or (2) retain all employee contributions with accrued
interest and, if vested, his or her employer contributions
with interest and forfeit all service credit for the time

§12-6-5. Powers of the board.

The board may exercise all powers necessary or
appropriate, in accordance with the provisions of the
West Virginia Uniform Prudent Investor Act, codified as
article six-c, chapter forty-four of this code and section
eleven of this article, to carry out and effectuate its
corporate purposes, including, but not limited to, the
power to:

(1) Adopt and use a common seal and alter it at
pleasure;
(2) Sue and be sued;

(3) Enter into contracts and execute and deliver instruments;

(4) Acquire (by purchase, gift or otherwise), hold, use and dispose of real and personal property, deeds, mortgages and other instruments;

value. The securities in each investment fund are the
property of the board and each fund shall be considered
an investment pool or fund and may not be considered
a trust nor may the securities of the various investment
funds be considered held in trust. However, units in an
investment fund established by or sold by the board and

(22) Notwithstanding any other provision of the code
to the contrary, conduct investment transactions,

§12-6-9c. Authorization of additional investments.

Notwithstanding the restrictions which may otherwise
be provided by law with respect to the investment of
funds, all administrators, custodians or trustees of
pension funds other than the board, each political
subdivision of this state and each county board of
education may invest funds in the securities of or any
other interest in any investment company or investment
trust registered under the Investment Company Act of 1940, 15 U. S. C.§80a, the portfolio of which is limited: (i) To obligations issued by or guaranteed as to the payment of both principal and interest by the United States of America or its agencies or instrumentalities; and (ii) to repurchase agreements fully collateralized by obligations of the United States government or its agencies or instrumentalities: Provided, That the investment company or investment trust takes delivery of the collateral either directly or through an authorized custodian: Provided, however, That the investment company or investment trust is rated within one of the top two rating categories of any nationally recognized rating service such as Moody's or Standard & Poor's.

§12-6-12. Investment restrictions.

(a) The board shall hold in nonreal estate equity investments no more than seventy-five percent of the assets managed by the board and no more than seventy-five percent of the assets of any individual participant plan.

(b) In addition to any investments the board may make pursuant to subsection (h) of this section, the board shall hold in real estate equity investments no more than twenty-five percent of the assets managed by the board and no more than twenty-five percent of the assets of any individual participant plan: Provided, That any such investment be only made upon the recommendation by a professional, third-party fiduciary investment adviser registered with the Securities and Exchange Commission under the Investment Advisors Act of 1940, as amended, upon the approval of the board or a committee designated by the board, and upon the
execution of the transaction by a third-party investment manager: Provided, however, That the board's ownership interest in any fund is less than forty percent of the fund's assets at the time of purchase: Provided further, That the combined investment of institutional investors, other public sector entities and educational institutions and their endowments and foundations in the fund is in an amount equal to or greater than fifty percent of the board's total investment in the fund at the time of acquisition. For the purposes of this subsection, "fund" means a real estate investment trust traded on a major exchange of the United States of America, or a partnership, limited partnership, limited liability company or other entity holding or investing in related or unrelated real estate investments, at least three of which are unrelated and the largest of which is not greater than forty percent of the entity's holdings, at the time of purchase.

(c) The board shall hold in international securities no more than thirty percent of the assets managed by the board and no more than thirty percent of the assets of any individual participant plan.

(d) The board may not at the time of purchase hold more than five percent of the assets managed by the board in the nonreal estate equity securities of any single company or association: Provided, That if a company or association has a market weighting of greater than five percent in the Standard & Poor's 500 index of companies, the board may hold securities of that nonreal estate equity equal to its market weighting.

(e) No security may be purchased by the board unless the type of security is on a list approved by the board.
The board may modify the securities list at any time and shall give notice of that action pursuant to subsection (g), section three of this article and shall review the list at its annual meeting.

(f) Notwithstanding the investment limitations set forth in this section, it is recognized that the assets managed by the board or the assets of the participant plans, whether considered in the aggregate or individually, may temporarily exceed the investment limitations in this section due to market appreciation, depreciation and rebalancing limitations. Accordingly, the limitations on investments set forth in this section shall not be considered to have been violated if the board rebalances the assets it manages or the assets of the participant plans, whichever is applicable, to comply with the limitations set forth in this section at least once every twelve months based upon the latest available market information and any other reliable market data that the board considers advisable to take into consideration, except for those assets authorized by subsections (b) and (h) of this section for which compliance with the percentage limitations shall be measured at such time as the investment is made.

(g) The board, at the annual meeting required in subsection (h), section three of this article, shall review, establish and modify, if necessary, the investment objectives of the individual participant plans as incorporated in the investment policy statements of the respective trusts so as to provide for the financial security of the trust funds giving consideration to the following:

(1) Preservation of capital;
(2) Diversification;

(3) Risk tolerance;

(4) Rate of return;

(5) Stability;

(6) Turnover;

(7) Liquidity; and

(8) Reasonable cost of fees.

(h) In addition to any and all other investments the board may make under this article and all investment authority granted to the board by this article, the board is expressly authorized to invest no more than twenty percent of the assets managed by the board and no more than twenty percent of the assets of any individual participant plan, or any other endowment or other fund managed by the board, as measured at the time of the investment, in any one or more classes, styles or strategies of alternative investments suitable and appropriate for investment by the board. A suitable and appropriate alternative investment is a private equity fund such as a venture capital, private real estate or buy-out fund; commodities fund; distressed debt fund; mezzanine debt fund; hedge fund; put or call on an individual security purchased for the purpose of hedging an authorized investment position; or fund consisting of any combination of private equity, distressed or mezzanine debt, hedge funds, private real estate, commodities and other types and categories of investment permitted under this article: Provided, That
any such investment be only made upon the recommendation by a professional, third-party fiduciary investment adviser registered with the Securities and Exchange Commission under the Investment Advisors Act of 1940, as amended, upon the approval of the board or a committee designated by the board and upon the execution of the transaction by a third-party investment manager: Provided, however, That if the standard confidentiality agreements, policies or procedures of any firm, company or organization through which the board invests in securities prohibit, restrict or limit the disclosure of information pertaining to the securities, the information shall be exempt from disclosure, under the provisions of chapter twenty-nine-b of this code or otherwise, to the extent of the prohibitions, restrictions or limitations: Provided further, That the board’s ownership interest in any fund is less than forty percent of the fund’s assets at the time of purchase: And provided further, That the combined investment of institutional investors, other public sector entities and educational institutions and their endowments and foundations in the fund is in an amount equal to or greater than fifty percent of the board’s total investment in the fund at the time of acquisition. For the purposes of this subsection, “fund” means a partnership, limited partnership, limited liability company or other form of entity holding or investing in a collection of related or unrelated investments, at least three of which are unrelated and the largest of which is not greater than forty percent of the fund’s composition at the time of purchase. To facilitate access to markets, control, manage or diversify portfolio risk, or enhance performance or efficiency in connection with investments in alternative investments and all other types and categories of investment permitted under this
article, the board may enter into commercially customary and prudent market transactions consistent with the laws of the state: And provided further, That neither the purpose nor the effect of such transactions may materially increase market risk or market exposure of the total portfolio of investments as adjusted, from time to time, by the board. The investments described in this subsection are subject to the requirements, limitations and restrictions set forth in this subsection of this section and the standard of care set forth in section eleven of this article, but are not subject to any other limitations or restrictions set forth elsewhere in this article or code.

§12-6-14. Reports of board; legislative audits, reviews and studies.

(a) The board shall prepare annually, or more frequently if considered necessary by the board, a report of its operations and the performance of the various funds administered by it. The report shall include all operational costs, including, but not limited to, investment advisor fees, transaction costs, custody fees and administrative salaries and costs.

(b) A copy shall be furnished to the chief financial officer of each participant.

(c) Within the first seven calendar days of each calendar year, the board shall file the annual report with the Joint Committee on Government and Finance, with copies to the President of the Senate, Speaker of the House and Legislative Auditor.

(d) Upon request, the report shall be made available to
any legislative committee, any banking institution or
state or federal savings and loan association in this state
and any member of the news media. The report shall be
kept available for inspection by any citizen of this state.

(e) The board shall cooperate with any legislative
audits, performance and consultant reviews and studies
of the board as may be directed by the Joint Committee
on Government and Finance.

§12-6-18. Liberal construction.

This article, being necessary to secure the public
health, safety, convenience and welfare of the citizens of
this state, shall be liberally construed to effect the
public purposes of this article. The powers granted to
the board in this article, including, without limitation,
those granted in section five of this article, are intended
to be broad and shall be construed broadly so as to vest
in the board the power and authority necessary or
appropriate to carry out and effectuate its corporate
purposes in the financial markets of the world, as the
same may evolve, from time to time, at all times in a
fashion consistent with the prudent investor standard as
provided by the West Virginia Uniform Prudent Investor
Act, codified as article six-c, chapter forty-four of this
code and section eleven of this article.
