JONES, STEPHENS, WALKER AND AZINGER)

---

[Passed March 1, 2012; to take effect ninety days from passage.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto two new sections, designated §30-1-6a and §30-1-6b, all relating to the professional and occupational licensure and registration of former and current members of the armed forces of the United States; providing legislative findings and declarations; requiring consideration and appropriate acceptance of military education, training and experience for qualification for professional licensure; providing rule-making authority for licensing or registration boards; providing exceptions; and requiring the extension of licenses and the waiver of certain requirements for licenses or registration of certain persons and accompanying spouses on active duty in the armed forces of the United States.

*Be it enacted by the Legislature of West Virginia:*

That the Code of West Virginia, 1931, as amended, be amended by adding thereto two new sections, designated §30-1-6a and §30-1-6b, all to read as follows:

**ARTICLE 1. GENERAL PROVISIONS APPLICABLE TO  
ALL STATE BOARDS OF  
EXAMINATION OR REGISTRATION  
REFERRED TO IN CHAPTER.**

**§30-1-6a. Legislative findings and declarations; consideration  
of military education, training and experience for  
licensure or registration, generally; rule of  
construction.**

1 (a) The Legislature finds that:

2 (1) Many current and former members of the United  
3 States Armed Forces have acquired extensive academic,  
4 professional and occupational training and experience in  
5 various professions and occupations while serving in the  
6 Armed Forces.

7 (2) In many instances, that level of academic education,  
8 training and experience may be comparable to, or may  
9 exceed, what is required in this state to register for  
10 examination, or qualify for licensure, certification or  
11 registration for a similar or related occupation or profession.

12 (3) Armed forces service members often leave the  
13 military with documented training, education and experience  
14 which may be sufficient for application toward the  
15 requirements in this state to register for examination, or  
16 qualify for licensure, certification or registration in a  
17 comparable profession or occupation.

18 (4) Armed forces members who are separating from  
19 service are frequently delayed getting post-service  
20 employment even though they have applicable military  
21 education, training and experience which can qualify them  
22 for professional license, certifications or registration.

23 (5) Military veterans have expended and sacrificed a  
24 significant portion of their most productive earning potential  
25 and working years to the service of their country; however,  
26 reported unemployment rates of veterans are higher than

27 national averages, and accordingly, military veterans should  
28 be given the opportunity to take advantage of their military  
29 education, experience and training, as appropriate, toward  
30 pursuing a career in many of the professions and occupations  
31 identified in this chapter.

32 (6) The state may be experiencing a shortage of qualified  
33 candidates for licensure, certification or registration for these  
34 various professions and occupations. Therefore, it is in the  
35 public interest of this state to accommodate and attract  
36 persons with the appropriate military education, training and  
37 experience, to apply for licensure, certification or registration  
38 in a profession or occupation in West Virginia.

39 (7) The boards in this chapter have the particular  
40 expertise necessary to evaluate and determine what military  
41 education, training and experience is adequate, acceptable  
42 and appropriate to be applied toward the qualifications for  
43 licensure, certification or registration and whether it is  
44 necessary that the competency of those persons be  
45 determined and evaluated by examination before they are so  
46 licensed, certified or registered.

47 (b) Except as provided in subsection (d) of this section,  
48 and notwithstanding any law to the contrary, all boards  
49 referred to in this chapter shall, upon presentation of  
50 satisfactory evidence by an applicant for licensure,  
51 certification or registration, accept education, training or  
52 experience of an individual as a member of the Armed Forces  
53 or Reserves of the United States, the National Guard of any  
54 state, or the military reserves of any state, as part of the  
55 evaluation process toward the qualifications to receive, or  
56 take examination for, that respective professional license,  
57 certification, or registration.

58 (c) Boards referred to in this chapter may propose rules  
59 for legislative approval in accordance with the provisions of  
60 article three, chapter twenty-nine-a of this code as are  
61 necessary to implement the provisions of this section. The  
62 proposed rules shall establish criteria or requirements for  
63 military education, training and experience that qualify the

64 applicant to take an examination for licensure, certification or  
65 registration or for a waiver of any examination requirement  
66 to be licensed, certified or registered.

67 (d) The provisions of this section do not apply to the  
68 boards referred to in this chapter whose license, certification  
69 or registration requirements are subject to the provisions of  
70 article twenty-four of this chapter.

71 (e) This section shall be liberally construed to effectuate  
72 its purpose in the light of these findings and declarations.

**§30-1-6b. Licensure, certification or registration of persons and spouses of persons on military active duty outside this state; extension of licenses or registration; waiver of certain license, certification or registration requirements.**

1 (a) During periods when the licensee, certificate holder or  
2 registrant is on active duty as a member of the Armed Forces  
3 of the United States, the National Guard of this state or any  
4 other state, or any other military reserve component and  
5 deployed outside of this state, and for six months after  
6 discharge from active duty, the license, certification or  
7 registration of a person regulated by a board in this chapter  
8 shall continue in good standing and shall be renewed without  
9 payment of any dues or fees for the maintenance or renewal  
10 of the license, certification or registration, and without  
11 meeting continuing education requirements for the license,  
12 certification or registration, when circumstances associated  
13 with military duty prevent the individual from obtaining the  
14 required continuing education.

15 (b) The licensee shall submit a waiver request to the  
16 appropriate board, informing the board of circumstances  
17 which include, but are not limited to, deployment outside of  
18 the United States or in any combat area and verify that the  
19 individual performs the licensed, certified or registered  
20 profession or occupation as part of his or her military duties  
21 as annotated in Defense Department Form 214 (DD214).

22 (c) During periods when the licensee, certificate holder or  
23 registrant is accompanying his or her spouse who is on active  
24 duty as a member of the Armed Forces of the United States,  
25 the National Guard of this state or any other state, or any  
26 other military reserve component and deployed outside of this  
27 state, and for six months after discharge from active duty, the  
28 license, certification or registration of that person regulated  
29 by a board referred to in this chapter, shall continue in good  
30 standing and shall be renewed without payment of any dues  
31 or fees for the maintenance or renewal of the license,  
32 certification or registration, and without meeting continuing  
33 education requirements for the license certification or  
34 registration when circumstances associated with  
35 accompanying a spouse on military duty prevent the  
36 individual from obtaining the required continuing education.

37 (d) The licensee shall submit a waiver request to the  
38 appropriate board informing the board of these circumstances  
39 which include, but are not limited to, deployment outside of  
40 the United States or in any combat area.

The Joint Committee on Enrolled Bills hereby certifies that the foregoing bill is correctly enrolled.
