ARTICLE 1. DEFINITIONS AND APPLICATION OF CHAPTER.

§29A-1-2. Definitions of terms used in this chapter.

For the purposes of this chapter:

(a) "Agency" means any state board, commission, department, office or officer authorized by law to make rules or adjudicate contested cases, except those in the legislative or judicial branches.

(b) "Contested case" means a proceeding before an agency in which the legal rights, duties, interests or privileges of specific parties are required by law or constitutional right to be determined after an agency hearing, but does not include cases in which an agency issues a license, permit or certificate after an examination to test the knowledge or ability of the applicant where the controversy concerns whether the examination was fair or whether the applicant passed the examination and does not include rulemaking.

(c) "Interpretive rule" means every rule, as defined in subdivision (j) of this section, adopted by an agency independently of any delegation of legislative power which is intended by the agency to provide information or guidance to the public regarding the agency's interpretations, policy or opinions upon the law enforced or administered by it and which is not intended by the agency to be determinative of any issue affecting constitutional, statutory or common law.
rights, privileges or interests. An interpretive rule may not be relied upon to impose a civil or criminal sanction nor to regulate conduct or the exercise of constitutional, statutory or common law rights or privileges nor to confer any right or privilege provided by law and is not admissible in any administrative or judicial proceeding for that purpose, except where the interpretive rule established the conditions for the exercise of discretionary power as provided in this subdivision. However, an interpretive rule is admissible for the purpose of showing that the prior conduct of a person was based on good faith reliance on the rule. The admission of the rule in no way affects any legislative or judicial determination regarding the prospective effect of the rule.

Where any provision of this code lawfully commits any decision or determination of fact or judgment to the sole discretion of any agency or any executive officer or employee, the conditions for the exercise of that discretion, to the extent that the conditions are not prescribed by statute or by legislative rule, may be established by an interpretive rule and such rule is admissible in any administrative or judicial proceeding to prove the conditions.

(d) "Legislative exempt rule" means every rule promulgated by an agency or relating to a subject matter that is exempt from the rule-making provisions of article three of this chapter, under section three, article one of this chapter or any other section of this code.

(e) "Legislative rule" means every rule, as defined in subdivision (j) of this section, proposed or promulgated by an agency pursuant to this chapter. Legislative rule includes every rule which, when promulgated after or pursuant to authorization of the Legislature, has: (1) The force of law; or (2) supplies a basis for the imposition of civil or criminal liability; or (3) grants or denies a specific benefit. Every rule which, when effective, is determinative on any issue affecting
constitutional, statutory or common law rights, privileges or interests is a legislative rule. Unless lawfully promulgated as an emergency rule, a legislative rule is only a proposal by the agency and has no legal force or effect until promulgated by specific authorization of the Legislature. Except where otherwise specifically provided in this code, legislative rule does not include: (A) Findings or determinations of fact made or reported by an agency, including any findings and determinations that are required to be made by any agency as a condition precedent to proposal of a rule to the Legislature; (B) declaratory rulings issued by an agency pursuant to the provisions of section one, article four of this chapter; (C) orders, as defined in subdivision (e) of this section; or (D) executive orders or proclamations by the Governor issued solely in the exercise of executive power, including executive orders issued in the event of a public disaster or emergency.

(f) "Order" means the whole or any part of the final disposition, whether affirmative, negative, injunctive or declaratory in form, by any agency of any matter other than rulemaking.

(g) "Person" includes individuals, partnerships, corporations, associations or public or private organizations of any character.

(h) "Procedural rule" means every rule, as defined in subdivision (j) of this section, which fixes rules of procedure, practice or evidence for dealings with or proceedings before an agency, including forms prescribed by the agency.

(i) "Proposed rule" is a legislative rule, interpretive rule or a procedural rule which has not become effective pursuant to the provisions of this chapter or law authorizing its promulgation.
(j) "Rule" includes every rule, standard or statement of policy or interpretation of general application and future effect, including the amendment or repeal of the rule, affecting constitutional, statutory or common law rights, privileges or interests, or the procedures available to the public, adopted by an agency to implement, extend, apply, interpret or make specific the law enforced or administered by it or to govern its organization or procedure, but does not include rules relating solely to the internal management of the agency, nor rules of which notice is customarily given to the public by markers or signs, nor mere instructions. Every rule shall be classified as "legislative rule", "interpretive rule" or "procedural rule", all as defined in this section, and is effective only as provided in this chapter.

(k) "Rulemaking" means the process for the formulation, amendment or repeal of a rule as provided in this chapter.

§29A-1-3a. Technical amendments to a current rule.

The provisions of this chapter do not apply to purely technical amendments to a current rule, including correcting addresses, phone numbers, punctuation, spelling, code citations or internal citations, numbering, grammatical errors or changes to language to standardize rules generally without affecting the content of any rule. An agency may make these amendments by filing the corrected rule with the Secretary of State's office.

If an agency ceases to exist, through the operation of law or by statute, any rules adopted or promulgated by the agency are void on the date the agency ceases to exist, unless the agency's rule-making power and its rules have been transferred to another agency.
ARTICLE 3. RULEMAKING.

§29A-3-1a. Filing proposed amendments to an existing rule; and repealing an existing rule.

(a) An agency shall file all sections of the proposed rule when proposing an amendment to an existing rule. The proposed rule shall be accompanied by note of explanation as to the effect of the amendment and its relation to the existing rules.

(b) An agency proposing to repeal a rule, shall file the rule in its entirety with the provisions of the rule struck through. An agency may not repeal a rule by reference in another rule.

§29A-3-4. Filing of proposed legislative exempt rules, procedural rules and interpretive rules.

(a) When an agency proposes a legislative exempt rule, procedural rule or an interpretive rule, the agency shall file in the State Register a notice of its action, including the text of the rule as proposed.

(b) All proposed rules filed under subsection (a) of this section shall have a fiscal note attached itemizing the cost of implementing the rules as they relate to this state and to persons affected by the rules. The fiscal note shall include all information included in a fiscal note for either house of the Legislature and a statement of the economic impact of the rule on the state or its residents. The objectives of the rule shall be clearly and separately stated in the fiscal note by the agency issuing the proposed rules. A legislative exempt, procedural or interpretive rule is not void or voidable by virtue of noncompliance with this subsection.

§29A-3-8. Adoption of legislative exempt, procedural and interpretive rules.
An agency shall consider a legislative exempt, procedural and interpretive rule for adoption not later than six months after the close of public comment and file a notice of withdrawal or adoption in the State Register within that period. An agency’s failure to file the notice constitutes withdrawal and the Secretary of State shall note the failure in the State Register immediately upon the expiration of the six-month period.

A legislative exempt, procedural or interpretive rule may be amended by the agency prior to final adoption without further hearing or public comment. The amendment may not change the main purpose of the rule. If the fiscal implications have changed since the rule was proposed, the agency shall attach a new fiscal note to the notice of filing. Upon adoption of the rule, including any amendment, the agency shall file the text of the adopted legislative exempt, procedural or interpretive rule with its notice of adoption in the State Register and the rule is effective on the date specified in the rule or thirty days after the filing, whichever is later or as specified in this code.

§29A-3-13. Adoption of legislative rules; effective date.

(a) Except as the Legislature may by law otherwise provide, within sixty days after the effective date of an act authorizing promulgation of a legislative rule, the agency shall promulgate the rule in conformity with the provisions of law authorizing and directing the promulgation of the rule. In the case of a rule proposed by an agency which is administered by an executive department pursuant to the provisions of article two, chapter five-f of this code, the secretary of the department shall promulgate the rule as authorized by the Legislature. In the case of an agency which is not subject to administration by the secretary of an executive department, the agency which proposed the rule for
promulgation shall promulgate the rule as authorized by the Legislature.

(b) A legislative rule authorized by the Legislature is effective upon filing in the State Register, or on the effective date fixed by the authorizing act or, if none is fixed by law, a later date not to exceed ninety days, as fixed by the agency.

(c) The Secretary of State shall note in the State Register the effective date of an authorized and promulgated legislative rule and shall promptly publish the duly promulgated rule in the Code of State Rules maintained by his or her office.

§29A-3-15. Emergency legislative rules; procedure for promulgation; definition.

(a) Any agency with authority to propose legislative rules may, without hearing, find that an emergency exists requiring that an emergency rule be promulgated and promulgate the emergency rule in accordance with this section. The agency shall file the emergency rule, together with a statement of the facts and circumstances constituting the emergency and a listing of state agencies, professions, businesses and other identifiable interest groups affected by the proposed emergency rule, with the Secretary of State, who shall publish a notice of the filing in the State Register. However, an agency's good faith failure to list all known state agencies, professions, businesses and other identifiable interest groups is not a basis for disapproval of the emergency rule or does not subject the emergency rule to judicial review. The emergency rule becomes effective upon the approval of the Secretary of State in accordance with section fifteen-a of this article or upon the approval of the Attorney General in accordance with section fifteen-b of this article or upon the forty-second day following the filing, whichever occurs first.
The emergency rule may adopt, amend or repeal any legislative rule, but the agency shall state, with particularity, the circumstances constituting the emergency requiring the adoption, amendment or repeal, and the emergency rule is subject to de novo review by any court having original jurisdiction of an action challenging its validity. An agency shall immediately file a copy of the emergency rule and the required statement with the Secretary of State and one copy with the Legislative Rule-Making Review Committee.

An emergency rule is effective for not more than fifteen months and expires earlier if any of the following occurs:

(1) The Secretary of State, acting under the authority provided in section fifteen-a of this article, or the Attorney General, acting under the authority provided in section fifteen-b of this article, disapproves the emergency rule because: (A) The emergency rule or an amendment to the emergency rule exceeds the scope of the law authorizing or directing the promulgation of the rule; (B) an emergency does not exist justifying the promulgation of the emergency rule; or (C) the emergency rule was not promulgated in compliance with the provisions of this section. An emergency rule may not be disapproved pursuant to the authority granted by clauses (A) or (B) of this subdivision on the basis that the Secretary of State or the Attorney General disagrees with the underlying public policy established by the Legislature in enacting the authorizing legislation. An emergency rule which would otherwise be approved as being necessary to comply with a time limitation established by this code or by a federal statute or regulation may not be disapproved pursuant to the authority granted by paragraphs (A) or (B) of this subdivision on the basis that the agency has failed to file the emergency rule prior to the date fixed by the time limitation. When the authorizing statute specifically directs an agency to promulgate an emergency rule, or
specifically finds that an emergency exists and directs the
promulgation of an emergency rule, the emergency rule may
not be disapproved pursuant to the authority granted by
paragraph (B) of this subdivision. An emergency rule may
not be disapproved on the basis that the Legislature has not
specifically directed an agency to promulgate the emergency
rule, or has not specifically found that an emergency exists
and directed the promulgation of an emergency rule;

(2) The agency has not previously filed and fails to file a
notice of public hearing on the proposed rule within thirty
days of the date the proposed rule was filed as an emergency
rule, in which case the emergency rule expires on the
thirty-first day;

(3) The agency has not previously filed and fails to file
the proposed rule as approved by the agency following the
close of the public comment period with the Legislative
Rule-Making Review Committee within ninety days of the
date the proposed rule was filed as an emergency rule, in
which case the emergency rule expires on the ninety-first
day;

(4) The Legislature has authorized or directed
promulgation of an authorized legislative rule dealing with
substantially the same subject matter since the emergency
rule was first promulgated, in which case the emergency rule
expires on the date the authorized rule is made effective; or

(5) The Legislature has, by law, disapproved the
emergency rule, in which case the emergency rule expires on
the date the law becomes effective.

(b) Any amendment to an emergency rule made by the
agency shall be filed in the State Register and does not
constitute a new emergency rule for the purpose of acquiring
additional time or avoiding the expiration dates in subdivision (2), (3), (4) or (5), subsection (a) of this section:

Provided, That the emergency amendment becomes effective upon the approval of the Secretary of State in accordance with section fifteen-a of this article or upon approval of the Attorney General in accordance with section fifteen-b of this article or upon the forty-second day following the filing, whichever occurs first.

(c) Once an emergency rule expires due to the conclusion of fifteen months or due to the effect of subdivision (2), (3), (4) or (5), subsection (a) of this section, the agency may not refile the same or similar rule as an emergency rule.

(d) An agency may not use the provisions of this section to avoid or evade any provision of this article or any other provisions of this code, including any provisions for legislative review and approval of proposed rules. Any emergency rule promulgated for that purpose may be contested in a judicial proceeding before a court of competent jurisdiction.

(e) The Legislative Rule-Making Review Committee may review any emergency rule to determine: (1) Whether the emergency rule or an amendment to the emergency rule exceeds the scope of the law authorizing or directing its promulgation; (2) whether there exists an emergency justifying the promulgation of the emergency rule; and (3) whether the emergency rule was promulgated in compliance with the requirements and prohibitions contained in this section. The committee may recommend to the agency, the Legislature or the Secretary of State any action it determines appropriate.

(f) For the purposes of this section, an emergency exists when the promulgation of an emergency rule is necessary: (1)
For the immediate preservation of the public peace, health, safety or welfare; (2) to comply with a time limitation established by this code or by a federal statute or regulation; or (3) to prevent substantial harm to the public interest.
