Be it enacted by the Legislature of West Virginia:

That §5-22-1 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:
ARTICLE 22. GOVERNMENT CONSTRUCTION CONTRACTS.

(a) This section and the requirements in this section may be referred to as the West Virginia Fairness In Competitive Bidding Act.

(b) As used in this section:

(A) Is ready, able and willing to timely furnish the labor and materials required to complete the contract;

(B) Is in compliance with all applicable laws of the State of West Virginia; and

(C) Has supplied a valid bid bond or other surety authorized or approved by the contracting public entity.

(3) "State spending unit" means a department, agency or institution of the state government for which an appropriation is requested, or to which an appropriation is made by the Legislature.
(c) The state and its subdivisions shall, except as provided in this section, solicit competitive bids for every construction project exceeding $25,000 in total cost. A vendor who has been debarred pursuant to the provisions of sections thirty-three-b through thirty-three-f, inclusive, article three, chapter five-a of this code may not bid on or be awarded a contract under this section. All bids submitted pursuant to this chapter shall include a valid bid bond or other surety as approved by the State of West Virginia or its subdivisions.

(d) Following the solicitation of bids, the construction contract shall be awarded to the lowest qualified responsible bidder who shall furnish a sufficient performance and payment bond. The state and its subdivisions may reject all bids and solicit new bids on the project.

(e) The apparent low bidder on a contract valued at more than $250,000 for the construction, alteration, decoration, painting or improvement of a new or existing building or structure with a state spending unit shall submit a list of all subcontractors who will perform more than $25,000 of work on the project including labor and materials. This section does not apply to other construction projects such as highway, mine reclamation, water or sewer projects. The list shall include the names of the bidders and the license numbers as required by article eleven, chapter twenty-one of this code. This information shall be provided to the state spending unit within one business day of the opening of bids for review prior to the awarding of a construction contract. If no subcontractors who will perform more than $25,000 of work are to be used to complete the project it will be noted on the subcontractor list. Failure to submit the subcontractor list within one business day after the deadline for submitting bids shall result in disqualification of the bid.

(f) Written approval must be obtained from state spending unit before any subcontractor substitution is permitted. Substitutions are not permitted unless:
(1) The subcontractor listed in the original bid has filed for bankruptcy;

(2) The state spending unit refuses to approve a subcontractor in the original bid because the subcontractor is under a debarment pursuant to section thirty-three-d, article three, chapter five-a of this code or a suspension under section thirty-two, article three, chapter five-a of this code; or

(3) The contractor certifies in writing that the subcontractor listed in the original bill fails, is unable or refuses to perform the subcontract.

(g) The contracting public entity may not award the contract to a bidder which fails to meet the minimum requirements set out in this section. As to a prospective low bidder which the contracting public entity determines not to have met one or more of the requirements of this section or other requirements as determined by the public entity in the written bid solicitation, prior to the time a contract award is made, the contracting public entity shall document in writing and in reasonable detail the basis for the determination and shall place the writing in the bid file. After the award of a bid under this section, the bid file of the contracting public agency and all bids submitted in response to the bid solicitation shall be open and available for public inspection.

(h) A public official or other person who individually or together with others knowingly makes an award of a contract under this section in violation of the procedures and requirements of this section is subject to the penalties set forth in section twenty-nine, article three, chapter five-a of the Code of West Virginia.

(i) No officer or employee of this state or of a public agency, public authority, public corporation or other public entity and no person acting or purporting to act on behalf of an officer or
employee or public entity shall require that a performance bond, payment bond or surety bond required or permitted by this section be obtained from a particular surety company, agent, broker or producer.

(j) All bids shall be open in accordance with the provisions of section two of this article, except design-build projects which are governed by article twenty-two-a of this chapter and are exempt from these provisions.

(k) Nothing in this section applies to:

For the purpose of this subdivision, the term emergency repairs means repairs that if not made immediately will seriously impair the use of building components and systems or cause danger to persons using the building components and systems; and

(4) A situation where the state or subdivision thereof reaches an agreement with volunteers, or a volunteer group, in which the governmental body will provide construction or repair materials, architectural, engineering, technical or other professional services and the volunteers will provide the necessary labor without charge to, or liability upon, the governmental body.
