ARTICLE 3A. SALES BY RETAIL LIQUOR LICENSEES.

§60-3A-2. Legislative findings and declaration; legislative purpose.

(a) The Legislature hereby finds and declares that the sale of liquor at retail should no longer be by the state, but rather by retail licensees; that there is a need for the state to control the wholesale sales of liquor; that the health and welfare of the citizens of this state will be adequately protected by the licensing and control of such retail licensees; that the sale of liquor through retail licensees will satisfy reasonable consumer concerns of availability and price; and that the operation and efficiency of state government will be improved by removing the state from the retail sale of liquor and permitting sales of liquor by retail licensees under licenses issued by the state together with strict enforcement of laws and rules relating to the sale of liquor.

(b) It is the purpose of the Legislature in providing for the retail sale of liquor to:
(1) Continue revenue to the state from the wholesale sale of liquor by requiring all retail licensees to purchase all liquor (other than wine) from the commissioner and by further requiring all private clubs licensed under the provisions of article seven of this chapter to purchase all liquor (other than wine) from retail licensees;

(2) Provide a system of controls, through limitations on the numbers of retail outlets and application of the police power of the state, to discourage the intemperate use of liquor;

(3) Preserve and continue the tax base of counties and municipalities derived from the retail sale of liquor;

(4) Obtain revenue for the state from the issuance of retail licenses;

(5) Facilitate the responsible marketing and growth of existing retail outlets; and

(6) Encourage the sale of liquor in freestanding liquor retail outlets that offer a wide variety of liquor at competitive prices.

§60-3A-2a. Further legislative findings, declarations and purpose.

(a) In addition to the findings and declarations set forth in subsection (a), section two of this article, the Legislature hereby finds and declares that:

(1) The provisions of this article as enacted during the regular session of the Legislature in 1990 were intended to require that all licenses issued for the retail sale of liquor expire as of July 1, 2000, and that the issuance of retail
licenses for the ten-year period beginning July 1, 2000, and for each ten-year period thereafter, be based on sealed competitive bids except as provided in section ten-b of this article;

(2) It is the intention of the Legislature to provide that all retail licenses issued beginning July 1, 2000, expire ten years from the date of issuance and that every ten years the issuance of retail licenses be based on competitive bids, except as provided in section ten-b of this article;

(3) The purposes set forth in subsection (b), section two of this article remain the purposes of the Legislature;

(4) Many of those persons who currently hold retail licenses have not only provided the services to the public contemplated by this article, but in many instances have provided employment, invested significant time and money into their businesses and otherwise made substantial contributions to the economic and civic development of the communities in which they conduct business, and therefore, current retail licensees should be afforded special consideration if their bids for the licenses issued for the ten-year period beginning July 1, 2000, and July 1 every ten years thereafter, be unsuccessful;

(5) Those persons who are issued a retail license for the ten-year period beginning on July 1, 2000, and for any ten-year period thereafter should also be afforded special consideration if they operate or seek to operate a freestanding liquor retail outlet or if their bids for a retail license are unsuccessful; and

(6) Further statutory changes are desirable to effect the purposes set forth in subsection (b), section two of this article.
(b) It is, therefore, the further purposes of the Legislature in providing for the retail sale of liquor to:

1. Require that all licenses issued for the ten-year period beginning July 1, 2000, and for each ten-year period thereafter be based on sealed competitive bids except as provided in section ten-b of this article;

2. Provide active retail licensees who operate or seek to operate a freestanding liquor retail outlet the opportunity to pay a purchase option for a Class A retail license or licenses for the ten-year period beginning July 1, 2010, and for each ten-year period thereafter;

3. Provide current retail licensees who, having bid in a manner consistent with the provisions of this article, fail to submit the highest bid for licenses issued for the ten-year period beginning July 1, 2010, and for each ten-year period thereafter an additional opportunity to obtain the license; and

4. Effect statutory changes to further the purposes provided in this section and section two of this article.

§60-3A-7. Market zones; Class A and Class B retail licenses.

(a) The market zones established by the board for the retail sale of liquor within this state under the enactment of this section in 1990 may not be modified by the board unless authorized by the Legislature. For each market zone established by the board, the commissioner may issue one or more Class A retail licenses and one or more Class B retail licenses within the market zone: Provided, That the number of Class B retail licenses to be issued by the commissioner within a market zone shall not exceed one hundred fifty percent of the number of Class A retail outlets authorized for that market zone, except as otherwise authorized by subsection (d) of this section or section twenty-seven-a of
Provided, however, that, except as authorized by subsection (d) of this section or section twenty-seven-a of this article, in a market zone where the number of Class A retail licenses issued by the commissioner is an odd number, the number of Class B retail licenses which may be issued in that market zone shall be rounded up to the next highest whole number following that number which is equal to one hundred fifty percent of the number of Class A retail licenses issued by the commissioner: Provided that, for the ten-year period beginning July 1, 2010, the number of Class B retail licenses which are available for bid in a market zone shall not be less than the number of mixed retail outlets located in that market zone as of October 31, 2009.

(b) When authorizing Class B retail licenses for a market zone, the board may create one or more designated areas within the market zone and authorize one Class B retail license for each designated area. For each market zone, the commissioner may issue additional Class B retail licenses for retail outlets to be located outside any designated area, but the number of additional Class B retail licenses, when added to the total number of Class B retail licenses issued for all designated areas within the market zone, shall not exceed the maximum number of Class B retail licenses permitted under subsection (a) of this section for that market zone, except as authorized by subsection (d) of this section or section twenty-seven-a of this article.

(c) A person may hold one or more Class A retail licenses and one or more Class B retail licenses in a market zone or zones.

(d) Notwithstanding any provision of subsection (a) or (b) of this section, no later than thirty days prior to the receipt of the bids described in section ten-b of this article, the board may authorize the commissioner to issue additional Class B
retail licenses in a market zone for the ten-year period which
begins next following July 1, where the board determines
that:

(1) Each retail outlet authorized to operate in the market
zone has been open and in operation for not less than one
year;

(2) Economic and demographic factors clearly
demonstrate the need for an additional retail outlet or outlets
within the market zone to meet consumer demand; and

(3) The issuance of an additional Class B license in the
market zone will not significantly impair the efforts to
procure the revenues described in subsection (b), section ten-
b of this article.

(e) The board shall establish the minimum bid for any
additional Class B retail licenses authorized under subsection
(d) of this section.

(f) No person may hold a combination of Class A or
Class B retail licenses that, in the aggregate, authorizes the
operation of more than thirty percent of the total number of
retail outlets authorized under the provisions of this article to
operate in this state.

§60-3A-8. Retail license application requirements; retail
licensee qualifications.

(a) Prior to or simultaneously with the submission of a
bid for a retail license or the payment of a purchase option for
a Class A retail license, each applicant shall file an
application with the commissioner, stating under oath, the
following:
(1) If the applicant is an individual, his or her name and residence address;

(2) If the applicant is other than an individual, the name and business address of the applicant; the state of its incorporation or organization; the names and residence addresses of each executive officer and other principal officer, partner or member of the entity; a copy of the entity's charter or other agreement under which the entity operates; and the names and residence addresses of any person owning, directly or indirectly, at least twenty percent of the outstanding stock, partnership or other interests in the applicant;

(3) That the applicant has never been convicted in this state or any other state of any felony or other crime involving moral turpitude or convicted of any felony in this or any other state court or any federal court for a violation of any state or federal liquor law, and if the applicant is other than an individual, that none of its executive officers, other principal officers, partners or members, or any person owning, directly or indirectly, at least twenty percent of the outstanding stock, partnership or other interests in the applicant, has been convicted; and

(4) That the applicant is a United States citizen of good moral character and, if a naturalized citizen, when and where naturalized; and, if a corporation organized and authorized to do business under the laws of this state, when and where incorporated, with the name and address of each officer; that each officer is a citizen of the United States and a person of good moral character; and if a firm, association, partnership or limited partnership, that each member is a citizen of the United States and, if a naturalized citizen, when and where naturalized, each of whom must sign the application.
(b) An applicant shall provide the commissioner any additional information requested by the commissioner including, but not limited to, authorization to conduct a criminal background and credit records check.

(c) Whenever a change occurs in any information provided to the commissioner, the change shall immediately be reported to the commissioner in the same manner as originally provided.

(d) The commissioner shall disqualify each bid submitted by an applicant under section ten of this article and no applicant shall be issued or eligible to hold a retail license under this article, if:

(1) The applicant has been convicted in this state of any felony or other crime involving moral turpitude or convicted of any felony in this or any other state court or any federal court for a violation of any state or federal liquor law; or

(2) Any executive officer or other principal officer, partner or member of the applicant, or any person owning, directly or indirectly, at least twenty percent of the outstanding stock, partnership, or other interests in the applicant, has been convicted in this state of any felony or other crime involving moral turpitude or convicted of any felony in this or any other state court or any federal court for a violation of any state or federal liquor law.

(e) The commissioner shall not issue a retail license to an applicant which does not hold a license issued pursuant to federal law to sell liquor at wholesale.

(a) Except as provided in section ten-b of this article, bids for licenses shall be governed by the provisions of this section.
(b) The issuance of retail licenses shall be based on sealed competitive bids in accordance with the provisions of this section. Bids for the issuance of retail licenses shall be obtained by public notice published as a Class II-0 legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code, and the publication area for the publication shall be each market zone within which a retail outlet shall be located. The second publication of the notice shall appear more than thirty days next preceding the final day for submitting bids.

(c) Each bid shall indicate the market zone for which the retail license is sought, whether the bid is for a Class A retail license or Class B retail license, and, if the board has created one or more designated areas for the market zone, whether the bid is for a Class A or Class B retail license to be issued for any designated area. No bid shall be altered or withdrawn after the appointed hour for the opening of the bids. Subject to the provisions of section ten-b of this article, each retail license shall be awarded to the highest bidder. No bid shall be considered unless the bond required under section eleven of this article is submitted to the commissioner. All bids for a retail license may be rejected by the board if the board determines that the highest bid is inadequate, in which event the commissioner shall begin anew the bidding process for that retail license.

(d) Each person desiring to submit a bid shall file the bid with the commissioner prior to the specified date and hour for the bid openings. The failure to deliver or the nonreceipt of a bid prior to the appointed date and hour constitutes sufficient reason for the rejection of a bid. After the award of the retail license, the commissioner shall indicate upon the successful bid that it was the successful bid. Thereafter, a copy of the bid and the bidder’s application shall be maintained as a public record, shall be open to public
inspection in the commissioner’s office and shall not be destroyed without the written consent of the Legislative Auditor.

(e) Prior to the issuance of the retail license to the successful bidder, the bid price and the annual retail license fee, as specified in section twelve of this article, shall be paid to the commissioner by money order, certified check or cashier’s check. All retail licenses shall be signed by the commissioner in the name of the state.

(f) If the successful bidder fails to pay to the commissioner the bid price and the annual retail license fee, at the time specified by the commissioner, the bond provided in section eleven of this article shall be forfeited and the bidder shall not be issued the retail license. The commissioner shall then issue the retail license to the next highest bidder for the retail license or reject all bids and start anew the bidding procedure for the retail license.

§60-3A-10b. Bidding procedure for licenses issued for the ten-year period beginning July 1, 2010; purchase options for bids beginning July 1, 2010; and licenses issued for each ten-year period thereafter.

(a) The issuance of retail licenses for the ten-year period beginning July 1, 2010, and for each ten-year period thereafter, shall be based upon sealed competitive bid in accordance with the provisions of section ten of this article except as provided in this section.

(b) Prior to accepting bids for retail licenses to be issued for the ten-year period beginning July 1, 2010, the board shall determine the minimum bid for each license based upon a review of inflation data, demographic data, the sales at each
retail outlet permitted to operate under the license and such other factors as the board may determine to generate the revenues from liquor license renewal projected by the Governor's official revenue estimates for fiscal year 2009-2010 as presented to the regular session of the Legislature in 2009.

(c) Prior to accepting bids for retail licenses to be issued for the ten-year periods beginning July 1, 2010, and July 1 every ten years thereafter, the board shall determine the minimum bid for each retail license based upon a review of the sales at each retail outlet permitted to operate under the retail license and such other factors as the board may determine to generate the revenues from retail license renewal projected by the Governor's official revenue estimates for the fiscal year preceding the expiration of the retail licenses.

(d)(1) Notwithstanding any provision of this article to the contrary, prior to accepting bids for retail licenses to be issued for the ten-year period beginning July 1, 2010, and every ten-year period thereafter, each active retail licensee operating or seeking to operate a freestanding liquor retail outlet shall be eligible to purchase a Class A retail license or licenses as provided in this subsection.

(2) At least sixty days prior to accepting bids for retail licenses to be issued for the ten-year period beginning July 1, 2010, and July 1 every ten years thereafter, the board shall provide notice to each eligible retail licensee of his or her option to purchase a Class A retail license or licenses as provided in this subsection. The board shall include with this notice an explanation of the financing option provided in section ten-d of this article and a financing application form prepared by the commissioner.
(3) An eligible retail licensee may elect to pay a purchase option or options for each retail outlet operating under an active retail license currently held by the licensee. A retail licensee may only exercise a purchase option for the lesser of four Class A retail licenses or the number of active retail licenses currently held by the licensee.

(4) Each eligible retail licensee who elects to pay a purchase option shall, within thirty days prior to the acceptance of bids for the ten-year period beginning July 1, 2010, and July 1 every ten years thereafter, pay to the commissioner an amount equal to ten percent over and above the minimum bid as determined by the board for each Class A retail license the retail licensee wishes to purchase or, if the retail licensee elects to take the financing option provided in section ten-d of this article, a down payment, the amount of which shall be calculated in accordance with the provisions of that section. A retail licensee shall be awarded a Class A retail license or licenses upon the commissioner’s receipt of his or her payment or down payment: Provided, That the commissioner determines that the retail licensee is in good standing with the state and meets all other requirements imposed by the provisions of this article for the issuance of a Class A retail license.

(5) A Class A retail license purchased in accordance with this subsection shall be issued for the ten-year period beginning July 1, 2010, or July 1 every ten years thereafter, and shall expire on June 30, 2020, or on June 30 every ten years thereafter.

(6) Nothing in this subsection may be interpreted as affecting the ability of a retail licensee to bid for a retail license or licenses as otherwise provided in this article: Provided, That the retail licensee meets all other requirements imposed by the provisions of this article for the submission of bids.
(e) All bids for a retail license for the ten-year period beginning July 1, 2010, or for any ten-year period thereafter may be rejected by the board if the board determines that the highest bid fails to meet the minimum bid. The board may also reject any or all bids for a market zone where, in the aggregate, the bids for all of the retail licenses in the market zone fail to meet the minimum aggregate bid for that market zone. Where the board determines the highest bid meets or exceeds the minimum bid, the board shall determine whether, at the time of the bid, the same retail license was held for the period ending June 30, 2010, or for any ten-year period thereafter, on June 30 preceding the expiration of the license. If the current retail licensee holding the same retail license at the time of submission of the bid for the period ending June 30, 2010, or for any ten-year period thereafter, on June 30 preceding the expiration of the retail license, submitted a bid that was not less than the minimum bid and is, after considering any preference applicable under the provisions of section ten-a of this article, an unsuccessful bidder for the retail license for the period beginning July 1, 2010, or for any ten-year period thereafter, on July 1 when the retail license expires, the commissioner shall notify the person that upon paying the amount of the highest bid, subject to the provisions of subsection (f) of this section, and upon compliance with all other requirements imposed by the provisions of this article for the issuance of the license, the retail license for the ten-year period beginning July 1, 2010, or for any ten-year period thereafter, shall be issued to the current retail licensee. If, within the time determined by the commissioner, the current retail licensee pays the amount to the commissioner and complies with all other requirements imposed by the provisions of this article for the issuance of the retail license, the retail license for the ten-year period beginning July 1, 2010, or for any ten-year period thereafter, shall be issued to the current retail licensee.
(f) The board shall, in determining the amount a current retail licensee who is an unsuccessful bidder shall pay as described in subsection (e) of this section, afford the unsuccessful bidder a preference. If the unsuccessful bidder is a West Virginia resident as defined in section ten-a of this article, the board shall afford the unsuccessful bidder a five percent preference in addition to the five percent preference afforded under section ten-a of this article. If the unsuccessful bidder is not a West Virginia resident, the board shall afford the unsuccessful bidder a five percent preference. The preference shall be computed by subtracting the preference percentage of the highest bid price from the highest bid price: Provided, That under no circumstances may the preference bring the price of the bid below the minimum bid established by the board: Provided, however, That a current retail licensee who is not operating any of the retail outlets for which he or she is authorized under the license is not eligible for the preference provided for under this section.

(g) In the event all bids submitted for a retail license fail to meet the minimum bid amount for the license as determined by the board, the board may offer the license for bid again after it determines a new minimum bid amount for the retail license.

§60-3A-10d. Financing option for retail licensees purchasing Class A retail licenses.

(a) The commissioner shall offer financing to each retail licensee who elects to pay the purchase option for a Class A retail license or licenses as provided in section ten-b of this article: Provided, That the retail licensee is approved by the commissioner for financing and otherwise complies with the requirements of this section: Provided, however, That the retail licensee agrees to enter a financing agreement with the commissioner as provided in subsection (d) of this section.
(b) The commissioner shall prepare an application form for retail licensees who desire to elect the financing option provided in this section. The commissioner shall make the form available to retail licensees in paper or electronic format at least sixty days prior to the acceptance of bids for the ten-year period beginning July 1, 2010, and July 1 every ten years thereafter. At a minimum, the application form shall require the following information:

1. Certification that the applicant elects to pay the purchase option for a Class A retail license or licenses as provided in section ten-b of this article;

2. Certification that the applicant is the current holder and operator of an active retail license issued by the board;

3. A description of the retail license or licenses currently held by the applicant;

4. Any information the commissioner requires to evaluate the creditworthiness of the applicant, including without limitation the applicant’s authorization to perform a criminal background and credit check; and

5. Any additional information the commissioner requires to effectuate the purposes of this section.

(c) For an applicant to be considered for financing, the application required under subsection (b) of this section must be submitted to the commissioner with a down payment of fifty percent of the total amount due under the financing agreement provided in subsection (d) of this section no later than May 1, 2010, or, for subsequent retail license periods, May 1 every ten years thereafter. The commissioner shall make a determination as to the eligibility of an applicant for financing and the issuance of a Class A retail license within
fifteen days of his or her receipt of the application. If the commissioner determines that an applicant is ineligible for financing, is not in good standing with the state or does not otherwise meet the requirements of this article for the issuance of a Class A retail license, the commissioner shall notify the applicant that his or her application for financing is denied and shall refund in full any moneys paid to the commissioner as a down payment. If the applicant’s application for financing is denied for any reason other than the fact that the applicant is not in good standing with the state or is not otherwise eligible for the issuance of a Class A retail license, the commissioner shall provide the applicant the option of paying the full amount of a purchase option for a Class A retail license or licenses as provided in subsection (d), section ten-b of this article. At the request of the applicant, the commissioner may credit any moneys received as a down payment towards payment of the full amount of a purchase option for a Class A retail license or licenses.

(d) The commissioner is hereby authorized to enter into a financing agreement with each retail licensee meeting the requirements of this section. The financing agreement shall contain such terms and conditions as prescribed by the commissioner, but at a minimum shall contain the following:

(1) The total amount due, including the required down payment, which shall equal ten percent over and above the minimum bid as determined by the board for each Class A retail license the retail licensee wishes to purchase;

(2) The interest to be charged on the total amount due at a rate of the adjusted prime lending rate minus one hundred basis points. The interest rate shall be set on the date the financing is approved by the commissioner;

(3) The total amount due, not including the required down payment, to be payable to the commissioner in monthly
or quarterly installments over a period of sixty months. If a retail licensee elects to pay in monthly installments, his or her first payment is due on August 1 and successive payments are due on the first day of each month thereafter until the debt is retired. If a retail licensee elects to pay in quarterly installments, his or her first payment is due on October 1 and successive payments are due on the first day of every third month thereafter until the debt is retired;

(4) The failure of a retail licensee to make a payment in accordance with the terms of the financing agreement shall result in the entire balance of the amount due becoming immediately due and payable to the commissioner and shall result in the forfeiture of the down payment and any moneys paid to the commissioner in accordance with this section; and
