53 than the prepaid limited health service organization, the

§33-25D-5. Issuance of certificate of authority.

18 (b) The commissioner shall issue or deny a certificate of
19 authority to any person filing an application within one hundred
20 twenty days after receipt of the application. Issuance of a

27 (2) The prepaid limited health service organization will
28 effectively provide or arrange for the provision of no more than
29 four limited health services on a prepaid basis except for
30 copayments: *Provided*, That nothing in this section relieves a
31 prepaid limited health service organization from the obligations
32 to provide a limited health service because of the nonpayment
33 of copayments unless the enrollee fails to make payment in at
34 least three instances over any twelve-month period: *Provided*,
35 *however*, That nothing in this section permits a prepaid limited
36 health service organization to charge copayments to medicare

38 copayments permitted under those programs, nor is a prepaid
39 limited health service organization required to provide a limited
40 health service to medicare beneficiaries or medicaid recipients
41 in excess of the benefits compensated under those programs;

42 (3) The prepaid limited health service organization is
43 financially responsible and may reasonably be expected to meet

55 contract period for which payment has been made, except that
56 benefits to members who are confined on the date of insolvency
57 in an inpatient facility shall be continued until their discharge;
58 and

59 (D) Any agreement with providers for the provision of
60 limited health care services;

61 (4) The enrollees will be afforded an opportunity to
62 participate in matters of policy and operation pursuant to
63 section eight of this article;

64 (5) The prepaid limited health service organization has
65 demonstrated that it will assume full financial risk on a pro-
66 spective basis for the provision of no more than four limited
67 health services: *Provided*, That notwithstanding the requirement
68 of this subdivision, a prepaid limited health service organization
69 may obtain reinsurance acceptable to the commissioner from an
70 accredited reinsurer or make other arrangements:

71 (A) For the cost of providing to any enrollee limited health
72 services, the aggregate value of which exceeds four thousand
73 dollars in any year;

74 (B) For the cost of providing no more than four limited
75 health services to its enrollees on a nonelective emergency
76 basis; or

77 (C) For not more than ninety-five percent of the amount by
78 which the prepaid limited health service organization's costs for
79 any of its fiscal years exceed one hundred five percent of its
80 income for those fiscal years;

81 (6) The ownership, control and management of the prepaid
82 limited health service organization is competent and trustwor-
83 thy and possesses managerial experience that would make the
84 proposed organization operation beneficial to the subscribers.
85 The commissioner may, at his or her discretion, refuse to grant
86 or continue authority to transact the business of a prepaid

87 limited health service organization in this state at any time
88 during which the commissioner has probable cause to believe
89 that the ownership, control or management of the organization
90 includes any person whose business operations are or have been
91 marked by business practices or conduct that is to the detriment
92 of the public, stockholders, investors or creditors; and

93 (7) The prepaid limited health service organization has
94 deposited and maintained in trust with the state treasurer, for

96 cash or government securities eligible for the investment of
97 capital funds of domestic insurers as described in section seven,
98 article eight of this chapter in the amount of fifty thousand
99 dollars.

100 (c) A certificate of authority may be denied only after
101 compliance with the requirements of section twenty-three of
102 this article.

103 (d) No person who has not been issued a certificate of
104 authority may use the words "prepaid limited health service
105 organization" or the initials "PLHSO" in its name, contracts,
106 logo or literature: *Provided*, That persons who are operating
107 under a contract with, operating in association with, enrolling
108 enrollees for, or otherwise authorized by a prepaid limited
109 health service organization licensed under this article to act on
110 its behalf may use the terms "prepaid limited health service
111 organization" or "PLHSO" for the limited purpose of denoting
112 or explaining their association or relationship with the autho-
113 rized prepaid limited health service organization. No prepaid
114 limited health service organization which has a minority of
115 board members who are consumers may use the words "con-
116 sumer controlled" in its name or in any way represent to the
117 public that it is controlled by consumers.

§33-25D-6. Minimum capital.

1 (a) Each prepaid limited health service organization shall
2 have and maintain fully paid-in capital stock, if a for-profit
3 stock corporation, or statutory surplus funds, if a nonprofit
4 corporation, totaling at least:

5 (1) The greater of two hundred fifty thousand dollars or ten
6 percent of its expenses for the previous twelve-month period as
7 reported in its most recent financial statement filed pursuant to
8 subsection (a), section twelve of this article, with respect to
9 each limited health service for which the organization will not
10 offer inpatient services up to a maximum total for all limited
11 health services of the required capital and surplus for an insurer
12 under article three, section five-b of this chapter; and

13 (2) The greater of one million dollars or ten percent of its
14 expenses for the previous twelve-month period as reported in its
15 most recent financial statement filed pursuant to subsection (a),
16 section twelve of this article, with respect to each limited health
17 service for which the organization will offer inpatient services
18 up to a maximum total for all limited health services of the
19 required capital and surplus for an insurer under article three,
20 section five-b of this chapter.

21 (b) For purposes of this section, “expenses” means those
22 costs set forth by the national association of insurance commis-
23 sioners (NAIC) in the statement of revenues, expenses and net
24 worth contained in the annual statement instruction—limited
25 health service organization and the official NAIC annual
26 statement blanks—limited health service organization.

§33-25D-7. Powers of organization.

1 (a) Upon obtaining a certificate of authority as required
2 under this article, a prepaid limited health service organization
3 may enter into limited health service contracts in this state and
4 engage in any activities, consistent with the purposes and
5 provisions of this article, which are necessary to the perfor-
6 mance of its obligations under such contracts, subject to the
7 limitations provided for in this article: *Provided*, That nothing
8 in this article authorizes any prepaid limited health service
9 organization to transact any insurance other than that for which
10 the organization is granted a certificate of authority under this
11 article.

12 (b) The commissioner may propose rules for legislative
13 approval in accordance with the provisions of article three,

14 chapter twenty-nine-a of this code, limiting or regulating the
15 powers of prepaid limited health service organizations which he
16 or she finds to be in the public interest.

§33-25D-8. Governing body; enrollee participation.

1 (a) The governing body of any prepaid limited health
2 service organization may include enrollees, providers, or other
3 individuals.

4 (b) The governing body shall establish a mechanism to
5 afford the enrollees an opportunity to participate in matters of
6 policy and operation through the establishment of advisory
7 panels, by the use of advisory referenda on major policy
8 decisions, or through the use of other mechanisms as may be
9 prescribed by the commissioner.

§33-25D-9. Fiduciary responsibilities of managers; fidelity bond.

1 (a) Any director, officer or other manager of a prepaid
2 limited health service organization who receives, collects,
3 disburses or invests funds in connection with the activities of
4 the organization is responsible for the funds in a fiduciary
5 relationship to the enrollees.

6 (b) A prepaid limited health service organization shall
7 maintain a blanket fidelity bond covering all directors, officers,
8 managers and employees of the organization who receive,
9 collect, disburse or invest funds in connection with the activi-
10 ties of the organization, issued by an insurer licensed in this
11 state or, if the fidelity bond required by this subdivision is not
12 available from an insurer licensed in this state, a fidelity bond
13 procured by an excess line broker licensed in this state, in an
14 amount at least equal to the minimum amount of fidelity
15 insurance as provided in the national association of insurance
16 commissioners handbook, as amended, or as the commissioner
17 may by rule, propose for legislative approval in accordance
18 with the provisions of article three, chapter twenty-nine-a of
19 this code, require.

§33-25D-10. Provider contracts.

1 (a) A prepaid limited health service organization shall file
2 with the commissioner any contracts made with providers of a

3 limited health service, enabling the prepaid limited health
4 service organization to provide limited health services autho-
5 rized under this article. The commissioner may require the
6 immediate cancellation of a contract or the immediate renegoti-
7 ation of a contract by the parties if he or she determines that a
8 contract provides for excessive payments, fails to include
9 reasonable incentives for cost control, or otherwise substan-
10 tially and unreasonably contributes to escalation of the costs of
11 providing a limited health service to enrollees.

12 (b) Whenever a contract exists between a prepaid limited
13 health service organization and a provider and the organization
14 fails to meet its obligations to pay fees for services already
15 rendered to a subscriber, the prepaid limited health service
16 organization is liable for the fee or fees rather than the sub-
17 scriber; and the contract shall state that liability.

18 (c) No enrollee of a prepaid limited health service organiza-
19 tion is liable to any provider of a limited health service for any
20 service covered by the prepaid limited health service organiza-
21 tion if at any time during the provision of the service, the
22 provider or its agents are aware the individual to whom the
23 service is provided is an enrollee of a prepaid limited health
24 service organization.

25 (d) If at any time during the provision of a limited health
26 service, a provider or its agents are aware that the subscriber is
27 a prepaid limited health service organization enrollee for the
28 service provided, the provider of services or any agent or
29 representative of the provider may not collect or attempt to
30 collect from a subscriber any money for services covered by a
31 prepaid limited health service organization, and no provider or
32 agent or representative of the provider may maintain any action
33 at law against a subscriber of a prepaid limited health service
34 organization to collect money owed to the provider by a prepaid
35 limited health service organization.

36 (e) Every contract between a prepaid limited health service
37 organization and a provider of a limited health service shall be
38 in writing and shall contain a provision that the subscriber is not
39 liable to the provider for any services covered by the sub-

40 scriber's contract with the prepaid limited health service
41 organization.

42 (f) The provisions of this section do not apply to the amount
43 of any deductible or copayment not payable by the prepaid
44 limited health service organization pursuant to its contract with
45 its subscriber.

46 (g) When a subscriber receives covered emergency health
47 care services from a noncontracting provider, the prepaid
48 limited health service organization is responsible for payment
49 of the provider's normal charges for the health care services,
50 exclusive of any applicable deductibles or copayments.

51 (h) For all provider contracts executed on or after the
52 effective date of this article and within one hundred eighty days
53 of that date for contracts in existence on that date:

54 (1) The contracts shall provide that the provider provide
55 sixty days advance written notice to the prepaid limited health
56 service organization and the commissioner before canceling the
57 contract with the prepaid limited health service organization for
58 any reason; and

59 (2) The contract shall provide that nonpayment for goods or
60 services rendered by the provider to the prepaid limited health
61 service organization is not a valid reason for avoiding the sixty-
62 day advance notice of cancellation.

63 (i) Upon receipt by the prepaid limited health service
64 organization of a sixty-day cancellation notice, the prepaid
65 limited health service organization may, if requested by the
66 provider, terminate the contract in less than sixty days if the
67 prepaid limited health service organization is not financially
68 impaired or insolvent.

**§33-25D-11. Evidence of coverage; review of enrollee records;
charges for limited health services; cancellation of
contract by enrollee.**

1 (a)(1) Every enrollee is entitled to evidence of coverage in
2 accordance with this section. The prepaid limited health service
3 organization or its designated representative shall issue the
4 evidence of coverage.

5 (2) No evidence of coverage, or amendment thereto, shall
6 be issued or delivered to any person in this state until a copy of
7 the form of the evidence of coverage, or amendment thereto,
8 has been filed with and approved by the commissioner.

9 (3) An evidence of coverage shall contain a clear, concise
10 and complete statement of:

11 (A) The limited health service and the insurance or other
12 benefits, if any, to which the enrollee is entitled;

13 (B) Any exclusions or limitations on the service, kind of
14 service, benefits, or kind of benefits, to be provided, including
15 any copayments;

16 (C) Where and in what manner information is available as
17 to how a service may be obtained: *Provided*, That with respect
18 to any limited health service for which inpatient services,
19 hospital surgical services or emergency services are provided,
20 the evidence of coverage shall contain a definition of inpatient
21 services, hospital surgical services or emergency services,
22 respectively; describe procedures for determination by the
23 prepaid limited health service organization of whether the
24 services qualify for reimbursement as inpatient services,
25 hospital surgical services or emergency services; and contain
26 specific examples of situations in which the services would be
27 made available;

28 (D) The total amount of payment and copayment, if any, for
29 the limited health service and the indemnity or service benefits,
30 if any, which the enrollee is obligated to pay with respect to
31 individual contracts, or an indication whether the plan is
32 contributory or noncontributory with respect to group certifi-
33 cates;

34 (E) A description of the prepaid limited health service
35 organization's method for resolving enrollee grievances; and

36 (F) The following exact statement in bold print:

37 "Each subscriber or enrollee, by acceptance of the benefits
38 described in this evidence of coverage, consents to the examina-
39 tion of his or her medical records for purposes of utilization

40 review, quality assurance and peer review by the prepaid
41 limited health service organization or its designee.”

42 (4) Any subsequent approved change in an evidence of
43 coverage shall be issued to each enrollee.

44 (5) A copy of the form of the evidence of coverage to be
45 used in this state, and any amendment thereto, is subject to the
46 filing and approval requirements of subdivision (2), subsection
47 (a) of this section, unless the commissioner promulgates a rule
48 dispensing with this requirement or unless it is subject to the
49 jurisdiction of the commissioner under the laws governing
50 health insurance or hospital, medical, dental or health service
51 corporations, in which event the filing and approval provisions
52 of those laws apply. To the extent, however, that those provi-
53 sions do not apply the requirements in subdivision (3), subsec-
54 tion (a) of this section, are applicable.

55 (b)(1) Premiums for each limited health service offered
56 may be established in accordance with actuarial principles:
57 *Provided*, That premiums may not be excessive, inadequate, or
58 unfairly discriminatory. A certification by a qualified independ-
59 ent actuary shall accompany a rate filing for each limited health
60 service offered and shall certify that:

61 (A) The rates are neither inadequate nor excessive nor
62 unfairly discriminatory;

63 (B) That the rates are appropriate for the classes of risks for
64 which they have been computed;

65 (C) Provide an adequate description of the rating methodol-
66 ogy showing that the methodology follows consistent and
67 equitable actuarial principles; and

68 (D) The rates being charged are actuarially adequate to the
69 end of the period for which rates have been guaranteed.

70 (2) In determining whether the charges are reasonable, the
71 commissioner shall consider whether the prepaid limited health
72 service organization has:

73 (A) Made a vigorous, good faith effort to control rates paid
74 to limited health service providers;

75 (B) Established a premium schedule, including copayments,
76 if any, which encourages enrollees to seek out preventive
77 limited health services; and

78 (C) Made a good faith effort to secure arrangements
79 whereby the limited health service can be obtained by subscrib-
80 ers from local providers to the extent that the providers offer the
81 services.

82 (c) Rates for a particular limited health service are inade-
83 quate if the premiums derived from the rating structure, plus
84 investment income, copayments, and revenues from coordina-
85 tion of benefits and subrogation, fees-for-service and reinsur-
86 ance recoveries are not set at a level at least equal to the
87 anticipated cost of benefits for the limited health service during
88 the period for which the rates are to be effective and the other
89 expenses which would be incurred if other expenses were at the
90 level for the current or nearest future period during which the
91 prepaid limited health service organization is projected to make
92 a profit. For this analysis, total investment income added to
93 premiums, copayments and revenues from coordination of
94 benefits and subrogation, fees-for-service and reinsurance
95 recoveries with respect to all limited health services offered
96 may not exceed three percent of the prepaid limited health
97 service organization's total projected revenues.

98 (d) The commissioner shall within a reasonable period
99 approve any form if the requirements of subsection (a) of this
100 section are met and any schedule of charges if the requirements
101 of subsections (b) and (c) of this section are met. It is unlawful
102 to issue the form or to use the schedule of charges until ap-
103 proved. If the commissioner disapproves of the filing, he or she
104 shall notify the filer promptly. In the notice, the commissioner
105 shall specify the reasons for his or her disapproval and the
106 findings of fact and conclusions which support his or her
107 reasons. A hearing will be granted by the commissioner within
108 forty-five days after a request in writing, by the person filing,
109 has been received by the commission. If the commissioner does
110 not disapprove any form or schedule of charges within sixty
111 days of the filing of the forms or charges, they are approved.

112 (e) The commissioner may require the submission of
113 whatever relevant information in addition to the schedule of
114 charges which he or she considers necessary in determining
115 whether to approve or disapprove a filing made pursuant to this
116 section.

117 (f) An individual enrollee may cancel a contract with a
118 prepaid limited health service organization at any time for any
119 reason: *Provided*, That a prepaid limited health service organi-
120 zation may require that the enrollee give thirty days advance
121 notice: *Provided, however*, That an individual enrollee whose
122 premium rate was determined pursuant to a group contract may
123 cancel a contract with a prepaid limited health service organiza-
124 tion pursuant to the terms of that contract.

§33-25D-12. Annual and quarterly reports.

1 (a) Every prepaid limited health service organization shall
2 comply with and is subject to the provisions of section fourteen,
3 article four of this chapter relating to filing of financial state-
4 ments with the commissioner and the national association of
5 insurance commissioners. The annual financial statement
6 required by that section shall include, but not be limited to, the
7 following:

8 (1) A statutory financial statement of the organization,
9 including its balance sheet and receipts and disbursements for
10 the preceding year certified by an independent certified public
11 accountant, reflecting at least:

12 (A) All prepayment and other payments received for
13 limited health services rendered;

14 (B) Expenditures to all providers, by classes or groups of
15 providers, and insurance companies or nonprofit health service
16 plan corporations engaged to fulfill obligations arising out of
17 the limited health service contract;

18 (C) Expenditures for capital improvements, or additions
19 thereto, including, but not limited to, construction, renovation
20 or purchase of facilities and capital equipment; and

21 (D) The organization's fidelity bond;

22 (2) The number of new enrollees enrolled during the year,
23 the number of enrollees as of the end of the year and the
24 number of enrollees terminated during the year on a form
25 prescribed by the commissioner;

26 (3) A summary of information compiled pursuant to
27 subdivision (3), subsection (a), section five of this article in
28 such form as the commissioner requires;

29 (4) A report of the names and residence addresses of all
30 persons set forth in subdivision (3), subsection (d), section three
31 of this article who were associated with the prepaid limited
32 health service organization during the preceding year, and the
33 amount of wages, expense reimbursements, or other payments
34 to those individuals for services to the prepaid limited health
35 service organization, including a full disclosure of all financial
36 arrangements during the preceding year required to be disclosed
37 pursuant to subdivision (3), subsection (d), section three of this
38 article; and

39 (5) Other information relating to the performance of the
40 prepaid limited health service organization as is reasonably
41 necessary to enable the commissioner to carry out his or her
42 duties under this article.

§33-25D-13. Annual report to enrollees.

1 Every prepaid limited health service organization or its
2 representative shall annually, before the first day of April,
3 provide to each enrollee a summary of: Its most recent annual
4 financial statement, including a balance sheet and statement of
5 receipts and disbursements; a description of the prepaid limited
6 health service organization, each limited health service offered,
7 its facilities and personnel for each limited health service
8 offered, any material changes therein since the last report, the
9 current evidence of coverage for each limited health service for
10 which the enrollee is enrolled, and a clear and understandable
11 description of the prepaid limited health service organization's
12 method for resolving enrollee complaints: *Provided*, That with
13 respect to enrollees who have been enrolled through contracts
14 between a prepaid limited health service organization and an

15 employer, the prepaid limited health service organization
16 satisfies the requirement of this section by providing the
17 requisite summary to each enrolled employee: *Provided,*
18 *however,* That with respect to medicaid recipients enrolled
19 under a group contract between a prepaid limited health service
20 organization and the governmental agency responsible for
21 administering the medicaid program, the prepaid limited health
22 service organization satisfies the requirement of this section by
23 providing the requisite summary to each local office of the
24 governmental agency responsible for administering the
25 medicaid program for inspection by enrollees of the prepaid
26 limited health service organization.

§33-25D-14. Grievance procedure.

1 (a) A prepaid limited health service organization shall
2 establish and maintain a grievance procedure, which has been
3 approved by the commissioner, to provide adequate and
4 reasonable procedures for the expeditious resolution of written
5 grievances initiated by enrollees concerning any matter relating
6 to any provisions of the organization's limited health service
7 contracts, including, but not limited to, claims regarding the
8 scope of coverage for health care services; denials, cancella-
9 tions or nonrenewals of enrollee coverage; observance of an
10 enrollee's rights as a patient; and the quality of the health care
11 services rendered.

12 (b) A detailed description of the prepaid limited health
13 service organization's subscriber grievance procedure shall be
14 included in all group and individual contracts as well as any
15 certificate or member handbook provided to subscribers. This
16 procedure shall be administered at no cost to the subscriber. A
17 prepaid limited health service organization subscriber grievance
18 procedure shall include the following:

19 (1) Both informal and formal steps shall be available to
20 resolve the grievance. A grievance is not considered formal
21 until a written grievance is executed by the subscriber or
22 completed on forms prescribed and received by the prepaid
23 limited health service organization;

24 (2) Each prepaid limited health service organization shall
25 designate at least one grievance coordinator who is responsible
26 for the implementation of the prepaid limited health service
27 organization's grievance procedure;

28 (3) Phone numbers shall be specified by the prepaid limited
29 health service organization for the subscriber to call to present
30 an informal grievance or to contact the grievance coordinator.
31 Each phone number shall be toll free within the subscriber's
32 geographic area and provide reasonable access to the prepaid
33 limited health service organization without undue delays. There
34 shall be an adequate number of phone lines to handle incoming
35 grievances;

36 (4) An address shall be included for written grievances;

37 (5) Each level of the grievance procedure shall have some
38 person with problem solving authority to participate in each
39 step of the grievance procedure;

40 (6) The prepaid limited health service organization shall
41 process the formal written subscriber grievance through all
42 phases of the grievance procedure in a reasonable length of time
43 not to exceed forty-five days, unless the subscriber and prepaid
44 limited health service organization mutually agree to extend the
45 time frame. If the complaint involves the collection of informa-
46 tion outside the service area, the prepaid limited health service
47 organization has thirty additional days to process the subscriber
48 complaint through all phases of the grievance procedure. The
49 time limitations prescribed in this subdivision requiring
50 completion of the grievance process within sixty days are tolled
51 after the prepaid limited health service organization has notified
52 the subscriber, in writing, that additional information is
53 required in order to properly complete review of the grievance.
54 Upon receipt by the prepaid limited health service organization
55 of the additional information requested, the time for completion
56 of the grievance process set forth in this subdivision resumes;

57 (7) The subscriber grievance procedure shall state that the
58 subscriber has the right to appeal to the commissioner within
59 thirty days of receipt by the subscriber of a written ruling by the

60 prepaid limited health service organization which denies, in
61 whole or in part, relief requested by the subscriber in a formal
62 written subscriber grievance. There shall be the additional
63 requirement that subscribers under a group contract between the
64 prepaid limited health service organization and a department or
65 division of the state shall first appeal to the state agency
66 responsible for administering the relevant program, and if either
67 party is not satisfied with the outcome of the appeal, the
68 unsatisfied party may appeal to the commissioner. The prepaid
69 limited health service organization shall provide the subscriber
70 a written notice of the right to appeal upon completion of the
71 full grievance procedure and supply the commissioner with a
72 copy of the final decision letter. A subscriber has thirty days
73 after receipt of the written notice to appeal to the commissioner
74 if the prepaid limited health service organization's ruling denies
75 the relief requested by the subscriber, in whole or in part;

76 (8) The prepaid limited health service organization shall
77 have provider involvement in reviewing grievances related to
78 a provider's services. Provider involvement in the grievance
79 process may not be limited to the subscriber's coordinating
80 provider, but shall include at least one other provider;

81 (9) The prepaid limited health service organization shall
82 offer to meet with the subscriber during the formal grievance
83 process. The location of the meeting shall be at the administra-
84 tive offices of the prepaid limited health service organization
85 within the service area or at a location within the service area
86 which is convenient to the subscriber;

87 (10) The prepaid limited health service organization may
88 not establish time limits of less than one year from the date of
89 occurrence for the subscriber to file a formal grievance. The
90 date of occurrence is the date upon which a claim, service or
91 other matter sought by the subscriber was denied by the prepaid
92 limited health service organization or date of occurrence of the
93 event which gave rise to the grievance;

94 (11) Each prepaid limited health service organization shall
95 maintain an accurate record of each formal grievance. Each
96 record shall include the following:

97 (A) A complete description of the grievance, the sub-
98 scriber's name and address, the provider's name and address
99 and the prepaid limited health service organization's name and
100 address;

101 (B) A complete description of the prepaid limited health
102 service organization's factual findings and conclusions after
103 completion of the full formal grievance procedure;

104 (C) A complete description of the prepaid limited health
105 service organization's conclusions pertaining to the grievance
106 as well as the prepaid limited health service organization's final
107 disposition of the grievance; and

108 (D) A statement as to which levels of the grievance
109 procedure the grievance has been processed and how many
110 more levels of the grievance procedure are remaining before the
111 grievance has been processed through the prepaid limited health
112 service organization's entire grievance procedure.

113 (12) Copies of the grievances and the responses thereto
114 shall be available to the commissioner and the public for
115 inspection for three years.

116 (c) Any subscriber grievance in which time is of the
117 essence shall be handled on an expedited basis, so that a
118 reasonable person would believe that a prevailing subscriber
119 would be able to realize the full benefit of a decision in his or
120 her favor.

121 (d) Each prepaid limited health service organization shall
122 submit to the commissioner an annual report in a form pre-
123 scribed by the commissioner which describes the grievance
124 procedure and contains a compilation and analysis of the
125 grievances filed, their disposition, and their underlying causes.

§33-25D-15. Prohibited practices.

1 (a) No prepaid limited health service organization, or
2 representative thereof, may cause or knowingly permit the use
3 of advertising which is untrue or misleading, solicitation which
4 is untrue or misleading, or any form of evidence of coverage
5 which is deceptive. No advertising may be used until it has been

6 approved by the commissioner. Advertising which has not been
7 disapproved by the commissioner within sixty days of filing is
8 considered approved. For purposes of this article:

9 (1) A statement or item of information is untrue if it does
10 not conform to fact in any respect which is or may be signifi-
11 cant to an enrollee of, or person considering enrollment in, a
12 prepaid limited health service organization;

13 (2) A statement or item of information is misleading,
14 whether or not it may be literally untrue, if, in the total context
15 in which the statement is made or the item of information is
16 communicated, the statement or item of information may be
17 reasonably understood by a reasonable person, not possessing
18 special knowledge regarding health care coverage, as indicating
19 any benefit or advantage or the absence of any exclusion,
20 limitation, or disadvantage of possible significance to an
21 enrollee of, or person considering enrollment in, a prepaid
22 limited health service organization, if the benefit or advantage
23 or absence of limitation, exclusion or disadvantage does not in
24 fact exist;

25 (3) An evidence of coverage is deceptive if the evidence of
26 coverage taken as a whole, and with consideration given to
27 typography and format, as well as language, causes a reasonable
28 person, not possessing special knowledge regarding prepaid
29 limited health service organizations, and evidences of coverage
30 therefor, to expect benefits, services or other advantages which
31 the evidence of coverage does not provide or which the prepaid
32 limited health service organization issuing the evidence of
33 coverage does not regularly make available for enrollees
34 covered under the evidence of coverage; and

35 (4) The commissioner may further define practices which
36 are untrue, misleading or deceptive.

37 (b)(1) No prepaid limited health service organization may
38 cancel or fail to renew the coverage of an enrollee except for:

39 (A) Failure to pay the charge for health care coverage;

40 (B) Termination of the prepaid limited health service
41 organization;

- 42 (C) Termination of the group plan;
- 43 (D) Enrollee moving out of the area served;
- 44 (E) Enrollee moving out of an eligible group; or
- 45 (F) Other reasons established in rules promulgated by the
- 46 commissioner.

47 (2) No prepaid limited health service organization may use
48 any technique of rating or grouping to cancel or fail to renew
49 the coverage of an enrollee. An enrollee shall be given thirty
50 days' notice of any cancellation or nonrenewal and the notice
51 shall include the reasons for the cancellation or nonrenewal:
52 *Provided*, That each enrollee moving out of an eligible group
53 shall be granted the opportunity to enroll in the prepaid limited
54 health service organization on an individual basis. A prepaid
55 limited health service organization may not disenroll an
56 enrollee for nonpayment of copayments unless the enrollee has
57 failed to make payment in at least three instances over any
58 twelve-month period: *Provided, however*, That the enrollee may
59 not be disenrolled if the disenrollment would constitute
60 abandonment of a patient. Any enrollee wrongfully disenrolled
61 shall be reenrolled.

62 (c)(1) No prepaid limited health service organization may
63 use in its name, contracts, logo or literature any of the words
64 "insurance," "casualty," "surety," "mutual" or any other words
65 which are descriptive of the insurance, casualty or surety
66 business or deceptively similar to the name or description of
67 any insurance or surety corporation doing business in this state:
68 *Provided*, That when a prepaid limited health service organiza-
69 tion has contracted with another insurer for any coverage
70 permitted by this article, it may so state; and

71 (2) No person who has not been issued a certificate of
72 authority under this article may use the words "prepaid limited
73 health service organization" or the initials "PLHSO" in its
74 name, contracts, logo or literature to imply, directly or indi-
75 rectly, that it is a prepaid limited health service organization or
76 hold itself out to be a prepaid limited health service organiza-
77 tion.

78 (d) The providers of a prepaid limited health service
79 organization who provide limited health services and the
80 prepaid limited health service organization do not have recourse
81 against enrollees for amounts above those specified in the
82 evidence of coverage as the periodic prepayment or copayment
83 for health care services.

84 (e) No prepaid limited health service organization may
85 discriminate in enrollment policies or quality of services against
86 any person on the basis of race, sex, age, religion, place of
87 residence, health status or source of payment: *Provided*, That
88 differences in rates based on valid actuarial distinctions,
89 including distinctions relating to age and sex, are not considered
90 discrimination in enrollment policies.

91 (f) (1) No agent of a prepaid limited health service organi-
92 zation or person selling enrollments in a prepaid limited health
93 service organization may sell an enrollment in a prepaid limited
94 health service organization unless the agent or person first
95 discloses in writing to the prospective purchaser the following
96 information using the following exact terms in bold print:

97 (A) “Services offered,” including any exclusions or
98 limitations;

99 (B) “Full cost,” including copayments;

100 (C) “Facilities available and hours of services”;

101 (D) “Transportation services”;

102 (E) “Disenrollment rate”; and

103 (F) “Staff,” including the names of all full-time staff
104 physicians, consulting specialists and inpatient facilities, if any,
105 associated with the prepaid limited health service organization.

106 (2) In any home solicitation, any three-day cooling-off
107 period applicable to consumer transactions generally applies in
108 the same manner as consumer transactions.

109 (3) The form disclosure statement may not be used in sales
110 until it has been approved by the commissioner. Any person
111 who fails to disclose the requisite information prior to the sale

112 of an enrollment may be held liable in an amount equivalent to
113 one year's subscription rate to the prepaid limited health service
114 organization, plus costs and a reasonable attorney's fee.

115 (g) No contract with an enrollee may prohibit an enrollee
116 from canceling his or her enrollment at any time for any reason
117 except that the contract may require thirty days' notice to the
118 prepaid limited health service organization.

119 (h) No contract with an enrollee may contain any provision
120 purporting to make any portion of the articles of incorporation,
121 charter, bylaws or other organizational document of the prepaid
122 limited health service organization a part of the contract unless
123 the provision is set forth in full in the contract.

124 (i) Any person who in connection with an enrollment
125 violates any subsection of this section may be held liable for an
126 amount equivalent to one year's subscription rate, plus costs
127 and a reasonable attorney's fee.

§33-25D-16. Agent licensing and appointment required; regulation of marketing.

1 (a) Prepaid limited health service organizations are subject
2 to the provisions of article twelve of this chapter.

3 (b) With respect to individual or group contracts covering
4 fewer than twenty-five subscribers, after a subscriber signs a
5 prepaid limited health service organization enrollment applica-
6 tion and before the prepaid limited health service organization
7 may process the application changing or initiating the sub-
8 scriber coverage, each prepaid limited health service organiza-
9 tion shall verify in writing, in a form prescribed by the commis-
10 sioner, the intent and desire of the individual subscriber to join
11 the prepaid limited health service organization. The verification
12 shall be conducted by someone outside the prepaid limited
13 health service organization's marketing department and shall
14 show that:

15 (1) The subscriber intends and desires to join the prepaid
16 limited health service organization;

17 (2) If the subscriber is a medicare or medicaid recipient, the
18 subscriber understands that by joining the prepaid limited

19 health service organization he or she will be limited to the
20 benefits provided by the prepaid limited health service organi-
21 zation, and medicare or medicaid will pay the prepaid limited
22 health service organization for the subscriber coverage;

23 (3) The subscriber understands the applicable restrictions
24 of prepaid limited health service organizations, especially that
25 he or she must use the prepaid limited health service organiza-
26 tion providers and secure approval from the prepaid limited
27 health service organization to use health care providers outside
28 the plan; and

29 (4) If the subscriber is a member of a prepaid limited health
30 service organization, the subscriber understands that he or she
31 is transferring to another prepaid limited health service organi-
32 zation.

33 (c) The prepaid limited health service organization may not
34 pay a commission, fee, money or any other form of scheduled
35 compensation to any health insurance agent until the sub-
36 scriber's application has been processed and the prepaid limited
37 health service organization has confirmed the subscriber's
38 enrollment by written notice in the form prescribed by the
39 commissioner. The confirmation notice shall be accompanied
40 by the evidence of coverage required by section eleven of this
41 article and shall confirm:

42 (1) The subscriber's transfer from his or her existing
43 coverage, such as from medicare, medicaid, another prepaid
44 limited health service organization, etc., to the new prepaid
45 limited health service organization; and

46 (2) The date enrollment begins and when benefits will be
47 available.

48 (d) The enrollment process is considered complete seven
49 days after the prepaid limited health service organization mails
50 the confirmation notice and evidence of coverage to the
51 subscriber. Each prepaid limited health service organization is
52 directly responsible for enrollment abuses.

53 (e) The commissioner may propose rules for legislative
54 approval in accordance with the provisions of article three,

55 chapter twenty-nine-a of this code, to regulate marketing of
56 prepaid limited health service organizations by persons com-
57 pensated directly or indirectly by the prepaid limited health
58 service organization. The rules may prohibit door-to-door
59 solicitations, may prohibit commission sales, and may provide
60 for other proscriptions required to effectuate the purposes of
61 this article.

**§33-25D-17. Powers of insurers, hospital service corporations,
medical service corporations, dental service
corporations, health service corporations and
health maintenance organizations.**

1 (a) An insurance company licensed in this state, a hospital,
2 medical, dental or health service corporation authorized to do
3 business in this state or a health maintenance organization
4 holding a certificate of authority under article twenty-five-a of
5 this article, after applying for and receiving a certificate of
6 authority as a prepaid limited health service organization, may
7 through a subsidiary or affiliate organize and operate a prepaid
8 limited health service organization under the provisions of this
9 article. Notwithstanding any other law to the contrary, any two
10 or more insurance companies, hospital, medical, dental or
11 health service corporations, health maintenance organizations
12 or subsidiaries or affiliates thereof, may jointly organize and
13 operate a prepaid limited health service organization. The
14 business of insurance is considered to include the providing of
15 health care by a prepaid limited health service organization
16 owned or operated by an insurer or a subsidiary of the insurer.

17 (b) Notwithstanding any provision of insurance, hospital,
18 medical, dental or health service corporation or health mainte-
19 nance organization laws, an insurer, a hospital, medical, dental
20 or health service corporation or a health maintenance organiza-
21 tion may contract with a prepaid limited health service organi-
22 zation to provide insurance or similar protection against the cost
23 of care provided through prepaid limited health service organi-
24 zations and to provide coverage in the event of the failure of the
25 prepaid limited health service organization to meet its obliga-
26 tions. The enrollees of a prepaid limited health service organi-

27 zation constitute a permissible group under those laws. Under
 28 the contracts, the insurer or hospital, medical, dental or health
 29 service corporation or health maintenance organization may
 30 make benefit payments to prepaid limited health service
 31 organizations for limited health services rendered by providers.

32 (c) Notwithstanding any provision of insurance, hospital,
 33 medical, dental or health service corporation or health mainte-
 34 nance organization laws, an insurer, a hospital, medical, dental
 35 or health service corporation or a health maintenance organiza-
 36 tion may exclude in any contract or policy issued to a group,
 37 any coverage which would duplicate the coverage of a prepaid
 38 limited health service organization, whether for services,
 39 supplies or reimbursement, to the extent that the coverage or
 40 service is provided in accordance with this chapter pursuant to
 41 a contract or policy issued to the same group or to a part of that
 42 group by a prepaid limited health service organization.

§33-25D-18. Examinations.

1 (a) The commissioner may make an examination of the
 2 affairs of any prepaid limited health service organization and
 3 providers with whom the organization has contracts, agree-
 4 ments or other arrangements as often as he or she considers it
 5 necessary for the protection of the interests of the people of this
 6 state but not less frequently than once every three years.

7 (b) The commissioner may contract with the department of
 8 health and human resources, any entity which has been accred-
 9 ited by a nationally recognized accrediting organization and has
 10 been approved by the commissioner to make examinations
 11 concerning the quality of health care services of any prepaid
 12 limited health service organization and providers with whom
 13 the organization has contracts, agreements or other arrange-
 14 ments, or any such entity contracted with by the department of
 15 health and human resources, as often as it considers necessary
 16 for the protection of the interests of the people of this state, but
 17 not less frequently than once every three years: *Provided*, That
 18 in making the examination, the department of health and human
 19 resources or the accredited entity shall utilize the services of
 20 persons or organizations with demonstrable expertise in
 21 assessing quality of health care.

22 (c) Every prepaid limited health service organization and
23 affiliated provider shall submit its books and records to the
24 examinations and in every way facilitate them. For the purpose
25 of examinations, the commissioner and the department of health
26 and human resources have all powers necessary to conduct the
27 examinations, including, but not limited to, the power to issue
28 subpoenas, the power to administer oaths to and examine the
29 officers and agents of the prepaid limited health service
30 organization and the principals of the providers concerning their
31 business.

32 (d) The prepaid limited health service organization is
33 subject to the provisions of section nine, article two of this
34 chapter in regard to the expense and conduct of examinations.

35 (e) In lieu of the examination, the commissioner may accept
36 the report of an examination made by another state.

37 (f) The expenses of an examination assessing quality of
38 health care under subsection (b) of this section and section
39 nineteen of this article shall be reimbursed pursuant to subdivi-
40 sion (5), subsection (i), section nine, article two of this chapter.

§33-25D-19. Quality assurance.

1 (a) Each prepaid limited health service organization shall
2 have in writing a quality assurance program approved by the
3 commissioner which describes the program's objectives,
4 organization and problem solving activities.

5 (b) The scope of the quality assurance program shall
6 include, at a minimum:

7 (1) Organizational arrangements and responsibilities for
8 quality management and improvement processes;

9 (2) A documented utilization management program;

19 sioner.

20 (c) This section becomes effective on the first day of May,
21 one thousand nine hundred ninety-nine.

§33-25D-20. Suspension or revocation of certificate of authority.

1 (a) The commissioner may suspend or revoke any certifi-
2 cate of authority issued to a prepaid limited health service
3 organization under this article if he or she finds that any of the
4 following conditions exist:

5 (1) The prepaid limited health service organization is
6 operating significantly in contravention of its basic organiza-
7 tional document, in any material breach of contract with an
8 enrollee, or in a manner contrary to that described in and
9 reasonably inferred from any other information submitted under
10 section three of this article unless amendments to the submis-
11 sions have been filed with an approval of the commissioner;

12 (2) The prepaid limited health service organization issues
13 an evidence of coverage or uses a schedule of premiums limited
14 health services which do not comply with the requirements of
15 section eleven of this article;

16 (3) The prepaid limited health service organization does not
17 provide or arrange for those limited health services which it has
18 contracted to provide to enrollees;

19 (4) The department of health and human resources or other
20 accredited entity certifies to the commissioner that:

21 (A) The prepaid limited health service organization is
22 unable to fulfill its obligations to furnish limited health services
23 as required under its contract with enrollees; or

24 (B) The prepaid limited health service organization does
25 not meet the requirements of subsection (a), section five of this
26 article;

27 (5) The prepaid limited health service organization is no
28 longer financially responsible and may reasonably be expected
29 to be unable to meet its obligations to enrollees or prospective
30 enrollees or is otherwise determined by the commissioner to be
31 in a hazardous financial condition;

32 (6) The prepaid limited health service organization has
33 failed to implement a mechanism affording the enrollees an
34 opportunity to participate in matters of policy and operation
35 under section eight of this article;

36 (7) The prepaid limited health service organization has
37 failed to implement the grievance procedure required by section
38 fourteen of this article in a manner to reasonably resolve valid
39 grievances;

41 person on its behalf, has advertised or merchandised its services

45 service organization would be hazardous to its enrollees;

46 (10) The prepaid limited health service organization has
47 otherwise failed to substantially comply with this article;

48 (11) The prepaid limited health service organization has
49 violated a lawful order of the commissioner; or

50 (12) The prepaid limited health service organization has
51 failed to implement or maintain a quality assurance program
52 considered satisfactory by the commissioner which meets the
53 minimum standards set forth in section nineteen of this article.

54 (b) A certificate of authority may be suspended or revoked
55 only after compliance with the requirements of section
56 twenty-three of this article.

57 (c) When the certificate of authority of a prepaid limited
58 health service organization is suspended, the prepaid limited
59 health service organization may not, during the period of the
60 suspension, enroll any additional enrollees except newborn

62 enrollees, and may not engage in any advertising or solicitation.

63 (d) When the certificate of authority of a prepaid limited
64 health service organization is revoked, the organization shall

66 of revocation, to terminate its affairs, and may conduct no
67 further business except as may be essential to the orderly
68 conclusion of the affairs of the organization. It may engage in
69 no further advertising or solicitation. The commissioner may,
70 by written order, permit further operation of the organization as
71 he or she may find to be in the best interests of enrollees, to the

8 the rehabilitation, liquidation or conservation of insurance
9 companies. The commissioner may apply for an order directing
10 him or her to rehabilitate, liquidate or conserve a prepaid
11 limited health service organization upon any one or more
12 grounds set out in the rehabilitation statutes or when, in his or
13 her opinion, the continued operation of the prepaid limited
14 health service organization would be hazardous either to the
15 enrollees or to the people of this state.

§33-25D-22. Rules.

1 The commissioner may propose rules for legislative
2 approval in accordance with the provisions of article three,
3 chapter twenty-nine-a of this code:

4 (1) To effectuate the purposes of this article and to prevent
5 circumvention and evasion thereof; and

6 (2) To define the commissioner's authority to consider the

§33-25D-23. Administrative procedures.

1 (a) When the commissioner has cause to believe that
2 grounds for the denial of an application for a certificate of
3 authority exist, or that grounds for the suspension or revocation
4 of a certificate of authority exist, he or she shall notify the
5 prepaid limited health service organization in writing specifi-

7 and fixing a time of at least twenty days thereafter for a hearing
8 on the matter.

9 (b) After the hearing, or upon the failure of the prepaid
10 limited health service organization to appear at the hearing, the
11 commissioner shall take action as is considered advisable on
12 written findings which shall be mailed to the prepaid limited

29 preventing the violation.

30 (2) Proceedings under this subsection are not governed by
31 any formal procedural requirements, and may be conducted in
32 a manner as the commissioner considers appropriate under the
