§11-15B-10. Seller and third-party liability.

(a) (1) A certified service provider is the agent of a seller, with whom the certified service provider has contracted, for the collection and remittance of sales and use taxes. As the seller's agent, the certified service provider is liable for sales and use tax due the state on
all sales transactions it processes for the seller except as set out in this section.

(2) A seller that contracts with a certified service provider is not liable to the state for sales or use tax due on transactions processed by the certified service provider unless the seller misrepresented the type of items it sells or committed fraud. In the absence of probable cause to believe that the seller has committed fraud or made a material misrepresentation, the seller is not subject to audit on the transactions processed by the certified service provider. A seller is subject to audit for transactions not processed by the certified service provider. The member states acting jointly may perform a system check of the seller and review the seller's procedures to determine if the certified service provider's system is functioning properly and the extent to which the seller's transactions are being processed by the certified service provider.

(b) A person that provides a certified automated system is responsible for the proper functioning of that system and is liable to the state for underpayments of tax attributable to errors in the functioning of the certified automated system. A seller that uses a certified automated system remains responsible and is liable to the state for reporting and remitting tax.

(c) A seller that has a proprietary system for determining the amount of tax due on transactions and has signed an agreement establishing a performance standard for that system is liable for the failure of the system to meet the performance standard.

§11-15B-11. Seller registration under streamlined sales and use tax agreement.
(a) General. — A seller that registers to collect West Virginia sales and use taxes using the online sales and use tax registration system established under the streamlined sales and use tax agreement is not required to also register under article twelve of this chapter unless the seller has sufficient presence in this state that provides at least the minimum contacts necessary for a constitutionally sufficient nexus for this state to require registration and payment of the registration tax under article twelve of this chapter.

(b) Registration by agent. — A person appointed by a seller to represent the seller before the states that are members of the streamlined Sales and Use Tax Agreement may register the seller under the agreement under uniform procedures approved by the governing board. The appointment of an agent shall be in writing and submitted to this state if requested by the Tax Commissioner.

(c) Cancellation of registration. — A seller may cancel its registration under the system at any time under uniform procedures adopted by the governing board. Cancellation does not relieve the seller of its liability for remitting to the state any taxes collected.

§11-15B-12. Effect of seller registration and participation in streamlined sales and use tax administration.

(a) Collection of tax. — By registering under the streamlined sales use tax agreement, the seller agrees to collect and remit sales and use taxes as levied under articles fifteen and fifteen-a of this chapter for all taxable sales into this state as well as for all other states participating in the agreement. Subsequent withdrawal or revocation of a member state does not relieve a seller
of its responsibility to remit taxes previously or subsequently collected on behalf of the state.

(b) Effect of registration. — If the state has withdrawn or been expelled from the Streamlined Sales and Use Tax Agreement, the Tax Commissioner may not use registration with the central registration system and the collection of sales and use taxes in the member states as a factor in determining whether the seller has a nexus with the state for any tax at any time.

(a) Definition of receive or receipt. — For the purposes of subsection (a), section fifteen of this article, the terms “receive” and “receipt” mean:

(1) Taking possession of tangible personal property;

(2) Making first use of services; or

(3) Taking possession or making first use of computer software or digital goods, whichever comes first.

(b) Limitation. — The terms “receive” and “receipt” do not include possession by a shipping company on behalf of the purchaser.

§11-15B-14a. Application of general sourcing rules and exclusion from the rules.

(a) Sellers shall source the sale of a product in accordance with section fifteen of this article. The provisions of said section apply regardless of the characterization of the product as tangible personal property, computer software or digital goods or a
service. The provisions of said section only apply to
determine a seller's obligation to pay or collect and
remit a sales or use tax with respect to the seller's sale
of a product. These provisions do not affect the
obligation of a purchaser or lessee to remit tax on the
use of the product to the taxing jurisdiction of that use.

(b) Section fifteen of this article does not apply to
sales or use tax levied on telecommunication services as
defined in section two-b of this article.
Telecommunication services shall be sourced in
accordance with section nineteen of this article.

(a) General rule. — For purposes of articles fifteen
and fifteen-a of this chapter, the retail sale, excluding
lease or rental, of a product shall be sourced as follows:

(1) When the product is received by the purchaser at
a business location of the seller, the sale is sourced to
that business location.

(2) When the product is not received by the purchaser
at a business location of the seller, the sale is sourced to
the location where receipt by the purchaser or the
purchaser's designated donee occurs, including the
location indicated by instructions for delivery to the
purchaser or donee, known to the seller.

(3) When subdivisions (1) and (2) of this subsection do
not apply, the sale is sourced to the location indicated
by an address for the purchaser that is available from
the business records of the seller that are maintained in
the ordinary course of the seller's business when use of
this address does not constitute bad faith.
(4) When subdivisions (1), (2) and (3) of this subsection do not apply, the sale is sourced to the location indicated by an address for the purchaser obtained during the consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available, provided use of this address does not constitute bad faith.

(5) When none of the previous subdivisions of this subsection apply, including the circumstance in which the seller is without sufficient information to apply the previous rules, then the location will be determined by the address from which tangible personal property or computer software was shipped, from which the digital goods delivered electronically was first available for transmission by the seller or from which the service was provided: Provided, That any location that merely provided the digital transfer of the product sold is disregarded for these purposes.

(b) Lease or rental. — The lease or rental of tangible personal property or custom software, other than property identified in subsection (c) or (d) of this section, shall be sourced as follows:

(1) For a lease or rental that requires recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with the provisions of subsection (a) of this section. Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary property location is as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith.
The property location may not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls.

(2) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection (a) of this section.

(3) This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis or on the acquisition of property for lease.

(c) Vehicles. — The lease or rental of motor vehicles, trailers, semitrailers or aircraft that do not qualify as transportation equipment, as defined in subsection (d) of this section, shall be sourced as follows:

(1) For a lease or rental that requires recurring periodic payments, each periodic payment is sourced to the primary property location. The primary property location is indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. This location shall not be altered by intermittent use at different locations.

(2) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection (a) of this section.

(3) This subsection does not affect the imposition or
computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis or on the acquisition of property for lease.

(d) Sale or lease or rental of transportation equipment. — The retail sale, including lease or rental, of transportation equipment is sourced the same as a retail sale in accordance with the provisions of subsection (a) of this section, notwithstanding the exclusion of lease or rental in said subsection. "Transportation equipment" means any of the following:

(1) Locomotives and railcars that are utilized for the carriage of persons or property in interstate commerce.

(2) Trucks and truck-tractors with a gross vehicle weight rating of ten thousand pounds or greater, trailers, semitrailers or passenger buses that are:

(A) Registered through the international registration plan; and

(B) Operated under authority of a carrier authorized and certificated by the United States Department of Transportation or another federal authority to engage in the carriage of persons or property in interstate commerce.

(3) Aircraft that are operated by air carriers authorized and certificated by the United States Department of Transportation or another federal or foreign authority to engage in the carriage of persons or property in interstate or foreign commerce.

(4) Containers designed for use on and component parts attached or secured on the items set forth in
Enr. Com. Sub. for S. B. No. 596] 44

111 subdivisions (1) through (3), inclusive, of this subsection.

113 (e) Exceptions. — Subsections (a) and (b) of this section shall not apply to the following goods or services:

116 (1) Telecommunications services, ancillary services and internet access services, as set out in section twenty of this article, shall be sourced in accordance with section nineteen of this article; and

120 (2) Until the first day of January, two thousand ten, a seller who is primarily engaged in the retail sale of cut flowers and flower arrangements taking the original order to sell tangible personal property shall source the sale to the place where order was taken. For purposes of this exception, "primarily" means more than fifty percent of the seller's total gross sales or receipts are derived from that activity. In determining if a seller is primarily a florist, the total sales price of cut flowers and floral arrangements includes separately stated delivery or service charges. After the thirty-first day of December, two thousand nine, sales by florists shall be subject to the general sourcing rules stated in subsection (a) of this section.

134 (f) Product defined. — As used in subsection (a) of this section, "product" includes tangible personal property, computer software or digital goods or a service, or any combination thereof.

§11-15B-18. Relief from certain liability for purchasers.

1 (a) A purchaser is relieved from liability for penalty to this state and local jurisdictions of this state for having
failed to pay the correct amount of sales or use tax in
the following circumstances:

(1) A purchaser's seller or certified service provider
relied on erroneous data provided by this state on tax
rates, boundaries, taxing jurisdiction assignments or in
the taxability matrix completed by this state pursuant
to Section 328 of the Streamlined Sales and Use Tax
Agreement;

(2) A purchaser holding a direct pay permit relied on
erroneous data provided by this state on tax rates,
boundaries, taxing jurisdiction assignments or in the
taxability matrix completed by this state pursuant to
Section 328 of the Streamlined Sales and Use Tax
Agreement;

(3) A purchaser relied on erroneous data provided by
this state in the taxability matrix completed by this
state pursuant to Section 328 of the Streamlined Sales
and Use Tax Agreement; or

(4) A purchaser using databases pursuant to
subdivisions (3), (4) and (5), subsection (d), section
thirty-five of this article relied on erroneous data
provided by this state on tax rates, boundaries or taxing
jurisdiction assignments. After providing adequate
notice as determined by the governing board, this state,
having provided an address-based database for
assigning taxing jurisdictions pursuant to subdivisions
(4) and (5), subsection (d), section thirty-five of this
article, shall cease providing liability relief for errors
resulting from the reliance on the database provided by
this state under the provisions of subdivision (3),
subsection (d), section thirty-five of this article.
34 (b) A purchaser is relieved from liability for tax and
35 interest to this state and its local jurisdictions for
36 having failed to pay the correct amount of sales or use
37 tax in the circumstances described in subsection (a) of
38 this section, provided that, with respect to reliance on
39 the taxability matrix completed by this state pursuant
40 to Section 328 of the Streamlined Sales and Use Tax
41 Agreement, relief is limited to the state's erroneous
42 classification in the taxability matrix of terms included
43 in the Streamlined Sales and Use Tax Agreement
44 library of definitions as "taxable" or "exempt",
45 "included in sales price" or "excluded from sales price"
46 or "included in the definition" or "excluded from the
47 definition".

(c) For purposes of this section, the term "penalty"
48 means an amount imposed for noncompliance that is not
49 fraudulent, willful or intentional which is in addition to
50 the correct amount of sales or use tax and interest.

§11-15B-19. Telecommunications and related services

(a) Except for the defined telecommunication services
1 in subsection (c) of this section, the sale of
2 telecommunication service sold on a call-by-call basis
3 shall be sourced to: (1) Each level of taxing jurisdiction
4 where the call originates and terminates in that
5 jurisdiction; or (2) each level of taxing jurisdiction
6 where the call either originates or terminates and in
7 which the service address is also located.

(b) Except for the defined telecommunication services
9 in subsection (c) of this section, a sale of
10 telecommunication service sold on a basis other than a
12 call-by-call basis is sourced to the customer's place of
primary use.

(c) The sale of the following telecommunication services shall be sourced to each level of taxing jurisdiction as follows:

(1) A sale of mobile telecommunication service, other than air-to-ground radiotelephone service and prepaid calling service, is sourced to the customer's place of primary use, as required by the Mobile Telecommunications Sourcing Act.

(2) A sale of post-paid calling service is sourced to the origination point of the telecommunications signal as first identified by either: The seller's telecommunications system, or information received by the seller from its service provider, where the system used to transport the signal is not that of the seller.

(3) A sale of prepaid calling service or a sale of a prepaid wireless calling service is sourced in accordance with section fifteen of this article: Provided, That in the case of a sale of a prepaid wireless calling service, the rule provided in subdivision (5), subsection (a), section fifteen of this article shall include, as an option, the location associated with the mobile telephone number.

(E) The sale of internet access service is sourced to the customer's place of primary use.

(F) The sale of an ancillary service is sourced to the customer's place of primary use.

§11-15B-20. Telecommunication sourcing definitions.

For the purpose of this article, including section nineteen of this article, the following definitions apply:

1 “Air-to-ground radiotelephone service” means a radio service, as that term is defined in 47 CFR 22.99, in which common carriers are authorized to offer and provide radio telecommunications service for hire to subscribers in aircraft.
(2) "Ancillary services" means services that are associated with or incidental to the provision of "telecommunications services", including, but not limited to, "detailed telecommunications billing", "directory assistance", "vertical service" and "voice mail services".

(3) "Call-by-call basis" means any method of charging for telecommunications services where the price is measured by individual calls.

(4) "Communications channel" means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

(5) "Customer" means the person or entity that contracts with the seller of telecommunications services. If the end user of telecommunications services is not the contracting party, the end user of the telecommunications service is the customer of the telecommunication service, but this sentence only applies for the purpose of sourcing sales of telecommunications services under section nineteen of this article. "Customer" does not include a reseller of telecommunications service or for mobile telecommunications service of a serving carrier under an agreement to serve the customer outside the Home service provider's licensed service area.

(6) "Customer channel termination point" means the location where the customer either inputs or receives the communications.

(7) "End user" means the person who utilizes the telecommunication service. In the case of an entity,
“end user” means the individual who utilizes the service on behalf of the entity.

(8) “Home service provider” means the same as that term is defined in Section 124(5) of Public Law 106-252 (Mobile Telecommunications Sourcing Act).

(9) “Mobile telecommunications service” means the same as that term is defined in Section 124 (7) of Public Law 106-252 (Mobile Telecommunications Sourcing Act).

(10) “Place of primary use” means the street address representative where the customer’s use of the telecommunication service primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile telecommunications services, “place of primary use” must be within the licensed service area of the home service provider.

(11) “Post-paid calling service” means the telecommunication service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card or debit card or by charge made to a telephone number which is not associated with the origination or termination of the telecommunication service. A post-paid calling service includes a telecommunication service, except a prepaid wireless calling service, that would be a prepaid calling service except it is not exclusively a telecommunication service.

(12) “Prepaid calling service” means the right to access exclusively telecommunications services, which
must be paid for in advance and which enables the
origination of calls using an access number or
authorization code, whether manually or electronically
dialed, and that is sold in predetermined units or dollars
of which the number declines with use in a known
amount.

(13) "Prepaid wireless calling service" means a
telecommunications service that provides the right to
utilize mobile wireless service as well as other
nontelecommunications services, including the
download of digital products delivered electronically,
content and ancillary services, which must be paid for
in advance that is sold in predetermined units or dollars
of which the number declines with use in a known
amount.

(14) "Private communication service" means a
telecommunication service that entitles the customer to
exclusive or priority use of a communications channel
or group of channels between or among termination
points, regardless of the manner in which the channel or
channels are connected, and includes switching
capacity, extension lines, stations and any other
associated services that are provided in connection with
the use of the channel or channels.

(15) "Service address" means:

(A) The location of the telecommunications equipment
to which a customer's call is charged and from which
the call originates or terminates, regardless of where the
call is billed or paid;

(B) If the location in paragraph (A) of this subdivision
is not known, service address means the origination
Enr. Com. Sub. for S. B. No. 596] 52

101 point of the signal of the telecommunications services
102 first identified by either the seller's telecommunications
103 system or in information received by the seller from its
104 service provider, where the system used to transport the
105 signals is not that of the seller; or

106 (C) If the location in paragraphs (A) and (B) of this
107 subdivision are not known, then "service address"
108 means the location of the customer's place of primary
109 use.

1 (a) General rules. — When a purchaser claims an
2 exemption from paying tax under article fifteen or
3 fifteen-a of this chapter:

4 (1) Sellers shall obtain identifying information of the
5 purchaser and the reason for claiming a tax exemption
6 at the time of the purchase, as determined by the
7 governing board.

8 (2) A purchaser is not required to provide a signature
9 to claim an exemption from tax unless a paper
10 exemption certificate is used.

11 (3) The seller shall use the standard form for claiming
12 an exemption electronically that is adopted by the
13 governing board.

14 (4) The seller shall obtain the same information for
15 proof of a claimed exemption regardless of the medium
16 in which the transaction occurred.

17 (5) The Tax Commissioner may utilize a system
18 wherein the purchaser exempt from the payment of the
tax is issued an identification number that is presented
to the seller at the time of the sale.

(6) The seller shall maintain proper records of exempt
transactions and provide the records to the Tax
Commissioner or the Tax Commissioner's designee.

(7) The Tax Commissioner shall administer use-based
and entity-based exemptions when practicable through
a direct pay permit, an exemption certificate or another
means that does not burden sellers.

(8) After the thirty-first day of December, two
thousand seven, in the case of drop shipments, a
third-party vendor such as a drop shipper may claim a
resale exemption based on an exemption certificate
provided by its customer/reseller or any other
acceptable information available to the third-party
vendor evidencing qualification for a resale exemption,
regardless of whether the customer/reseller is registered
to collect and remit sales and use taxes in this state,
when the sale is sourced to this state.

(b) The Tax Commissioner shall relieve sellers that
follow the requirements of this section from any tax
otherwise applicable if it is determined that the
purchaser improperly claimed an exemption and shall
hold the purchaser liable for the nonpayment of tax.
This relief from liability does not apply:

(A) To a seller who fraudulently fails to collect the tax;

(B) To a seller who solicits purchasers to participate in
the unlawful claim of an exemption;

(C) To a seller who accepts an exemption certificate
when the purchaser claims an entity-based exemption
when: (i) The subject of the transaction sought to be
covered by the exemption certificate is actually received
by the purchaser at a location operated by the seller;
and (ii) the state in which that location resides provides
an exemption certificate that clearly and affirmatively
indicates (graying out exemption reason types on
uniform form and posting it on a state's web site is an
indicator) that the claimed exemption is not available in
that state.

(c) **Time within which seller must obtain exemption certificates.** — A seller is relieved from paying tax
otherwise applicable under article fifteen or fifteen-a of
this chapter if the seller obtains a fully completed
exemption certificate or captures the required data
elements within ninety days subsequent to the date of
sale.

(1) If the seller has not obtained an exemption
certificate or all required data elements, the seller may,
within one hundred twenty days subsequent to a
request for substantiation by the Tax Commissioner,
either prove that the transaction was not subject to tax
by other means or obtain a fully completed exemption
certificate from the purchaser, taken in good faith. For
purposes of this section, the Tax Commissioner may
continue to apply this state's standards of good faith
until a uniform standard for good faith is defined in the
Streamlined Sales and Use Tax Agreement.

(2) Nothing in this section shall affect the ability of
the Tax Commissioner to require purchasers to update
exemption certificate information or to reapply with the
state to claim certain exemptions.
(3) Notwithstanding the preceding provisions of this section, when an exemption may be claimed by exemption certificate, a seller is relieved from paying the tax otherwise applicable if the seller obtains a blanket exemption certificate from a purchaser with which the seller has a recurring business relationship. The Tax Commissioner may not request from the seller renewal of blanket certificates or updates of exemption certificate information or data elements when there is a recurring business relationship between the buyer and seller. For purposes of this subdivision, a recurring business relationship exists when a period of no more than twelve months elapses between sales transactions.

(d) Exception. — No exemption certificate or direct pay permit number is required when the sale is exempt per se from the taxes imposed by articles fifteen and fifteen-a of this chapter.

(a) General. — A seller who registers with this state is required to file one sales/use tax return with the Tax Commissioner for each taxing period.

(b) Due date of return. — This return shall be due on the twentieth day of the month following the month in which the transaction subject to tax occurred.

(c) Additional information returns. — The Tax Commissioner shall allow any Model I, Model II or Model III seller to submit its sales and use tax returns in a simplified format that does not include more data fields than permitted by the governing board. The Tax Commissioner may require additional informational returns to be submitted not more frequently than every
Enr. Com. Sub. for S. B. No. 596] 56

14 six months under a staggered system developed by the
15 governing board.

16 (d) The Tax Commissioner shall allow any seller that
17 is registered with this state under the Streamlined Sales
18 and Use Tax Agreement which does not have a legal
19 requirement to register in this state under article twelve
20 of this chapter and is not a Model I, II, or III seller to
21 submit its sales and use tax returns as follows:

22 (1) Upon registration, the Tax Commissioner shall
23 provide to the seller the returns required by this state.

24 (2) The Tax Commissioner may require a seller to file
25 a return anytime within one year of the month of initial
26 registration and future returns may be required on an
27 annual basis in succeeding years.

28 (3) In addition to the returns required in subdivision
29 (2) of this subsection, a seller shall submit a return by
30 the twentieth day of the month following any month in
31 which the seller accumulated state and local tax funds
32 for the state in the amount of one thousand dollars or
33 more.

34 (4) The Tax Commissioner shall participate with other
35 states that are members of the Streamlined Sales and
36 Use Tax Agreement in developing a more uniform sales
37 and use tax return that, when completed, is available to
38 all sellers.

39 (5) All Model I, II and III sellers shall file returns
40 electronically after the first day of January, two
41 thousand four.

(a) General. — Only one remittance is required for each return except as provided in this section.

(b) When electronic remittance required. — All remittances from sellers under Models I, II and III shall be remitted electronically after the thirty-first day of December, two thousand three.

(c) Method of remittance. — Electronic payments shall be made using either the ACH credit or ACH debit method.

(d) Alternative method. — The Tax Commissioner shall provide by rule, which may be an existing rule, an alternative method for making “same day” payments if an electronic funds transfer fails.

(e) Format of data accompany remittance. — Any data that accompanies a remittance shall be formatted using uniform tax type and payment type codes approved by the governing board.

(a) General. — A deduction from taxable sales is allowed for bad debts. Any deduction taken that is attributed to bad debts may not include interest or any amount upon which the sales or use tax imposed by this state was not previously paid.

(b) “Bad debt” defined. — The term “bad debt” has the same meaning as when used in the federal definition of “bad debt” in 26 U. S. C.§166 as the basis for calculating bad debt recovery. However, the amount calculated pursuant to 26 U. S. C.§166 is adjusted to exclude:
(1) Financing charges or interest;

(2) Sales or use taxes charged on the purchase price;

(3) Uncollectible amounts on property that remain in the possession of the seller until the full purchase price is paid;

(4) Expenses incurred in attempting to collect any debt; or

(5) Repossessed property.

(c) When deduction may be taken. — Bad debts may be deducted on the return for the period during which the bad debt is written off as uncollectible in the claimant's books and records and is eligible to be deducted for federal income tax purposes. For purposes of this section, a claimant who is not required to file federal income tax returns may deduct a bad debt on a return filed for the period in which the bad debt is written off as uncollectible in the claimant's books and records and would be eligible for a bad debt deduction for federal income tax purposes if the claimant was required to file a federal income tax return.

(d) Subsequent recovery. — If a deduction is taken for a bad debt and the debt is subsequently collected, in whole or in part, the tax on the amount collected shall be paid and reported on the return filed for the period in which the collection is made.

(e) When bad debt deduction exceeds taxable sales. — When the amount of bad debt exceeds the amount of taxable sales for the period during which the bad debt is written off, a refund claim may be filed within the
(f) *When certified service provider is used.* — Where filing responsibilities of the seller have been assumed by a certified service provider, the certified service provider may claim, on behalf of the seller, any bad debt allowance provided by this section. The certified service provider shall credit or refund to the seller the full amount of any bad debt allowance or refund received under this section.

(g) *Reporting of payment received on previously claimed bad debt.* — For the purposes of reporting a payment received on a previously claimed bad debt, any payments made on a debt or account are applied first proportionally to the taxable price of the property or service and the sales tax thereon, and secondly to interest, service charges, and any other charges.

(h) *Allocation.* — In situations where the books and records of the party claiming the bad debt allowance support an allocation of the bad debts among two or more states that are members of the Streamlined Sales and Use Tax Agreement, the allocation is permitted.

§11-15B-28. Confidentiality and privacy protections under Model I.

(a) *Purpose.* — The purpose of this section is to set forth the policy of this state for the protection of the confidentiality rights of all participants in the streamlined sales and use tax administration and
collection system and of the privacy interests of consumers who deal with Model I sellers.

(b) Certain terms defined. — As used in this section:

(1) The term “confidential taxpayer information” means all information that is protected under section five-d, article ten of this chapter;

(2) The term “personally identifiable information” means information that identifies a person; and

(3) The term “anonymous data” means information that does not identify a person.

(c) Certified service providers. — With very limited exceptions, a certified service provider shall perform its tax calculation, remittance and reporting functions without retaining the personally identifiable information of consumers.

(d) Certification of service providers. — The governing board may certify a service provider only if that certified service provider certifies that:

(1) Its system has been designed and tested to ensure that the fundamental precept of anonymity is respected;

(2) That personally identifiable information is only used and retained to the extent necessary for the administration of Model I with respect to exempt purchasers;

(3) It provides consumers clear and conspicuous notice of its information practices, including what information it collects, how it collects the information, how it uses
the information, how long, if at all, it retains the
information and whether it discloses the information to
member states. This notice is satisfied by a written
privacy policy statement accessible by the public on the
official website of the certified service provider;

(4) Its collection, use and retention of personally
identifiable information is limited to that required by
the states that are members of the Streamlined Sales
and Use Tax Agreement to ensure the validity of
exemptions from taxation that are claimed by reason of
a consumer's status or the intended use of the goods or
services purchased; and

(5) It provides adequate technical, physical, and
administrative safeguards as to protect personally
identifiable information from unauthorized access and
disclosure.

(e) **State notification of privacy policy.** — The Tax
Commissioner shall provide public notification to
consumers, including their exempt purchasers, of this
state's practices relating to the collection, use and
retention of personally identifiable information.

(f) **Destruction of confidential information.** — When
any personally identifiable information that has been
collected and retained by the Tax Commissioner is no
longer required for the purposes set forth in subdivision
(4), subsection (d) of this section, the information shall
no longer be retained by the Tax Commissioner.

(g) **Review and correction by individuals.** — When
personally identifiable information regarding an
individual is retained by or on behalf of the Tax
Commissioner, the commissioner shall provide
reasonable access by an individual to his or her own
information in the commissioner's possession and a
right to correct any inaccurately recorded information.

(h) Discovery by other persons. — If anyone other
than the individual, or a person authorized in writing by
the individual, or by controlling law seeks to discover
personally identifiable information, the Tax
Commissioner shall make a reasonable and timely effort
to notify the individual of the request.

(i) Enforcement. — This privacy policy shall be
enforced by the Tax Commissioner or the Attorney
General of this state.

(j) This section shall not be interpreted as limiting or
abrogating any other statutory or regulatory provision
of this state regarding the collection, use and
maintenance of confidential taxpayer information,
which provisions remain fully applicable and binding.
This section and the Streamlined Sales and Use Tax
Agreement do not enlarge or limit the authority of this
state to:

(1) Conduct audits or other reviews as provided under
the Streamlined Sales and Use Tax Agreement and state
law;

(2) Provide records pursuant to the Freedom of
Information Act, disclosure laws with governmental
agencies or other laws or regulations;

(3) Prevent, consistent with state law, disclosures of
confidential taxpayer information;

(4) Prevent, consistent with federal law, disclosures or
misuse of federal return information obtained under a disclosure agreement with the Internal Revenue Service;

or

(5) Collect, disclose, disseminate or otherwise use anonymous data for governmental purposes.

(k) Service provider's confidentiality policy may be more restrictive. — This privacy policy does not preclude the governing board from certifying a certified service provider whose privacy policy is more protective of confidential taxpayer information or personally identifiable information than is required by the agreement or the laws of this state.

§11-15B-30. Monetary allowances for new technological models for sales tax collection; delayed effective date.

(a) Monetary allowance under Model I. —

(1) The Tax Commissioner shall provide a monetary allowance to a certified service provider in Model I. This allowance shall be in accordance with the terms of the contract between the governing board of the Streamlined Sales and Use Tax Agreement and the certified service provider. The details of this monetary allowance shall be developed and provided through the contract process. The contract shall provide that the allowance be funded entirely from money collected in Model I.

(2) The contract between the governing board and the certified service provider may base the monetary allowance to a certified service provider on one or more of the following:
(A) A base rate that applies to taxable transactions processed by the certified service provider; or

(B) For a period not to exceed twenty-four months following a voluntary seller's registration through the agreement's central registration process, a percentage of tax revenue generated for a member state by the voluntary seller for each member state for which the seller does not have a requirement to register to collect the tax.

(b) **Monetary allowance for Model II sellers.** — The monetary allowance to sellers under Model II may be based on the following:

1. All sellers shall receive a base rate for a period not to exceed twenty-four months following the commencement of participation by a seller. The base rate is set by the governing board of the Streamlined Sales and Use Tax Agreement after the base rate has been established for Model I certified service providers. This allowance is in addition to any vendor or seller discount afforded by each member state at the time.

2. A voluntary Model II seller not otherwise required to register with this state to collect the consumers sales and service tax and use tax, that registers through the Streamlined Sales and Use Tax Agreement's central registration process, shall receive for a period not to exceed twenty-four months following the voluntary seller's registration, the base rate percentage of tax revenue generated for this state by the voluntary seller.

3. Following the conclusion of the twenty-four month period, a seller will only be entitled to a vendor discount afforded under each member state's law at the time the
(c) Monetary allowance for Model III sellers and all other sellers that are not under Model I or II.

A monetary allowance to sellers under Model III and to all other sellers registered under the agreement that are not sellers under Model I or II may be allowed based on the following:

(1) For a period not to exceed twenty-four months following a voluntary seller's registration through the agreement's central registration process, a percentage of tax revenue generated for a member state by the voluntary seller for each member state for which the seller does not have a requirement to register to collect the tax; and

(2) Vendor discounts afforded under each member state's law.

(d) Prohibition on allowance or payment of monetary allowances.

Notwithstanding subsections (a), (b) and (c) of this section, the Tax Commissioner may not allow any vendor, seller or certified service provider any monetary allowance, discount or other compensation for collecting and remitting the taxes levied by articles fifteen and fifteen-a of this chapter, or for making and filing the periodic reports required by this article, or articles fifteen and fifteen-a of this chapter, until the cost of collection study required by the agreement is completed and the monetary allowances are based on the results of that study, or on requirements of federal law requiring remote sellers to collect sales and use
taxes for states that have signed the agreement.
