Persons who can demonstrate the existence or history of any medical or health conditions on the list promulgated by the board shall not be required to prove the evidence specified in said subdivision. §33-47-5. Unfair referral to plan.

It shall constitute an unfair trade practice for the purposes of article eleven of this chapter for an insurer, insurance agent or insurance broker to refer an individual employee to the plan, or arrange for an individual employee to apply to the plan, for the purpose of separating that employee from group health insurance coverage provided in connection with the employee's employment.

§33-47-6. Plan administrator.

(a) The board shall select a plan administrator through a competitive bidding process to administer the plan. The board shall evaluate bids submitted based on criteria established by the board which shall include:

Selection of the plan administrator for the succeeding
period shall be made at least six months prior to the end of the current period.

(c) The plan administrator shall perform such functions relating to the plan as may be assigned to it, including:

(1) Determination of eligibility;

(2) Payment of claims;

(3) Establishment of a premium billing procedure for collection of premium from persons covered under the plan; and

(4) Other necessary functions to assure timely payment of benefits to covered persons under the plan.

(d) The plan administrator shall submit regular reports to the board regarding the operation of the plan. The frequency, content and form of the report shall be specified in the contract between the board and the plan administrator.

(f) Notwithstanding any other provision in this section to the contrary, the board may elect to designate the public employees insurance agency as the plan administrator. If so designated, the public employees insurance agency shall provide the services set forth in subsection (c) of this section and shall be subject to the reporting requirements of subsections (d) and (e) of this section. The plan shall, if the public employees insurance agency is designated by the board as the plan administrator, reimburse health care providers at the same health care reimbursement rates then in effect for the West Virginia public employees insurance agency.
§33-47-7. Funding of the plan.

(a) *Premiums.* –

(1) The plan shall establish premium rates for plan coverage as provided in subdivision (2) of this subsection. Separate schedules of premium rates based on age, sex and geographical location may apply for individual risks. Premium rates and schedules shall be submitted to the commissioner for approval prior to use.

(2) The plan, with the assistance of the commissioner, shall determine a standard risk rate by considering the premium rates charged by other insurers offering health insurance coverage to individuals. The standard risk rate shall be established using reasonable actuarial techniques, and shall reflect anticipated experience and expenses for such coverage. Initial rates for plan coverage shall not be less than one hundred twenty-five percent of rates established as applicable for individual standard risks. Subject to the limits provided in this subdivision, subsequent rates shall be established to provide fully for the expected costs of claims including recovery of prior losses, expenses of operation, investment income of claim reserves, and any other cost factors subject to the limitations described herein. In no event shall plan rates exceed one hundred fifty percent of rates applicable to individual standard risks.

(b) *Sources of additional revenue.* –

(1) The plan may be additionally funded by an assessment on hospitals. Notwithstanding the provisions of subsection (c), section eight, article twenty-nine-b, chapter sixteen of this code and not to be construed as in conflict therewith, the health care authority is authorized to increase the assessment obligation of hospitals. The increase shall not exceed a maximum of twenty-five percent above the one tenth of one percent specified in this section. The entire assessment, including the in-
crease, shall be collected as specified in subsection (c), section eight, article twenty-nine-b, chapters sixteen of this code. Upon receipt of the assessment fees, the health care authority shall transfer all proceeds generated from the new fee collected to a special revenue account established in the state treasury by the commissioner and designated the “West Virginia Health Insurance Plan Account” for the sole purpose of providing additional funding for the plan.

1. (a) The plan shall offer health care coverage consistent with comprehensive coverage to every eligible person who is not eligible for medicare. The coverage to be issued by the plan, its schedule of benefits, exclusions and other limitations shall be established by the board and subject to the approval of the commissioner.

(b) In establishing the plan coverage, the board shall take into consideration the levels of health insurance coverage provided in the state and medical economic factors as may be deemed appropriate; and promulgate benefit levels, deductibles, coinsurance factors, exclusions and limitations determined to be generally reflective of and commensurate with health insurance coverage provided through a representative number of large employers in the state.

(c) The board may adjust any deductibles and coinsurance factors annually according to the medical component of the consumer price index.

(d) Preexisting conditions. –

1. (1) Plan coverage shall exclude charges or expenses incurred during the first six months following the effective date of coverage as to any condition for which medical advice, care or treatment was recommended or received as to such conditions during the six-month period immediately preceding the effective date of coverage, except that
no preexisting condition exclusion shall be applied to a federally defined eligible individual.

(2) Subject to subdivision (1) of this subsection, the preexisting condition exclusions shall be waived to the extent that similar exclusions, if any, have been satisfied under any prior health insurance coverage which was involuntarily terminated; provided, that:

(A) Application for pool coverage is made not later than sixty-three days following such involuntary termination and, in such case, coverage in the plan shall be effective from the date on which such prior coverage was terminated; and

(B) The applicant is not eligible for continuation or conversion rights that would provide coverage substantially similar to plan coverage.

(e) Nonduplication of benefits. –

(1) The plan shall be payer of last resort of benefits whenever any other benefit or source of third-party payment is available. Benefits otherwise payable under plan coverage shall be reduced by all amounts paid or payable through any other health insurance coverage and by all hospital and medical expense benefits paid or payable under any workers' compensation coverage, automobile medical payment or liability insurance, whether provided on the basis of fault or nonfault, and by any hospital or medical benefits paid or payable under or provided pursuant to any state or federal law or program.

(2) The plan shall have a cause of action against an eligible person for the recovery of the amount of benefits paid that are not for covered expenses. Benefits due from the plan may be reduced or refused as a set-off against any amount recoverable under this subdivision.

Neither the participation in the plan as participating insurers, the establishment of rates, forms or procedures
nor any other joint or collective action required by this
article shall be the basis of any legal action, criminal or
civil liability or penalty against the plan or any participat-
ing insurer.

§33-47-10. Taxation.

1 The plan established pursuant to this article shall be
2 exempt from the premium taxes assessed under sections
3 fourteen and fourteen-a, article three, chapter thirty-three.

§33-47-11. Continuation of model health plan for uninsurable
individuals.

1 The model health plan for uninsurable individuals shall
2 continue to exist, pursuant to the provisions of article ten,
3 chapter four of this code, until the first day of July, two
4 thousand seven, unless sooner terminated, continued or
5 reestablished pursuant to the provisions of that article.
