ARTICLE 7. CORRECTIONAL INDUSTRIES ACT OF 2009.

§25-7-1. Legislative findings.

1 The Legislature finds that the means now provided for the use of inmate labor are inadequate to furnish a sufficient number of inmates with employment. It is the intent of this article:

5 (a) To provide more adequate, regular and suitable employment for the inmates and confined juvenile or youthful offenders of this state;

8 (b) To use the labor of inmates and confined juvenile or youthful offenders for self-maintenance and to reimburse this state for expenses incurred by reason of their crimes and confinement;

12 (c) To provide for the requisition and distribution of correctional industries articles and products directly through established state authorities, with no possibility
of private profit except for those specific articles and
products manufactured and sold pursuant to 18 U. S. C.
§1761(c), the Prison Industry Enhancement (PIE) Certifi-
cation Program, and pursuant to sections thirteen, four-
teen, fifteen and sixteen of this article; and

To provide for correctional industries to be profitable
in view of the fact that it is a self-sufficient authority.

§25-7-2. Citation of article.

This article may be cited as the Correctional Industries

§25-7-3. Establishment of industries at correctional facilities;
purposes and extent.

The Commissioner of the Division of Corrections or the
commissioner's designee has exclusive authority to execute
contracts for the sale of products manufactured or ser-
viced at state correctional facilities, as necessary to carry
out the provisions of this article. The commissioner or
designee is authorized to purchase equipment, raw materi-
als and supplies and to employ necessary supervisory
personnel to establish and maintain, at state correctional
facilities and institutions under the commissioner's
control, industries which use the services of inmates to
manufacture and produce articles and products for use by
any office, department, institution or agency supported in
whole or in part by this state or its political subdivisions.

§25-7-4. Correctional industries service contracts.

(a) The commissioner may enter into contracts with
private entities under which inmate or resident labor is
provided through correctional industries for work involv-
ing the delivery of products or for service work. Service
work means work which includes, but is not limited to,
repairs, replacement of original manufactured items,
packaging, sorting, recycling, labeling or similar work that
8 is not original equipment manufacturing. The use of
9 inmate or resident labor may not result in the displace-
10 ment of civilian workers employed in the local region
11 where the work is performed. The division may negotiate
12 the wage for inmate or resident labor under correctional
13 industries contracts and, except as provided in sections
14 thirteen, fourteen, fifteen and sixteen of this article, the
15 wage may be less than the prevailing wage for work of a
16 similar nature in the private sector.

17 (b) The Division of Corrections, in cooperation with the
18 Department of Commerce, shall develop and maintain a
19 marketing plan encouraging private sector businesses to
20 employ inmates through the correctional industries
21 program.

§25-7-5. Purchase of inmate-made goods by state agencies.

1 (a) On and after the effective date of this article, all
2 offices, departments, institutions and agencies of this state
3 supported, in whole or in part, by state funds shall pur-
4 chase all articles or products which they require from the
5 commissioner, if those articles or products are produced or
6 manufactured by correctional industries, as provided by
7 this article. No state office, department, institution or
8 agency may purchase an article or product which correc-
9 tional industries produces from any other source, unless
10 specifically excepted from the provisions of this section
11 pursuant to section six of this article.

12 (b) Purchases of correctional industries articles or
13 products by state offices, departments, institutions and
14 agencies shall be made on requisition by the office,
15 department, institution or agency requiring the articles or
16 products.

17 (c) Political subdivisions, not-for-profit corporations and
18 charitable agencies chartered in West Virginia, units of the
19 federal government and units of government of other
20 states may purchase articles and products produced by
21 correctional industries. Entities which contract with the
22 state, its political subdivisions, its agencies or its public
23 institutions may purchase from correctional industries
24 articles and products used in the performance of their
25 contracts.

§25-7-6. Exceptions to mandatory purchase requirement.

1 Exceptions from the mandatory purchase provisions of
2 section five of this article may be granted when a correc-
3 tional industries article or product does not meet the
4 reasonable requirements of the requesting state office,
5 department, institution or agency, or when the requisition
6 cannot be fulfilled because of insufficient supply or other
7 reason. No state office, department, institution or agency
8 may evade the requirements of section five of this article,
9 or of this section, making insubstantial variations from the
10 characteristics of correctional industries products or
11 articles.

§25-7-7. Catalogues and a website of articles and products
made and produced.

1 The commissioner shall arrange for the creation and
2 updating of catalogues and a website containing descrip-
3 tions of the correctional industries articles and products
4 manufactured or produced pursuant to the provisions of
5 this article. The commissioner shall make copies of the
6 catalogue and the website address available to entities
7 eligible to acquire correctional industries articles and
8 products.

§25-7-8. Commissioner to determine prices.

1 The commissioner or the commissioner's designee shall
2 determine the prices of correctional industries articles and
3 products. The prices shall be uniform for all and as near
4 as is practicable to the fair market price.
§25-7-9. Annual statements by the commissioner.

1 At the close of each fiscal year, the commissioner shall prepare a financial report on the financial condition of the correctional industries operation, in accordance with generally accepted accounting principles. Within sixty days after the end of the fiscal year, the commissioner shall file the report with the Secretary of the Department of Military Affairs and Public Safety, the Secretary of the Department of Administration and the Office of the Legislative Auditor.

§25-7-10. Indebtedness for capital outlay projects.

1 To carry out the provisions of this article, the commissioner is authorized to enter into contracts to acquire and purchase equipment, tools, supplies and materials, with payment to be made over a period not exceeding five years.

1 (a) There is hereby created in the State Treasury a special revenue account designated the Correctional Industries Account. 7 (b) Except as provided in subsection (c) of this section, funds collected and deposited may be used only to purchase manufacturing supplies, equipment, machinery and materials used to carry out the purposes of this article; to pay necessary personnel; and to defray necessary expenses, including inmate earnings, all of which are under the direction of the commissioner and subject to the commissioner's approval.

15 (c) The Correctional Industries Account may not be maintained in excess of the amount necessary to effi-
ciently and properly carry out the purposes of this article.

In no event may the Correctional Industries Account be maintained in excess of $1,500,000. Any moneys in the account exceeding $1,500,000 shall be transferred to the State Treasury and credited to the General Revenue Fund of the state.

§25-7-12. Sale of inmate-made goods on open market prohibited; penalty; exceptions.

(a) Subject to the provisions of subsections (e) and (f) of this section and section five of this article, it is unlawful to sell or offer for sale on the open market any articles or products manufactured or produced, wholly or in part, by inmates of this state or any other state. This section does not apply to articles or products manufactured and sold pursuant to sections thirteen, fourteen, fifteen and sixteen of this article; pursuant to the requirements of 18 U. S. C. §1761(c), the Prison Industry Enhancement (PIE) Certification Program; or products made with waste tires. Any person violating the provisions of this subsection is guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than $200 nor more than $5,000 or confined not less than three months nor more than one year, or both. Each sale or offer for sale shall constitute a separate offense under this subsection.

(c) Products made by inmates from waste tires and sold on the open market must be competitively priced with privately produced goods of the same nature and may not be sold at a loss.

(d) Profits earned from the sale of products made by inmates from waste tires shall be deposited in the Correctional Industries Account to reimburse funds expended
collecting waste tires and producing waste tire products, and to cover the reasonable cost of periodic replacement of outdated, obsolete or inoperable machinery or equipment used in such collection or production. Any funds remaining shall be divided equally between the Correctional Industries Account and the Crime Victims Compensation Fund created by article two-a, chapter fourteen of this code.

(e) Notwithstanding the provisions of subsection (a) of this section, any article or product manufactured or produced, wholly or in part, by inmates of West Virginia correctional facilities which is designed and intended to be used solely by blind and persons with disabilities, including, but not limited to, braille books and reading materials, may be sold or distributed on the open market by the Division of Corrections or other state department or agency.
