In setting the assessments the primary consideration shall be the amount appropriated by the Legislature for the division of banking for the corresponding annual period. Reasonable notice of the assessments shall be made to all interested parties. All orders of the commissioner for the purpose of setting assessments are not subject to the provisions of the West Virginia
(d) For making an examination within the state of any other financial institution for which assessments are not provided by this code, the commissioner of banking shall charge and collect from such other financial institution and pay into the special revenue account for the division of banking the actual and necessary costs and expenses incurred in connection therewith, as fixed and determined by the commissioner. Banks that provide only trust or other nondepository services, nonbanking subsidiaries of bank holding companies that provide trust services, nonbanking subsidiaries of banks that provide trust services and any trust entity that is jointly owned by federally insured depository institutions may be assessed for necessary costs and expenses associated with an examination pursuant to this subsection.

(e) If the records of an institution are located outside this state, the institution at its option shall make them available to the commissioner at a convenient location within the state, or pay the reasonable and necessary expenses for the commissioner or his or her representatives to examine them at the place where they are maintained. The commissioner may designate representatives, including comparable officials of the state in which the records are located, to inspect them on his or her behalf.
