ARTICLE 7. LAW ENFORCEMENT; MOTORBOATING; LITTER.

**§20-7-1. Chief natural resources police officer; natural resources police officers; special
and emergency natural resources police officers; subsistence allowance;
expenses.**

1 (a) The division's law-enforcement policies, practices and programs are under the
2 immediate supervision and direction of the division law-enforcement officer selected by the

3 director and designated as chief natural resources police officer as provided in section thirteen,
4 article one of this chapter.

5 (b) Under the supervision of the director, the chief natural resources police officer shall
6 organize, develop and maintain law-enforcement practices, means and methods geared, timed
7 and adjustable to seasonal, emergency and other needs and requirements of the divisions
8 comprehensive natural resources program. All division personnel detailed and assigned to law-
9 enforcement duties and services under this section shall be known and designated as natural
10 resources police officers and are under the immediate supervision and direction of the chief
11 natural resources police officer except as otherwise provided. All natural resources police officers
12 shall be trained, equipped and conditioned for duty and services wherever and whenever required
13 by division law-enforcement needs. The chief natural resources police officer may also assign
14 natural resources police officers to perform law-enforcement duties on any trail, grounds,
15 appurtenant facility or other areas accessible to the public within the Hatfield-McCoy Recreation
16 Area or other regional recreation areas, under agreement that the Hatfield-McCoy Regional
17 Recreation Authority or other regional recreation authorities, created pursuant to articles fourteen
18 and fourteen-a of this chapter, shall reimburse the division for salaries paid to the officers and
19 shall either pay directly or reimburse the division for all other expenses of the officers in
20 accordance with actual or estimated costs determined by the chief natural resources police officer.

21 (c) The chief natural resources police officer, acting under supervision of the director, is
22 authorized to select and appoint emergency natural resources police officers for a limited period
23 for effective enforcement of the provisions of this chapter when considered necessary because
24 of emergency or other unusual circumstances. The emergency natural resources police officers
25 shall be selected from qualified civil service personnel of the division, except in emergency
26 situations and circumstances when the director may designate officers, without regard to civil
27 service requirements and qualifications, to meet law-enforcement needs. Emergency natural
28 resources police officers shall exercise all powers and duties prescribed in section four of this

29 article for full-time salaried natural resources police officers except for the provisions of
30 subdivision (8), subsection (b) of said section.

31 (d) The chief natural resources police officer, acting under supervision of the director, is
32 also authorized to select and appoint as special natural resources police officers any full-time civil
33 service employee who is assigned to, and has direct responsibility for management of, an area
34 owned, leased or under the control of the division and who has satisfactorily completed a course
35 of training established and administered by the chief natural resources police officer, when the
36 action is considered necessary because of law-enforcement needs. The powers and duties of a
37 special natural resources police officer, appointed under this provision, is the same within his or
38 her assigned area as prescribed for full-time salaried natural resources police officers. The
39 jurisdiction of the person appointed as a special natural resources police officer, under this
40 provision, shall be limited to the division area or areas to which he or she is assigned and directly
41 manages.

42 (e) The Director of the Division of Forestry is authorized to appoint and revoke Division of
43 Forestry special natural resources police officers who are full-time civil service personnel who
44 have satisfactorily completed a course of training as required by the Director of the Division of
45 Forestry. The jurisdiction, powers and duties of Division of Forestry special natural resources
46 police officers are set forth by the Director of the Division of Forestry pursuant to article three of
47 this chapter and articles one-a and one-b, chapter nineteen of this code.

48 (f) The chief natural resources police officer, with the approval of the director, has the
49 power and authority to revoke any appointment of an emergency natural resources police officer
50 or of a special natural resources police officer at any time.

51 (g) Natural resources police officers are subject to seasonal or other assignment and detail
52 to duty whenever and wherever required by the functions, services and needs of the division.

53 (h) The chief natural resources police officer shall designate the area of primary residence
54 of each natural resources police officer, including himself or herself. Since the area of business

55 activity of the division is actually anywhere within the territorial confines of the State of West
56 Virginia, actual expenses incurred shall be paid whenever the duties are performed outside the
57 area of primary assignment and still within the state.

58 (i) Natural resources police officers shall receive, in addition to their base pay salary, a
59 minimum monthly subsistence allowance for their required telephone service, dry cleaning or
60 required uniforms and meal expenses while performing their regular duties in their area of primary
61 assignment in the amount of \$130 each month. This subsistence allowance does not apply to
62 special or emergency natural resources police officers appointed under this section.

63 (j) After June 30, 2010, all those full-time law-enforcement officers employed by the
64 Division of Natural Resources as conservation officers shall be titled and known as natural
65 resources police officers. Wherever used in this code the term "conservation officer", or its plural,
66 means "natural resources police officer", or its plural, respectively.

67 Notwithstanding any provision of this code to the contrary, the provisions of subdivision
68 (6), subsection c, section twelve, article twenty-one, chapter eleven of this code are inapplicable
69 to pensions of natural resources police officers paid through the Public Employees Retirement
70 System.

ARTICLE 14A. REGIONAL RECREATION AUTHORITY TRAIL ACT.

§20-14A-1. Legislative findings.

1 The West Virginia Legislature finds that there is interest within the state for additional well-
2 managed trails and facilities for off-highway recreational vehicle enthusiasts and other
3 recreational users. By empowering two or more contiguous counties to form regional recreation
4 authorities to work with private landowners, county officials, community leaders, state and federal
5 government agencies, recreational user groups and recreational entrepreneurs, counties may use
6 this act to establish new recreational trail systems and recreation management authorities tailored
7 to the needs of their communities to increase tourism, outdoor recreation and economic
8 development.

26 combination of the following noncommercial recreational activities: Off-highway recreational
27 vehicle driving and riding, hunting, fishing, swimming, boating, camping, picnicking, hiking,

4 enthusiasts, with significant portions of the area being located on private property made available
5 for use through lease, license, easement or other appropriate legal means by willing landowners.

6 (b) The county commission of each participating county in the authority shall appoint two

15 has been duly appointed and qualified. Any person appointed to fill a vacancy shall serve only for
16 the unexpired term. Any appointed member is eligible for reappointment. Members of the board
17 are not entitled to compensation for services performed as members but are entitled to
18 reimbursement for all reasonable and necessary expenses actually incurred in the performance

19 of this article and exercise those powers enumerated in the bylaws. The executive director shall
20 prepare an annual budget to be submitted to the board for its review and approval prior to the
21 commencement of each fiscal year. The budget shall contain a detailed account of all planned
22 and proposed revenue and expenditures for the authority for the upcoming fiscal year, including

29 personal services expense and current expense, shall be paid in accordance with guidelines
30 issued by the board from funds accruing to the authority.

31 (h) All expenses incurred in carrying out the provisions of this article shall be payable
32 solely from funds provided under the authority of this article and no liability or obligation may be

34 under the authority of this article.

1 (a) The authority shall contract for and obtain an annual financial audit to be conducted by
2 a private accounting firm in compliance with generally accepted government auditing standards.
3 When complete, the audit shall be transmitted to the board and the president of the county
4 commission of each participating county. The cost of the audit shall be paid by the authority.

5 (b) If the authority receives funds from the Legislature by appropriation or grant, the
6 Legislative Auditor shall have the power and authority to examine the audits, revenues,
7 expenditures and performance of the regional recreation authority and for these purposes shall
8 have the power to inspect the properties, equipment, facilities of the authority, and to request,

9 inspect and obtain copies of any records of the authority. For each fiscal year in which the
10 authority receives funds from the Legislature by appropriation or grant, the executive director shall
11 provide to the Legislative Auditor and Secretary of Revenue a detailed list of expenditures and
12 revenue by account and recipient name for the previous fiscal year within forty-five days of the
13 close of that fiscal year.

§20-14A-7. Prohibited acts; criminal penalty.

1 (a) A participant may not enter or remain upon the regional recreation area without a valid,
2 nontransferable user permit issued by the authority and properly displayed, except properly
3 identified landowners or leaseholders or their officers, employees or agents while on the land that
4 the person owns or leases for purposes related to the ownership or lease of the land and not for
5 recreational purposes.

6 (b) A participant may not consume or possess any alcoholic liquor or nonintoxicating beer
7 at any time or on any trail within the regional recreation area.

8 (c) Participants, operators and passengers of a motor vehicle within the regional recreation
9 area shall wear size-appropriate protective helmets at all times as required by article one, chapter
10 seventeen-f of this code or as otherwise required by the authority.

11 (d) A participant shall obey all traffic laws, authority rules, traffic-control devices and signs
12 within the regional recreation area, including those which restrict trails to certain types of off-

13 highway recreational vehicles, and drive on designated, marked trails in the area. A person may
14 not be on any trail in the area from one-half hour before sunset to one-half hour before sunrise
15 except in an emergency.

16 (e) A participant within the regional recreation area who is under sixteen years of age shall
17 at all times be under the immediate supervision of, and within sight of, a person who is at least
18 eighteen years of age and who either is a parent or guardian of the youth or has the express

21 within the regional recreation area.

22 (f) A participant within the regional recreation area may not operate a motor vehicle in any

25 (g) A participant operating a motor vehicle within the regional recreation area shall be
26 subject to all of the duties applicable to the driver of a motor vehicle by the provisions of chapter

30 (h) A participant may not operate or ride in a utility-terrain vehicle, as defined in article
31 one, chapter seventeen-f of this code or any other motor vehicle with bench or bucket seating and

37 (k) A person who violates any provision of this section is guilty of a misdemeanor and,
38 upon conviction thereof, shall be fined not more than \$100. Prosecution or conviction for the

39 misdemeanor described in this subsection shall not prevent or disqualify any other civil or criminal
40 penalties or remedies for the conduct prohibited by this section.

§20-14A-8. Limiting liability.

1 (a) An owner of land used by, or for the stated purposes of, a regional recreation authority,
2 whether with or without charge, owes no duty of care to keep the premises safe for entry or use
3 by others for recreational purposes, or to give any warning of a dangerous or hazardous condition,
4 use, structure or activity on the premises to persons entering for recreational purposes.

5 (b) Unless otherwise agreed in writing, an owner who grants a lease, easement or license
6 of land to the authority for recreational purposes, whether with or without charge, owes no duty of
7 care to keep that land safe for entry or use by others or to give warning to persons entering or
8 going upon the land of any dangerous or hazardous conditions, uses, structures or activities
9 thereon. An owner who grants a lease, easement or license of land to the authority for recreational
10 purposes does not by giving a lease, easement or license: (1) Extend any assurance to any
11 person using the land that the premises are safe for any purpose; (2) confer upon those persons
12 the legal status of an invitee or licensee to whom a duty of care is owed; or (3) assume
13 responsibility for or incur liability for any injury to person or property caused by an act or omission
14 of a person who enters upon the leased land. The provisions of this section apply whether the
15 person entering upon the land is an invitee, licensee, trespasser or otherwise.

16 (c) Nothing herein limits in any way any liability that otherwise exists for deliberate, willful
17 or malicious infliction of injury to persons or property: *Provided*, That nothing herein limits in any
18 way the obligation of a person entering upon or using the land of another for recreational purposes
19 to exercise due care in his or her use of the land and in his or her activities thereon, so as to
20 prevent the creation of hazards or the commission of waste by himself or herself.

§20-14A-9. Purchasing and bidding procedures.

1 (a) Whenever the authority proposes to purchase or contract for commodities or services
2 reasonably anticipated to equal or exceed \$2,500 in cost, the purchase or contract shall be based

3 on competitive bids. Where the purchase of particular commodities or services is reasonably
4 anticipated to be \$25,000 or less, the executive director may, on behalf of the authority, solicit
5 bids or price quotes in any manner that the executive director deems appropriate and the authority
6 shall obtain its commodities or services by the lowest bid. In lieu of seeking bids or quotes for
7 commodities or services in this price range, the authority may purchase those commodities and
8 services pursuant to state master contracts as provided in section ten-e, article three, chapter
9 five-a of this code.

10 (b) Where the cost for the purchase of commodities or services is reasonably anticipated
11 to exceed \$25,000, the executive director shall solicit sealed bids for the commodities or services
12 to be provided: *Provided*, That the executive director may permit bids by electronic transmission
13 be accepted in lieu of sealed bids. Bids shall be solicited by public notice. The notice shall be
14 published as a Class II legal advertisement in all participating counties in compliance with the
15 provisions of article three, chapter fifty-nine of this code and by such other means as the executive
16 director deems appropriate. The notice shall state the general character of the work and general
17 character of the materials to be furnished, the place where plans and specifications therefor may
18 be examined and the time and place of receiving bids. After all bids are received, the authority
19 shall enter into a written contract with the lowest responsible bidder, however, the authority may
20 reject any or all bids that fail to meet the specifications required by the authority or that exceed
21 the authority's budget estimation for those commodities or services. If the executive director
22 determines in writing that there is only one responsive and responsible bidder, and that there has
23 been sufficient public notice to attract competitive bids, he or she may negotiate the price for a
24 noncompetitive award or the specifications for a noncompetitive award based solely on the
25 original purpose of the solicitation.

ARTICLE 15. ATV, UTV AND MOTORCYCLE RESPONSIBILITY ACT.

§20-15-1. Legislative findings.

1 The West Virginia Legislature finds that trail-oriented recreation for all-terrain and off-
2 highway recreational vehicle enthusiasts offered by the Hatfield-McCoy Regional Recreation
3 Authority and other regional recreation authorities formed pursuant to article fourteen-a of this
4 chapter, significantly contributes to the economy of West Virginia and is enjoyed by a large and
5 growing number of residents and nonresidents alike. Since it is recognized that there are inherent
6 risks in the operation of off-highway recreational vehicles which should be understood by each
7 operator and which cannot be eliminated by regional recreation authorities, and their authorized
8 outfitters or licensees, it is the purpose of this article to define the areas of responsibility and
9 affirmative acts which authorized outfitters must perform or risk being liable for loss, damage or
10 injury suffered by participants and to define the risk which the participants expressly assume and
11 for which there can be no recovery.

§20-15-2. Definitions.
