(e) (1) Employees of the State Legislature whose terms of employment are otherwise classified as temporary and who are employed to perform services required by the Legislature for its regular sessions or during the interim time between regular sessions shall receive service credit for the time served in that capacity in accordance with the following: For purposes of this section, the term "regular session" means day one through day sixty of a sixty-day legislative session or day one through day thirty of a thirty-day legislative session. Employees of the State Legislature whose term of employment is otherwise classified as temporary and who are employed to perform services required by the Legislature for its regular sessions or during the interim time between regular sessions and who have been or are employed during regular sessions or during the interim time between regular sessions in seven consecutive calendar years, as certified by the clerk of the house in which the employee served, shall receive service credit of six months for all regular sessions served, as certified by the clerk of the house in which the employee served, or shall receive service credit of three months for each regular thirty-day session served prior to 1971: Provided, That employees of the State Legislature whose term of employment is otherwise classified as temporary and who are employed to perform services required by the Legislature for its regular sessions and who have been or are employed during the regular sessions in thirteen consecutive calendar years as either temporary employees or full-time employees or a combination thereof, as certified by the clerk of the house in which the employee served, shall receive a service credit of twelve months for each regular session served, as certified by the clerk of the house in which the employee served: Provided, however, That the amendments made to this subsection during the 2002 regular session of the Legislature only apply to employees of the Legislature who are employed by the Legislature as either temporary employees or full-time employees as of January 1, 2002, or who become employed by the Legislature as temporary or full-time employees for the first time after January 1, 2002. Employees

Once a legislative employee has been employed during regular sessions for seven consecutive years or has become a full-time employee of the Legislature, that employee shall receive the service credit provided in this section for all regular and interim sessions and interim days worked by that employee, as certified by the clerk of the house in which the employee served, regardless of when the session or interim legislative employment occurred: And provided further, That regular session legislative employment for seven consecutive years may be served in either or both houses of the Legislature.

(2) For purposes of this section, employees of the Joint Committee on Government and Finance are entitled to the same benefits as employees of the House of Delegates or the Senate:

(f) Any employee may purchase retroactive service credit for periods of employment in which contributions were not deducted from the employee’s pay. In the purchase of service credit for employment prior to 1989 in any department, including the Legislature, which operated from the General Revenue Fund and which was not expressly excluded from budget appropriations in which blanket appropriations were made for the state’s share of public employees’ retirement coverage in the years prior to 1989, the employee shall pay the employee’s share. Other employees shall pay the state’s share and the employee’s share to purchase retroactive service credit. Where an employee purchases service credit for employment which occurred after 1988, that employee shall pay for the employee’s share and the employer shall pay its share for the purchase of retroactive service credit: Provided, That no legislative employee and no current or former member of the Legislature may be required to pay any interest or penalty upon the purchase of retroactive service credit in accordance with the provisions of this section where the employee was not eligible to become a member during the years for which he or she is purchasing retroactive credit or had the employee attempted to contribute to the system during the years for which he or she is purchasing retroactive service credit and the contributions would have been refused by the board: Provided, however, That a current legislative employee purchasing retroactive credit under this section shall do so within twenty-four months of beginning contributions to the retirement system as a legislative employee or no later than December 31, 2016, whichever occurs later: Provided further, That once a legislative employee becomes a member of the retirement system, he or she may purchase retroactive service credit for any time he or she was employed by the Legislature and did not receive service credit. Any service credit purchased shall be credited as six months for each sixty-day session worked, three months for
each thirty-day session worked or twelve months for each sixty-day session for legislative
employees who have been employed during regular sessions in thirteen consecutive calendar
years, as certified by the clerk of the house in which the employee served, and credit for interim
employment as provided in this subsection: And provided further, That this legislative service
credit shall also be used for months of service in order to meet the sixty-month requirement for
the payments of a temporary legislative employee member's retirement annuity: And provided
further, That no legislative employee may be required to pay for any service credit beyond the
actual time he or she worked regardless of the service credit which is credited to him or her
pursuant to this section: And provided further, That any legislative employee may request a
recalculation of his or her credited service to comply with the provisions of this section at any time.

(g) (1) Notwithstanding any provision to the contrary, the seven consecutive calendar
years requirement and the thirteen consecutive calendar years requirement and the service credit
requirements set forth in this section shall be applied retroactively to all periods of legislative
employment prior to the passage of this section, including any periods of legislative employment
occurring before the seven consecutive and thirteen consecutive calendar years referenced in
this section: Provided, That the employee has not retired prior to the effective date of the
amendments made to this section in the 2002 regular session of the Legislature.

(2) The requirement of seven consecutive years and the requirement of thirteen
consecutive years apply retroactively to all legislative employment prior to the effective date of
the 2006 amendments to this section.

(h) The board of trustees shall grant service credit to any former or present member of the
State Police Death, Disability and Retirement Fund who has been a contributing member of this
system for more than three years for service previously credited by the State Police Death,
Disability and Retirement Fund if the member transfers all of his or her contributions to the State
Police Death, Disability and Retirement Fund to the system created in this article, including
repayment of any amounts withdrawn any time from the State Police Death, Disability and
Retirement Fund by the member seeking the transfer allowed in this subsection: Provided, That there shall be added by the member to the amounts transferred or repaid under this subsection an amount which shall be sufficient to equal the contributions he or she would have made had the member been under the Public Employees Retirement System during the period of his or her membership in the State Police Death, Disability and Retirement Fund, excluding contributions on lump sum payment for annual leave, plus interest at a rate determined by the board.

(i) The provisions of section twenty-two-h of this article are not applicable to the amendments made to this section during the 2006 regular session.

(4) Notwithstanding paragraph (A), subdivision (3) of this subsection, a member who otherwise meets the requirements of said paragraph, but who does not remain employed and contributing to the retirement system for at least a complete fiscal year when he or she first becomes an employee of a participating public employer after the period of active military duty and break in service, shall be considered to have met the requirement of said paragraph the first time he or she again becomes an employee of a participating public employer and completes at least a complete fiscal year of contributing service. Such a member shall be considered to have met the requirement of paragraph (C) of said subdivision if he or she pays to the retirement system the actuarial reserve purchase amount within forty-eight months after the date on which employer and employee contributions are first received by the retirement system for the member for the first time he or she again becomes an employee of a participating public employer and completes at least a complete fiscal year of contributing service, and while he or she continues to be in the employ of a participating public employer and contributing to the retirement system.

the number of months of the member's contract during his or her complete fiscal year of contributory service on or after July 1, 2015.

(I) "Purchase military service" means the amount of military service being purchased by the employee in months up to the sixty-month maximum, calculated in accordance with subdivision (7) of this subsection.

(J) "Purchase month" means the month in which the employee deposits the actuarial reserve lump sum purchase amount into the plan trust fund in full payment of the service credit being purchased or makes the final payment of the actuarial reserve purchase amount into the plan trust fund in full payment of the service credit being purchased.

(6) A member may purchase military service credit for a period of active military duty pursuant to this subsection only if the member received an honorable discharge for the period. Anything other than an honorable discharge, including, but not limited to, a general or under honorable conditions discharge, an entry-level separation discharge, an other than honorable conditions discharge or a dishonorable discharge, shall disqualify the member from receiving military service credit for the period of service. The board shall require a member requesting military service credit to provide official documentation establishing that the requirements set forth in this subsection have been met.

(7) To calculate the amount of military service credit a member may purchase, the board shall add the total number of days in each period of a member's active military duty eligible to be purchased, divide the total by thirty, and round up or down to the nearest integer (fractions of 0.5 shall be rounded up), in order to yield the total number of months of military service credit a member may purchase, subject to the sixty-month maximum. A member may purchase all or part of the maximum amount of military service credit he or she is eligible for in one-month increments.

(8) To receive credit, a member must submit a request to purchase military service credit to the board, on such form or in such other manner as shall be required by the board, within the complete fiscal year period required by subdivision (1), (2), (3) or (4) of this subsection, as
applicable. The board shall then calculate the actuarial reserve lump sum purchase amount, which amount must be paid by the member within the 48-month period required by said subdivisions, as applicable. A member purchasing military service credit pursuant to this subsection must do so in a single, lump sum payment: Provided, That the board may accept partial, installment or other similar payments if the employee executes a contract with the board specifying the amount of military service to be purchased and the payments required: Provided, however, That any failure to pay the contract amount in accordance with this section shall be treated as an overpayment or excess contribution subject to section fourteen-c of this article and no military service shall be credited.

(9) The board shall require a member requesting military service credit to provide official documentation establishing that the requirements set forth in this subsection have been met.

(10) Military service credit purchased pursuant to this subsection shall not be considered contributing service credit or contributory service for purposes of this article.

(11) If a member who has purchased military service credit pursuant to this subsection is eligible for and requests a withdrawal of accumulated contributions pursuant to the provisions of this article, he or she shall also receive a refund of the actuarial reserve purchase amount he or she paid to the retirement system to purchase military service credit, together with regular interest on such amount.

(c) No period of military service shall be used to obtain credit in more than one retirement system administered by the board and once used in any system, a period of military service may not be used again in any other system.

(d) Notwithstanding the preceding provisions of this section, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with Section 414(u) of the Internal Revenue Code and the Federal Uniformed Services Employment and Reemployment Rights Act (USERRA), and regulations promulgated thereunder, as the same
may be amended from time to time. For purposes of this section, “qualified military service” has
the same meaning as in Section 414(u) of the Internal Revenue Code.

(e) In any case of doubt as to the period of service to be credited a member under the
provisions of this section, the board has final power to determine the period. The board is
authorized to determine all questions and make all decisions relating to this section and, pursuant
to the authority granted to the board in section one, article ten-d of this chapter, may propose
rules to administer this section for legislative approval in accordance with the provisions of article
three, chapter twenty-nine-a of this code.
