The state fire marshal may require applicants to supply affidavits or other documents attesting to the applicant’s qualifications from past employers, other electricians, engineers and others with knowledge of the applicant’s qualifications. The state fire marshal may make such other inquiries as he or she considers necessary to determine the qualifications of the applicant. An applicant expressly consents to such inquiries by the state fire marshal by his or her application.

For a second and each subsequent offense, the penalty and punishment is a fine of not less than five hundred dollars nor more than one thousand dollars.

Each day during which such electrical work is performed without the required license or while in noncompliance with any of the provisions of this article, after official notice that such work is unlawful, is a separate offense.
