ARTICLE 13N. TAX CREDIT FOR NEW STEEL MANUFACTURING OPERATIONS AFTER JULY 1, 1998.

§11-13N-1. Legislative purpose.

1 The Legislature finds that production of value-added
2 steel products is very important to the economy of this
3 state and that a sound economy is in the public interest
4 and promotes the general welfare of the people of this
5 state. In order to encourage capital investment in this
6 state, through the manufacture of value-added steel
7 products after the thirtieth day of June, one thousand nine
8 hundred ninety-eight, thereby increasing employment and
9 economic development, there is hereby provided to
10 eligible taxpayers a credit for each new job filled by a
11 full-time hourly employee who works in a new value-
12 added steel product manufacturing facility, or in a new
13 value-added steel product line of an existing
14 manufacturing facility, that begins operating in this state
15 after the thirtieth day of June, one thousand nine hundred
16 ninety-eight.

§11-13N-2. Definitions.

1 (a) *General.* — When used in this article, or in the
2 administration of this article, terms defined in subsection
3 (b) of this section have the meanings ascribed to them by
4 this section, unless a different meaning is clearly required
5 by the context in which the term is used.

6 (b) *Terms defined.* —

7 (1) "Affiliate" means and includes all persons, as
8 defined in this section, which are affiliates of each other
9 when either directly or indirectly:

10 (A) One person controls or has the power to control
11 the other; or

12 (B) A third party or third parties control or have the

13 power to control two persons, the two thus being affiliates.
14 In determining whether concerns are independently
15 owned and operated and whether or not an affiliation

17 factors, including common ownership, common
18 management and contractual relationships.

19 (2) "Commissioner" or "tax commissioner" means the
20 tax commissioner of the state of West Virginia, or the tax
21 commissioner's designee.

22 (3) "Corporation" includes any corporation, a joint-
23 stock company and any association or other organization
24 which is classified as a corporation under federal income

30 by one or more redelegations of authority, to perform the
31 functions mentioned or described in this article.

32 (5) "Eligible taxpayer" means a person who after the
33 thirtieth day of June, one thousand nine hundred ninety-
34 eight, begins manufacturing a value-added steel product at
35 a new manufacturing facility located in this state, or begins
36 manufacturing a new value-added steel product line at an
37 existing manufacturing facility located in this state, which
38 results in the creation of new jobs filled by full-time
39 employees.

40 (6) "Employer" means the person for whom an
41 individual performs or performed any service, of whatever
42 nature, as the employee of such person, except that if the

57 manufacturing facility in this state, more than eighteen
58 hundred hours during the entire twelve-month period
59 ending on the last day of the taxable year of the eligible
60 employer, whether these hours are hours worked at the

83 facility was used by the taxpayer, or by a related person, to
84 manufacture tangible personal property at any time
85 during the twelve months preceding the month in which

94 the second calendar month preceding the calendar month
95 in which the new value-added steel product manufacturing
96 facility begins to manufacture value-added steel products,
97 or in which the new value-added steel product line begins

139 total combined voting power of all classes of the stock of
140 the corporation which entitles its owner to vote. "Control,"
141 with respect to a trust, means ownership, directly or
142 indirectly, of fifty percent or more of the beneficial
143 interest in the principal or income of the trust. The

146 interest in a trust shall be determined in accordance with
147 the rules for constructive ownership of stock provided in

161 melting, stamping and any other processing which adds
162 value.

§11-13N-3. Eligibility for tax credits; creation of the credit.

1 There shall be allowed to every eligible taxpayer a
2 credit against the taxes imposed in articles twenty-one,

3 twenty-three and twenty-four of this chapter. The amount
4 of this credit shall be determined and applied as provided
5 in this article.

§11-13N-4. Amount of credit allowed; expiration of the credit.

1 (a) *Credit allowable.* — The amount of annual credit
2 allowable under this article to an eligible taxpayer shall be
3 two hundred fifty dollars for each new job at a new value-
4 added steel product manufacturing facility located in this
5 state, or at a new value-added steel product line of an
6 existing manufacturing facility located in this state, that is
7 filled by a full-time employee of the eligible taxpayer
8 during the taxable year, subject to the following:

9 (1) When the new value-added steel product
10 manufacturing facility, or the new steel product line of
11 an existing value-added steel product manufacturing
12 facility, is in operation for less than twelve months of the
13 taxable year in which it is placed in service, the credit
14 allowed by subsection (a) of this section shall be prorated
15 by the ratio that the number of months in the taxpayer's
16 taxable year during which the new value-added steel
17 products facility, or the new products line of an existing
18 value-added steel product manufacturing facility, was in
19 service bears to twelve.

20 (2) When the eligible taxpayer stops manufacturing
21 value-added steel products at the new value-added steel
22 product manufacturing facility, or at the new steel product
23 line of an existing value-added steel product
24 manufacturing facility, during the taxable year, the credit
25 allowed by subsection (a) of this section shall be prorated
26 by the ratio that the number of months in the taxpayer's
27 taxable year during which the new value-added steel
28 products facility, or the new products line of an existing
29 value-added steel product manufacturing facility, was in
30 operation manufacturing value-added steel product bears
31 to twelve.

32 (3) When determining the number of full-time
33 employees who fill new jobs at the new value-added steel
34 product manufacturing facility located in this state, or who
35 fill new jobs at a new value-added steel product line of an

36 existing manufacturing facility located in this state, the
37 eligible taxpayer shall not include any position occupied
38 by any employee of the eligible taxpayer, or of a related
39 person, which existed in this state as of the first day of the
40 second calendar month preceding the calendar month in
41 which the new value-added steel product manufacturing
42 facility, or a new value-added steel product line at an
43 existing value-added steel products manufacturing facility
44 first becomes operational, whether such positions are filled
45 by permanent, seasonal, temporary or part-time
46 employees.

47 (4) The amount of credit allowable each taxable year
48 shall be calculated annually based upon the number of
49 new jobs filled by full-time employees during the taxable
50 year: *Provided*, That the credit provided for in this article
51 may only be taken one time for each new job created, and
52 once claimed in a tax year for a new job the credit may
53 not be claimed in a subsequent year for that position.

54 (b) *Expiration of credit.* — This credit shall expire on
55 the first day of July, two thousand five. When the first day
56 of July in the year two thousand five falls during the
57 taxable year of the eligible taxpayer, the amount of credit
58 allowable for that taxable year shall be limited to that
59 portion of the amount of credit that would have been
60 allowable had the credit not expired multiplied by the
61 ratio of the number of months during taxpayers taxable
62 year ending before the first day of July, two thousand five,
63 bears to twelve.

§11-13N-5. Application of annual credit allowance.

1 (a) *Application of credit against business franchise*
2 *tax.* — The amount of credit allowed under section four
3 of this article shall first be applied against the eligible
4 taxpayer's liability for the tax imposed by article twenty-
5 three of this chapter that is attributable to a new value-
6 added steel product manufacturing facility located in this
7 state and to a new value-added steel product production
8 line at an existing manufacturing facility located in this
9 state.

10 (b) *Application of remaining credit against income*

11 *tax.* — After application of the allowable credit against the
12 tax imposed by article twenty-three of this chapter, as
13 provided in subsection (a) of this section, any remaining
14 credit may be applied against the taxes imposed by article
15 twenty-one or twenty-four of this chapter to the extent
16 those taxes are attributable to a new value-added steel
17 product manufacturing facility located in this state and to
18 a new value-added steel product production line at an
19 existing manufacturing facility located in this state:
20 *Provided*, That no credit shall be allowed against employer
21 withholding taxes due under article twenty-one of this
22 chapter.

23 (c) *Excess credit carried over.* — If after application
24 of subsections (a) and (b) of this section, any credit
25 remains for the taxable year, the amount remaining may
26 be carried over and applied as a credit against the tax
27 liability of the taxpayer in accordance with this section to
28 each of the next five taxable years unless sooner used.
29 Unused credit may not be carried back to any prior
30 taxable year.

31 (d) *Application of this credit when other credits apply.*
32 — The credit allowed under this article shall be applied
33 after application of all other applicable tax credits allowed
34 for the taxable year against the taxes imposed by article
35 twenty-one, twenty-three or twenty-four of this chapter.

36 (e) *Completion of annual schedule to assert credit.* —
37 To assert this credit against tax, the eligible taxpayer shall
38 prepare and file with the annual tax return filed under
39 article twenty-one, twenty-three or twenty-four of this
40 chapter, an annual schedule showing the amount of tax
41 paid for the taxable year, and the amount of credit allowed
42 under this article. This annual schedule shall set forth the
43 information and be in the form prescribed by the tax
44 commissioner.

45 (f) *Payments of estimated tax.* — A taxpayer may
46 consider the amount of credit allowed under this article
47 when determining the taxpayer's liability under articles
48 twenty-one, twenty-three and twenty-four of this chapter
49 for periodic payments of estimated tax for the taxable
50 year, in accordance with the procedures and requirements

51 prescribed by the tax commissioner. The annual total tax
52 liability and total tax credit allowed under this article are
53 subject to adjustment and reconciliation pursuant to the
54 filing of the annual schedule required by subsection (e) of
55 this section.

§11-13N-6. Proration of credit among partners, members of limited liability companies, or shareholders in small business corporations.

1 The amount of credit allowed under this article for the
2 taxable year to a partnership or limited liability company
3 classified as a partnership for the taxable year, or to an
4 electing small business corporation, that remains after
5 application the credit against the tax imposed by article
6 twenty-three of this chapter as provided in subsection (a),
7 section five of this article shall be allocated to the
8 individual partners, members or shareholders, as the case
9 may be, in proportion to their ownership interest in the
10 partnership, limited liability company or electing small
11 business corporation. The amount of credit allocated to
12 the individual partners, members or shareholders, as the
13 case may be, may be applied against the taxes imposed by
14 articles twenty-one and twenty-four of this chapter in
15 accordance with the rule set forth in subsection (b), section
16 five of this article.

§11-13N-7. Annual computation of the number of new jobs held by full-time employees.

1 (a) The eligible taxpayer shall annually determine the
2 number of new jobs held by full-time permanent
3 employees of the eligible taxpayer in the taxable year by
4 calculating the average number of full-time employees
5 holding jobs for each month of the taxable year by
6 averaging the beginning and ending monthly
7 employment of full-time employees, then totaling the
8 monthly averages and dividing that total by twelve.

9 (b) The eligible taxpayer shall also annually determine
10 the number of new jobs filled during the taxable year by
11 full-time employees of the eligible taxpayer employed
12 at a new value-added product manufacturing facility, or
13 at a new value-added steel product line at an existing

14 manufacturing facility, located in this state that is owned
15 or operated by the eligible taxpayer, by calculating the
16 average number of new jobs held by full-time employees
17 for each month of the taxable year by averaging the
18 beginning and ending monthly employment of full-time
19 employees holding new jobs, then totaling the monthly
20 averages and dividing that total by twelve.

21 (c) Preexisting jobs carried over from a corporation or
22 other entity merged with the taxpayer, and not reflective
23 of a true increase in the number of new jobs in West
24 Virginia, or preexisting jobs formerly in place with a
25 contract service provider which are taken over or
26 supplanted by the internal operations of the taxpayer, or
27 any other increase in the count of jobs in place with a
28 taxpayer which is not reflective of new jobs, as defined in
29 section two of this article, shall not count as new jobs for
30 purposes of the credit allowed under this article.

31 (d) The tax commissioner may prescribe by rule
32 alternative methods for determining the number of jobs
33 held by full-time permanent employees in the taxable year
34 upon a finding by the tax commissioner that an alternative
35 method is appropriate for ascertaining an accurate and
36 realistic determination of new jobs held by full-time
37 employees in the taxable year. For purposes of
38 prescribing alternative methods, the tax commissioner may
39 require the deduction or inclusion of jobs in place with
40 contract service providers that provide or at any time
41 provided any service to any eligible taxpayer or to any
42 member of the affiliated group related to any eligible
43 taxpayer or to any one or more entities related to the
44 eligible taxpayer: *Provided*, That deduction, or inclusion
45 of those jobs shall only pertain to jobs held by employees
46 of the contract service provider that are attributable or that
47 were formerly attributable to the service provided by the
48 contract service provider to the taxpayer. The tax
49 commissioner may require any deconsolidation of any
50 filing entity, or may require an alternative method based
51 on separate accounting, unitary combination, combination
52 of the affiliated group or combination of the taxpayer and
53 one or more entities related to the taxpayer, or any other
54 method determined by the tax commissioner to be

55 appropriate for ascertaining an accurate and realistic
56 determination of new jobs held by full-time employees in
57 the taxable year.

§11-13N-8. Availability of credit to successors.

1 (a) *Transfer or sale.* — When there is a transfer or sale
2 of the business assets of an eligible taxpayer to a successor
3 taxpayer which continues to operate the new value-added
4 steel product manufacturing facility located in this state,
5 or the new value-added steel product line of an existing
6 manufacturing facility located in this state, the successor
7 taxpayer is entitled to the credit allowed under this article:
8 *Provided,* That the successor taxpayer otherwise remains
9 in compliance with the requirements of this article for
10 entitlement to the credit.

11 (b) *Allocation of credit between eligible taxpayer and*
12 *successor eligible taxpayer.* — For any taxable year
13 during which a transfer, or sale of the business assets of an
14 eligible taxpayer to a successor taxpayer under this section
15 occurs, or a merger allowed under this section occurs, the
16 credit allowed under this article shall be apportioned
17 between the predecessor eligible taxpayer and the
18 successor taxpayer based on the number of days during
19 the taxable year that each taxpayer acted as the legal
20 employer of individuals filling new jobs for which the
21 credit allowed under this article is based and the number
22 of days during the taxable year that each taxpayer owned
23 the new value-added steel product manufacturing facility
24 located in this state, or the new value-added steel product
25 line of an existing manufacturing facility located in this
26 state.

27 (c) *Stock purchases.* — When a corporation which is
28 an eligible taxpayer entitled to the credit allowed under
29 this article is purchased through a stock purchase by a new
30 owner, and the corporation remains a legal entity so as to
31 retain its corporate identity, the entitlement of that
32 corporation to the credit allowed under this article will not
33 be affected by the ownership change.

34 (d) *Mergers.* —

35 (1) When a corporation or other entity which is an
36 eligible taxpayer entitled to the credit allowed under this
37 article is merged with another corporation, or entity, the
38 surviving corporation, or entity, shall be entitled to the
39 credit to which the predecessor eligible taxpayer was
40 originally entitled only if the surviving corporation, or
41 entity, otherwise complies with the provisions of this
42 article.

43 (2) The amount of credit available in any taxable year
44 during which a merger occurs shall be apportioned
45 between the predecessor eligible taxpayer and the
46 successor eligible taxpayer based on the number of days
47 during the taxable year that each taxpayer acted as the
48 legal employer of employees holding the new jobs upon
49 which the credit allowed under this article is based and the
50 number of days during the taxable year that each owned
51 the transferred business assets: *Provided*, That when the
52 taxable year of the predecessor eligible taxpayer and the
53 taxable year of the successor eligible taxpayer are
54 different, the apportionment shall be made in accordance
55 with legislative rules prescribed by the tax commissioner.

56 (e) No provision of this section or of this article shall
57 be construed to allow sales or other transfers of the tax
58 credit allowed under this article. The credit allowed under
59 this article may be transferred only in circumstances where
60 there is a valid successorship as described under this
61 section.

§11-13N-9. Credit recapture; interest; penalties; additions to tax; statute of limitations.

1 (a) If it appears upon audit or otherwise that any
2 person has improperly claimed the credit allowed by this
3 article, the amount improperly claimed and which the
4 person was not entitled to take shall be recaptured.
5 Amended returns shall be filed for any taxable year for
6 which the credit was improperly taken. Any additional
7 taxes due under this chapter shall be remitted with the
8 amended return or returns filed with the tax commissioner,
9 along with interest, as provided in section seventeen, article
10 ten of this chapter, and a ten percent penalty plus such
11 other penalties and additions to tax as may be applicable
12 under the provisions of article ten of this chapter.

13 (b) *Recapture for jobs lost.* —

14 (1) In any tax year the number of individuals
15 employed in full-time positions by the eligible taxpayer
16 decreases by more than ten percent, credit recapture shall
17 apply, and the taxpayer shall return to the state an amount
18 of tax determined by multiplying five hundred dollars by
19 the number of full-time jobs lost which exceed ten
20 percent. An amended return shall be filed for the tax year
21 for which credit recapture is required. Any additional
22 taxes due under this chapter shall be remitted with the
23 amended return filed with the tax commissioner, along
24 with interest, as provided in section seventeen, article ten of
25 this chapter, and a ten percent penalty plus such other
26 penalties and additions to tax as may be applicable under
27 the provisions of article ten of this chapter.

28 (2) Notwithstanding the provisions of article ten of this
29 chapter, penalties and additions to tax imposed under
30 article ten of this chapter and the ten percent penalty
31 imposed under this section may be waived, in whole or in
32 part, at the discretion of the tax commissioner. However,
33 interest may not be waived.

34 (c) Notwithstanding the provisions of article ten of this
35 chapter, the time within which a notice of assessment may
36 be issued by the tax commissioner to recover recapture tax
37 shall be five years from the date of filing of any tax return
38 on which this credit was taken or five years from the date
39 of payment of any tax liability calculated pursuant to the
40 assertion of the credit allowed under this article, whichever
41 is later.

§11-13N-10. Administrative rules.

1 The tax commissioner may prescribe such rules as
2 may be necessary to carry out the purposes of this article,
3 including, but not limited to, rules relating to applicability
4 of credit, method of claiming of credit, credit recapture,
5 documentation necessary to claim credit and rules
6 preventing abuse of this article by related persons or by
7 change in the form of doing business. All rules
8 promulgated under this article shall be promulgated in
9 accordance with article three, chapter twenty-nine-a of
10 this code.

§11-13N-11. Construction of article.

1 The provisions of this article shall be reasonably
2 construed. The burden of proof is on the person claiming
3 the credit allowed by this article to establish by clear and
4 convincing evidence that the person is entitled to the
5 amount of credit asserted for the taxable year.

§11-13N-12. Effective date.

1 This article shall be effective for taxable years
2 beginning on or after the first day of July, one thousand
3 nine hundred ninety-eight.
