2 (1) "Account owner" means the owner of a retained asset account who is a resident of this
3 state.

4 (2) "Annuity contract" means an annuity contract issued in this state. The term "annuity
5 contract" shall not include an annuity used to fund an employment-based retirement plan or

6 program where: (1) The insurer does not perform the record-keeping services; or (2) the insurer
7 is not committed by terms of the annuity contract to pay death benefits to the beneficiaries of
8 specific plan participants.

9 (3) "Death Master File" means the United States Social Security Administration's Death
10 Master File or any other database or service that is at least as comprehensive as the United
11 States Social Security Administration's Death Master File for determining whether a person has
12 died.

13 (4) "Death Master File match" means a search of the Death Master File that results in a
14 match of the person's first and last name and Social Security number or the first and last name
15 and date of birth of an insured, annuity owner or retained asset account holder.

17 original or valid copy of a certified death certificate; or (b) a Death Master File match validated by
18 the insurer in accordance with section two of this article.

20 owner, as applicable under the policy, annuity contract or retained asset account at issue in this
21 act.

23 provides a death benefit. The term "policy" shall not include: (i) Any policy or certificate of life

28 accidental death insurance; or (iv) any policy issued to a group master policyholder for which the
29 insurer does not provide record-keeping services.

30 (8) "Record-keeping services" means those circumstances under which the insurer has
31 agreed with a group policy or contract customer to be responsible for obtaining, maintaining and

32 administering in its own or its agents' systems information about each individual insured under an
33 Insured's group insurance contract (or a line of coverage thereunder), at least the following
34 information: (1) Social Security number or name and date of birth; and (2) beneficiary designation
35 information; (3) coverage eligibility; (4) benefit amount; and (5) premium payment status.

36 (9) "Retained asset account" means any mechanism whereby the settlement of proceeds
37 payable under a policy or annuity contract is accomplished by the insurer or an entity acting on
38 behalf of the insurer depositing the proceeds into an account with check- or draft-writing
39 privileges, where those proceeds are retained by the insurer or its agent, pursuant to a
40 supplementary contract not involving annuity contract benefits other than death benefits.

§33-13D-2. Insurer conduct.

1 (a) An insurer shall perform a comparison of its insureds' in-force policies, annuity
2 contracts and account owners against a Death Master File to identify potential death master file
3 matches of its insureds, annuitants and account owners, on at least an annual basis, by using the
4 full Death Master File once and thereafter using the Death Master File update files for future
5 comparisons to identify potential Death Master File matches. The comparison using the full Death
6 Master File should be completed within two years of the effective date of this article and must be
7 completed on policies in force as of 1986, and all policies issued thereafter: *Provided*, That the
8 Insurance Commissioner shall promulgate legislative rules requiring that the comparison against
9 a Death Master File be completed on policies issued at earlier times if the commissioner
10 determines that reliable technology and data exist to make such comparison accurate and cost-
11 effective to match to the established Master Death Database.

12 (b) The insurer comparison of policies, annuity contracts and account owners shall be
13 conducted first to the extent that such records are available electronically and then using the most
14 easily accessible insurer data for records that are not available electronically.

15 (c) This section shall not apply to policies or annuity contracts for which the insurer is
16 receiving premiums from outside the policy value, by check, bank draft, payroll deduction or any

17 other similar method of active premium payment within the eighteen months immediately
18 preceding the Death Master File comparison.

19 (d) Nothing in this section shall limit the insurer from requesting a valid death certificate
20 as part of any claims validation process.

21 (e) For those potential matches identified as a result of a Death Master File match, or if an
22 insurer learns of the possible death of a person otherwise, then the insurer shall, within ninety
23 days of a Death Master File match:

24 (1) Complete a good faith effort, which shall be documented by the insurer, to confirm the
25 death of the person against other available records and information;

26 (2) Review its records to determine whether the deceased person has any other products
27 with the insurer;

28 (3) Determine whether benefits may be due in accordance with any applicable policy,
29 annuity contract or retained asset account.

30 (f) Every insurer shall implement procedures to account for:

34 apostrophes in last names;

35 (3) Transposition of the "month" and "date" portions of the date of birth; and

36 (4) Incomplete Social Security number.

37 (g) If the beneficiary or other authorized representative has not communicated with the
38 insurer within the ninety-day period, the insurer shall take reasonable steps and use good faith
39 efforts, which shall be documented by the insurer, to locate and contact the beneficiary or
40 beneficiaries or other authorized representative on any such policy, annuity contract or retained
41 asset account, including, but not limited to, sending the beneficiary information regarding the

42 insurer's claims process, including the need to provide an official death certificate if applicable
43 under the policy, annuity contract or retained asset account.

44 (h) To the extent permitted by law, the insurer may disclose minimum necessary personal
45 information about a person or beneficiary to a person who the insurer reasonably believes may
46 be able to assist the insurer in locating the beneficiary or a person otherwise entitled to payment
47 of the claims proceeds.

48 (i) An insurer or its service provider shall not charge any beneficiary or other authorized
49 representative for any fees or costs associated with a Death Master File search or verification of
50 Death Master File match conducted pursuant to this section.

51 (j) The benefits from a policy, annuity contract or a retained asset account, plus any
52 applicable accrued contractual interest shall first be payable to the designated beneficiaries or
53 owners, and in the event said beneficiaries or owners cannot be found, shall be paid to the state
54 as unclaimed property pursuant to article eight, chapter thirty-six of this code.

55 (k) The West Virginia Office of the Insurance Commissioner has exclusive authority to
56 promulgate such rules and regulations as may be required or reasonably necessary to implement
57 the provisions of this section.

58 (l) The commissioner may, in his or her reasonable discretion, make an order to:

59 (1) Limit an insurer's Death Master File comparisons required under subsection (a) of this
60 section to the insurer's electronic searchable files or approve a plan and timeline for conversion
61 of the insurer's files to searchable electronic files upon a demonstration of hardship by the insurer;

66 the commissioner.
