ARTICLE 6A. UNIFORM PRUDENT MANAGEMENT OF INSTITUTIONAL FUNDS ACT.

§44-6A-1. Short title.

This article may be cited as the “Uniform Prudent Management of Institutional Funds Act.”

§44-6A-2. Definitions.

In this article:

(1) “Charitable purpose” means the relief of poverty, the advancement of education or religion, the promotion of health, the promotion of a governmental purpose, or any other purpose the achievement of which is beneficial to the community.

(2) “Endowment fund” means an institutional fund or part thereof that, under the terms of a gift instrument, is not wholly expendable by the institution on a current basis. The term does not include assets that an institution designates as an endowment fund for its own use.

(3) “Gift instrument” means a record or records, including an institutional solicitation, under which property is granted to, transferred to, or held by or on behalf of an institution as an institutional fund.
(4) "Institution" means:

(A) A person, other than an individual, organized and operated exclusively for charitable purposes;

(B) A government or governmental subdivision, agency, or instrumentality, to the extent that it holds funds exclusively for a charitable purpose;

(C) A trust that had both charitable and noncharitable interests, after all noncharitable interests have terminated; and

(D) A community foundation or community trust.

(5) "Institutional fund" means a fund held by an institution exclusively for charitable purposes. The term does not include:

(A) Program-related assets;

(B) A fund held for an institution by a trustee that is not an institution, unless the fund is held exclusively for the benefit of either a community foundation or community trust by a bank, a trust company or other similar fiduciary; or

(C) A fund in which a beneficiary that is not an institution has an interest, other than an interest that could arise upon violation or failure of the purposes of the fund.

(6) "Person" means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, public corporation, government or governmental subdivision, agency, or instrumentality, or any other legal or commercial entity.
(7) "Program-related asset" means an asset held by an institution primarily to accomplish a charitable purpose of the institution and not primarily for investment.

(8) "Record" means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

(9) "Community foundation" or "community trust" means an institution that has been established to attract contributions for the benefit of a particular community or area whose contributions are often received and maintained in the form of separate trusts or funds which are subject to varying degrees of control by the governing body of the community foundation or community trust and which the governing body in good faith believes meets the requirements of the regulations issued by the Internal Revenue Service, United States Department of Treasury, presently codified as 26 CFR 1.170A-9(e)(10) and (11), to qualify as a "publicly supported" organization and to be treated as a "single entity" rather than as an aggregation of separate funds.

(a) Subject to the intent of a donor expressed in a gift instrument, an institution, in managing and investing an institutional fund, shall consider the charitable purposes of the institution and the purposes of the institutional fund.

(b) In addition to complying with the duty of loyalty imposed by law other than this article, each person responsible for managing and investing an institutional fund shall manage and invest the fund in good faith and with the care an ordinarily prudent person in a like position would exercise under similar circumstances.
(c) In managing and investing an institutional fund, an institution:

(1) May incur only costs that are appropriate and reasonable in relation to the assets, the purposes of the institution, and the skills available to the institution; and

(2) Shall make a reasonable effort to verify facts relevant to the management and investment of the fund.

(d) An institution may pool two or more institutional funds for purposes of management and investment.

(e) Except as otherwise provided by a gift instrument, the following rules apply:

(1) In managing and investing an institutional fund, the following factors, if relevant, must be considered:

(A) General economic conditions;

(B) The possible effect of inflation or deflation;

(C) The expected tax consequences, if any, of investment decisions or strategies;

(D) The role that each investment or course of action plays within the overall investment portfolio of the fund;

(E) The expected total return from income and the appreciation of investments;

(F) Other resources of the institution;

(G) The needs of the institution and the fund to make distributions and to preserve capital; and
(H) An asset’s special relationship or special value, if any, to the charitable purposes of the institution.

(2) Management and investment decisions about an individual asset must be made not in isolation but rather in the context of the institutional fund’s portfolio of investments as a whole and as a part of an overall investment strategy having risk and return objectives reasonably suited to the fund and to the institution.

(3) Except as otherwise provided by law other than this article, an institution may invest in any kind of property or type of investment consistent with this section.

(4) An institution shall diversify the investments of an institutional fund unless the institution reasonably determines that, because of special circumstances, the purposes of the fund are better served without diversification.

(5) Within a reasonable time after receiving property, an institution shall make and carry out decisions concerning the retention or disposition of the property or to rebalance a portfolio, in order to bring the institutional fund into compliance with the purposes, terms, and distribution requirements of the institution as necessary to meet other circumstances of the institution and the requirements of this article.

(6) A person that has special skills or expertise, or is selected in reliance upon the person’s representation that the person has special skills or expertise, has a duty to use those skills or that expertise in managing and investing institutional funds.

§44-6A-4. Appropriation for expenditure or accumulation of endowment fund; rules of construction.
(a) Subject to the intent of a donor expressed in the gift instrument, an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. This section does not limit the authority of the institution to expend funds as permitted under other law, the terms of the gift instrument, or the charter of the institution. Unless stated otherwise in the gift instrument, the assets in an endowment fund are donor-restricted assets (regardless of their treatment for accounting purposes) until appropriated for expenditure by the institution. In making a determination to appropriate or accumulate, the institution shall act in good faith, with the care that an ordinarily prudent person in a like position would exercise under similar circumstances, and shall consider, if relevant, the following factors:

(1) The duration and preservation of the endowment fund;

(2) The purposes of the institution and the endowment fund;

(3) General economic conditions;

(4) The possible effect of inflation or deflation;

(5) The expected total return from income and the appreciation of investments;

(6) Other resources of the institution; and

(7) The investment policy of the institution.

(b) To limit the authority to appropriate for expenditure or accumulate under subsection (a), a gift instrument must specifically state the limitation.
(c) Terms in a gift instrument designating a gift as an endowment, or a direction or authorization in the gift instrument to use only "income", "interest", "dividends", or "rents, issues, or profits", or "to preserve the principal intact", or words of similar import:

(1) Create an endowment fund of permanent duration unless other language in the gift instrument limits the duration or purpose of the fund; and

(2) Do not otherwise limit the authority to appropriate for expenditure or accumulate under subsection (a).

(a) Subject to any specific limitation set forth in a gift instrument or in law other than this article, an institution may delegate to an external agent the management and investment of an institutional fund to the extent that an institution could prudently delegate under the circumstances. An institution shall act in good faith, with the care that an ordinarily prudent person in a like position would exercise under similar circumstances, in:

(1) Selecting an agent;

(2) Establishing the scope and terms of the delegation, consistent with the purposes of the institution and the institutional fund; and

(3) Periodically reviewing the agent’s actions in order to monitor the agent’s performance and compliance with the scope and terms of the delegation.

(b) In performing a delegated function, an agent owes a duty to the institution to exercise reasonable care to comply with the scope and terms of the delegation.
(c) An institution that complies with subsection (a) is not liable for the decisions or actions of an agent to which the function was delegated.

(d) By accepting delegation of a management or investment function from an institution that is subject to the laws of this state, an agent submits to the jurisdiction of the courts of this state in all proceedings arising from or related to the delegation or the performance of the delegated function.

(e) An institution may delegate management and investment functions to its committees, officers, or employees as authorized by law of this state other than this article.

§44-6A-6. Release or modification of restrictions on management, investment, or purpose.

Without limiting the options otherwise available to an institution under applicable law, a restriction on the management, investment, purpose or other provision of a gift to an institutional fund may be released or modified in any one or more of the following ways:

(1) If the donor consents in a record, an institution may release or modify, in whole or in part, a restriction contained in a gift instrument on the management, investment, or purpose of an institutional fund. A release or modification may not allow a fund to be used for a purpose other than a charitable purpose of the institution.

(2) The court, upon application of an institution, may modify a restriction contained in a gift instrument regarding the management or investment of an institutional fund if the restriction has become impracticable or wasteful, if it impairs the management or investment of the fund, or if, because of
circumstances not anticipated by the donor, a modification of
a restriction will further the purposes of the fund. The
institution shall notify the Attorney General of the
application, and the Attorney General must be given an
opportunity to be heard. To the extent practicable, any
modification must be made in accordance with the donor's
probable intention.

(3) If a particular charitable purpose or a restriction
contained in a gift instrument on the use of an institutional
fund becomes unlawful, impracticable, impossible to achieve,
or wasteful, the court, upon application of an institution, may
modify the purpose of the fund or the restriction on the use of
the fund in a manner consistent with the charitable purposes
expressed in the gift instrument. The institution shall notify
the Attorney General of the application, and the Attorney
General must be given an opportunity to be heard.

(4) If an institution determines that a restriction contained
in a gift instrument on the management, investment, or
purpose of an institutional fund is unlawful, impracticable,
impossible to achieve, or wasteful, the institution, sixty days
after notification to the Attorney General, may release or
modify the restriction, in whole or in part, if:

(A) The institutional fund subject to the restriction has a
total value of less than twenty-five thousand dollars;

(B) More than twenty years have elapsed since the fund
was established; and

(C) The institution uses the property in a manner
consistent with the charitable purposes expressed in the gift
instrument.

(5) If the terms of a gift instrument, either specifically or
by being subject to the charter of the institution, confer a
power on the institution to release or modify a restriction on
the management or investment of an institutional fund or the
particular charitable purpose or restriction on the use of the
institutional fund, the institution shall have the power to so
modify or terminate that restriction and the other provisions
of this section shall not apply to that release or modification.
A release or modification under this subsection may not
allow a fund to be used for a purpose other than a charitable
purpose of the institution.

Compliance with this article is determined in light of the
facts and circumstances existing at the time a decision is
made or action is taken, and not by hindsight.

§44-6A-8. Application to existing institutional funds.

This article applies to institutional funds existing on or
established after the effective date of this article. As applied
to institutional funds existing on the effective date of this
article, this article governs only decisions made or actions
taken on or after that date.

§44-6A-9. Relation to electronic signatures in Global and
National Commerce Act.

This article modifies, limits, and supersedes the
Electronic Signatures in Global and National Commerce Act,
15 U.S.C. Section 7001 et seq., but does not modify, limit, or
supersede Section 101 of that act, 15 U.S.C. Section 7001(a),
or authorize electronic delivery of any of the notices
described in Section 103 of that act, 15 U.S.C. Section
7003(b).
§44-6A-10. Uniformity of application and construction.

1 In applying and construing this uniform act, consideration
2 must be given to the need to promote uniformity of the law
3 with respect to its subject matter among states that enact it.
