bill No. 78

(BY SENATOR CRAIGO)

[Passed February 13, 1996; in effect from passage.]

AN ACT to amend and reenact section five-a, article thirteen-a, chapter eleven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to dedication of oil and gas severance tax for benefit of counties and municipalities; distribution of dedicated tax; promulgation of rules; creation of special funds; methods and formulae for distribution of the dedicated tax; expenditure of funds by counties and municipalities; and requirements for special budgets and reports.

Be it enacted by the Legislature of West Virginia:

That section five-a, article thirteen-a, chapter eleven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

ARTICLE 13A. SEVERANCE TAXES.
§11-13A-5a. Dedication of ten percent of oil and gas severance tax for benefit of counties and municipalities; distribution of major portion of such dedicated tax to oil and gas producing counties; distribution of minor portion of such dedicated tax to all counties and municipalities; reports; rules; creation of special funds in the office of state treasurer; methods and formulae for distribution of such dedicated tax; expenditure of funds by counties and municipalities for public purposes; and requiring special county and municipal budgets and reports thereon.

(a) Effective the first day of July, one thousand nine hundred ninety-six, five percent of the tax attributable to the severance of oil and gas imposed by section three-a of this article is hereby dedicated for the use and benefit of counties and municipalities within this state and shall be distributed to the counties and municipalities as provided in this section. Effective the first day of July, one thousand nine hundred ninety-seven, and thereafter, ten percent of the tax attributable to the severance of oil and gas imposed by section three-a of this article is hereby dedicated for the use and benefit of counties and municipalities within this state and shall be distributed to the counties and municipalities as provided in this section.

(b) Seventy-five percent of this dedicated tax shall, after appropriation of the tax by the Legislature, be distributed by the state treasurer in the manner specified in this section, to the various counties of this state in which the oil and gas upon which this additional tax is imposed was located at the time it was removed from the ground. Those counties are referred to in this section as the "oil and gas producing counties". The remaining twenty-five percent of the net proceeds of this additional tax on oil and gas shall be distributed, after appropriation, among all the counties and municipalities of this state in the manner specified in this section.
(c) The tax commissioner is hereby granted plenary power and authority to promulgate reasonable rules requiring the furnishing by oil and gas producers of such additional information as may be necessary to compute the allocation required under the provisions of subsection (f) of this section. The tax commissioner is also hereby granted plenary power and authority to promulgate such other reasonable rules as may be necessary to implement the provisions of this section.

(d) In order to provide a procedure for the distribution of seventy-five percent of the dedicated tax on oil and gas to the oil and gas producing counties, there is hereby created in the state treasurer's office the special fund known as the "oil and gas county revenue fund"; and in order to provide a procedure for the distribution of the remaining twenty-five percent of the dedicated tax on oil and gas to all counties and municipalities of the state, without regard to oil and gas having been produced in those counties or municipalities, there is also hereby created in the state treasurer's office the special fund known as the "all counties and municipalities revenue fund".

Seventy-five percent of the dedicated tax on oil and gas shall be deposited in the "oil and gas county revenue fund" and twenty-five percent of the dedicated tax on oil and gas shall be deposited in the "all counties and municipalities revenue fund", from time to time, as the proceeds are received by the tax commissioner. The moneys in the funds shall, after appropriation of the moneys by the Legislature, be distributed to the respective counties and municipalities entitled to the moneys in the manner set forth in subsection (e) of this section.

(e) The moneys in the "oil and gas county revenue fund" and the moneys in the "all counties and municipalities revenue fund" shall be allocated among and distributed annually to the counties and municipalities entitled of the moneys by the state treasurer in the manner specified in this section. On or before each
65 distribution date, the state treasurer shall determine the
total amount of moneys in each fund which will be
available for distribution to the respective counties and
municipalities entitled to the moneys on that distribu-
tion date. The amount to which an oil and gas producing
county is entitled from the "oil and gas county revenue
fund" shall be determined in accordance with subsection
(f) of this section, and the amount to which every county
and municipality shall be entitled from the "all counties
and municipalities revenue fund" shall be determined in
accordance with subsection (g) of this section. After
determining, as set forth in subsections (f) and (g) of this
section, the amount each county and municipality is
entitled to receive from the respective fund or funds, a
warrant of the state auditor for the sum due to the
county or municipality shall issue and a check drawn
thereon making payment of the sum shall thereafter be
distributed to the county or municipality.

(f) The amount to which an oil and gas producing
county is entitled from the "oil and gas county revenue
fund" shall be determined by:

(1) In the case of moneys derived from tax on the
severance of gas:

(A) Dividing the total amount of moneys in the fund
derived from tax on the severance of gas then available
for distribution by the total volume of cubic feet of gas
extracted in this state during the preceding year; and

(B) Multiplying the quotient thus obtained by the
number of cubic feet of gas taken from the ground in the
county during the preceding year; and

(2) In the case of moneys derived from tax on the
severance of oil:

(A) Dividing the total amount of moneys in the fund
derived from tax on the severance of oil then available
for distribution by the total number of barrels of oil
extracted in this state during the preceding year; and
(B) Multiplying the quotient thus obtained by the number of barrels of oil taken from the ground in the county during the preceding year.

(g) The amount to which each county and municipality is entitled from the “all counties and municipalities revenue fund” shall be determined in accordance with the provisions of this subsection. For purposes of this subsection “population” means the population as determined by the most recent decennial census taken under the authority of the United States:

(1) The treasurer shall first apportion the total amount of moneys available in the “all counties and municipalities revenue fund” by multiplying the total amount in the fund by the percentage which the population of each county bears to the total population of the state. The amount thus apportioned for each county is the county’s “base share”.

(2) Each county’s “base share” shall then be subdivided into two portions. One portion is determined by multiplying the “base share” by that percentage which the total population of all unincorporated areas within the county bears to the total population of the county, and the other portion is determined by multiplying the “base share” by that percentage which the total population of all municipalities within the county bears to the total population of the county. The former portion shall be paid to the county and the latter portion shall be the “municipalities’ portion” of the county’s “base share”. The percentage of the latter portion to which each municipality in the county is entitled shall be determined by multiplying the total of the latter portion by the percentage which the population of each municipality within the county bears to the total population of all municipalities within the county.

(h) Moneys distributed to any county or municipality under the provisions of this section, from either or both special funds, shall be deposited in the county or municipal general fund and may be expended by the county
commission or governing body of the municipality for such purposes as the county commission or governing body shall determine to be in the best interest of its respective county or municipality: Provided, That in counties with population in excess of two hundred thousand at least seventy-five percent of the funds received from the oil and gas county revenue fund shall be apportioned to, and expended within the oil and gas producing area or areas of the county, the oil and gas-producing areas of each county to be determined generally by the state tax commissioner: Provided, however, That the moneys distributed to any county or municipality under the provisions of this section shall not be budgeted for personal services in an amount to exceed one fourth of the total amount of the moneys.

(i) On or before the twenty-eighth day of March, one thousand nine hundred ninety-seven, and each twenty-eighth day of March thereafter, each county commission or governing body of a municipality receiving any such moneys shall submit to the tax commissioner on forms provided by the tax commissioner a special budget, detailing how the moneys are to be spent during the subsequent fiscal year. The budget shall be followed in expending the moneys unless a subsequent budget is approved by the state tax commissioner. All unexpended balances remaining in the county or municipality general fund at the close of a fiscal year shall remain in the general fund and may be expended by the county or municipality without restriction.

(j) On or before the fifteenth day of December, one thousand nine hundred ninety-six, and each fifteenth day of December thereafter, the tax commissioner shall deliver to the clerk of the Senate and the clerk of the House of Delegates a consolidated report of the budgets, created by subsection (i) of this section, for all county commissions and municipalities as of the fifteenth day of July of the current year.

(k) The state tax commissioner shall retain for the
benefit of the state from the dedicated tax attributable to the severance of oil and gas the amount of thirty-five thousand dollars annually as a fee for the administration of the additional tax by the tax commissioner.
That Joint Committee on Enrolled Bills hereby certifies that the foregoing bill is correctly enrolled.
