H. B. 4450

(BY DELEGATES FLEISCHAUER, MAHAN, COMPTON, MANUEL, PERDUE AND WEBSTER)

[Passed March 6, 2002; in effect ninety days from passage.]

AN ACT to amend and reenact section twenty-two, article eighteen, chapter twenty-two of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to certification fee for hazardous waste generators; authorizing the fee to be set by legislative rule; setting forth fee requirements and limitations; establishing special revenue account; and authorizing first-year expenditures.

Be it enacted by the Legislature of West Virginia:

That section twenty-two, article eighteen, chapter twenty-two of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

ARTICLE 18. HAZARDOUS WASTE MANAGEMENT ACT.

(a) The net proceeds of all fines, penalties and forfeitures collected under this article shall be appropriated as directed by article XII, section 5 of the constitution of West Virginia. For the purposes of this section, the net proceeds of the fines, penalties and forfeitures shall be considered the proceeds remaining after deducting therefrom those sums appropriated by the Legislature for defraying the cost of administering this article. All permit application fees collected under this article shall be paid into the state treasury into a special fund designated "The Hazardous Waste Management Fund." In making the appropriation for defraying the cost of administering this article, the Legislature shall first take into account the sums included in that special fund prior to deducting additional sums as may be needed from the fines, penalties and forfeitures collected pursuant to this article.

(b) Effective on the first day of July, two thousand three, and each year after, there is imposed an annual certification fee for facilities that manage hazardous waste, as defined by the federal Resource Conservation and Recovery Act, as amended. The fee will be set by rule promulgated by the secretary in accordance with the provisions of article three, chapter twenty-nine-a of this code. The rule shall be a product of a negotiated rule-making process with the facilities subject to the rule. The rule shall, at a minimum, establish different fee rates for facilities based on criteria established in the rule. The total amount of fees generated shall raise no more funds than are necessary and adequate to meet the matching requirements for all federal grants which support the hazardous waste management program, but shall not exceed seven hundred thousand dollars per year.
(c) The revenues collected from the annual certification fee shall be deposited in the state treasury to the credit of the “Hazardous Waste Management Fee Fund,” which is hereby established. Moneys of the fund, together with any interest or other return earned thereon, shall be expended to meet the matching requirements of federal grant programs which support the hazardous waste management program. Expenditures from the fund shall be for the purposes set forth in this article and are not authorized from collections, but are to be made only in accordance with appropriation by the Legislature and in accordance with the provisions of article three, chapter twelve of this code and upon the fulfillment of the provisions set forth in article two, chapter five-a of this code: Provided, That for the fiscal year ending the thirtieth day of June, two thousand four, expenditures are authorized from collections rather than pursuant to an appropriation by the Legislature. Amounts collected which are found from time to time to exceed the funds needed for purposes set forth in this article may be transferred to other accounts by appropriation of the Legislature.
That Joint Committee on Enrolled Bills hereby certifies that the foregoing bill is correctly enrolled.
